**PRESENT:**

His Excellency the Governor.

Mr. Gillies	Mr. Dow
Mr. Deakin	Mr. Derham
Mr. Wrixon	Mr. Bell
Mr. Cuthbert	Mr. Patterson.
Dr. Pearson	

**WHEREAS** by *The Irrigation Act 1886* it is provided that any Municipal Council, or Waterworks Trust, or Irrigation Trust, or any two or more together of any such Councils or Trusts, or a majority in number of the ratepayers in any proposed district, or the majority in number of the owners of land within any proposed district, such majority being the owners of at least half the land in the proposed district, may petition the Governor in Council to constitute such district an Irrigation and Water Supply District, and to appoint and create a Trust therein. And it is further provided by the said Act that, before any District or Trust can be constituted or appointed under the said Act upon a petition from any Municipal Council or Waterworks Trust, or from any two or more together of any such Councils or Trusts, or from a majority in number of ratepayers in any proposed district, or upon a petition from a majority of the owners of land within any proposed district, that a petition from owners of land, being an absolute majority of the owners of land within the proposed district, such majority being owners of at least half the land in such proposed district, shall be presented to the Governor in Council, praying that the scheme or plan of works of such first petition, as set out in the declaration of the Minister published under the said Act, may be adopted in part or in whole. And it is further enacted that, after compliance with the provisions in the said Act, the Governor in Council may approve of the scheme proposed, either with or without any alterations, or additions, or restrictions, as he may think fit, or he may disapprove of the same; and if he approve of the same, either with or without alterations, he shall make an Order in Council accordingly.

And it is further enacted that, if the Governor in Council approve of such proposed scheme, with or without alterations, or additions, or restrictions, he may, by Order in Council, constitute the proposed district an Irrigation and Water Supply District, and appoint and create an Irrigation and Water Supply Trust to construct, maintain, and continue the works described in the Order.

And whereas the majority in number of the owners of land situate within the parishes of Dandenong, Eumemmerring, Lyndhurst, and Mordialloc, in the counties of Bourke and Mornington, in the colony of Victoria, and within the boundaries of a proposed district (shown upon the plan accompanying their petition), being the owners of at least half the land within such proposed district, have, in accordance with the provisions of the said Act, petitioned the Governor in Council to constitute the proposed district, as shown upon the plan accompanying their petition, an Irrigation and Water Supply District, and to appoint and create a Trust therein for carrying out the scheme or plan of works proposed in the said petition.

And whereas all the provisions of the Act necessary to precede the declaration in writing of the Minister of Water Supply upon the said petition having been complied with, the Minister duly published his declaration in the *Government Gazette* on the twentieth day of September, 1889, in accordance with the provisions of the said Act. And whereas, after due observance of the steps necessary under the said Act to precede such a petition, on this second day of December, 1889, a petition of an absolute majority of the owners of land in the district proposed to be constituted, such majority being the owners of at least half the land in such proposed district, hath been presented to the Governor in Council, praying that the scheme or plan of works of such first-named petition, as set out in the said declaration in writing of the Minister, might be adopted. And whereas, after compliance with all the provisions under the said Act necessary to be observed before approval of the scheme proposed, the Governor in Council has, by Order in Council dated this second day of December, 1889, approved of the said proposed scheme.

Now therefore His Excellency the Governor, by and with the advice of the Executive Council, and in accordance with the provisions of, and in exercise of the powers conferred by, *The Irrigation Act 1886* aforesaid, doth declare, order, and direct:—

2. *Period for which commissioners shall hold office.*—Subject to the provisions in reference to the first election of commissioners hereinafter contained, for securing the annual retirement of two commissioners, the period during which the commissioners of the said trust shall hold office shall be three years.

3. *Annual retirement of commissioners.*—Two commissioners shall retire annually, but the retiring commissioners shall, subject to the provisions of the said Act, be eligible for re-election.

4. *Term of office of persons elected commissioners at first election.*—At the first election of commissioners two of the persons elected commissioners shall hold office as such commissioners for the term of three years, two others of such persons shall hold office for the term of two years, and the remaining two persons elected as such commissioners shall hold office for the term of one year; and the particular term for which each such person so elected a commissioner shall hold office shall be determined in manner following (that is to say):—

(a) *How term of office is ascertained when no poll taken.*—If the first election is made without a poll, as in the case in these regulations provided, then the particular term for which each candidate elected as a commissioner shall hold office shall, immediately upon such election, be publicly determined by lot by the returning officer, in such manner as to him may seem fit, and the returning officer shall thereupon immediately, and publicly, announce the term for which each individual candidate elected as a commissioner shall hold office as so determined, and shall report the same to the Minister.

(b) *How term of office ascertained when poll taken.*—If at the first election a poll shall be held as in these regulations provided, then of the six candidates elected as commissioners the two candidates who shall have received the highest number of votes shall hold office as commissioners for the term of three years, and the two candidates who shall have received the next highest number of votes shall hold office for the term of two years, and the remaining two candidates who shall have been elected shall hold office for the term of one year; and if two or more than two candidates elected shall have obtained the same number of votes, then the returning officer shall determine by lot (as hereinbefore provided in the case of the first election if decided without ballot) the term or terms of three, two, or one year or years during which such candidates shall respectively hold office. But so that no candidate elected shall hold office for a shorter time than the term during which any other candidate who shall have obtained a less number of votes shall hold office. And the returning officer shall publicly declare the respective terms during which the several candidates shall hold office as so determined, and shall report the same to the Minister.

5. *Extraordinary vacancies, how filled, and term of office.*—Should any vacancy in the office of commissioner be occasioned by death, resignation, removal, disqualification, or any other cause whatever, an election shall forthwith be held to fill such vacancy; and the provisions contained in these regulations as to the nomination of candidates, the manner in which elections shall be held, and the mode of voting thereat, shall apply to any election in respect of such vacancy; and the person elected to fill such vacancy shall hold the office of commissioner during the unexpired portion of the term of office of the commissioner whose seat shall have become vacant.

6. *Date of first election of commissioners.*—Date of ordinary annual election.—The first election of commissioners of the said trust shall be held on the 19th day of December, 1889, and the ordinary annual election shall be held on the 19th day of December, in each succeeding year. Provided that whenever such date may fall upon a Sunday, or upon any day set apart as a public holiday, such election shall be held upon the day next following.

7. *Voters' list to be prepared.*—For the purposes of the first election of commissioners of the said trust, a voters' list shall be prepared by the persons upon whose petition the said trust has been appointed and created, and the said voters' list shall be forwarded to the Minister.

8. *Form of voters' list.*—First Schedule.—Such voters' list shall be in the form of the First Schedule hereto, and shall contain, in regular numerical sequence and alphabetical order of surname, the christian name or names, surname, and address (so far as these may be known) of each person entitled to vote under the provisions of *The Irrigation Act 1886*, or under the provisions of any Act amending the said *Irrigation Act 1886*, and shall also specify the extent of, and indicate with reasonable certainty, the land of each such person, and shall state the number of votes to which, under the provisions of the said Acts, each such person is entitled.

9. *Voting in respect of lands jointly owned or jointly leased.*—In the case of joint owners of land, or in the case of joint lessees of land, the name of any one of such owners or lessees (as the case may be) shall, subject to the provisions of the said Act and of these regulations, be placed in respect of such land upon the voters' list in like manner as if such land were owned or leased solely by such one owner or lessee, and the owner or lessee whose name is so placed upon the said list or lists shall alone be entitled to vote accordingly. Provided always that if such owners or lessees jointly, by notice in writing, desire that the number of votes to which, under the said provisions, any one of such owners or lessees respectively is so entitled to give as aforesaid may be allotted between such owners or lessees in any manner they may jointly indicate, the alteration or alterations so desired to be made in the said list shall, if the same be consistent with the said provisions, be made when the list shall be revised as hereinafter provided, and such owners or lessees shall be entitled to vote accordingly.

10. *Copy of voters' list to be available for inspection.*—Second Schedule.—Objections to list to be in writing, and forwarded to Minister.—A copy of such voters' list shall be available for inspection, without payment of any fee or charge, at all reasonable hours in the day time, in some convenient place within or near to the district of the trust for a period of seven clear days; and a notice in the form, or to the like effect, of the Second Schedule hereto, setting forth the times and place at which such voters' list may be so inspected; shall be published in some newspaper ordinarily circulating within the said district, and such notice shall state that all objections to the said list must be forwarded in writing to the Minister within the time mentioned in the said notice.

11. *Grounds of objection to be stated.*—All objections to the said list shall be forwarded in writing to the Minister within eight days after the first day of the publication of such notice, and the ground or grounds of objection must be clearly set forth.

12. *Minister to revise and certify lists.*—The Minister shall revise the said list, and consider all objections thereto, and make such alterations and amendments therein as to him may seem just, and shall certify the list under his hand as correct; and no objection to the list when so certified shall be allowed.

13. *Certified list to be voters' roll.*—The list so revised and certified shall be the voters' roll for the purposes of the first election of commissioners of the trust, but shall also be available for any election in respect of any extraordinary vacancy occurring within twelve months next after the date of the said first election.

14. *Voters' list to be prepared yearly.*—Before the first day of November in each year the officers of the trust shall prepare a voters' list in the form of the First Schedule hereto, and such list shall contain, in regular numerical sequence and in alphabetical order of surname, the christian name or names, surname, and address (so far as these may be known) of each person entitled to vote under the provisions of *The Irrigation Act 1886*, or under the provisions of any Act amending the said *Irrigation Act 1886*, and shall also specify the extent of, and indicate with reasonable certainty, the land of each such person, and shall state the number of votes to which, under the provisions of the said Act, each such person is entitled.

15. *Voting in respect of lands jointly owned or jointly leased.*—In the case of joint owners of land, or in the case of joint lessees of land, the name of any one of such owners or lessees (as the case may be) shall, subject to the provisions of the said Act and of these regulations, be placed in respect of such land upon the voters' list in like manner as if such land were owned or leased solely by such one owner or lessee, and the owner or lessee whose name is so placed upon the said list shall alone be entitled to vote accordingly. Provided always that if such owners or lessees jointly, by notice in writing, desire that the number of votes to which, under the said provisions, any one of such owners or lessees respectively is so entitled to give as aforesaid may be allotted between such owners or lessees in any manner they may jointly indicate, the alteration or alterations so desired to be made in the said list shall, if the same be consistent with the said provisions, be made when the list or lists shall be revised as hereinafter provided, and such owners or lessees shall be entitled to vote accordingly.

16. *Copy of list to be available for inspection.*—*Third Schedule.*—A copy of such voters' list shall be available for inspection, without payment of any fee or charge, at all reasonable hours in the day, time, at some convenient place within or near to the district of the trust for a period of seven clear days; and a notice in the form, or to the like effect, of the Third Schedule hereto shall be published in some newspaper ordinarily circulating within the said district; and such notice shall state that all objections to the said list must be forwarded in writing to the chairman of the trust within the time mentioned in the said notice.

17. *Grounds of objections to list to be forwarded in writing to the chairman of trust.*—All objections to the said list shall be forwarded in writing to the chairman of the trust within the time mentioned in the said notice, and the ground or grounds of objection must be clearly set forth.

18. *Special meeting of trust to be held to revise list.*—*List to be certified.*—In the month of November in each year a special meeting of the trust shall be held for the purpose of revising the said list, and all objections which may have been forwarded to the chairman under the preceding clause shall be considered by the commissioners then present; and the chairman may make such alterations and amendments in the said list as the commissioners or a majority of the commissioners present may determine to be just and necessary, or such as by these regulations are required to be made; and the list, when so revised, altered, and amended, shall be certified as correct under the hand of the chairman, and no objection to the list when so certified shall be allowed.

19. *Revised and certified list to be voters' roll.*—The list so revised and certified shall be the voters' roll for the purposes of any election (whether ordinary or extraordinary) of trust commissioners to be held within one year from the nineteenth day of December then next, the said day inclusive.

20. *Minister may appoint returning officer for first election.*—*Chairman of trust to be returning officer at subsequent elections.*—For the purposes of the first such election, the Minister may appoint some fit and proper person not being an owner of land within the district to be returning officer; but for every subsequent election (whether ordinary or extraordinary) the chairman of the trust for the time being shall be the returning officer; but if at the time of any election the office of chairman of the trust should be vacant, the commissioners of the trust may, by resolution, appoint one of their number to be returning officer until the office of chairman shall again be filled; and the returning officer may appoint a deputy to assist him or to act in his room at any election, and such deputy may do all or any of the acts or things which the returning officer is hereby authorized or required to do.

21. *Notice of election.*—*Nomination of candidates.*—*Fourth Schedule.*—Fourteen clear days before any election of commissioners under these regulations, the returning officer shall give public notice of such election by advertisement inserted in some newspaper generally circulating in the said district, and by such notice shall require all candidates at such election to be nominated at some place within or near to the said district, and named in such notice, in manner hereinafter mentioned, between the hours of Ten o'clock in the forenoon and Four o'clock in the afternoon, on some day before a day (hereinafter called the day of nomination) not less than four nor more than seven days after the time of giving such notice, and named therein; and any person desirous of nominating a candidate shall, before Four o'clock in the afternoon of the day next preceding the nomination-day, cause to be delivered at the place aforesaid to the returning officer a nomination-paper in the form of the Fourth Schedule, or to the like effect, stating therein the christian name and surname of such candidate, together with the other particulars required in and by the said Schedule; and such nomination-paper shall be signed by not less than three persons duly qualified to vote at such election, and also signed by the person named therein as a candidate, in token of his assent to being so named, and such candidate or some person on his behalf shall, at the time when such nomination-paper is delivered to the returning officer, pay into the hands of such returning officer the sum of Ten pounds (£10), to be dealt with as by law provided. And no person who shall not have been so

nominated, and by whom or on whose behalf such payment shall not have been so made, shall within the subsequent provisions of these regulations be deemed to be a candidate at any election of commissioners.

22. *Where number of candidates does not exceed number of commissioners to be elected.*—If at the expiration of the time limited as hereinbefore provided for the nominations of candidates the number of persons who have become candidates as aforesaid does not exceed the number of commissioners to be elected, the returning officer shall then declare such candidates to be duly elected, and they shall be deemed to be then duly elected accordingly.

23. *Where number of candidates exceeds number of commissioners to be elected.*—*Fifth Schedule.*—*Notice of poll.*—*Hours of polling.*—If at the expiration of the time limited for the nomination of candidates the number of candidates exceeds the number of commissioners to be elected, then the returning officer shall forthwith cause ballot-papers to be printed, with the christian names and surnames of all the candidates in full, in the form of the Fifth Schedule hereto, and shall also forthwith give public notice by advertisement in some newspaper generally circulating in the district stating the names of the persons so nominated, and that a poll will be taken for the election of such commissioners upon the day named in such notice, at such place within or near to the said area as the returning officer shall in and by such notice appoint; and such poll shall take place accordingly, and shall commence at Twelve o'clock noon and close at Three o'clock in the afternoon.

24. *Retirement of candidates before polling-day.*—If at any election after a poll shall have been appointed as aforesaid any candidate for such election and two of the persons having signed the paper nominating him as aforesaid are desirous that he should retire from such candidature, such candidate and the persons aforesaid may sign and deliver to the returning officer, not later than four clear days before the day of polling, a notice, in the form of the Sixth Schedule hereto, stating that such candidate so retires; and the said candidate or his agent shall thereupon publish in some newspaper generally circulating in the district a copy of such notice, and the returning officer, on sufficient proof of such publication aforesaid, if the number of candidates is by such retirement reduced to the number of persons to be elected at such election, shall on the day appointed for the election declare the remaining candidates duly elected, and, if the said number is not so reduced, shall omit the name of the person so retiring from the ballot-papers to be used at the said election, and if such papers are already printed shall erase such name therefrom; and such person shall not be capable of being elected at such election.

25. *Polling-booth may be hired.*—At such election the returning officer shall provide a suitable place for taking a poll, and may, if necessary, cause to be hired and used as a polling-booth any room which he may deem to be suitable at the place appointed for taking the poll, and may divide such room into compartments as to him may seem most convenient.

26. *Returning officer to preside at polling-booth.*—The returning officer, or his deputy, shall preside at the polling-booth for taking the poll.

27. *Scrutineers may be appointed.*—Each candidate shall be entitled to appoint, in writing, one scrutineer to be present in the polling-booth, and the said returning officer, or his deputy, and the said scrutineers, and any voters, not exceeding four in number, actually engaged in voting, shall alone be permitted at any one time to enter or remain in the polling-booth.

28. *Pencils to be provided.*—The returning officer, or his deputy, shall provide pencils in the polling-booth for the use of the voters, and also a locked box, to be called the ballot-box, with a cleft or opening therein capable of receiving the ballot-papers; and such box shall be opened and exhibited to the scrutineers before the polling begins; and the box shall then be locked, and shall stand on a table opposite the returning officer, or deputy returning officer, who shall keep the key of such box.

29. *Mode of voting.*—*Where voter is illiterate.*—The returning officer shall deliver to every voter who requires the same a ballot-paper, or if such voter appears by the roll to be entitled to give more votes than one then so many ballot-papers as may be equal to the number of votes which such voter so appears to be entitled to give, such ballot-papers being in the form of Schedule Five hereto, and initialed by the returning officer; and every such voter shall, without leaving the booth, strike out from all or any of such papers the name of every candidate for whom he does not intend to vote. And in case any voter is unable to read or write, the returning officer, or his deputy, if so required, shall, in view of such one of the scrutineers as the voter may desire, strike out the name or names of such candidate or candidates as such voter may designate; and after such name or names have been so struck out the ballot-paper or ballot-papers (as the case may be) shall forthwith be deposited in the said box. Provided that all the ballot-papers to which any person may be entitled at the polling-booth shall be demanded and received by him at one and the same time; and no person, having once demanded and received any such ballot-paper or papers, and voted by the same, shall at the same election receive any further ballot-papers, or exercise any further right of voting.

30. *Ballot-papers to be numbered.*—Before delivering any ballot-paper to the voter, the returning officer, or his deputy, shall write upon the back of each such ballot-paper, as near as practicable to the lower edge thereof, the number set opposite to the voter's name in the roll; and shall thereupon, upon a copy of such roll, check off such voter's name as having voted, and mark against such name the number of ballot-papers delivered to such voter.

31. *Informal ballot-papers.*—If any voter suffer to remain upon his ballot-paper a greater number of names not struck out than the number of commissioners to be elected, the vote given on and by such paper shall be void and of no effect.

32. *What question may be asked.*—At any election of commissioners, the returning officer may, if he see fit, or if required to do so by any candidate or scrutineer, put to any person tendering his vote the question following:—

“Are you the person whose name appears as (A.B.) in the roll now in force for this trust, being enrolled therein in respect of land in the parish of \_\_\_\_\_, being (here specify land as described in the roll)?”

And no other question shall be put to any person tendering his vote; and no person who shall refuse to answer such question, or who shall not answer the same absolutely in the affirmative, shall receive a ballot-paper or be permitted to vote.

33. *False answer, polling twice, and personation.*—Every person who shall wilfully make a false answer to the question aforesaid, or who shall poll more than once or offer to poll more than once at the same election, or who shall depart or attempt to depart from any polling-booth after having received a ballot-paper without having deposited the same in the ballot-box as hereinbefore provided, or who shall personate any other person for the purpose of polling at such election, shall be guilty of a breach of these regulations; but nothing contained in this clause shall apply to any person only by reason of his exercising the right of voting as often as it appears by the roll he is entitled so to do.

34. *Result of polling, how ascertained.*—Returning officer to have casting vote.—Immediately upon the close of the poll, the returning officer shall, in the presence of and subject to the inspection of so many of the scrutineers of the candidates as please to be present, proceed to ascertain the number of votes for each candidate; and such returning officer shall abstain from inspecting the number written as aforesaid on any ballot-paper, and take care that the same is not seen by any person before being sealed up as herein provided; and the returning officer shall seal up the ballot-papers deposited in the booth; and as soon as conveniently may be on or after the day of the poll publicly declare the candidates, not exceeding the number of vacancies to be filled up, who have received the greatest number of votes to have been duly elected commissioners of the trust; and if two or more candidates have received an equal number of votes, the returning officer shall in each case have the casting vote.

35. *Ballot-papers, how disposed of.*—The returning officer shall, in the case of the said first election of commissioners, forthwith, after the declaration of the poll, endorse with a description of the contents thereof and sign the sealed parcel of ballot-papers, and forward the same to the Minister; who shall, as soon as may be after the first meeting of trust commissioners shall have been held, forward such sealed packet to the secretary of the trust, to be by him safely and secretly kept for six months then next ensuing, and then by him caused to be destroyed in the presence of three commissioners of the trust; but in all subsequent elections the parcel of ballot-papers so sealed, endorsed, and signed shall be delivered by the returning officer to the said secretary, to be by him safely and secretly kept for six months after such delivery, and then by him caused to be destroyed in the presence of three of the commissioners of the trust.

36. *Minister to determine questions arising upon first election.*—If any question arise as to the due election of any commissioner at the first election, the returning officer shall, at the request of any voter or candidate, submit such question in writing to the Minister, who shall decide the same, and such decision shall be final and binding.

37. *Questions arising upon subsequent elections to be determined by trust.*—If any question arise as to the due election of any commissioner at any subsequent election (whether ordinary or extraordinary), such question shall be determined by the commissioners of the trust at the first ordinary meeting held after the election; but no commissioner in respect of whose election such question shall have arisen shall act as a commissioner at such meeting, or be entitled to take any part in the proceedings thereof, or in any manner or at any time to act as a commissioner until such question shall have been so determined; and the majority of the commissioners whose election is not in dispute shall form a quorum.

38. *Appeal to Minister from determination of trust.*—In event of any voter or candidate feeling aggrieved by the determination of the trust with reference to any such question as last aforesaid, he may appeal therefrom to the Minister within fourteen days from the date upon which the commissioners shall have determined the question, and the Minister may make such inquiry as to the merits of the question as may appear to him to be necessary, and determine such question in such manner as to him may appear just, and such determination of the Minister shall be final and binding.

39. *Failure to elect deemed to create extraordinary vacancies.*—If at any election of commissioners no vacancies or a number of vacancies less than the whole number which should have been filled up at such election are filled up, then the vacancies which are not so filled shall severally be deemed extraordinary vacancies and to have occurred on the day appointed for such election. Provided always that the commissioners eventually elected to fill such vacancies shall go out of office as if elected at such election.

40. *Expenses of election to be paid by trust.*—The expenses incurred by the returning officer, or under his direction, in connection with any election shall be defrayed by the trust.

41. *Penalty for breach of regulations.*—These regulations shall also be deemed to be regulations under section 250 of *The Irrigation Act 1886*, and any person guilty of a breach of any of the provisions of these regulations shall be liable to a penalty not exceeding Ten pounds, to be recovered in a summary manner before justices of the peace.

42. *Interpretation.*—In these regulations words importing the masculine gender shall be deemed and taken to include females, unless there is something in the context repugnant to or inconsistent with this interpretation.

#### CARRUM IRRIGATION AND WATER SUPPLY TRUST.—SCHEME OR PLAN OF WORKS.

At the Executive Council Chamber, Melbourne, the second day of December, 1889.

##### PRESENT:

His Excellency the Governor.

Mr. Gillies	Mr. Dow
Mr. Deakin	Mr. Derham
Mr. Wrixon	Mr. Bell
Mr. Cuthbert	Mr. Patterson
Dr. Pearson	

WHEREAS by *The Irrigation Act 1886* it is provided that any Municipal Council, or Waterworks Trust, or Irrigation Trust, or any two or more together of any such Councils or Trusts, or the majority in number of the ratepayers in any proposed district, or the majority in number of the owners of land within any proposed district, such majority being the owners of at least half the land in the proposed district, may petition the Governor in Council to constitute such district an Irrigation and Water Supply District, and to appoint and create a Trust therein. And it is further provided by the said Act that, before any district or Trust can be constituted or appointed under the said Act upon a petition from any Municipal Council or Waterworks Trust, or from any two or more together of any such Councils or Trusts, or from a majority in number of the ratepayers in any proposed district, or upon a petition from a majority in number of the owners of land in any proposed district, that a petition from owners of land, being an absolute majority of the owners of land within the proposed district, such majority being owners of at least half the land in such proposed district, shall be presented to the Governor in Council, praying that the scheme or plan of works in such first petition, as set forth in the declaration of the Minister, published under the said Act, may be adopted in part or in whole. And it is further enacted that after compliance with the provisions of the said Act, the Governor in Council may approve of the scheme proposed, either with or without any alterations, or additions, or restrictions, as he may think fit, or he may disapprove of the same; and if he approve of the same, either with or without alterations, he shall make an Order in Council accordingly.

And whereas the majority in number of the owners of certain lands situate within the parishes of Dandenong, Eumemmerring, Lyndhurst, and Mordialloc, in the counties of Bourke and Mornington, in the colony of Victoria, and within the boundaries of a proposed district (shown upon the plan accompanying their petition), being the owners of at least half the land within such proposed district, have, in accordance with the provisions of the said Act, petitioned the Governor in Council to constitute the proposed district, as shown upon the plan accompanying their petition, an Irrigation and Water Supply District, and to appoint and create a Trust therein for carrying out the scheme or plan of works proposed in the said petition.

And whereas all the provisions of the Act necessary to precede the declaration in writing of the Minister of Water Supply upon the said petition having been complied with, the said Minister duly published his declaration in the *Government Gazette* on the twentieth day of September, 1889, in accordance with the provisions of the said Act.

And whereas, after due observance of the steps necessary under the said Act to precede such a petition, on this second day of December, 1889, a petition of an absolute majority of the owners of the land in the district so proposed to be constituted, such majority being owners of at least half the land in such proposed district, hath been presented to His Excellency the Governor in Council praying that the scheme or plan of works of such first-named petition as set out in the said declaration in writing of the Minister might be adopted.

And whereas the Governor in Council, having taken all the circumstances into consideration, and having ascertained and being satisfied that there has been a compliance with all the provisions of the said Act necessary to be observed before the approval of the scheme of the petition for the constitution of the proposed district as an Irrigation and Water Supply District and for the appointment and creation of a Trust therein, has determined to approve of the scheme proposed by such petition.

Now therefore His Excellency the Governor in Council, by and with the advice of the Executive Council, and in accordance with the provisions of and in exercise of the powers conferred by *The Irrigation Act 1886* aforesaid, doth hereby approve of the scheme of the said recited petition for the constitution of the proposed district as an Irrigation and Water Supply District, and for the appointment and creation of a Trust therein, as such scheme is set out in the schedule hereto, in which also are set out the boundaries and area of the proposed district.

PRIZES FOR BEST IRRIGATED GARDEN,  
ORCHARD, OR VINEYARD.

First Prize, £50. Second Prize, £25.

*Conditions of Competition.*

1. The area of any holding entered for competition shall be not less than 12 acres, of which not less than 4 acres must be under irrigated culture.
2. No first prize will be awarded in respect of any irrigated garden, orchard, or vineyard that has been previously awarded a first prize.
3. No second prize will be awarded in respect of any irrigated garden, orchard, or vineyard that has been previously awarded a second prize.
4. Nominations will only be received from irrigation and water supply trusts and agricultural and horticultural societies. Each trust or society shall have the right to nominate not more than two holdings.
5. The water supplied to the irrigated land may be provided either by pumping or by gravitation, but must be from some source that would be capable of yielding a sufficient supply in each ordinary season.
6. Sufficient drainage must be provided for the irrigated land to remove any excess water from the fields after the irrigation is completed, and without injury to other lands.

The first prize of £50 shall be awarded to the holding fulfilling the above conditions, which, in the opinion of the judges, exhibits the highest merit, and the second prize of £25 to the next best; but the judges may decline to award either, or both prizes, if, in their opinion, the merit of the entries is insufficient to warrant them in making the award.

In making their awards, the judges will be guided, as far as possible, by the following considerations, viz.:

1. The land is to be so laid out, and cropped, as to fully utilize the supply of water at the seasons when it is available.
2. The irrigated lands are to be so arranged and prepared that the water supplied to them shall be under perfect control, both as to the volume of water to be applied to any area, and as to the length of time the crops on such area shall remain under water, or wet.
3. In the laying out of the land, and especially of the irrigated portions, advantage is to be taken of the natural conditions, and of the natural contour of the surface; so that the preparation of the land, to attain the requisite conditions, shall entail the minimum of labour.
4. Care is to be taken to avoid saturation of the soil, either of the irrigated lands or of lands adjacent thereto; and to avoid the formation or retention of swamps or pools of stagnant water, to the detriment of vegetation or of the health or comfort of persons residing in the locality.

No. 132.—DECEMBER 6, 1889.—2.

PRIZES FOR BEST IRRIGATED FARM  
(OTHER THAN ORCHARD OR VINEYARD).

First prize, £30. Second prize, £20.

*Conditions of Competition.*

1. The area of any farm entered for competition shall be not less than 60 acres in one holding, of which not less than 12 acres must be under irrigated culture.
2. No first prize will be awarded in respect of any farm that has been previously awarded a first prize.
3. No second prize will be awarded in respect of any farm that has been previously awarded a second prize.
4. Nominations will only be received from irrigation and water supply trusts and agricultural and horticultural societies. Each such trust or society shall have the right to nominate not more than two farms.
5. The water supplied to the irrigated land may be provided either by pumping or by gravitation, but must be from some natural source that would be capable of yielding a sufficient supply in each ordinary season.
6. Sufficient drainage must be provided for the irrigated land to remove any excess water from the fields after the irrigation is completed, and without injury to other lands, either of the irrigated farm or of lands adjacent thereto.

The first prize of £30 shall be awarded to the farm fulfilling the above conditions, which, in the opinion of the judges, exhibits the highest merit, and the second prize of £20 to the next best; but the judges may decline to award either, or both prizes, if, in their opinion, the merit of the entries is insufficient to warrant them in making the award.

In making their awards, the judges will be guided, as far as possible, by the following considerations, viz.:

1. The land is to be so laid out, and cropped, as to fully utilize the available supply of water at all seasons of the year. Thus:—If the supply of water available in the locality be greater in winter than in summer, the land must be laid out so as to employ the greater proportion of it in the irrigation of cold-weather crops, or otherwise, so that the utmost use shall be made of the whole available water supply.
2. The farm is to be so arranged that the irrigated and unirrigated portions shall mutually contribute to the maintenance of each in the best condition of culture, and in the highest possible state of fertility.
3. The irrigated lands are to be so arranged and prepared that the water supplied to them shall be under perfect control, both as to the volume of water to be applied to any area, and as to the length of time the crops on such area shall remain under water, or wet.
4. In the laying out of the farm, and especially of the irrigated portions, advantage is to be taken of the natural conditions, and of the natural contour of the surface; so that the preparation of the land, to attain the requisite conditions, shall entail the minimum of labour.
5. Care is to be taken to avoid saturation of the soil, either of the irrigated lands or of lands adjacent thereto; and to avoid the formation or retention of swamps or pools of stagnant water to the detriment of vegetation, or of the health or comfort of persons residing in the locality.

ALFRED DEAKIN,  
Minister of Water Supply.

Victorian Water Supply Department,  
Melbourne, October, 1889.

PRIZES FOR BEST VARIETY OF IRRIGATED  
CROPS.

First Prize, £50. Second Prize, £25.

*Conditions of Competition.*

1. The area of any irrigated land entered for competition for these prizes shall not be less than 12 acres in one holding.
2. No first prize will be awarded in respect of any holding the crops of which have been awarded first prize in last year's competition.
3. No second prize will be awarded in respect of any holding the crops of which have been awarded second prize in last year's competition.
4. Nominations will only be received from irrigation and water supply trusts and agricultural and horticultural societies. Each such trust or society shall have the right to nominate not more than two holdings.
5. For the purpose of computing the variety of computed crops grown on one farm, no crop shall be reckoned the net annual value of the produce of which, on the farm, is less than £5, except in the case of garden crops, grown for the use of those residing on the farm, the total net value of which may be reckoned as one item.
6. The number, value, and readiness of sale of the products shall each be taken into consideration in making the award; and all of these points will weigh in determining the relative merits of the entries.

A first prize of £50, and a second prize of £25, will be awarded to those two irrigated holdings, entered for competition, which, subject to the above conditions, exhibit the highest merit, should this be such, as in the opinion of the judges, to justify the award.

In determining the order of precedence of the entries, the judges will be further guided by the following considerations, viz.:-

1. The irrigated land is to be so laid out, arranged, and prepared that the water may be applied without waste, without injury to the crops, and without injury to any adjacent lands.
2. The crops are to be arranged so that the extent of each shall be in proportion to the quantity of water available for its irrigation at the season when it requires to be watered; and that the whole shall utilize all the available labour of the farm at each season of the year.
3. Special attention will be given to such crops as are likely to command the readiest sale, and the highest prices

relatively to the amount of labour and the area of land employed in their production.

NOTE.—Irrigated holdings may be entered for competition both for a prize for the "best irrigated farm," or for the "best irrigated garden, orchard, or vineyard," as the case may be, and for a prize for the "best variety of irrigated crops." And the judges may award a prize for both causes to the same holding, should they so think fit, or may award the prizes to different holdings.

Minister of Water Supply.

Printed forms of tender and conditions of contract may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge at any station, by whom also information or explanation will be afforded to persons tendering.

As much forage as can be stored at any station where the storage is small will, for the convenience of the contractor, be ordered at one time.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per cental of 100 lbs. (net weight), including delivery at the stations, and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied the contractor will be required to remove them when delivery is taken. At other stations, notice will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

Tenders, which should be upon the printed form, will be received for either oats, bran, hay, or straw (the particular kind of hay or straw offered to be stated); but if all be included in one tender it may be accepted for one article only, if advisable. Oaten hay will be preferred. If sheaf hay be tendered for, it must be so stated in the tender.

Telegrams or tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract within ten days after the acceptance is notified. Two approved sureties are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Forage," and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.

## CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed, except when otherwise specified in the contract; the straw to be wheaten or oaten, and both to be in all respects of the best quality; oats, clean white (Victorian grown) and bran to be sound and sweet, and of the best description; chaff to be made from oaten hay of the best quality; the maize to be of the best quality. The hay tenders must specify whether they are for oaten or wheaten hay.

2. The supplies are for police, telegraph, and other horses, and are to be delivered on the order of the officer in charge of the district or station. The quantities stated in the schedule being only approximate, it must be understood that the Government may draw either more or less than those mentioned; and should new telegraph stations be formed, or additional horses required to be stationed at any of the stations, the contractor will be required to supply the additional forage. Should the additional number of horses, however, exceed two, the contractor may, if he desires it, terminate the contract by supplying at once the whole quantity due at the station under the contract according to the foregoing schedule.

3. Notwithstanding anything contained in the preceding condition, the contractors for the supply to the Botanic and Domain Gardens may be called upon to supply any other Government Departments within a radius of six miles from Melbourne, and for which no contracts have been taken, at the same rates.

4. The forage, when delivered, must be accompanied by the particulars of quantity, showing the net weight, to be endorsed on the back of the order, which, when signed by the officer in charge of the station, for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.

5. Each contractor will be required to prepare his own account in the prescribed form, and, on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Treasury, Melbourne, or the Pay Office of the district, as may be indicated by the contractor on the account.

6. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department (should circumstances require it) to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

7. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the Board is to be considered final.

8. If the Board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 6.

9. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue either to the public service or to the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 6.

10. A repetition of irregularity in the quantity or quality of the forage, or of the delay in delivering or replacing it when required, or refusal to execute orders, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Treasurer of the colony for the time being may direct. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognized by the Government.

12. It will be competent for the Secretary of the Tender Board, on behalf of the Government, or for the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of three full calendar months to that effect, it being understood that such notice can only be given from the 1st day of a month, and provided that no such notice can be given before the 30th September 1890, and in the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.

Treasury,  
Melbourne, 20th November, 1889.

D. GILLIES,  
Treasurer.

TENDERS FOR GRAZING LANDS.

**Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.**

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Tuesday, 31st December, 1889.

*NOTE.*—The fee for the period from 1st January, 1890, to 31st December, 1890, and fee of Five shillings for licence, must accompany each tender.

TENDERS will be received by the Board of Land and Works, up to Noon of Tuesday, 31st December, 1889, for the occupation for Grazing purposes only of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 119 of *The Land Act 1884* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under sections 3 and 4 of *The Rabbit Suppression Act Amendment Act 1884*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of *The Land Act 1884*, except under the 119th section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of *The Land Act 1884*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence fee paid by him as the responsible Minister of the Crown for the time being administering Part XI. of *The Land Act 1884* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

2A. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and, immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same, without the permission or sanction of the licensee or any one claiming under her, him, or them.

3. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

4. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate, or to fence any portion thereof.

5. If the licensee desires a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

6. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

7. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

8. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

9. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

10. The publication of a notice in the *Government Gazette* purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence shall be conclusive evidence that the licence is forfeited.

Special Conditions:

1. The period of occupation will be from 1st January, 1890, to 31st December, 1890.

2. The licence fee must be paid in advance. The fee for the period from 1st January, 1890, to 31st December, 1890—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be endorsed "Tender for Lot 1, Block 303," or "Lot 2, Block 956," or "Lot 3, Block 986," as the case may be.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.
