CONDITIONS OF CONTRACT.

1. All the articles are to be of the best quality of the several kinds, in the best condition, and to be delivered in sound packages, free from all charges for cartage, freight, &c.

2. Supplies for country stations for which no local contract may have been taken, or for which the contract has been terminated, may be ordered under the Melbourne contract.

3. Packages suitable for transport of goods supplied must be provided by the contractor free of expense, and the value of these packages, whether in bulk or otherwise, is to be included in the price demanded, except brandy casks, porter cases, hogsheds, butter firkins, and soap boxes (not including fancy soaps), flour, meal, and potato bags, which will remain the property of the contractor, and only the actual net weight or quantity received will be paid for. The empties to be removed at the contractor's expense.

4. Bread.—A sample of the best ordinarily retailed to the public will be considered as a test loaf for first quality. Third quality (that issued to prisoners of the Crown) to be made of flour, fine sharps, the produce of prime, strong, thin-skinned, good colored wheat, to be perfectly free from coarse pollard or other offal.

5. Milk.—The milk must be fresh, pure, and of the best quality, and subject to test when required by the department. Should the supply prove to be not of contract quality, any expense incurred will be charged to the contractor.

6. Fresh meat is to be supplied in such proportions as may be required, and, when the quality admits, to be delivered in fore and hind quarters alternately, also buttocks only when ordered. When shins of beef form a portion of the supply, a fair proportion of the bone, not less than ten inches, must have been cut off. The sticking pieces must be removed from the fore quarters of beef.

7. Potatoes to be dry and free from dirt. Contractors to supply 105 lbs. of potatoes for each cental credited to them, and, in addition, to take back all rejected before being cooked.

8. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of department concerned.

9. The order issued by the head of department must accompany the goods, and the account is to be rendered simultaneously with the delivery of the supplies. For the supplies coming under the head of Rations and Medical Comforts, the account is to be rendered monthly for such quantities only as are issued, the difference between the supply and issue to be kept at the contractor's credit. Supplies not issued at the termination of the contract to be removed by the contractor. The rates or quantities quoted in the orders cannot be exceeded.

10. Should the contractor fail to supply any articles at the time mentioned in the order, they will be otherwise procured, and the expense over and above the contract price will be deducted from his account.

11. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same to be decided, in cases where the article is not of a perishable nature, by a board of survey composed of persons named by the head of the department, and the decision of the board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 10.

12. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor; failing which it will be procured by the officer requiring it, and the expense charged as in clause 10.

13. In the case of supplies for lunatic asylums, it will also be competent for two or more of the official visitors, in conjunction with the medical superintendent, to reject any supplies that they may consider not in accordance with contract; and in such cases the reference to a board of survey will not be deemed to be necessary on the part of the contractor.

14. In the case of supplies for lunatic asylums, it will be competent for a board of survey, consisting of the medical superintendent (or, in his absence, of the deputy medical superintendent) and any two officers named by him, to examine and reject any supplies that may be objected to. It must be distinctly understood, however, that the contractor will have a right of appeal to the Treasurer of the colony for the time being; but pending such appeal, he must take back the rejected articles and at once supply others of approved quality; failing which, the supplies required may be obtained by the officer concerned, and the expense charged to the contractor.

15. As the exact quantity of any article of provisions which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity

stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.

16. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the persons to whom the rations are due or to the contractor in waiting for a board to survey, the head or to the contractor, or officer in charge of the station, will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which, it will be obtained by the officer requiring it, and the expense charged as in clause 10.

17. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivery or replacing them when required, or refusal to execute orders, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £50, as the said Treasurer may direct. It will also be in the power of the said Treasurer to terminate the contract forthwith and forfeit the whole or any part of the security.

18. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

19. It will be competent for the Secretary to the Tender Board on behalf of the Government, or the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made; and under no other circumstances will a contractor be permitted to abandon his contract. It will also be competent for the Secretary to the Tender Board to terminate the contract, without notice, for the breach or neglect of the same, or should there be reason to know that the contractor takes advantage of his contract to communicate improperly with a prisoner.

20. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat or Defence Department, or on account of other Governments, or for rabbit extirpation, or for supplies to the aborigines; or by the consumption of the produce or surplus stock of any Government establishment; or by any article being made at and supplied for the use of any Government establishment.

21. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

22. In the event of any alteration in the tariff affecting any of the items included in these contracts, the Government, or the contractor, as may be the case, will make a proportionate allowance by way of deduction from or increase of the price of the item so affected.

Treasury,  
Melbourne, 14th February 1887.

D. GILLIES,  
Treasurer.

In the event of it being found necessary, from any cause, to absolutely cancel a contract, the Postmaster-General shall have full power to do so, provided that, unless the contract be cancelled on account of any fault on the part of the contractor, or on account of the opening of a railway line or a new railway station, payment shall be made to the contractor as compensation of a sum equal to ten per cent. of the moneys which would have become due on the unexpired period of the contract if the latter had been continued for the full term of three years.

15. The contractor shall not be entitled to claim any extra payment on account of the removal of any post office during the term of his contract, unless such removal shall increase the distance to be travelled by such contractor on any one day to the extent of one mile.

16. The general conditions referred to in the printed form of tender, and upon which the tender is to be made, can be inspected by persons proposing to tender, either at the General Post Office or at any post office in the colony.

**TENDERS** will be received by the Board of Land and Works up to Noon of Tuesday, 1st March 1887, for the occupation for Grazing purposes only of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every license granted under section 119 of *The Land Act 1884* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under sections 3 and 4 of *The Rabbit Suppression Act Amendment Act 1884*, all licensees under the section for which these licenses will issue are liable for the destruction of rabbits within the boundaries of their licenses:

**Conditions:**

1. The issue of this license shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of *The Land Act 1884*, except under the 119th section thereof, under which the license is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of *The Land Act 1884*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his license fee paid by him as the responsible Minister of the Crown for the time being administering Part XI. of *The Land Act 1884* may think fit. This license is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

2a. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the license has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and, immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same without the permission or sanction of the licensee, or any one claiming under her, him, or them.

3. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this license shall be deemed within its operation.

4. This license entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate, or to fence any portion thereof.

5. If the licensee desire a renewal of this license, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

6. The interest in this license may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

7. No claim whatever shall be made or entertained by reason of the license not being renewed or transferred.

8. This license is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

9. This license may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

10. The publication of a notice in the *Government Gazette* purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this license shall be conclusive evidence that the license is forfeited.

**Special Conditions:**

1. The period of occupation will be from 1st March 1887 to 31st December 1887.

2. The license fee must be paid in advance. The fee for the period from 1st March 1887 to 31st December 1887—for which the license will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

3. Tenders to be for so much per block per annum.

4. Separate tenders must be lodged for each block.
