THE following Despatch from the Secretary of State to His Excellency the Governor, and its Enclosure, are published for general information.

By His Excellency's Command,
D. GILLIES,
Premier.

Premier's Office,
Melbourne, 20th May 1886.

[Circular.]

Downing street, 1st March 1886.
SIR,—With reference to previous Circular Despatches of the 20th of January 1864 and the 5th of September 1867, I have the honour to transmit to you, for the information of the Colony under your Government, the accompanying Copy of the Queen's Regulations respecting Foreign Orders and Medals, as recently revised by Her Majesty's command.

I have, &c.,
GRANVILLE.

The Officer administering the Government of Victoria.

THE Queen has been pleased to direct that the following Regulations respecting Foreign Orders and Medals shall be substituted for those now in force:—

REGULATIONS RESPECTING FOREIGN ORDERS.

1. No subject of Her Majesty shall accept a Foreign Order from the Sovereign of any foreign country, or wear the Insignia thereof, without having previously obtained Her Majesty's permission to that effect, signified by a Warrant under Her Royal Sign-Manual.
2. Excepting in the case of Special Complimentary Missions to Foreign Sovereigns, such permission shall not be granted to any subject of Her Majesty unless the Foreign Order shall have been conferred in consequence of active and distinguished service before the enemy, either at sea or in the field; or unless he shall have been actually and entirely employed, beyond Her Majesty's dominions, in the service of the Foreign Sovereign by whom the Order is conferred.
3. The intention of a Foreign Sovereign to confer upon a British subject the Insignia of an Order must be notified to Her Majesty's Principal Secretary of State for Foreign Affairs, either through the British Minister accredited to the Court of such Foreign Sovereign, or through his Minister accredited at the Court of Her Majesty.
4. If the service for which it is proposed to confer the Order has been performed during war, the notification required by the preceding clause must be made not later than two years after the exchange of the ratifications of a treaty of peace. If the service has been performed in time of peace, the notification must be made within two years after the date of such service.
5. After such notification shall have been received, Her Majesty's Principal Secretary of State for Foreign Affairs shall, if the case comes within the conditions prescribed by the present Regulations, and arises from naval or military services before the enemy, refer it to Her Majesty's Principal Secretary of State for the War Department previously to taking Her Majesty's pleasure thereupon, in order to ascertain whether there be any objection to Her Majesty's permission being granted.

A similar reference shall also be made to the Commander-in-Chief if the application relates to an officer in the Army, or to the Lords of the Admiralty if it relates to an officer in the Navy.

6. When Her Majesty's Principal Secretary of State for Foreign Affairs shall have taken the Queen's pleasure on any such application, and shall have obtained Her Majesty's permission for the person in whose favour it has been made to accept the Foreign Order and wear the Insignia thereof, he shall signify the same to Her Majesty's Principal Secretary of State for the Home Department, in order that he may cause the warrant required by Clause 1 to be prepared for the Royal Sign-Manual.

When such warrant shall have been signed by the Queen, a notification thereof shall be inserted in the *Gazette*, stating the service for which the Foreign Order has been conferred.

7. The warrant signifying Her Majesty's permission may, at the request and at the expense of the person who has obtained it, be registered in the College of Arms.

8. Every such warrant as aforesaid shall contain a clause providing that Her Majesty's license and permission does not authorize the assumption of any style, appellation, rank, precedence, or privilege appertaining to a Knight Bachelor of Her Majesty's realms.

9. When a British subject has received the Royal permission to accept a Foreign Order, he will at any future time be allowed to accept the decoration of a higher class of the same Order, to which he may have become eligible by increase of rank in the foreign service, or in the service of his own country; or any other distinctive mark of honour strictly consequent upon the acceptance of the original Order, and common to every person upon whom such Order is conferred.

10. The preceding clause shall not be taken to apply to decorations of the Guelphic Order, which were bestowed on British subjects by Her Majesty's predecessors, King George IV. and King William IV., on whose heads the Crowns of Great Britain and of Hanover were united.

Decorations so bestowed cannot properly be considered as rewards granted by a Foreign Sovereign for services rendered according to the purport of Clause 2 of these Regulations. They must be rather considered as personal favours bestowed on British subjects by British Sovereigns, and as having no reference to services rendered to the Foreign Crown of Hanover.

Foreign Office, February 3, 1886.

REGULATIONS RESPECTING FOREIGN MEDALS.

1. Applications for permission to accept and wear Medals which, not being the decoration of any Foreign Order, are conferred by a Foreign Sovereign on British subjects in the Army or Navy, should be addressed to the Commander-in-Chief or the Lords of the Admiralty, as the case may be, who, if they see fit, may submit the same for Her Majesty's sanction, upon obtaining which they may grant such permission without other formality.

2. Any other British subject, having obtained Her Majesty's permission, is at liberty to accept and wear a Foreign Medal, not being the decoration of a Foreign Order.

3. No permission is necessary for accepting a Foreign Medal if such Medal is not to be worn.

(Signed) SALISBURY.

Foreign Office, August 1885.

THE KOONDROOK IRRIGATION TRUST.—ELECTION OF COMMISSIONERS.

REGULATIONS.

At the Executive Council Chamber, Melbourne, the eighteenth day of May 1886.

PRESENT:

His Excellency the Governor.	
Mr. Gillies	Mr. Lorimer
Mr. Deakin	Mr. Walker
Mr. Wrixon	Mr. Nimmo
Mr. Cuthbert	Mr. Bell.
Mr. Pearson	

WHEREAS by section 28 of *The Victorian Water Conservation Act 1853*, No. 778, it is enacted that the Governor in Council may, subject to the provisions of the said Act, from time to time make, alter, and repeal regulations relating to any irrigation trust constituted under the said Act for the purposes, among others, following:—

(a) For determining the period for which the commissioners of any trust shall hold office, the time and manner of election, and the order of their retirement from office.

(b) For determining the manner in which elections of any such commissioners shall be held, and the manner of voting thereat.

(c) For determining the manner in which any vacancies in the office of any such commissioners shall be filled up; and

(d) For determining questions as to the due election of any such commissioner.

Now therefore His Excellency the Governor, acting by and with the advice of the Executive Council, and in pursuance of the said provisions of the now in part recited Act, doth for the purposes aforesaid, so far as these may relate to a certain irrigation trust duly constituted under the said Act, and known as the Koondrook Irrigation Trust, make the regulations following, viz:—

1. *Interpretation of terms.*—In these regulations, “the Minister” shall mean the Minister of Water Supply; “the trust” or “the said trust” shall mean the Koondrook Irrigation Trust; and “the area,” “the said area,” or “the irrigation area” shall mean the lands as defined by the Order in Council constituting the said trust wherein the trust shall have authority.

2. *Period for which commissioners shall hold office.*—Subject to the provisions in reference to the first election of commissioners hereinafter contained, for securing the annual retirement of two commissioners, the period during which the commissioners of the said trust shall hold office shall be three years.

3. *Annual retirement of two commissioners.*—Two commissioners shall retire annually, but the retiring commissioners shall, subject to the provisions of the said Act, be eligible for re-election.

4. *Term of office of persons elected commissioners at first election.*—At the first election of commissioners two of the persons elected commissioners shall hold office as such commissioners for the term of three years, two others of such persons shall hold office for the term of two years, and the remaining two persons elected as such commissioners shall hold office for the term of one year, and the particular term for which each such person so elected a commissioner shall hold office shall be determined in manner following, that is to say:—

(A) *How term of office is ascertained when no poll taken.*—If the first election is made without a poll as in the case in these regulations provided, then the particular term for which each candidate elected as a commissioner shall hold office shall immediately upon such election be publicly determined by lot by the returning officer in such manner as to him may seem fit, and the returning officer shall thereupon immediately and publicly announce the term for which each individual candidate elected as a commissioner shall hold office as so determined, and shall report the same to the Minister.

(B) *How term of office ascertained when poll taken.*—If at the first election a poll shall be held as in these regulations provided, then of the six candidates elected as commissioners the two candidates who shall have received the highest number of votes shall hold office as commissioners for the term of three years, and the two candidates who shall have received the next highest number of votes shall hold office for the term of two years, and the remaining two candidates who shall have been elected shall hold office for the term of one year; and if two or more than two candidates elected shall have obtained the same number of votes, then the returning officer shall determine by lot (as hereinbefore provided in the case of the first election if decided without ballot) the term or terms of three, two, or one year or years during which such candidates shall respectively hold office. But so that no candidate elected shall hold office for a shorter time than the term during which any other candidate who shall have obtained a less number of votes shall hold office. And the returning officer shall publicly declare the respective terms during which the several candidates shall hold office as so determined, and shall report the same to the Minister.

5. *Extraordinary vacancies, how filled, and term of office.*—Should any vacancy in the office of commissioner be occasioned by death, resignation, removal, disqualification, or any other cause whatever, an election shall forthwith be held to fill such vacancy, and the provisions contained in these regulations as to the nomination of candidates, the manner in which elections shall be held, and the mode of voting thereat, shall apply to any election in respect of such vacancy, and the person elected to fill such vacancy shall hold the office of commissioner during the unexpired portion of the term of office of the commissioner whose seat shall have become vacant.

6. *Date of first election of commissioners.—Date of ordinary annual election.*—The first election of commissioners of the said

trust shall be held on the ninth day of June 1886, and the ordinary annual election shall be held on the ninth day of June in each succeeding year. Provided that whenever such date may fall upon a Sunday, or upon any day set apart as a public holiday, such election shall be held upon the day next following.

7. *Voters' list to be prepared.*—For the purposes of the first election of commissioners of the said trust, a voters' list shall be prepared by the persons upon whose petition the said trust has been constituted, and the said voters' list shall be forwarded to the Minister.

8. *Form of voters' list.—First Schedule.*—Such voters' list shall be in the form of the First Schedule hereto, and shall contain in regular numerical sequence and alphabetical order of surname the christian name or names, surname, and address, so far as these may be known, of each owner of not less than ten acres of land within the irrigation area of the said trust, and shall also specify the extent of, and indicate with reasonable certainty, the land of each such owner, and shall state the number of votes to which, under the provisions of the said Act, each such owner is entitled.

9. *Voting in respect of lands jointly owned.*—In the case of joint owners of land, the name of any one of such owners shall, subject to the provisions of the said Act and of these regulations, be placed in respect of such land upon the voters' list in like manner as if such land were owned solely by such one owner, and the owner so placed upon the said list or lists shall alone be entitled to vote accordingly: Provided always that if such owners jointly, by notice in writing, desire that the number of votes to which, under the said provisions, any one of such owners is so entitled to give as aforesaid may be allotted between such owners in any manner they may jointly indicate, the alteration or alterations so desired to be made in the said list shall, if the same be consistent with the said provisions, be made when the list shall be revised as hereinafter provided, and such owners shall be entitled to vote accordingly.

10. *Copy of voters' list to be available for inspection.—Second Schedule.—Objections to list to be in writing and forwarded to Minister.*—A copy of such voters' list shall be available for inspection, without payment of any fee or charge, at all reasonable hours in the day time, in some convenient place within or near to the irrigation area of the trust for a period of seven clear days; and a notice in the form, or to the like effect, of the Second Schedule hereto, setting forth the times and place at which such voters' list may be so inspected, shall be published in some newspaper ordinarily circulating within the said area, and such notice shall state that all objections to the said list must be forwarded in writing to the Minister within the time mentioned in the said notice.

11. *Grounds of objection to be stated.*—All objections to the said list shall be forwarded in writing to the Minister within nine days after the first day of the publication of such notice, and the ground or grounds of objection must be clearly set forth.

12. *Minister to revise and certify lists.*—The Minister shall revise the said list and consider all objections thereto, and make such alterations and amendments therein as to him may seem just, and shall certify the list under his hand as correct, and no objection to the list when so certified shall be allowed.

13. *Certified list to be voters' roll.*—The list so revised and certified shall be the voters' roll for the purposes of the first election of commissioners of the trust, but shall also be available for any election in respect of any extraordinary vacancy occurring within twelve months next after the date of the said first election.

14. *Voters' list to be prepared yearly.*—Before the first day of May in each year the officers of the trust shall prepare a voters' list in the form of the First Schedule hereto, and such list shall contain, in regular numerical sequence and in alphabetical order of surname, the christian name or names, surname, and address (so far as these may be known) of each owner of not less than ten acres of land within the irrigation area of the said trust, and shall also specify the extent of, and indicate with reasonable certainty, the land of each such owner, and shall state the number of votes to which, under the provisions of the said Act, each such owner is entitled.

15. *Voting in respect of lands jointly owned.*—In the case of joint owners of land, the name of any one of such owners shall, subject to the provisions of the said Act and of these regulations, be placed, in respect of such land, upon the voters' list in like manner as if such land were owned solely by such one owner, and the owner so placed upon the said list shall alone be entitled to vote accordingly: Provided always that if such owners jointly, by notice in writing, desire that the number of votes to which, under the said provisions, any one of such owners is so entitled to give as aforesaid may be allotted between such owners in any manner they may jointly indicate, the alteration or alterations so desired to be made in the said list shall, if the same be consistent with the said provisions, be made when the list or lists shall be revised as hereinafter provided, and such owners shall be entitled to vote accordingly.

16. *Copy of list to be available for inspection.—Third Schedule.*—A copy of such voters' list shall be available for inspection, without payment of any fee or charge, at all reasonable hours in the day time, in some convenient place within or near to the irrigation area of the trust, for a period of fourteen clear days; and a notice in the form, or to the like effect, of the Third Schedule hereto shall be published in some newspaper ordinarily circulating within the said area, and such notice shall state that all objections to the said list must be forwarded in writing to the chairman of the trust within the time mentioned in the said notice.

17. *Grounds of objections to list to be forwarded in writing to the chairman of trust.*—All objections to the said list shall be forwarded in writing to the chairman of the trust within the time mentioned in the said notice, and the ground or grounds of objection must be clearly set forth.

18. *Special meeting of trust to be held to revise list.*—List to be certified.—In the month of May of each year a special meeting of the trust shall be held for the purpose of revising the said list; and all objections which may have been forwarded to the chairman under the preceding clause shall be considered by the commissioners then present; and the chairman may make such alterations and amendments in the said list as the commissioners or a majority of the commissioners present may determine to be just and necessary, or such as by these regulations are required to be made; and the list, when so revised, altered, and amended, shall be certified as correct under the hand of the chairman, and no objection to the list when so certified shall be allowed.

19. *Revised and certified list to be voters' roll.*—The list so revised and certified shall be the voters' roll for the purposes of any election (whether ordinary or extraordinary) of trust commissioners to be held within one year from the ninth day of June then next, the said day inclusive.

20. *Minister may appoint returning officer for first election.*—*Chairman of trust to be returning officer at subsequent elections.*—For the purposes of the first such election, the Minister may appoint some fit and proper person, not being an owner of land within the irrigation area, to be returning officer; but for every subsequent election, whether ordinary or extraordinary, the chairman of the trust for the time being shall be the returning officer; but if at the time of any election the office of chairman of the trust should be vacant, the commissioners of the trust may by resolution appoint one of their number to be returning officer until the office of chairman shall again be filled; and the returning officer may appoint a deputy to assist him or to act in his room at any election, and such deputy may do all or any of the acts or things which the returning officer is hereby authorized or required to do.

21. *Notice of election.*—*Nomination of candidates.*—*Fourth Schedule.*—Fourteen clear days before any election of commissioners under these regulations, the returning officer shall give public notice of such election by advertisement inserted in some newspaper generally circulating in the said area, and by such notice shall require all candidates at such election to be nominated at some place within the said area, to be named in such notice, in manner hereinafter mentioned, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon on some day before a day (hereinafter called the day of nomination) not less than four nor more than seven days after the time of giving such notice, and named therein; and any person desirous of nominating a candidate shall, before four o'clock in the afternoon of the day next preceding the nomination day, cause to be delivered at the place aforesaid to the returning officer a nomination paper in the form of the Fourth Schedule, or to the like effect, stating therein the christian name and surname of such candidate, together with the other particulars required in and by the said schedule; and such nomination paper shall be signed by not less than two persons duly qualified to vote at such elections, and also signed by the person named therein as a candidate in token of his assent to being so named.

22. *Where number of candidates does not exceed number of commissioners to be elected.*—If at the expiration of the time limited as hereinbefore provided for the nominations of candidates the number of persons who have become candidates as aforesaid does not exceed the number of commissioners to be elected, the returning officer shall then declare such candidates to be duly elected, and they shall be deemed to be then duly elected accordingly.

23. *Where number of candidates exceeds number of commissioners to be elected.*—*Fifth Schedule.*—*Notice of poll.*—*Hours of polling.*—If at the expiration of the time limited for the nomination of candidates the number of candidates exceeds the number of commissioners to be elected, then the returning officer shall forthwith cause ballot-papers to be printed, with the christian names and surnames of all the candidates in full, in the form of the Fifth Schedule hereto, and shall also forthwith give public notice by advertisement in some newspaper generally circulating in the irrigation area, stating the names of the persons so nominated, and that a poll will be taken for the election of such commissioners upon the day named in such notice, at such place within the said area as the returning officer shall in and by such notice appoint, and such poll shall take place accordingly, and shall commence at twelve o'clock noon and close at three o'clock in the afternoon.

24. *Retirement of candidates before polling-day.*—If at any election after a poll shall have been appointed as aforesaid any candidate for such election and two of the persons having signed the paper nominating him as aforesaid are desirous that he should retire from such candidature, such candidate and the persons aforesaid may sign and deliver to the returning officer not later than four clear days before the day of polling a notice in the form of the Sixth Schedule hereto, stating that such candidate so retires, and the said candidate or his agent shall thereupon publish in some newspaper generally circulating in the irrigation area a copy of such notice, and the returning officer, on sufficient proof of such publication aforesaid, if the number of candidates is by such retirement reduced to the number of persons to be elected at such election, shall on the day appointed for the election declare the remaining candidates duly elected, and if the said number is not so reduced shall omit the name of the person so retiring from the ballot-papers to be used at the said election, and if such papers are already printed shall erase such name therefrom, and such person shall not be capable of being elected at such election.

25. *Polling-booth may be hired.*—At such election the returning officer shall provide a suitable place for taking a poll, and may, if necessary, cause to be hired and used as a polling-booth any room which he may deem to be suitable at the place appointed for taking the poll, and may divide such room into compartments as to him may seem most convenient.

26. *Returning officer to preside at polling-booth.*—The returning officer, or his deputy, shall preside at the polling-booth for taking the poll.

27. *Scrutineers may be appointed.*—Each candidate shall be entitled to appoint, in writing, one scrutineer to be present in the polling-booth, and the said returning officer, or his deputy, and the said scrutineers, and any voters, not exceeding four in number, actually engaged in voting, shall alone be permitted at any one time to enter or remain in the polling-booth.

28. *Pencils to be provided.*—The returning officer, or his deputy, shall provide pencils in the polling-booth for the use of the voters, and also a locked box, to be called the ballot-box, with a cleft or opening therein capable of receiving the ballot-papers, and such box shall be opened and exhibited to the scrutineers before the polling begins, and the box shall then be locked, and shall stand on a table opposite the returning officer, or deputy returning officer, who shall keep the key of such box.

29. *Mode of voting.*—*Where voter is illiterate.*—The returning officer shall deliver to every voter who requires the same a ballot-paper, or if such voter appears by the roll to be entitled to give more votes than one, then so many ballot-papers as may be equal to the number of votes which such voter so appears to be entitled to give, such ballot-papers being in the form of Schedule Five hereto, and initialed by the returning officer; and every such voter shall, without leaving the booth, strike out from all or any of such papers the name of every candidate for whom he does not intend to vote. And in case any voter is unable to read or write, the returning officer, or his deputy, if so required, shall, in view of such one of the scrutineers as the voter may desire, strike out the name or names of such candidate or candidates as such voter may designate, and after such name or names have been so struck out, the ballot-paper, or ballot-papers, as the case may be, shall forthwith be deposited in the said box. Provided that all the ballot-papers to which any person may be entitled at the polling-booth shall be demanded and received by him at one and the same time, and no person having once demanded and received any such ballot-paper or papers, and voted by the same, shall at the same election receive any further ballot-papers, or exercise any further right of voting.

30. *Ballot-papers to be numbered.*—Before delivering any ballot-paper to the voter, the returning officer or his deputy shall write upon the back of each such ballot-paper, as near as practicable to the lower edge thereof, the number corresponding to the number set opposite to the voter's name in the roll, and shall thereupon, upon a copy of such roll, check off such voter's name as having voted, and mark against such name the number of ballot-papers delivered to such voter.

31. *Informal ballot-papers.*—If any voter suffer to remain upon his ballot-paper a greater number of names not struck out than the number of commissioners to be elected, the vote given on and by such paper shall be void and of no effect.

32. *What question may be asked.*—At any election of commissioners, the returning officer may, if he see fit, or if required to do so by any candidate or scrutineer, put to any person tendering his vote the question following:—

“Are you the person whose name appears as (A.B.) in the roll now in force for this trust, being enrolled therein in respect of land in the parish of _____, being (here specify land as described in the roll)?”

And no other question shall be put to any person tendering his vote; and no person who shall refuse to answer such question, or who shall not answer the same absolutely in the affirmative, shall receive a ballot-paper or be permitted to vote.

33. *False answer, polling twice, and personation.*—Every person who shall wilfully make a false answer to the question aforesaid, or who shall poll more than once, or offer to poll more than once at the same election, or who shall depart or attempt to depart from any polling-booth after having received a ballot-paper without having deposited the same in the ballot-box as hereinbefore provided, or who shall personate any other person for the purpose of polling at such election, shall be guilty of a breach of these regulations; but nothing contained in this clause shall apply to any person only by reason of his exercising the right of voting as often as it appears by the roll he is entitled so to do.

34. *Result of polling, how ascertained.*—*Returning officer to have casting vote.*—Immediately upon the close of the poll, the returning officer shall, in the presence of and subject to the inspection of so many of the scrutineers of the candidates as please to be present, proceed to ascertain the number of votes for each candidate; and such returning officer shall abstain from inspecting the number written as aforesaid on any ballot-paper, and take care that the same is not seen by any person before being sealed up as herein provided; and the returning officer shall seal up the ballot-papers deposited in the booth, and as soon as conveniently may be on or after the day of the poll publicly declare the candidates not exceeding the number of vacancies to be filled up who have received the greatest number of votes to have been duly elected commissioners of the trust; and if two or more candidates have received an equal number of votes, the returning officer shall in each case have the casting vote.

35. *Ballot-papers, how disposed of.*—The returning officer shall, in the case of the said first election of commissioners, forthwith after the declaration of the poll endorse with a description of the contents thereof and sign the sealed parcel of ballot-papers, and forward the same to the Minister, who shall, as soon as may be after the first meeting of trust commissioners shall have been held, forward such sealed packet to the secretary of the trust, to be by him safely and secretly kept for six months then next ensuing, and then by him caused to be destroyed in the presence of three commissioners of the trust; but in all subsequent elections the parcel of ballot-papers so sealed, endorsed, and signed shall be delivered by the returning officer to the said secretary, to be by him safely and secretly kept for six months after such delivery, and then by him caused to be destroyed in the presence of three of the commissioners of the trust.

36. *Minister to determine questions arising upon first election.*—If any question arise as to the due election of any commissioner at the first election, the returning officer shall, at the request of any voter or candidate, submit such question in writing to the Minister, who shall decide the same, and such decision shall be final and binding.

37. *Questions arising upon subsequent elections to be determined by trust.*—If any question arise as to the due election of any commissioner at any subsequent election, whether ordinary or extraordinary, such question shall be determined by the commissioners of the trust at the first ordinary meeting held after the election; but no commissioner in respect of whose election such question shall have arisen shall act as a commissioner at such meeting, or be entitled to take any part in the proceedings thereof, or in any manner or at any time to act as a commissioner until such question shall have been so determined, and the majority of the commissioners whose election is not in dispute shall form a quorum.

38. *Appeal to Minister from determination of trust.*—In event of any voter or candidate feeling aggrieved by the determination of the trust with reference to any such question as last aforesaid, he may appeal therefrom to the Minister within fourteen days from the date upon which the commissioners shall have determined the question, and the Minister may make such inquiry as to the merits of the question as may appear to him to be necessary, and determine such question in such manner as to him may appear just, and such determination of the Minister shall be final and binding.

39. *Failure to elect deemed to create extraordinary vacancies.*—If at any election of commissioners no vacancies or a number of vacancies less than the whole number which should have been filled up at such election are filled up, then the vacancies which are so not filled up shall severally be deemed extraordinary vacancies and to have occurred on the day appointed for such election. Provided always that the commissioners eventually elected to fill such vacancies shall go out of office as if elected at such election.

40. *Expenses of election to be paid by trust.*—The expenses incurred by the returning officer, or under his direction, in connection with any election, shall be defrayed by the trust.

41. *Penalty for breach of regulations.*—These regulations shall also be deemed to be regulations under section 35 of *The Victorian Water Conservation Act 1881*, and any person guilty of a breach of any of the provisions of these regulations shall be liable to a penalty not exceeding Ten pounds, to be recovered in a summary manner before justices of the peace.

42. *Interpretation.*—In these regulations words importing the masculine gender shall be deemed and taken to include females, unless there is something in the context repugnant to or inconsistent with this interpretation.

Tenders to be endorsed "Tender for _____" (as the case may be), and deposited in the Tender Box, General Post Office; or, if sent by post, to be addressed (prepaid) to the Honorable the Postmaster-General, Melbourne.

CONDITIONS OF CONTRACT.

1. The Postmaster-General will not be bound to issue order upon the contractors for all the articles enumerated in the schedules, but only for such articles, and such quantities of those articles, as the Postmaster-General may order from time to time; neither will the Postmaster-General be bound to take from the contractors any larger supply of any of the articles than may be shown upon the orders which have been issued during the year, nor will he be bound to take any of the articles enumerated in the schedules for which orders have not been issued. Should the Postmaster-General require a larger supply of any article than the quantity stated in the schedules, the contractor will be bound to supply the same at the contract rate.

2. The supplies are to be according to sample, and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds or manufacture. A preference will, however, be given to goods of Victorian manufacture, provided the quality be equal to the particular manufacture indicated in the schedule.

3. All orders must accompany the goods on delivery, otherwise the goods will not be received. Delivery as a rule is to be of the full quantity ordered.

4. Supplies ordered for delivery in Melbourne and Williamstown districts are to be delivered free of all charges (whether cartage, freight, &c.), and for the purposes of these contracts, Melbourne district will include a radius of six miles from the General Post Office; and Williamstown district will include the town of Williamstown, Hobson's Bay, and the River Yarra.

5. Arrangements as to time of delivery and inspection of goods will be made by the Supervisor of Maintenance, General Post Office.

6. Orders must receive prompt execution; and in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officer named in condition 5, or the head of the department, on giving the contractor twenty-four hours' notice, to purchase the supplies at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account.

7. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with order to which it relates. The prices quoted in the orders cannot be increased.

8. The acceptance of the supplies shall be subject to the approval of the officer named in condition 5. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods.

9. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in condition 6.

10. The members of boards of survey will be appointed by the Government, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in condition 6.

11. A repetition of irregularity in the quantity or quality of the supplies, or of a delay in delivering or replacing them when required, will subject the contractor, upon report, to such mulct, not exceeding Fifty pounds, as the Postmaster-General may direct, and the amount may be deducted as in condition 6, or from the contractor's security. It will also be in the power of the Postmaster-General, upon such repetition, to terminate the contract forthwith.

12. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized.

13. It will be competent either for the contractor on his own behalf, or for the Postmaster-General, to terminate the contract, by giving notice, in writing, of three full calendar months to the opposite party, it being understood that such notice can only be given from the first day of a month, and within the period for which the contract is made.

14. In the event of any alteration in the tariff affecting any of the items included in these contracts, the Postmaster-General, or the contractor, as the case may be, will make a proportionate allowance by way of deduction from, or increase to, the price of the item so affected.

15. The contracts entered into under this notice are not to be considered as being broken, infringed, or violated by the importation of stores for the Electric Telegraph Service, or by any contracts made by the Imperial Commissariat or the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Department of Public Works, or the Tender Board, or on account of other Governments; or by any article being made at, and supplied for the use of, any Government establishment; or by the consumption of the surplus stock of any Government establishment.

Under sections 3 and 4 of *The Rabbit Suppression Act Amendment Act 1884*, all licenses under the section for which these licenses will issue are liable for the destruction of rabbits within the boundaries of their licenses.

Conditions :

1. The issue of this license shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of *The Land Act 1834*, except under the 119th section thereof, under which the license is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of *The Land Act 1834*, or for mining purposes.

2. No licensee shall, in case of any resumption, be entitled to any compensation other than the return of such portion of the fee paid by him as the responsible Minister of the Crown for the time being administering Part XI. of *The Land Act 1834* may think fit. This license is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this license shall be deemed within its operation.

4. This license entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate, or to fence any portion thereof.

5. If the licensee desire a renewal of this license, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

6. The interest in this license may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

7. No claim whatever shall be made or entertained by reason of this license not being renewed or transferred.

8. This license is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

9. This license may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

10. The publication of a notice in the *Government Gazette* purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this license, shall be conclusive evidence that the license is forfeited.

Special Conditions :

1. The period of occupation will be from 1st June 1886 to 31st December 1886.

2. The license fee must be paid in advance. The fee for the period from 1st June 1886 to 31st December 1886—for which the license will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.
