XXII. The service-pipes for conveying water from the pipes of the Trust into the premises of consumers, shall each have a stop-cock at the main, and shall in no case exceed one half-inch diameter for the domestic supply of premises.

XXIII. The water supplied in the urban district of the Trust shall be received and used under and in accordance with these regulations, and the Victorian Water Conservation Acts 1881-1885, and such parts of the Public Works Statute 1865 as are incorporated herewith.

XXIV. If any person whether supplied with water by the Trust or otherwise, shall commit a breach of these regulations, such person shall be liable to a penalty not exceeding Five pounds for each offence, and such person, if supplied with water by the Trust, shall be liable to have the supply of water cut off from his premises, either by cutting the pipes by or through which such water is supplied or otherwise as the Trust may think fit, and such supply shall cease so long as the cause of complaint remains or is not remedied.

#### COLLINGWOOD CITY.

##### PROPOSED RE-SUBDIVISION.

IN pursuance of the provisions of *The Local Government Act 1874* (No. 506, sec. 46), the substance and prayer of a Petition, in accordance with the 39th and 44th sections of the said Act, which has been presented to His Excellency the Governor in Council, are published, viz.:—

The petitioners purport to be at least one-fourth of the persons whose names are for the time being on the municipal roll of the City of Collingwood, and state that they are desirous that the said city be re-subdivided into five (5) wards, viz.:—

Barkly Ward,  
Darling Ward,  
Loch Ward,  
Victoria Ward,  
Abbotsford Ward.

Petitioners state that the present subdivision is unfair, and the representation unequal; the large increase in value of city property and population demands additional representation. They therefore pray—"That the City of Collingwood be re-subdivided into five wards as above."

Notices on behalf of petitioners may be served upon the Town Clerk, Collingwood.

Commissioner of Public Works.

#### MARYBOROUGH BOROUGH.

##### PROPOSED SUBDIVISION.

IN pursuance of the provisions of *The Local Government Act 1874* (No. 506, sec. 46), the substance and prayer of a Petition, in accordance with the 39th and 44th sections of the said Act, which has been presented to His Excellency the Governor in Council, are published, viz.:—

The petitioners purport to be at least one-fourth of the persons whose names are for the time being on the municipal roll of the Borough of Maryborough, and state that they are desirous that the said borough be subdivided into three (3) wards, viz.:—

East Ward,  
South Ward,  
West Ward.

Petitioners state that subdivision is necessary in interests of ratepayers in order to obtain better representation. "They therefore pray that the Borough of Maryborough be subdivided into three wards as above."

Notices on behalf of petitioners may be served upon Mr. J. H. Gearing, *Standard* office, Nolan street, Maryborough.

#### BOROUGH OF ESSENDON.

##### PROPOSED SEVERANCE OF AREA AND CONSTITUTION OF NEW BOROUGH.

IN pursuance of the provisions of *The Local Government Act 1874* (No. 506, sec. 46), the substance and prayer of a Petition, in accordance with the 44th section of the said Act, which has been presented to His Excellency the Governor, are published, viz.:—

The petitioners purport to constitute a majority of the ratepayers in the portion of the Borough of Essendon which is described in their petition, and they desire that the area so described may be severed from the Borough of Essendon and constituted a new borough under the name or title of "The Borough of Ascot Vale."

Area described in the petition:—

Commencing at the intersection of the Saltwater River and the north-western boundary of the Racecourse Reserve; thence north-easterly by that boundary to its intersection with a Government road described as Epsom road; thence south-easterly by that road to its intersection with another Government road described as Ascot Vale road; thence north by that road to Kent street, being the south boundary of allotment 13, parish of Doota Galla; thence east by that street to the North-eastern Railway line; thence in a north-westerly direction along the railway line to Moonee Ponds Railway Station at Holmes road; thence west along the centre of Holmes road and a line produced therefrom to the Saltwater River; thence south-easterly along the centre of said river to the starting point.

Petitioners state that it is necessary for their health and convenience that the streets in the area should be formed and made, and this the present council has failed to have done, and there is no prospect that it will be done in the near future; that their rates have not been expended in the area, but in other portions of the borough from which they derive no benefit, they are, therefore, deprived of a fair proportion of the revenue and their property seriously injured by the neglect; they believe that if the income derivable from the area was spent under their own direction it would increase the value of their property and attract a large population to the district. They fear that the Essendon Borough Council will incur liabilities a portion of which they will have to bear without receiving any commensurate advantage.

They therefore pray that Your Excellency in Council may be pleased to sever the said area from the Borough of Essendon and constitute it a separate municipality under the name of the

Borough of Ascot Vale; that it be not subdivided; and that the council consist of (9) nine members.

Notices for the petitioners may be served on Messrs. Wren and Clay, St. Leonard's road, Ascot Vale.

Commissioner of Public Works.

#### MOORABBIN SHIRE.

##### PROPOSED SEVERANCE OF AREA AND CONSTITUTION OF NEW SHIRE.

IN pursuance of the provisions of *The Local Government Act 1874* (No. 506, sec. 46), the substance and prayer of a Petition, in accordance with the 44th section of the said Act, which has been presented to His Excellency the Governor, are published, viz. :-

The petitioners purport to constitute a majority of the rate-payers in the portion of the Shire of Moorabbin which is described in their petition, and they desire that the area so described may be severed from the Shire of Moorabbin and constituted a new shire, under the name or title of "The Shire of Sandringham."

##### Area described in the petition :-

Beginning on the shore of Port Phillip Bay, opposite the north boundary of allotment 1, parish of Moorabbin, county of Bourke; thence east to and by said boundary, and to the Melbourne and Point Nepean road, at the north-east angle of allotment 38, parish aforesaid; thence south-easterly along Point Nepean road to the Mordiallock creek; thence to the shore of the bay and northward by the shore to the starting point, and being the west riding of the municipal district of the Shire of Moorabbin.

Petitioners say that the area proposed to be severed (the West Riding) has a larger revenue than the aggregate income of the other two ridings; it is making rapid strides, and they desire to spend their own funds; that their interests are not in accord with the other portion of the shire; they desire to make the new shire a suburb of Melbourne by the expenditure of large sums of money in improving the area and increasing the number of rate-payers, and they therefore wish that the expenditure should be under the control of a council of their own electing.

Petitioners therefore pray that the area above described be severed from the Shire of Moorabbin and constituted a separate municipality, to be named the Shire of Sandringham; that the proposed shire be subdivided into three ridings, each returning three members.

Petitioners appoint the office of Edward Andrew Smart, of Imperial Chambers, Bank place, Melbourne, as the address at which notices may be served on them.

Commissioner of Public Works.

Schedules as above, giving an estimate of the articles required, and printed forms of tender may be obtained from the Secretary to the Tender Board, by whom also the samples will be shown and any information or explanation afforded to persons tendering.

Separate tenders will be received for each schedule, but they must include the whole of the articles therein mentioned, and a separate price must be stated for each article. The value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for.

Contractors must provide, without extra charge, whatever labor may be required in the packing of stores.

The prices must be expressed in words as well as in figures, and total amount of tender stated.

Tenders having alterations or erasures therein will not be entertained.

Tenders must be accompanied by the preliminary deposit as shown above in bank notes, or a bank draft in favor of the Secretary of the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

Security will be required either in Government debentures, bank deposit-receipt in favor of the Secretary of the Tender Board, or cash deposit, as the tenderer may elect.

The security is calculated at Ten per cent. upon contracts not exceeding £1,000, and at Five per cent. over that sum; but no deviation will be allowed from the amounts above stated.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

Persons failing to take up their contracts will be disqualified from tendering for Government supplies for a period of twelve months.

Tenders, enclosed in a separate envelope, and having the words "Tender for ——" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

## CONDITIONS OF CONTRACT.

1. The Government will not be bound to order from the contractor all the articles enumerated in the schedules, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the quantity stated in the schedules, the contractor will nevertheless be bound to supply the same at contract rates.

2. The supplies are to be according to sample and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds or manufacture. A preference will, however, be given to goods of Victorian manufacture, provided the quality is equal to the particular manufacture indicated in the schedule.

3. All orders for supplies will emanate from the departments requiring the goods, and be transmitted through the Stores and Transport Department, except in the case of supplies for the Local Military Department, the Naval Forces, the Harbor Department, and for Works and Buildings. From these departments the order will be sent direct to the contractor. All orders must accompany the goods on delivery, otherwise the goods will not be received. Delivery, as a rule, is to be of the full quantity ordered.

4. Supplies ordered for delivery in Melbourne and Williamstown districts are to be delivered free of all charges (whether cartage, freight, &c.), and, for the purposes of these contracts,

Melbourne district will include a radius of six miles from the General Post Office; and Williamstown district will include the town of Williamstown, Hobson's Bay, and the River Yarra.

5. Arrangements as to time of delivery and inspection of goods will be made by the officers ordering the goods.

6. Orders must receive prompt execution; and, in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officers named in condition 5, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account.

7. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with the order to which it relates. The prices quoted in the orders cannot be increased.

8. The acceptance of the supplies shall be subject to the approval of the officers issuing the orders. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods.

9. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in condition 6.

10. The members of boards of survey will be appointed by the Treasurer of the colony for the time being, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in condition 6.

11. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in condition 6, or from the contractor's security. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith.

12. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited, and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

13. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

14. It will be competent either for the contractor on his own behalf, or for the Secretary of the Tender Board on behalf of the Government, to terminate the contract, by giving notice, in writing, of three full calendar months to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made, and under no other circumstances will a contractor be permitted to abandon his contract.

15. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat or the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Departments of Public Works and Defence, or on account of other Governments, or for the Telegraph or Railway Departments, or for Rabbit Extirpation, or for supplies to the Aborigines; or by any article being made at and supplied for the use of any Government establishment; or by the consumption of the surplus stock of any Government establishment.

16. In the event of any alteration in the tariff affecting any of the items included in these contracts, the Government, or the contractor, as may be the case, will make a proportionate allowance by way of deduction from or increase of the price of the item so affected.

D. GILLIES,  
Treasurer.

Treasury,  
Melbourne, 15th March 1887.

1. Tenders are required to be written on a form, printed copies of which may be had gratuitously on application at any post office in the colony, and are to be forwarded (if by post, PREPAID AND REGISTERED) for receipt at the General Post Office by the hour and date first above mentioned, addressed to the Honorable the Postmaster-General, with the words "Tender for Mail Service No. " endorsed on the cover, or placed in the tender-box at the General Post Office.

The notice of acceptance, if delivered at the address named in the tender, shall be deemed sufficient.

6. The money or other security deposited by successful tenderers will be returned to them upon application, on the bond and contract being duly signed.

7. The money or other security deposited by unsuccessful tenderers will be returned to them upon application, and on their signing receipts for the respective amounts.

8. In the event of a new line of railway, or a new railway station on an existing line being opened for traffic, and it being decided that the mails shall be conveyed by rail, the Postmaster-General shall have the power of cancelling the contract for any mail service running in the vicinity of the railway without compensation to the contractor, or shall have power to alter the points of arrival and departure of the mails; and in the event of the travelling distance on any mail line being in such manner increased or diminished, all payments for the service subsequent to the alteration shall be computed on the basis of the average mileage-rate of the contract.

9. In the event of it being found necessary, from any cause, to absolutely cancel a contract, the Postmaster-General shall have full power to do so, provided that, unless the contract be cancelled on account of any fault on the part of the contractor, or on account of the opening of a railway line or a new railway station, payment shall be made to the contractor as compensation of a sum equal to ten per cent. of the moneys which would have become due on the unexpired period of the contract if the latter had been continued for the full term of three years.

10. Tenderers are requested to state the mode by which they propose to convey mails, whether by vehicle, on horseback, or by man on foot. If by vehicle, the description of vehicle and number of horses by which it is to be drawn to be given.

Packets up to 3 lbs. in weight will be conveyed by horseback services as at present.

12. Tenderers for services to and from Post Offices and Railway Stations are required to name a lump sum per annum for the number of trips specified in the call for tenders, and also state a rate per trip as a basis of payment for additional trips, or for reduction in the payment, should the number of trips be increased or lessened during the currency of the contract.

The carriage of mails one way, viz., either from a Post Office to a Railway Station or from a Railway Station to a Post Office, shall be regarded as half a trip, and payment made accordingly. Where tenders are invited for a service to and from a Post Office and Railway Station "as often as required," tenderers are required to name a lump sum per annum for the work, and such sum shall not be liable to alteration either through increase or diminution in the number of trips. Contracts for services to and from Post Offices and Railway Stations are liable to be discontinued at one month's notice from the department.

13. A separate *bond fide* tender must be sent in for each service.

14. The attention of tenderers is drawn to the condition which requires that in cases where vehicles are used, Members of Parliament shall be conveyed free of charge between the districts they represent and the districts in which they reside and Melbourne.

15. The contractor shall not be entitled to claim any extra payment on account of the removal of any post office during the term of his contract, unless such removal shall increase the distance to be travelled by such contractor on any one day to the extent of one mile.

16. The general conditions referred to in the printed form of tender, and upon which the tender is to be made, can be inspected by persons proposing to tender, either at the General Post Office or at any post office in the colony.
