SEGAMA GOLDFIELDS, NORTH BORNEO.

THE following Despatch from L. B. von Donop, Esquire, Government Secretary of North Borneo, and its enclosures are published for general information.

Premier's Office,
Melbourne, 9th March 1887.

D. GILLIES,
Premier.

(No. 14/87.) Government Secretary's Office,
Sandakan, 14th January 1887.

Sir,
In view of the fact that several diggers from the colonies have recently arrived here with the object of working gold in the Segama District, I am directed by the Governor of British North Borneo to request you to be good enough to bring to the notice of His Excellency the Governor of Victoria the advisability of taking steps to notify gold diggers in your colony that, owing to the tropical climate and heavy rainfall, the fields here are not of a nature to be profitably worked by white men who have not capital to enable them to employ native or Chinese labor; and further, that at present there exists no suitable overland route to the fields through the dense jungle, nor are there any facilities for obtaining supplies and provisions, except from a great distance.

As will be seen from the copies of the Government Notifications of the 17th January 1883 and the 26th of August 1886, which I have the honor to enclose, this Government refuses to allow persons to land in the Territory unless they can show that they are in possession of sufficient means of livelihood; and that, for the present, they reserve the right of refusing permits to Europeans, Australians, or Americans to reside or work in the Segama goldfields district.

I have, &c.,
L. B. VON DONOP,
Government Secretary.

It is hereby notified, for the present and until a Government officer is appointed in charge of the goldfields, the Government reserve the full right of refusing permits to Europeans, Australians, or Americans to reside or work in the Segama goldfields district.

By His Excellency's Command,
L. B. VON DONOP,
Acting Colonial Secretary.
Sandakan, 26th August 1886.

PROCLAMATION

By William Hood Treacher, Esquire, Governor and Commander-in-Chief of the Territory of North Borneo.

(L.S.) WILLIAM HOOD TREACHER,
Governor.

We do hereby direct and proclaim that any person arriving in any of the ports of the Territory of North Borneo may, at the discretion of the officer in charge at the port of arrival, be refused permission to land, unless he can show that he is in possession of sufficient means of livelihood, or can produce a landing ticket from some recognised agent of the North Borneo Government at the port of departure.

And we do further direct and proclaim that the master of any vessel bringing to ports in the said Territory persons who are so refused permission to land, and for the above-mentioned reasons, may be required to keep such persons on board at the risk and charge of the ship during her stay in any North Borneo port, and to take away with him the said persons on departure, under a penalty of Five hundred dollars in each case.

Given at Sandakan this 17th day of January 1883.
By His Excellency's Command,
E. G. HILLIER,
Private Secretary.

CONDITIONS OF SALE OF THE RIGHT TO LEASE FOR PASTORAL ALLOTMENTS.

1. The occupation of the pastoral allotments will be offered for sale at the annual rents respectively stated and annexed to the description thereof, and the bidder of the highest sum by way of premium will be declared the purchaser, provided he shall immediately pay down such sum and sign the description hereunto annexed, of the pastoral allotment of the occupation of which he shall have become the purchaser, thereby binding himself to the observance of the above and following conditions; and in default

of such payment being immediately made, the pastoral allotment shall again be forthwith put up to auction.

2. The annual rents determined by the Board of Land and Works to be paid in respect of these pastoral allotments will be due and payable by the purchasers, in advance, in two half-yearly moieties, on the 1st January and 1st July in every year, till the termination of the period of occupation so purchased.

3. Immediately after the biddings on each pastoral allotment are concluded, and before another allotment is put up, the name of the purchaser will be entered, by the officer conducting the sale, in the list of the descriptions of the pastoral allotments annexed to these presents. If, previous to such entry, any question or dispute shall arise between the seller and bidder, or amongst the bidders themselves, the allotment in question shall be put up for sale again. 5. If the officer acting on behalf of the Government shall find reason to believe that any pastoral allotment will not obtain its just value, or if he shall otherwise think fit to withdraw the same from sale, he shall have full power to do so at any time previous to its being actually sold.

6. Persons having affixed their signatures to the list of descriptions of the pastoral allotments annexed to these presents, in token of their having become purchasers or agents of purchasers of the occupation of the allotments to the descriptions of which their signatures are so attached or affixed, will be held to have previously obtained all necessary information, and shall not be entitled to allege ignorance or any other cause for their not fulfilling all and every obligation incumbent upon them by these articles and conditions.

Bank deposit-receipts to be in favor of the Secretary, Tender Board.

Tenders must be accompanied by a preliminary deposit, as shown above, in bank notes, or a bank draft payable to the order of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders must be enclosed in a separate envelope, and must have the words "Tender for _____ at _____" (as the case may be) written thereon.

Tenders must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or (if sent by post) must be prepaid, and addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. All the articles are to be of the best quality of the several kinds, in the best condition, and to be delivered in sound packages, free from all charges for cartage, freight, &c.

2. Supplies for country stations for which no local contract may have been taken, or for which the contract has been terminated, may be ordered under the Melbourne contract.

3. Packages suitable for transport of goods supplied must be provided by the contractor free of expense, and the value of these packages, whether in bulk or otherwise, is to be included in the price demanded, except brandy casks, porter cases, hogsheads, butter firkins, and soap boxes (not including fancy soaps), flour, meal, and potato bags, which will remain the property of the contractor, and only the actual net weight or quantity received will be paid for. The empties to be removed at the contractor's expense.

4. Bread.—A sample of the best ordinarily retailed to the public will be considered as a test loaf for first quality. Third quality (that issued to prisoners of the Crown) to be made of flour, fine sharps, the produce of prime, strong, thin-skinned, good colored wheat, to be perfectly free from coarse pollard or other offal.

5. Milk.—The milk must be fresh, pure, and of the best quality, and subject to test when required by the department. Should the supply prove to be not of contract quality, any expense incurred will be charged to the contractor.

6. Fresh meat is to be supplied in such proportions as may be required, and, when the quality admits, to be delivered in fore and hind quarters alternately, also buttocks only when ordered. When shins of beef form a portion of the supply, a fair proportion of the bone, not less than ten inches, must have been cut off. The sticking pieces must be removed from the fore quarters of beef.

7. Potatoes to be dry and free from dirt. Contractors to supply 105 lbs. of potatoes for each cental credited to them, and, in addition, to take back all rejected before being cooked.

8. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of department concerned.

9. The order issued by the head of department must accompany the goods, and the account is to be rendered simultaneously with the delivery of the supplies. For the supplies coming under the head of Rations and Medical Comforts, the account is to be rendered monthly for such quantities only as are issued, the difference between the supply and issue to be kept at the contractor's credit. Supplies not issued at the termination of the contract to be removed by the contractor. The rates or quantities quoted in the orders cannot be exceeded.

10. Should the contractor fail to supply any articles at the time mentioned in the order, they will be otherwise procured, and the expense over and above the contract price will be deducted from his account.

11. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same to be decided, in cases where the article is not of a perishable nature, by a board of survey composed of persons named by the head of the department, and the decision of the

board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 10.

12. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor; failing which it will be procured by the officer requiring it, and the expense charged as in clause 10.

13. In the case of supplies for lunatic asylums, it will also be competent for two or more of the official visitors; in conjunction with the medical superintendent, to reject any supplies that they may consider not in accordance with contract; and in such cases the reference to a board of survey will not be deemed to be necessary on the part of the contractor.

14. In the case of supplies for lunatic asylums, it will be competent for a board of survey, consisting of the medical superintendent (or, in his absence, of the deputy medical superintendent) and any two officers named by him, to examine and reject any supplies that may be objected to. It must be distinctly understood, however, that the contractor will have a right of appeal to the Treasurer of the colony for the time being; but pending such appeal, he must take back the rejected articles and at once supply others of approved quality; failing which, the supplies required may be obtained by the officer concerned, and the expense charged to the contractor.

15. As the exact quantity of any article of provisions which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.

16. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the persons to whom the rations are due or to the contractor in waiting for a board to survey, the head of the department, or officer in charge of the station, will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which, it will be obtained by the officer requiring it, and the expense charged as in clause 10.

17. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivery or replacing them when required, or refusal to execute orders, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £50, as the said Treasurer may direct. It will also be in the power of the said Treasurer to terminate the contract forthwith and forfeit the whole or any part of the security.

18. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognized by the Government.

19. It will be competent for the Secretary to the Tender Board on behalf of the Government, or the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of three full calendar months; it being understood that such notice can be given only from the first day of a month, and within the period for which the contract is made; and under no other circumstances will a contractor be permitted to abandon his contract. It will also be competent for the Secretary to the Tender Board to terminate the contract, without notice, for the breach or neglect of the same, or should there be reason to know that the contractor takes advantage of his contract to communicate improperly with a prisoner.

20. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat or Defence Department, or on account of other Governments, or for rabbit extirpation, or for supplies to the aborigines; or by the consumption of the produce or surplus stock of any Government establishment; or by any article being made at aid supplied for the use of any Government establishment.

21. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

22. In the event of any alteration in the tariff affecting any of the items included in these contracts, the Government, or the contractor, as may be the case, will make a proportionate allowance by way of deduction from or increase of the price of the item so affected.

- Coal to be put on board at a rate of not less than 10 (ten) tons per hour.
- In the event of the officer ordering the coal not requiring the same to be put into the ship's bunkers, as required by condition No. 5, a rebate of 1s. per ton to be made by the contractor.

Every tender must be accompanied by cash, marked cheque, bank draft, or a bank deposit-receipt to the credit of the Deputy Postmaster-General for a sum equal to TEN PER CENT. of the annual amount named in the tender; this deposit to be absolutely forfeited to the Government in case the person whose tender may be accepted shall fail to complete the usual bond and contract to the satisfaction of the Government within ten days of being notified that the documents are ready for execution. The notice of acceptance, if delivered at the address named in the tender, shall be deemed sufficient.

6. The money or other security deposited by successful tenderers will be returned to them upon application, on the bond and contract being duly signed.

7. The money or other security deposited by unsuccessful tenderers will be returned to them upon application, and on their signing receipts for the respective amounts.

8. In the event of a new line of railway, or a new railway station on an existing line being opened for traffic, and it being decided that the mails shall be conveyed by rail, the Postmaster-General shall have the power of cancelling the contract for any mail service running in the vicinity of the railway without compensation to the contractor, or shall have power to alter the points of arrival and departure of the mails; and in the event of the travelling distance on any mail line being in such manner increased or diminished, all payments for the service subsequent to the alteration shall be computed on the basis of the average mileage-rate of the contract.

9. In the event of it being found necessary, from any cause, to absolutely cancel a contract, the Postmaster-General shall have full power to do so, provided that, unless the contract be cancelled on account of any fault on the part of the contractor, or on account of the opening of a railway line or a new railway station, payment shall be made to the contractor as compensation of a sum equal to ten per cent. of the moneys which would have become due on the unexpired period of the contract if the latter had been continued for the full term of three years.

10. Tenderers are requested to state the mode by which they propose to convey mails, whether by vehicle, on horseback, or by man on foot. If by vehicle, the description of vehicle and number of horses by which it is to be drawn to be given.

11. Tenderers are informed that from the 1st of July this year the Department will, in addition to the carriage of English and Indian parcels as at present, institute a Victorian parcel post system, and undertake to carry parcels up to 7 lbs. in weight by all services for which tenders may be accepted for conveyance of mails by vehicle.

Packets up to 3 lbs. in weight will be conveyed by horseback services as at present.

12. Tenderers for services to and from Post Offices and Railway Stations are required to name a lump sum per annum for the number of trips specified in the call for tenders, and also state a rate per trip as a basis of payment for additional trips, or for reduction in the payment, should the number of trips be increased or lessened during the currency of the contract.

A "trip" to mean a journey from the Post Office to the Railway Station, and from the Railway Station to the Post Office, carrying mails each way.

The carriage of mails one way, viz., either from a Post Office to a Railway Station or from a Railway Station to a Post Office, shall be regarded as half a trip, and payment made accordingly. Where tenders are invited for a service to and from a Post Office and Railway Station "as often as required," tenderers are required to name a lump sum per annum for the work, and such sum shall not be liable to alteration either through increase or diminution in the number of trips. Contracts for services to and from Post Offices and Railway Stations are liable to be discontinued at one month's notice from the department.

13. A separate *bona fide* tender must be sent in for each service.

14. The attention of tenderers is drawn to the condition which requires that in cases where vehicles are used, Members of Parliament shall be conveyed free of charge between the districts they represent and the districts in which they reside and Melbourne.

15. The contractor shall not be entitled to claim any extra payment on account of the removal of any post office during the term of his contract, unless such removal shall increase the distance to be travelled by such contractor on any one day to the extent of one mile.

16. The general conditions referred to in the printed form of tender, and upon which the tender is to be made, can be inspected by persons proposing to tender, either at the General Post Office or at any post office in the colony.

17. The Government will not necessarily accept the lowest or any tender.

4. Every tender must bear the *bona fide* signature and address of the tenderer, and bear the names of two responsible persons willing to become bound for the fulfilment of the contract in such sum as the Government may direct, not exceeding the gross amount of the contract.

5. Every tender must be accompanied by cash, marked cheque, bank draft, or a bank deposit-receipt to the credit of the Deputy-Postmaster General for a sum equal to TEN PER CENT. of the annual amount named in the tender; this deposit to be absolutely forfeited to the Government in case the person whose tender may be accepted shall fail to complete the usual bond and contract to the satisfaction of the Government within ten days of being notified that the documents are ready for execution. The notice of acceptance, if delivered at the address named in the tender, shall be deemed sufficient.

6. The money or other security deposited by successful tenderers will be returned to them upon application, on the bond and contract being duly signed.

7. The money or other security deposited by unsuccessful tenderers will be returned to them upon application, and on their signing receipts for the respective amounts.

8. In the event of a new line of railway, or a new railway station on an existing line being opened for traffic, and it being decided that the mails shall be conveyed by rail, the Postmaster-General shall have the power of cancelling the contract for any mail service running in the vicinity of the railway without compensation to the contractor, or shall have power to alter the points of arrival and departure of the mails; and in the event of the travelling distance on any mail line being in such manner increased or diminished, all payments for the service subsequent to the alteration shall be computed on the basis of the average mileage-rate of the contract.

9. In the event of it being found necessary, from any cause, to absolutely cancel a contract, the Postmaster-General shall have full power to do so, provided that, unless the contract be cancelled on account of any fault on the part of the contractor, or on account of the opening of a railway line or a new railway station, payment shall be made to the contractor as compensation of a sum equal to ten per cent. of the moneys which would have become due on the unexpired period of the contract if the latter had been continued for the full term of three years.

10. Tenderers are requested to state the mode by which they propose to convey mails, whether by vehicle, on horseback, or by man on foot. If by vehicle, the description of vehicle and number of horses by which it is to be drawn to be given.

11. Tenderers are informed that from the 1st of July this year the Department will, in addition to the carriage of English and Indian parcels as at present, institute a Victorian parcel post system, and undertake to carry parcels up to 7 lbs. in weight by all services for which tenders may be accepted for conveyance of mails by vehicle.

Packets up to 3 lbs. in weight will be conveyed by horseback services as at present.

12. Tenderers for services to and from Post Offices and Railway Stations are required to name a lump sum per annum for the number of trips specified in the call for tenders, and also state a rate per trip as a basis of payment for additional trips, or for reduction in the payment, should the number of trips be increased or lessened during the currency of the contract.

A "trip" to mean a journey from the Post Office to the Railway Station, and from the Railway Station to the Post Office, *carrying mails each way.*

The carriage of mails one way, *viz.*, either from a Post Office to a Railway Station or from a Railway Station to a Post Office, shall be regarded as half a trip, and payment made accordingly. Where tenders are invited for a service to and from a Post Office and Railway Station "as often as required," tenderers are required to name a lump sum per annum for the work, and such sum shall not be liable to alteration either through increase or

diminution in the number of trips. Contracts for services to and from Post Offices and Railway Stations are liable to be discontinued at one month's notice from the department.

13. A separate *bona fide* tender must be sent in for each service.

14. The attention of tenderers is drawn to the condition which requires that in cases where vehicles are used, Members of Parliament shall be conveyed free of charge between the districts they represent and the districts in which they reside and Melbourne.

15. The contractor shall not be entitled to claim any extra payment on account of the removal of any post office during the term of his contract, unless such removal shall increase the distance to be travelled by such contractor on any one day to the extent of one mile.

16. The general conditions referred to in the printed form of tender, and upon which the tender is to be made, can be inspected by persons proposing to tender, either at the General Post Office or at any post office in the colony.

17. The Government will not necessarily accept the lowest or any tender.

Period of time for which registration is desired ...	Year commencing the 1st day of April 188 .

Upon receipt of every such application and fee, the secretary for the Local Board of Health shall indorse the same with a memorandum of the date on which it is received, and of the fee received, and shall file the same, and shall enter the particulars in the schedule of such application in a book to be kept for that purpose, and cause the same to be properly indexed.

6. All paddocks, ground, land, and enclosures used as grazing grounds for dairy cattle shall, whenever necessary, be inspected by any member or officer of the said local board; and if, on inspection, such paddocks, grounds, or enclosures, or any one of them, are, or is likely, in the opinion of the officer or person so inspecting to be prejudicial to health, by affecting the milk or otherwise, the said local board may, by an order in writing signed by the secretary, and served personally or left at the dwelling-house of the registered, or, in the case of an unregistered, person, served personally, or left at his dwelling-house, or posted upon the land, prohibit the use of the same for the purpose of feeding dairy cattle, either absolutely or for any time named in such order. All cattle in dairies shall also be similarly inspected by a veterinary surgeon or other competent person, and any cows found to be diseased, or which, from poverty or weakness, are, in the opinion of the inspector, likely to be unfit for use for dairy purposes, shall be forthwith removed from such dairy if ordered by such inspector or other officer as aforesaid. And any such order as aforesaid the said local board may revoke, but upon every fresh inspection a similar order may from time to time be made.
