DIVERSION OF WATER FROM THE RIVER LODDON BY THE TRAGOWEL PLAINS IRRIGATION TRUST.

At the Executive Council Chamber, Melbourne, the eighteenth day of January 1887.

PRESENT:

His Excellency the Governor.

Mr. Gillies	Mr. Lorimer
Mr. Deakin	Mr. Nimmo
Mr. Wrixon	Mr. Dechman
Mr. Cuthbert	Mr. Bell
Mr. Pearson	Mr. Davies.

WHEREAS by section 17 of *The Victorian Water Conservation Act 1883* it is enacted that every Order in Council constituting an Irrigation Trust shall, amongst other things, contain such provisions (not inconsistent with the said Act) as, according to the nature of the application and the facts and circumstances of each case, the Governor in Council may think fit: And whereas by section 90 of the said Act it is provided that the Governor in Council may, from time to time, after any Trust has by Order in Council been duly constituted, make additional Orders relating to such Waterworks or Irrigation Trust not inconsistent with the provisions of the said Act: and that the Governor in Council may, in such additional Orders in Council, amongst other things, make any Order which might have been made in the Order in Council originally constituting such Waterworks or Irrigation Trust: And whereas by an Order in Council bearing date the twenty-third day of March One thousand eight hundred and eighty-six a certain Irrigation Trust, known as the Tragowel Plains Irrigation Trust, was duly constituted to carry out an approved scheme for the purpose of irrigating a certain area of land (in and by the said Order in Council limited and defined) by means of water to be diverted from the River Loddon: And whereas it might have been ordered and directed in and by the said Order in Council that the said Tragowel Plains Irrigation Trust should, for the purpose aforesaid, be entitled to take and divert from the said river a certain specified proportion of the water thereof, subject to such conditions and restrictions as the Governor in Council might in and by the said Order in Council have directed: And whereas by an additional Order in Council bearing date the eleventh day of May One thousand eight hundred and eighty-six it was ordered and directed that the said Tragowel Plains Irrigation Trust, for the purpose aforesaid, should be entitled to take and divert from the River Loddon a certain proportion (specified in such additional Order in Council) of the volume of the flood-waters of the said river: Now therefore His Excellency the Governor, acting with the advice of the Executive Council, and in pursuance of the said provisions of the said Act, doth order as follows, that is to say:—

- (1.) That the said additional Order in Council bearing date the eleventh day of May One thousand eight hundred and eighty-six shall be and the same is hereby repealed, and in lieu thereof it is ordered as follows:—

 - (a.) From the first day of January to the thirtieth day of April both inclusive eighteen hundred cubic feet per minute.
 - (b.) From the first day of May to the thirtieth day of June both inclusive one-half of the total natural volume.
 - (c.) From the first day of July to the thirty-first day of October both inclusive nine thousand cubic feet per minute.
 - (d.) From the first day of November to the fifteenth day of November both inclusive one-half of the total natural volume in excess of five hundred and fifty cubic feet per minute.
 - (e.) From the sixteenth day of November to the thirty-first day of December both inclusive eighteen hundred cubic feet per minute.

(3.) That should the natural volume of the water of the said River Loddon, measured at the head of the Serpentine Creek, including the volume of all diversions from the said river for other than domestic and stock purposes above the head of the said creek, at any time exceed eighteen thousand cubic feet per minute, the said Tragowel Plains Irrigation Trust shall, during the period of such excess, be entitled to divert for the purpose aforesaid one-half of such total natural volume.

(4.) That the quantities of water aforesaid which the said Tragowel Plains Irrigation Trust is hereby authorized to divert being based upon an estimate that the minimum volume of the water discharged by the said river above the off-take of the Bridge-water channel will, during the period from the first day of July to the thirty-first day of October both inclusive in each year, be not less than eighteen thousand cubic feet per minute, and during the period from the sixteenth day of November to the thirtieth day of the following April be not less than four thousand two hundred cubic feet per minute, it is hereby expressly declared that, if at any time hereafter it shall appear that from any cause whatsoever the said volumes of discharge are not being or are not likely to be maintained during the said periods respectively, this Order may be varied, amended, or revoked accordingly, and the said Tragowel Plains Irrigation Trust shall not in such case or in any case be entitled to compensation for loss or damage sustained by it on account of any revocation, alteration, or amendment of this Order, either with or without notice. Provided always that any Order which may hereafter be made for apportioning the water of the said river, or any amendment or

alteration of any of the provisions of this Order when the volume of the water of the said river shall during the said periods respectively be less than the estimated minimum volume hereinbefore mentioned, shall be subject to a condition that the said Tragowel Plains Irrigation Trust is entitled to priority in respect of a supply of water for irrigation purposes, but is not entitled to priority in respect of a supply for any other purpose.
