* Corrections have been made in the estimated area of New Zealand, and consequently the figures here given differ slightly from those of last year.
 † In making up the estimates of population in New South Wales and Queensland, allowance has been made for unrecorded emigration. If this allowance had not been made, the population of New South Wales would have been set down as 980,573, and that of South Australia as 310,789. The population of New Zealand has been corrected on the basis of the Census of March 1886, which gave a result amounting to 7,200 less than the estimate; Maoris, who then numbered 31,432, are not included. On the 30th June 1885 the estimated population of Victoria was 1,099,753; that of New South Wales, 981,200.

‡ In Victoria the figures of revenue and expenditure are for the twelve months ended 30th June 1885, but in the other colonies for the year ended 31st December 1885.

§ Including a loan of £5,500,000 raised in October 1885.

|| The accrued sinking fund of New Zealand amounted on the 31st December to £3,217,930; the net liability at that date was therefore £32,572,492.

¶ Including railways authorized.

** These figures relate to the 31st March 1886.

†† The land alienated in New Zealand includes the unusually large area of 456,080 acres granted without purchase; this will also account for the small amount entered under the head of purchase-money.
 ‡‡ No agricultural statistics have been collected in South Australia in 1885-6, the figures for the previous year have been given for that colony. The area under cultivation is exclusive of land in fallow in New South Wales, and of grass-sown lands in Western Australia and New Zealand.

§§ In New South Wales 132,708 acres of maize producing 4,386,163 bushels; and in Queensland 71,741 acres of maize, producing 1,574,294 bushels, are included under this head.

||| The figures of live stock for South Australia are those for the previous year, and for New Zealand, with the exception of sheep, are those for the year 1881.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on 26th October 1886.

TENDERS will be received by the Board of Land and Works, up to Noon of Tuesday, 26th October 1886, for the occupation for Grazing purposes only of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every license granted under section 119 of *The Land Act 1884* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under sections 3 and 4 of *The Rabbit Suppression Act Amendment Act 1884*, all licenses under the section for which these licenses will issue are liable for the destruction of rabbits within the boundaries of their licenses.

Conditions:

1. The issue of this license shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of *The Land Act 1884*, except under the 119th section thereof, under which the license is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of *The Land Act 1884*, or for mining purposes.

2. No licensee shall, in case of any resumption, be entitled to any compensation other than the return of such portion of the fee paid by him as the responsible Minister of the Crown for the time being administering Part XI. of *The Land Act 1884* may think fit. This license is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this license shall be deemed within its operation.

4. This license entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate, or to fence any portion thereof.

5. If the licensee desire a renewal of this license, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

6. The interest in this license may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

7. No claim whatever shall be made or entertained by reason of this license not being renewed or transferred.

8. This license is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

9. This license may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

10. The publication of a notice in the *Government Gazette* purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this license, shall be conclusive evidence that the license is forfeited.

AUSTRALIAN NATIVES' PERMANENT BUILDING SOCIETY.

FIRST Annual Report and Balance-sheet for the year ending 31st July 1886.

Your directors, in presenting their First Annual Report, feel much pleasure in congratulating the shareholders on the success which has attended the operations of the society during the past year.

Advances to borrowers amount to £9,234 18s. 10d., which will compare favourably with any other society of equal age.

After crediting investors with interest at the rate of 10 per cent. per annum on the amount of paid-up capital, we have been enabled to pay off all preliminary expenses, thus commencing the second year with every prospect of increased success.

The board has affirmed the advisability of increasing the capital of the society by issuing a limited number of paid-up shares, which they feel assured will be readily taken up.

Your directors are confident they will receive a continuance of the support and co-operation of the shareholders in furthering the interests of the society.

J. M. ROSE, President.
J. MCKENZIE, Secretary.
