MAGNETIC SHOAL.

*North-West Coast of Australia.*

The Commander of Her Majesty's surveying vessel *Penguin* reports as follows:—

"When leaving Cossack on the 6th inst. *Penguin* passed over a magnetic shoal about one mile in diameter. On examination, it was found that the focus or centre of magnetic attraction was in latitude 20° 32' 35" S., longitude 117° 13' 2" E., directly in the track of vessels visiting Cossack.

"From this focus, which is not more than 50 feet in diameter, the summit of Bezout Island bears S. 79° 25' W. distant 2.14 miles, and Jarman Island Lighthouse S. 2° 40' E. distant 6.52 miles.

"All compasses were deflected 55 degrees to the right and 23 degrees to the left when passing over the focus. The angle subtended by the extreme points of Bezout Island was 16 degrees, sounding 8 fathoms, sand bottom. It seems probable that this area of magnetic attraction may be one of many around the coast of Australia."

**COHUNA IRRIGATION AND WATER SUPPLY TRUST.—REGULATION FOR GENERAL RATE.**

WHEREAS the moneys received during the year 1889 by the Cohuna Irrigation and Water Supply Trust were not sufficient to provide for the payment of the sums due by such Trust and for payment of interest due upon the loan contracted by said Trust, and for all other lawful expenses incurred by such Trust in the control and management of the works of the said Cohuna Irrigation and Water Supply Trust.

And whereas it is anticipated that the moneys receivable by the Cohuna Irrigation and Water Supply Trust during the current year will not, without a rate, be sufficient to meet the estimated expenditure and liabilities of the said Trust of the current year 1890. And it is therefore necessary to make a rate to meet as well the said deficiency in the revenue of the year 1889 as the estimated expenditure and liabilities of the current year 1890, such rate to be applied to the several purposes authorized in the *Water Act 1890*.

Now therefore the Commissioners of the said Irrigation and Water Supply Trust, in pursuance and exercise of the powers for the said purposes as authorized by the said *Water Act 1890*, do upon this 6th day of September, 1890, make the regulation following, that is to say:—

1. The rates hereafter specified are those which the owners and occupiers of houses and tenements within the district of the said Cohuna Irrigation and Water Supply Trust shall pay in respect of the term of one year from the 1st day of January, 1890, to the 31st December, 1890, such rate to be payable on the 1st day of December, 1890.

2. On every house, land, or tenement within the said district above the annual value of Five pounds (£5) according to the municipal valuation of such house, lands, or tenements during the said year the sum of One shilling in the pound (£) of such valuation.

3. On every house, land, or tenement within the said district of or under the annual value of Five pounds, according to the municipal valuation of such house, lands, or tenements during the said year, the annual sum of Five shillings, being the minimum amount of rates fixed by the Governor in Council under the *Water Act 1890*.

4. Such person or persons as the Commissioners of the said Trust may from time to time appoint for that purpose shall be authorized to demand, receive, and recover the said rates.

5. The foregoing regulation was made by the Commissioners of the Cohuna Irrigation and Water Supply Trust under and by virtue of the provisions of the said *Water Act 1890*.

The Seal of the Trust was affixed this 6th day of September, 1890, at the Trust Office, Gannawarra, in the presence of—

F. WESTBLADE, Chairman.  
 (SEAL) JAMES STRACHAN, } Commissioners.  
 JOHN GIBBINS, }  
 RALPH HOLDING, Secretary.

Approved by the Governor in Council  
 the 8th December, 1890.

G. WILSON BROWN,  
 Clerk of the Executive Council.

**EUROA WATERWORKS TRUST REGULATION.**

THE Commissioners of the Euroa Waterworks Trust, in pursuance of the powers conferred by the *Water Act 1890*, hereby make the following regulation:—

The following rates and charges are those which the owners and occupiers of lands and tenements shall pay in respect of water supplied by the Trust within the Water Supply District, that is to say:—

3. For every water-trough supplied with water from the works of the Trust, the sum of Twenty shillings per annum.

The minimum quantity of water to be charged for in each case where water is supplied by measure shall be:—

(1) If for domestic and other than domestic purposes, the quantity for which the charge at One shilling per thousand gallons would be equal to the amount of the assessed rate which would be payable for the premises so supplied if supplied otherwise than by measure.

No. 120.—DECEMBER 12, 1890.—2.

(2) If for other than domestic purposes only, thirty thousand gallons per half-year. No hose or pipe is to be supplied to any pipes or taps for the purpose of watering the ground or trees, or plants, or washing house, walls, or carriages, or for any similar purpose unless the water is charged for by meter.

Any person receiving water from the Trust who shall take and carry away such water from his premises, or who shall allow any person to carry or take away such water, or shall sell the same to any other person, shall be liable to a penalty not exceeding Five pounds.

Any person not having agreed to be supplied by the Trust who shall take or carry away water from any drinking tap, trough, or private or public service-pipe, shall be liable to a penalty not exceeding Five pounds.

The service pipes for conveying water from the pipes of the Trust into the premises of the consumers shall in no case exceed the following diameters:—For the domestic supply of premises not exceeding Twenty pounds annual value,  $\frac{3}{4}$ -in. diameter; for the domestic supply of premises exceeding Twenty pounds annual value,  $\frac{1}{2}$ -in. diameter; for the supply of water for other than domestic purposes, and for all supplies by meter, such diameter as the Trust shall authorize in each case. The Trust may contract with any owner or occupier of any lands or tenements who is entitled to be supplied with water from its works, or who is desirous of being so supplied, for the provision and laying of a service-pipe from the pipes of the Trust to the boundary of such land or tenement abutting upon the street or road in which are the pipes of the Trust.

If any person shall waste water of the Trust by neglecting to repair any service-pipe conveying water from the pipes of the Trust into the premises of such person after having received notice from any officer of the Trust that such service-pipe requires repairing, the Trust may stop the water from flowing into such premises either by cutting off the service-pipe or otherwise, as to the Trust may seem fit, until the necessary repairs shall have been effected.

No person supplied with water by the Trust shall wilfully or negligently allow the same to run to waste, and any person committing a breach of this regulation shall be liable to a penalty not exceeding Five pounds for every such breach.

No person shall connect any service-pipe or branch service-pipe with any steam boiler, for the purpose of feeding or supplying the same with water, without first affixing a self-acting valve for preventing the pressure of the steam reversing or affecting the dial of the meter.

Overflow pipes to private baths will not be permitted.

Water-closets will not be allowed to be supplied direct from the main, but from a cistern only, so constructed that the water cannot flow continuously, and that not more than ten gallons can escape at each flush. No meter shall be affixed unless the dial of the same is capable of registering one million (1,000,000) gallons.

The fee to be paid for a plumber's licence will be One pound.

If any person supplied with water by the Trust does, or causes or permits to be done, anything in contravention of these regulations, or fails to pay his rates, or any lawful charge imposed by the Trust when due, or fails to do anything which, under any of these regulations ought to be done, or wilfully or negligently allows water to run to waste, the Trust may cut off the supply of water from the premises of such person, either by cutting the pipes by or through which water is supplied or otherwise, and may cease to supply him with water so long as the cause of complaint remains or is not remedied. The water supplied in the waterworks district of the Trust shall be received and consumed under and in accordance with these regulations, and not otherwise through pipes and meters laid, placed, and being under and in accordance with the said regulations and not otherwise.

For the construction of these regulations, the word "person" shall be deemed to extend and include a corporation whether aggregate or sole, and the word "Trust" shall mean the Euroa Waterworks Trust.

12. If any person shall waste water of the Trust by neglecting to repair any service-pipe conveying water from the pipes of the Trust into the premises of such person, after having received notice from any officer of the Trust that such service-pipe requires repairing, the Trust may stop the water from flowing into such premises, either by cutting off the service-pipe, or otherwise as to the Trust may seem fit, until the necessary repairs shall have been effected.

21. No person shall lay any pipe to communicate with the pipes of the Trust without giving two days' notice of the day and hour when such pipe is intended to be made to communicate

with the pipes of the Trust, nor shall make such communication except under the superintendence and according to the directions of a duly authorized officer of the Trust appointed for the purpose.

22. TENDERS will be received by the Board of Land and Works up to Noon of Tuesday, 30th December, 1890, for the occupation for Grazing purposes only of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

## Conditions :

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid: and, immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same, without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate, or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette* purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence shall be conclusive evidence that the licence is forfeited.

## Special Conditions :

1. The period of occupation will be from 1st January, 1891, to 31st December, 1891.

2. The licence-fee must be paid in advance. The fee for the period from 1st January, 1891, to 31st December, 1891—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.
