(L.S.)

HOPETOUN.

By His Excellency's Command,
D. M. DAVIES,
Commissioner of Public Works.

GOD SAVE THE QUEEN!

LILLYDALE SHIRE.

PROPOSED SEVERANCE OF AREA AND CONSTITUTION OF A NEW MUNICIPALITY.

IN pursuance of the provisions of the *Local Government Act 1874* (No. 506, sec. 46), the substance and prayer of a Petition, in accordance with the 44th section of the said Act, which has been presented to His Excellency the Governor, are published, viz.:-

The petitioners purport to constitute a majority of the rate-payers in the portion of the shire of Lillydale which is described in their Petition, and they desire that the area so described may be severed from the shire of Lillydale and constituted a new municipality, under the name or title of "The Shire of Ringwood."

Area described in Petition:-

"Commencing at the south-west corner of allotment No. 1, parish of Ringwood, and running north to the north-west corner of allotment 270; thence easterly to south-west corner of Crown allotment 23; thence northerly to the south-west corner of Crown allotment 4B; thence westerly to the River Yarra; thence following the said river to the north-east corner of Crown allotment 7D; thence southerly to the north-west corner of Crown allotment 1; thence easterly to the north-east corner of Crown allotment 16A, county of Evelyn; thence southerly to the north-west corner of Crown allotment 22A; thence easterly to the Olinda Creek, following said creek south-easterly to the south-east corner of Crown allotment 81; thence south-westerly to a point on boundary of State forest and the Dandenong Creek joining Crown allotment 58, parish of Mooroolbark, county of Mornington; thence westerly along the Dandenong Creek to the starting point."

Petitioners state that the area sought to be severed has latterly been much built upon by persons carrying on business in Melbourne, and is now advancing by greater strides than formerly, and as their properties are heavily rated they desire to have the expenditure of their own funds; that their interests are not in accord with those of the other portions of the shire; that the area comprises about 60 square miles and is of sufficient importance to justify its being made a shire. They desire that the revenue should be under the control of a council of their own election and devoted to their policy. It is also stated that the revenue of the remaining portion of the Shire of Lillydale is

greatly in excess of that of the whole shire at its constitution and is sufficient to effectively carry on the business if severance is granted.

Petitioners therefore pray that His Excellency in Council may be pleased to sever the said area from the Shire of Lillydale, and constitute it a separate municipality under the name and title of the "Shire of Ringwood," that it be subdivided into three ridings; and that the council consist of nine (9) members. Notice for the petitioners may be served on Mr. William Seymour Fergie, solicitor, 88 Elizabeth-street, Melbourne.

D. M. DAVIES,
Commissioner of Public Works.

Department of Public Works
(Roads and Bridges Branch),
Melbourne, 24th April, 1890.

OAKLEIGH SHIRE.

PROPOSED RE-SUBDIVISION.

IN pursuance of the provisions of the *Local Government Act 1874* (No. 506, sec. 46), the substance and prayer of a Petition, in accordance with the 39th and 44th sections of the said Act, which has been presented to His Excellency the Governor in Council, are published, viz.:-

The petitioners purport to be at least one-fourth of the persons whose names are for the time being on the municipal roll of the Shire of Oakleigh, and state that they are desirous that the said shire be re-subdivided into four ridings.

Petitioners state that, in consequence of the increase of population in the vicinity of the township of Oakleigh, they believe that it would now be desirable and in the best interests of the shire to have it re-subdivided as requested.

Petitioners therefore pray that the necessary steps may be taken to re-subdivide the shire as desired.

Notices for the petitioners may be served on Mr. E. Knights, Shire Secretary, Oakleigh.

AVON SHIRE.

PROPOSED RE-SUBDIVISION.

IN pursuance of the provisions of the *Local Government Act 1874* (No. 506, sec. 46), the substance and prayer of a Petition in accordance with the 39th and 44th sections of the said Act, which has been presented to His Excellency the Governor in Council, are published, viz.:-

The petitioners purport to be at least one-fourth of the persons whose names are for the time being on the municipal roll of the Shire of Avon, and state that they are desirous that the said shire be re-subdivided into four ridings.

Petitioners state that the shire is not at present equitably divided, and that the divisions as set out by them would yield approximately equal amounts of revenue.

Petitioners therefore pray that the necessary steps may be taken to re-subdivide the shire as desired.

Notices for the petitioners may be served on Mr. William Latham, Nuntin, Stratford.

LERDERBERG IRRIGATION AND WATER SUPPLY TRUST.—ELECTION OF COMMISSIONERS.

At the Executive Council Chamber, Melbourne, the first day of April, 1890.

PRESENT:

His Excellency the Governor.

Mr. Gillies	Mr. Derham
Mr. Deakin	Mr. Bell
Mr. Wrixon	Mr. Davies
Mr. Cuthbert	Mr. Patterson.
Dr. Pearson	

WHEREAS by section 63 of *The Irrigation Act 1886*, No. 898, it is enacted that the Governor in Council may, subject to the provisions of the said Act, from time to time make, alter, and repeal regulations relating to any Irrigation and Water Supply Trust appointed under the said Act for the purposes, among others, following:—

- (a) For determining the period for which the commissioners of any trust shall hold office, the time and manner of election, and the order of their retirement from office;
- (b) For determining the manner in which elections of any such commissioners shall be held, and the manner of voting thereat;
- (c) For determining the manner in which any vacancies in the office of any such commissioners shall be filled up;
- (d) For determining questions as to the due election of any such commissioner; and
- (e) For prescribing, subject to the provisions of the said Act, any other matter necessary for giving effect to Part IV. of the said Act.

Now therefore His Excellency the Governor, acting by and with the advice of the Executive Council, and in pursuance of the said provisions of the now in part recited Act, doth for the purposes aforesaid so far as these may relate to a certain Irrigation and Water Supply Trust duly appointed under the said Act, and known as the Lerderberg Irrigation and Water Supply Trust, make the regulations following, viz.:—

1. *Interpretation of terms.*—In these regulations, “the Minister” shall mean the Minister of Water Supply; “the trust” or “the said trust” shall mean the Lerderberg Irrigation and Water Supply Trust; and “the district,” “the said district,” “the irrigation district,” or “the irrigation and water supply district” shall mean the lands as defined by the Order in Council appointing the said trust wherein the trust shall have authority.

2. *Period for which commissioners shall hold office.*—Subject to the provisions in reference to the first election of commissioners hereinafter contained, for securing the annual retirement of two commissioners, the period during which the commissioners of the said trust shall hold office shall be three years.

3. *Annual retirement of commissioners.*—Two commissioners shall retire annually, but the retiring commissioners shall, subject to the provisions of the said Act, be eligible for re-election.

4. *Term of office of persons elected commissioners at first election.*—At the first election of commissioners two of the persons elected commissioners shall hold office as such commissioners for the term of three years, two others of such persons shall hold office for the term of two years, and the remaining two persons elected as such commissioners shall hold office for the term of one year, and the particular term for which each such person so elected a commissioner shall hold office shall be determined in manner following (that is to say):—

(a) *How term of office is ascertained when no poll taken.*—If the first election is made without a poll, as in the case in these regulations provided, then the particular term for which each candidate elected as a commissioner shall hold office shall immediately upon such election be publicly determined by lot by the returning officer in such manner as to him may seem fit, and the returning officer shall thereupon immediately and publicly announce the term for which each individual candidate elected as a commissioner shall hold office as so determined, and shall report the same to the Minister.

(b) *How term of office ascertained when poll taken.*—If at the first election a poll shall be held as in these regulations provided, then of the six candidates elected as commissioners the two candidates who shall have received the highest number of votes shall hold office as commissioners for the term of three years, and the two candidates who shall have received the next highest number of votes shall hold office for the term of two years, and the remaining two candidates who shall have been elected shall hold office for the term of one year; and if two or more than two candidates elected shall have obtained the same number of votes, then the returning officer shall determine by lot (as hereinbefore provided in the case of the first election if decided without ballot) the term or terms of three, two, or one year or years during which such candidates shall respectively hold office. But so that no candidate elected shall hold office for a shorter time than the term during which any other candidate who shall have obtained a less number of votes shall hold office. And the returning officer shall publicly declare the respective terms during which the several candidates shall hold office as so determined, and shall report the same to the Minister.

5. *Extraordinary vacancies, how filled, and term of office.*—Should any vacancy in the office of commissioner be occasioned by death, resignation, removal, disqualification, or any other cause whatever, an election shall forthwith be held to fill such vacancy; and the provisions contained in these regulations as to

the nomination of candidates, the manner in which elections shall be held, and the mode of voting thereat shall apply to any election in respect of such vacancy; and the person elected to fill such vacancy shall hold the office of commissioner during the unexpired portion of the term of office of the commissioner whose seat shall have become vacant.

6. *Date of first election of commissioners.*—Date of ordinary annual election.—The first election of commissioners of the said trust shall be held on the 25th day of April, 1890, and the ordinary annual election shall be held on the 25th day of April in each succeeding year. Provided that whenever such date may fall on a Sunday, or upon any day set apart as a public holiday, such election shall be held upon the day next following.

7. *Voters' list to be prepared.*—For the purpose of the first election of commissioners of the said trust, a voters' list shall be prepared by the persons upon whose petition the said trust has been constituted, and the said voters' list shall be forwarded to the Minister.

8. *Form of voters' list.*—First schedule.—Such voters' list shall be in the form of the First Schedule hereto, and shall contain, in regular numerical sequence and in alphabetical order of surname, the christian name or names, surname, and address, so far as these may be known, of each person entitled to vote under the provisions of *The Irrigation Act 1886* or under the provisions of any Act amending the said *Irrigation Act 1886*, and shall also specify the extent of, and indicate with reasonable certainty, the land of each such person, and shall state the number of votes to which, under the provisions of the said Act, each such person is entitled.

9. *Voting in respect of lands jointly owned or jointly leased.*—In the case of joint owners of land, or in the case of joint lessees of land, the name of any one of such owners or lessees (as the case may be) shall, subject to the provisions of the said Act and of these regulations, be placed in respect of such land upon the voters' list in like manner as if such land were owned or leased solely by such one owner or lessee, and the owner or lessee so placed upon the said list or lists shall alone be entitled to vote accordingly. Provided always that if such owners or lessees jointly, by notice in writing, desire that the number of votes to which, under the said provisions, any one of such owners or lessees is so entitled to give as aforesaid may be allotted between such owners or lessees in any manner they may jointly indicate, the alteration or alterations so desired to be made in the said list shall, if the same be consistent with the said provisions, be made when the list shall be revised as hereinafter provided, and such owners or lessees shall be entitled to vote accordingly.

10. *Copy of voters' list to be available for inspection.*—Second Schedule.—Objections to list to be in writing and forwarded to Minister.—A copy of such voters' list shall be available for inspection, without payment of any fee or charge, at all reasonable hours in the day time, at some convenient place within or near to the irrigation and water supply district of the trust for a period of six clear days; and a notice in the form, or to the like effect, of the Second Schedule hereto, setting forth the times and place at which such voters' list may be so inspected, shall be published in some newspaper ordinarily circulating within the said district; and such notice shall state that all objections to the said list must be forwarded, in writing, to the Minister within the time mentioned in the said notice.

11. *Grounds of objections to be stated.*—All objections to the said list shall be forwarded, in writing, to the Minister within seven days after the first day of the publication of such notice, and the ground or grounds of objection must be clearly set forth.

12. *Minister to revise and certify lists.*—The Minister shall revise the said lists and consider all objections thereto, and make such alterations and amendments therein as to him may seem just, and shall certify the list under his hand as correct, and no objection to the list when so certified shall be allowed.

13. *Certified list to be voters' roll.*—The list so revised and certified shall be the voters' roll for the purposes of the first election of commissioners of the trust, but shall also be available for any election in respect of any extraordinary vacancy occurring within twelve months next after the date of the said first election.

14. *Voters' list to be prepared yearly.*—Before the first day of March in each year the officers of the trust shall prepare a voters' list in the form of the First Schedule hereto, and such list shall contain, in regular numerical sequence and in alphabetical order of surname, the christian name or names, surname, and address (so far as these may be known) of each person entitled to vote under the provisions of *The Irrigation Act 1886* or under the provisions of any Act amending the said *Irrigation Act 1886*, and shall also specify the extent of, and indicate with reasonable certainty, the land of each such person, and shall state the number of votes to which, under the provisions of the said Act, each such person is entitled.

15. *Voting in respect of lands jointly owned or jointly leased.*—In the case of joint owners of land, or in the case of joint lessees of land, the name of any one of such owners or lessees (as the case may be) shall, subject to the provisions of the said Act and of these regulations, be placed in respect of such land upon the voters' list in like manner as if such land were owned or leased solely by such one owner or lessee, and the owner or lessee so placed upon the said list shall alone be entitled to vote accordingly. Provided always that if such owners or lessees jointly, by notice in writing, desire that the number of votes to which, under the provisions, any one of such owners or lessees is so entitled to give as aforesaid may be allotted between such owners or lessees in any manner they may jointly indicate, the alteration or alterations so desired to be made in the said list shall, if the same be consistent with the said provisions, be made when the list or lists shall be revised as hereinafter provided, and such owners or lessees shall be entitled to vote accordingly.

19. *Revised and certified list to be voters' roll.*—The list so revised and certified shall be the voters' roll for the purpose of any election (whether ordinary or extraordinary) of trust commissioners to be held within one year from the 25th day of April then next, the said day inclusive.

20. *Minister may appoint returning officer for first election.*—Chairman of trust to be returning officer at subsequent elections.—For the purposes of the first such election, the Minister may appoint some fit and proper person to be returning officer; but for every subsequent election, whether ordinary or extraordinary, the chairman of the trust for the time being shall be the returning officer; but if at the time of any election the office of chairman of the trust should be vacant, the commissioners of the trust may, by resolution, appoint one of their number to be returning officer until the office of chairman shall again be filled; and the returning officer may appoint a deputy to assist him or to act in his room at any election; and such deputy may do all or any of the acts or things which the returning officer is hereby authorized or required to do.

21. *Notice of election.—Nomination of candidates.—Fourth Schedule.*—Fourteen clear days before any election of commissioners under these regulations, the returning officer shall give public notice of such election by advertisement inserted in some newspaper generally circulating in the said district, and by such notice shall require all candidates at such election to be nominated at some place within or near to the said district to be named in such notice, in manner hereinafter mentioned, between the hours of ten o'clock in the forenoon and four o'clock in the afternoon, on some day before a day (hereinafter called the day of nomination) not less than seven nor more than ten days after the time of giving such notice, and named therein; and any person desirous of nominating a candidate shall, before four o'clock in the afternoon of the day next preceding the nomination-day, cause to be delivered at the place aforesaid to the returning officer a nomination-paper in the form of the Fourth Schedule, or to the like effect, stating therein the christian name and surname of such candidate, together with the other particulars required in and by the said schedule; and such nomination-paper shall be signed by not less than three persons duly qualified to vote at such elections, and also signed by the person named therein as a candidate in token of his assent to being so named; and such candidate or some person on his behalf shall, at the time when such nomination-paper is delivered to the returning officer, pay into the hands of such returning officer the sum of Ten pounds (£10), to be dealt with as by law provided. And no person who shall not have been so nominated, and by whom or on whose behalf such payment shall not have been so made, shall, within the subsequent provisions of these regulations, be deemed to be a candidate at any election of commissioners.

22. *Where number of candidates does not exceed number of commissioners to be elected.*—If at the expiration of the time limited as hereinbefore provided for the nominations of candidates, the number of persons who have become candidates as aforesaid does not exceed the number of commissioners to be elected, the returning officer shall then declare such candidates to be duly elected, and they shall be deemed to be then duly elected accordingly.

23. *Where number of candidates exceeds number of commissioners to be elected.—Fifth Schedule.—Notice of poll.—Hours of polling.*—If at the expiration of the time limited for the nomination of candidates the number of candidates exceed the number of commissioners to be elected, then the returning officer shall forthwith cause ballot-papers to be printed, with the christian names and surnames of all the candidates in full, in the form of the Fifth Schedule hereto, and shall also forthwith give public notice by advertisement in some newspaper generally circulating in the irrigation district stating the names of the persons so nominated, and that a poll will be taken for the election of such commissioners upon the day named in such notice, at such place within or near to the said district as the returning officer shall in and by such notice appoint; and such poll shall take place accordingly, and shall commence at Ten o'clock in the forenoon, and close at Four o'clock in the afternoon.

24. *Retirement of candidates before polling-day.*—If at any election after a poll shall have been appointed as aforesaid any candidate for such election and two of the persons having signed the paper nominating him as aforesaid are desirous that he should retire from such candidature, such candidate and the persons aforesaid may sign and deliver to the returning officer

not later than four clear days before the day of polling a notice, in the form of the Sixth Schedule hereto, stating that such candidate so retires, and the said candidate or his agent shall thereupon publish in some newspaper generally circulating in the irrigation and water supply district a copy of such notice, and the returning officer, on sufficient proof of such publication aforesaid, if the number of candidates is by such retirement reduced to the number of persons to be elected at such election, shall on the day appointed for the election declare the remaining candidates duly elected, and if the said number is not so reduced, shall omit the name of the person so retiring from the ballot-papers to be used at the said election, and if such papers are already printed shall erase such name therefrom, and such person shall not be capable of being elected at such election.

25. *Polling-booth may be hired.*—At such election the returning officer shall provide a suitable place for taking a poll, and may, if necessary, cause to be hired and used as a polling-booth any room which he may deem to be suitable at the place appointed for taking the poll, and may divide such room into compartments as to him may seem most convenient.

26. *Returning officer to preside at polling-booth.*—The returning officer, or his deputy, shall preside at the polling-booth for taking the poll.

27. *Scrutineers may be appointed.*—Each candidate shall be entitled to appoint, in writing, one scrutineer to be present in the polling-booth, and the said returning officer, or his deputy, and the said scrutineers, and any voters, not exceeding four in number, actually engaged in voting, shall alone be permitted at any one time to enter or remain in the polling-booth.

28. *Pencils to be provided.*—The returning officer, or his deputy, shall provide pencils in the polling-booth for the use of the voters, and also a locked box to be called the ballot-box, with a cleft or opening therein capable of receiving the ballot-papers; and such box shall be opened and exhibited to the scrutineers before the polling begins, and the box shall then be locked, and shall stand on a table opposite the returning officer, or deputy returning officer, who shall keep the key of such box.

29. *Mode of voting.—Where voter is illiterate.*—The returning officer shall deliver to every voter who requires the same a ballot-paper, or if such voter appears by the roll to be entitled to give more votes than one then so many ballot-papers as may be equal to the number of votes which such voter so appears to be entitled to give, such ballot-papers being in the form of Schedule Five hereto, and initiated by the returning officer; and every such voter shall, without leaving the booth, strike out from all or any of such papers the name of every candidate for whom he does not intend to vote. And in case any voter is unable to read or write, the returning officer, or his deputy, if so required, shall, in view of such one of the scrutineers as the voter may desire, strike out the name or names of such candidate or candidates as such voter may designate, and after such name or names have been so struck out, the ballot-paper or ballot-papers, as the case may be, shall forthwith be deposited in the said box. Provided that all the ballot-papers to which any person may be entitled at the polling-booth shall be demanded and received by him at one and the same time, and no person, having once demanded and received any such ballot-paper or papers, and voted by the same, shall at the same election receive any further ballot-papers or exercise any further right of voting.

30. *Ballot-papers to be numbered.*—Before delivering any ballot-paper to the voter, the returning officer or his deputy shall write upon the back of each such ballot-paper, as near as practicable to the lower edge thereof, the number set opposite to the voter's name in the roll, and shall thereupon, upon a copy of such roll, check off such voter's name as having voted, and mark against such name the number of ballot-papers delivered to such voter.

31. *Informal ballot-papers.*—If any voter suffer to remain upon his ballot-paper a greater number of names not struck out than the number of commissioners to be elected, the vote given on and by such paper shall be void and of no effect.

32. *What question may be asked.*—At any election of commissioners, the returning officer may, if he see fit, or if required to do so by any candidate or scrutineer, shall put to any person tendering his vote the question following:—

“Are you the person whose name appears as (A. B.) in the roll now in force for this trust, being enrolled therein in respect of land in the parish of _____, being (herein specify land as described in the roll)?”

And no other question shall be put to any person tendering his vote; and no person who shall refuse to answer such question, or who shall not answer the same absolutely in the affirmative, shall receive a ballot-paper or be permitted to vote.

33. *False answer, polling twice, and personation.*—Every person who shall wilfully make a false answer to the question aforesaid, or who shall poll more than once or offer to poll more than once at the same election, or who shall depart or attempt to depart from any polling-booth after having received a ballot-paper without having deposited the same in the ballot-box as hereinbefore provided, or who shall personate any other person for the purpose of polling at such election, shall be guilty of a breach of these regulations; but nothing contained in this clause shall apply to any person only by reason of his exercising the right of voting as often as it appears by the roll he is entitled so to do.

34. *Result of polling, how ascertained.—Returning officer to have casting vote.*—Immediately upon the close of the poll, the returning officer shall, in the presence of and subject to the inspection of so many of the scrutineers of the candidates as please to be present, proceed to ascertain the number of votes for each candidate; and such returning officer shall abstain from inspecting the number written as aforesaid on any ballot-paper, and take care that the same is not seen by any person before being sealed up as

herein provided; and the returning officer shall seal up the ballot-papers deposited in the booth, and as soon as conveniently may be on or after the day of the poll publicly declare the candidates, not exceeding the number of vacancies to be filled up, who have received the greatest number of votes to have been duly elected commissioners of the trust; and if two or more candidates have received an equal number of votes, the returning officer shall in each case have the casting vote.

35. *Ballot-papers, how disposed of.*—The returning officer shall, in the case of the said first election of commissioners, forthwith after the declaration of the poll endorse with a description of the contents thereof and sign the sealed parcel of ballot-papers, and forward the same to the Minister, who shall, as soon as may be after the first meeting of trust commissioners shall have been held, forward such sealed packet to the secretary of the trust, to be by him safely and secretly kept for six months then next ensuing, and then by him caused to be destroyed in the presence of three commissioners of the trust; but in all subsequent elections the parcel of ballot-papers so sealed, endorsed, and signed shall be delivered by the returning officer to the said secretary, to be by him safely and secretly kept for six months after such delivery, and then by him caused to be destroyed in the presence of three of the commissioners of the trust.

36. *Minister to determine questions arising upon first election.*—If any question arise as to the due election of any commissioner at the first election, the returning officer shall, at the request of any voter or candidate, submit such question, in writing, to the Minister, who shall decide the same; and such decision shall be final and binding.

37. *Questions arising upon subsequent elections to be determined by trust.*—If any question arise as to the due election of any commissioner at any subsequent election (whether ordinary or extraordinary), such question shall be determined by the commissioners of the trust at the first ordinary meeting held after the election; but no commissioner in respect of whose election such question shall have arisen shall act as a commissioner at such meeting, or be entitled to take any part in the proceedings thereof, or in any manner or at any time to act as a commissioner until such question shall have been so determined; and the majority of the commissioners whose election is not in dispute shall form a quorum.

38. *Appeal to Minister from determination of trust.*—In event of any voter or candidate feeling aggrieved by the determination of the trust with reference to any such question as last aforesaid, he may appeal therefrom to the Minister within fourteen days from the date upon which the commissioners shall have determined the question; and the Minister may make such inquiry as to the merits of the question as may appear to him to be necessary, and determine such question in such manner as to him may appear just; and such determination of the Minister shall be final and binding.

39. *Failure to elect deemed to create extraordinary vacancies.*—If at any election of commissioners no vacancies, or a number of vacancies less than the whole number which should have been filled up at such election, are filled up, then the vacancies which are not so filled shall severally be deemed extraordinary vacancies, and to have occurred on the day appointed for such election. Provided always that the commissioners eventually elected to fill such vacancies shall go out of office as if elected at such election.

40. *Expenses of election to be paid by trust.*—The expenses incurred by the returning officer, or under his direction, in connexion with any election shall be defrayed by the trust.

41. *Penalty for breach of regulations.*—These regulations shall also be deemed to be regulations under section 250 of *The Irrigation Act 1886*, and any person guilty of a breach of any of the provisions of these regulations shall be liable to a penalty not exceeding Ten pounds, to be recovered in a summary manner before justices of the peace.

42. *Interpretation.*—In these regulations words importing the masculine gender shall be deemed, and taken to include females, unless there is something in the context repugnant to or inconsistent with this interpretation.

THE BAIRNSDALE IRRIGATION AND WATER SUPPLY TRUST CONSTITUTED.

At the Executive Council Chamber, Melbourne, the twenty-second day of April, 1890.

PRESENT:

His Excellency the Governor.

Mr. Gillies Dr. Pearson.
Mr. Cuthbert

WHEREAS by *The Irrigation Act 1886* it is enacted that any Municipal Council, or Waterworks Trust, or Irrigation Trust, or any two or more together of any such Councils or Trusts, or the majority in number of the ratepayers in any proposed district, or the majority in number of the owners of land within any proposed district, such majority being the owners of at least half the land in the proposed district, may petition the Governor in Council to constitute such proposed district an Irrigation and Water Supply District, and to appoint and create a Trust therein,

And it is further provided by the said Act that, before any district or Trust can be constituted or appointed under the said Act upon a petition from any Municipal Council or Waterworks Trust, or from any two or more together of any such Councils or Trusts, or from a majority in number of the ratepayers in any proposed district, or upon a petition from a majority of the owners of land within any proposed district, that a petition from owners of land, being an absolute majority of the owners of land within the proposed district, such majority being owners of at least half the land in such proposed district, shall be presented to the Governor in Council praying that the scheme or plan of works of such first petition, as set out in the declaration of the Minister, published under the said Act, may be adopted in part or in whole. And it is further enacted that, after compliance with the provisions in the said Act, the Governor in Council may approve of the scheme proposed, either with or without any alterations, additions, or restrictions, as he may think fit, or he may disapprove of the same; and if he approve of the same, either with or without alterations, he shall make an Order in Council accordingly. And it is further enacted that, if the Governor in Council approve of such proposed scheme, with or without alterations, or additions, or restrictions, he may, by Order in Council, constitute the proposed district an Irrigation and Water Supply District, and appoint and create an Irrigation and Water Supply Trust to construct, maintain, and continue the works described in the Order.

And whereas the President, Councillors, and Ratepayers of the Shire District of Bairnsdale have, in accordance with the provisions of the said Act, petitioned the Governor in Council to constitute certain lands situate in the parishes of Glenaladale, Nindoo, Coongulmerang, Moormung, Bairnsdale, Goon Nure, and Bengworden, in the county of Tanjil; and in the parishes of Wuk Wuk, Wy-Yung, and Broadlands, in the county of Dargo (as shown upon the plan accompanying their petition), an Irrigation and Water Supply District, and to appoint and create a Trust therein to carry out the scheme or plan of works proposed in such petition: And whereas all the provisions of the Act necessary to precede the declaration in writing of the Minister upon the said petition having been complied with, the Minister duly published his declaration in the *Government Gazette* on the 27th day of December, 1889, in accordance with the provisions of the said Act: And whereas, after due observance of the steps necessary under the said Act to precede such a petition, and on this 22nd day of April, 1890, a petition of an absolute majority of the owners of land in the district proposed to be constituted, such majority being the owners of at least half the land in such proposed district, hath been presented to the Governor in Council, praying that the scheme or plan of works of such first-named petition, as set out in the said declaration in writing of the Minister, might be adopted: Now therefore His Excellency the Governor, by and with the advice of the Executive Council and in accordance with the provisions of and in exercise of the powers conferred by *The Irrigation Act 1886* aforesaid, doth declare, order, and direct:—

**THE LILLYDALE WATERWORKS TRUST
CONSTITUTED.**

At the Executive Council Chamber, Melbourne, the twenty-second day of April, 1890.

PRESENT:
His Excellency the Governor.

Mr. Gillies | Dr. Pearson.
Mr. Cuthbert

WHEREAS by *The Water Conservation Act 1887* it was amongst other things enacted that, at the expiration of two months after the notice of any application should have been first advertised in the *Government Gazette*, the Minister, if satisfied that the provisions of the now in part recited Act have been substantially complied with, should submit such application and the general plan and description therein referred to, and all petitions which have been received in respect of such application, to the Governor in Council, together with any recommendations as to the granting of the application, or as to any alterations or additions he might think desirable in the proposed waterworks; and the Governor in Council might thereupon approve of the construction of such proposed waterworks with or without any alterations or additions in the general plan and description thereof, or might disapprove of the construction of such waterworks, and should make an Order in Council accordingly: And it was further enacted that if the Governor in Council should approve of the construction of such waterworks with or without alterations or additions or restrictions of any such general plan and description, a Waterworks Trust should be constituted to construct, maintain, and continue the whole or any part of the waterworks therein described in accordance with the provisions of such Order, and of the now in part recited Act: And every Order approving the construction of any proposed waterworks, and the constitution of a Waterworks Trust for the purpose, should state—

(a) The amount of money which the Governor in Council would grant as a loan for the purpose of carrying out the same and paying the cost and expenses of the plans and application for the same; and also the rate of interest which would be charged for such loan, such rate being at least one-half per centum more than the rate payable by the Government on the Public Loan out of which such loan might be granted;

And it was further enacted by section 23 of *The Water Conservation Act 1887*, No. 946, that whenever a Waterworks District was either wholly, or with the exception of the waterworks or

proposed waterworks thereof, within one municipal district, the Governor in Council might appoint the municipal council for the time being of such municipal district, together with one or more persons not being members of such municipal council, to be the Waterworks Trust of such Waterworks District: Now therefore His Excellency the Governor, with the advice of the Executive Council, and in pursuance of the provisions of the said Act, has approved of a general plan and description, as set forth in a certain application of the Council of the Shire of Lillydale for a loan of Fourteen thousand two hundred and eighty-six pounds (£14,286) sterling, to carry out certain waterworks for the supply of the township of Lillydale, and doth hereby order and appoint as follows:—

PRESENT:

His Excellency the Governor.
Mr. Gillies | Dr. Pearson.
Mr. Cuthbert

WHEREAS by section 3 of *The Water Conservation Act 1889*, No. 1049, it is enacted that the Governor in Council may, if he think fit, make an order that the provisions of *The Water Conservation Act 1887*, No. 946, with regard to the formation of a sinking fund by any Waterworks Trust which has obtained a loan, shall not apply in the case of any such Trust specified in such order for a period of five years or any shorter period (to be specified in such order) from the date of the Order in Council granting the loan:

The Vermin Destruction Act 1889.

SHIRE OF LOWAN.—LOAN.

At the Executive Council Chamber, Melbourne, the twenty-second day of April, 1890.

PRESENT:

His Excellency the Governor.

Mr. Gillies | Dr. Pearson.
Mr. Cuthbert

WHEREAS under the provisions of *The Vermin Destruction Act 1889*, No. 1028, it is among other things provided that on the application of the council of any shire the Governor in Council, out of any moneys which may be provided by Parliament for the purpose, may from time to time grant a loan to any such shire for the purpose of enabling such shire to obtain materials for wire-netting or other rabbit-proof or vermin-proof fencing to be supplied to owners of land in special areas constituted under the said Act: And whereas the Council of the Shire of Lowan has received petitions signed by a majority in number of the owners of land in the special area (the petitioners owning more than one-half of the land in such area) describing the special area for which the petitioners desire a loan to be obtained by the shire, which petitions contain statements of the acreage of the whole of such special area, and of the acreage owned by each and every owner of every part thereof, with a short description of the land owned by each petitioner and of the acreage thereof, and gives an estimate of the probable cost of the whole of the materials for wire-netting or other rabbit-proof or vermin-proof fencing required for the land in such area, and asks that the said shire council will apply to the Governor in Council for a loan of the amount of such estimate, and gives an estimate of the materials required for each petitioner's land, and the probable cost of such material, and an estimate of the extent of fencing to be erected by each owner; and states that in such special area adjoining properties could advantageously be enclosed by one continuous wire-netting fence; "and states in each case the estimated cost of such continuous fence, and the proportions thereof to be borne by every owner of property to be enclosed by such fence"; and states that each petitioner signing the petitions undertakes to pay to the council in each and every year one-tenth part of his proportion of the value of all materials for wire-netting fencing which the council may obtain by means of the loan proposed to be obtained from the Governor in Council, and that such undertaking as between each petitioner, or the owner for the time being of the land of such petitioner, or any part thereof, and the said shire council is to be deemed to be and may be enforced as a specialty contract, and states that each petitioner undertakes to erect on his land, with the materials with which he may be furnished, wire-netting fencing to the satisfaction of the said council, or that he will join with other owners in erecting all necessary fencing: And whereas every signature to such petitions is verified by the solemn declaration of a person signing such petitions, which declaration is in the form or to the effect in the Eighth Schedule to the said Act.

And whereas the said shire council has considered the prayer of such petitions, and has determined to apply for a loan from the Governor in Council in accordance therewith, and has transmitted to the Minister the said petitions, accompanied by an application under seal on behalf of the said shire for a loan of Three thousand six hundred and thirteen pounds eight shillings in the terms therein stated, which said application contains an undertaking by the said shire to repay such loan, in accordance with the provisions of the said recited Act and of any Order in Council granting such loan: Now therefore His Excellency the Governor, with the advice of the Executive Council, doth hereby order that the sum of Three thousand six hundred and thirteen pounds eight shillings, being the whole of the amount applied for by the said shire council in the application hereinbefore referred to, be granted out of the moneys provided by Parliament as a loan to the said Shire of Lowan for the purposes of Part II. of the said *The Vermin Destruction Act 1889*.

That the said sum of Three thousand six hundred and thirteen pounds eight shillings be paid to the council in one instalment of Three thousand six hundred and thirteen pounds eight shillings.

That the said sum of Three thousand six hundred and thirteen pounds eight shillings be a loan for the benefit of the whole land described in the petitions.

That the said sum of Three thousand six hundred and thirteen pounds eight shillings be a loan for the benefit of the land specified in the schedule hereunder.

That the proportion of the said sum of Three thousand six hundred and thirteen pounds eight shillings to be paid by each and every owner of land within the special area to the said shire council is that set out in the schedule hereunder.

That the said sum of Three thousand six hundred and thirteen pounds eight shillings be repaid by the council of the said shire to the Secretary for Lands for the time being, within ten years, by annual instalments of not less than Three hundred and sixty-one pounds six shillings and pence each. The first of such payments to be made on or before the thirty-first day of May, 1891, and a further instalment of not less than Three hundred and sixty-one pounds six shillings and pence on or before the

thirty-first day of May in each and every succeeding year until the whole sum of Three thousand six hundred and thirteen pounds eight shillings is repaid.

G. WILSON BROWN,
Clerk of the Executive Council.

The Vermin Destruction Act 1889.

SHIRE OF YEA.—LOAN.

At the Executive Council Chamber, Melbourne, the twenty-second day of April, 1890.

PRESENT:

His Excellency the Governor.

Mr. Gillies Dr. Pearson.
Mr. Cuthbert

WHEREAS under the provisions of *The Vermin Destruction Act 1889*, No. 1028, it is among other things provided that on the application of the council of any shire the Governor in Council, out of any moneys which may be provided by Parliament for the purpose, may from time to time grant a loan to any such shire for the purpose of enabling such shire to obtain materials for wire-netting or other rabbit-proof or vermin-proof fencing, to be supplied to owners of land in special areas, constituted under the said Act: And whereas the Council of the Shire of Yea has received petitions signed by a majority in number of the owners of land in the special area (the petitioners owning more than one-half of the land in such area), describing the special area for which the petitioners desire a loan to be obtained by the shire, which petitions contain statements of the areage of the whole of such special area, and of the areage owned

by each and every owner of every part thereof, with a short description of the land owned by each petitioner, and of the acreage thereof, and gives an estimate of the probable cost of the whole of the materials for wire-netting or other rabbit-proof or vermin-proof fencing required for the land in such area, and asks that the said shire council will apply to the Governor in Council for a loan of the amount of such estimate, and gives an estimate of the materials required for each petitioner's land, and the probable cost of such material, and an estimate of the extent of fencing to be erected by each owner; and states that in such special area adjoining properties could advantageously be enclosed by one continuous wire-netting fence; and states in each case the estimated cost of such continuous fence, and the proportions thereof to be borne by every owner of property to be enclosed by such fence; and states that each petitioner signing the petitions undertakes to pay to the council in each and every year one-tenth part of his proportion of the value of all materials for wire-netting fencing which the council may obtain by means of the loan proposed to be obtained from the Governor in Council, and that such undertaking as between each petitioner, or the owner for the time being of the land of such petitioner, or any part thereof, and the said shire council is to be deemed to be and may be enforced as a specialty contract, and states that each petitioner undertakes to erect on his land, with the materials with which he may be furnished, wire-netting fencing to the satisfaction of the said council, or that he will join with other owners in erecting all necessary fencing: And whereas every signature to such petitions is verified by the solemn declaration of a person signing such petitions, which declaration is in the form or to the effect in the Eighth Schedule to the said Act.

And whereas the said shire council has considered the prayer of such petitions, and has determined to apply for a loan from the Governor in Council in accordance therewith, and has transmitted to the Minister the said petitions, accompanied by an application under seal on behalf of the said shire for a loan of Four thousand seven hundred and seven pounds seven shillings and sixpence in the terms therein stated, which said application contains an undertaking by the said shire to repay such loan in accordance with the provisions of the said recited Act and of any Order in Council granting such loan: Now therefore His Excellency the Governor, with the advice of the Executive Council, doth hereby order that the sum of Four thousand seven hundred and seven pounds seven shillings and sixpence, being the whole of the amount applied for by the said shire council in the application heretofore referred to, be granted out of the moneys provided by Parliament as a loan to the said Shire of Yea for the purposes of Part II. of the said *The Vermin Destruction Act 1887*.

That the said sum of Four thousand seven hundred and seven pounds seven shillings and sixpence be paid to the council in one instalment of Four thousand seven hundred and seven pounds seven shillings and sixpence.

That the said sum of Four thousand seven hundred and seven pounds seven shillings and sixpence be a loan for the benefit of the whole land described in the petitions.

That the said sum of Four thousand seven hundred and seven pounds seven shillings and sixpence be a loan for the benefit of the land specified in the schedule hereunder.

That the proportion of the said sum of Four thousand seven hundred and seven pounds seven shillings and sixpence to be paid by each and every owner of land within the special area to the said shire council is that set out in the schedule hereunder.

That the said sum of Four thousand seven hundred and seven pounds seven shillings and sixpence be repaid by the council of the said shire to the Secretary for Lands for the time being, within ten years, by annual instalments of not less than Four hundred and seventy pounds fourteen shillings and ninepence each. The first of such payments to be made on or before the thirty-first day of May, 1891, and a further instalment of not less than Four hundred and seventy pounds fourteen shillings and ninepence on or before the thirty-first day of May in each and every succeeding year until the whole sum of Four thousand seven hundred and seven pounds seven shillings and sixpence is repaid.

The Government will not necessarily accept the lowest or any tender.

Tenders, enclosed in a separate envelope, and having the words "Tender for Firewood at —" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. The firewood must consist of box, sheoak, red or white gum, or peppermint, and must be dry, perfectly sound, and of good burning quality.

2. The orders will be issued by the departments requiring the supplies, and the firewood shall be delivered as may be directed by the officer ordering the supply. Should an order not be complied with within forty-eight hours, it will be competent for the department concerned to purchase the requirements or any like supplies suitable for the service at the contractor's risk, and to deduct from the contractor's account or from the security money the extra expense (if any) over and above the contract price.

3. The contractor will be bound to place the firewood in stacks for measurement on such ground as may be pointed out. The stacks are to be two feet wide by five feet high, with space between each stack for measuring; and the billets are all to lie the same way, viz., crossways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack, and to the satisfaction of the officer receiving the supply. In case the firewood for Yarra Bend is required to be supplied at per ton weight, the contractor will be bound to weigh the wood upon the Asylum weighbridge. Each load to be tared separately. The weighbridge ticket to be rendered in support of the account. Firewood, when ordered by weight, is not to be stacked by the contractor, but it must be deposited on such ground as may be pointed out.

4. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery, or such other officer as shall be named in the conditions. If after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such supplies may be returned to the contractor. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

5. As soon as the orders shall have been completed, the contractor will be required to furnish to the department supplied his account in the prescribed form, with the receipted delivery order attached thereto. Accounts will be payable at any Receipt and Pay Office that the contractor may desire.

6. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality, the same is to be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered as final.

7. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted from the contractor's account or from the security money.

8. If from any cause injury would accrue to the public service by waiting for a board of survey, the head of the department, or officer in charge, will have the power to reject such articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected article, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged, as in condition 7.

9. A refusal to execute orders, or a repetition of irregularity in the quality or quantity of the supplies, or of delay in delivering or replacing them when required, will subject the contractor to such mulct, not exceeding £50, as the Treasurer of the colony for the time being may direct, and the amount may be deducted as in condition 7. It will also be in the power of the said Treasurer, upon such refusal or repetition, to terminate the contract forthwith.

10. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

11. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited, and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

such licence, every person so offending respectively shall forfeit a sum not exceeding Forty shillings; and any justice may order such production of return.

62. *Abusive language by driver.*—Every owner or driver of any cart who uses any abusive or insulting language to any person who wishes to hire or has hired such cart, or if the same be then employed as a wood-cart or water-cart, who shall deal with such owner or driver for the purchase of or have immediately before purchased of him any wood or water of the loading of such cart respectively, shall forfeit a sum not exceeding Five pounds.

67. *Water carter to have name, &c., marked on premises.*—Every owner of a licensed watercart shall cause his name, and the words "licensed watercart," to be painted or marked, and kept painted or marked, in legible letters, one inch in length and of a proportionate breadth, in white on black ground, or in black on white ground, in some conspicuous place outside the premises where such cart is kept; and if any such owner shall fail to comply with the provisions of this section he shall forfeit a sum not exceeding Forty shillings.

68. *Water carters to attend at fires.*—Every owner and driver of a licensed watercart shall keep such cart loaded with water during all times after sunset and before sunrise, and shall, if any building, premises, or property shall be on fire within the borough the council whereof shall have granted the licence, attend at the place of such fire with such cart loaded with water, and shall continue to cart water by full loads to such place, and shall deliver such water in such manner as may be required by any constable, or officer of the council, or fireman authorized by the council then present for extinguishing such fire; and every such owner or driver who shall without reasonable excuse fail to comply with the provisions of this section shall forfeit a sum not exceeding Ten pounds.

70. *Suspension or revocation of licence.*—The council having granted any licence under this subdivision may at any time, if it shall be proved to their satisfaction that the owner of the cart thereby licensed has been convicted of any offence against this Act, or of any offence in respect of any property entrusted to him as such owner, suspend for any stated time, or on the like proof of a second such conviction or of any two such convictions, suspend for any stated time or revoke, as seems to them fit, such

licence; and no licence while suspended under this section or otherwise shall be deemed to be of any force or virtue hereunder.

71. *Lights for carts.*—The driver of every cart which shall, during the hours after sunset of any day and before sunrise of the following day, be in any street or public place within the prescribed space for any borough shall keep a light attached to or suspended from the off or right side of such cart, so as to be plainly visible to the driver of any carriage proceeding along or through such street or place in a contrary direction to that in which such first-mentioned cart shall be directed, and in the case of a nightcart only such light shall be such and be so disposed as to appear white in front and red at the outer side; and every driver who shall fail to comply with this section shall forfeit a sum not exceeding Forty shillings.

PARISH AND TOWNSHIP PLANS.—Lithographed plans of the undermentioned PARISHES, on a scale of twenty chains to the inch (except when a different scale is specified), can be obtained at the Crown Lands Office, Spring Gardens, Melbourne, price 7s. 6d. each, or will be forwarded to any address within the colony on receipt of that sum by the accountant of the department.

Also, same price, lithographed plans of TOWNSHIPS, drawn to a scale of four chains to the inch. The above show areas, measurements, bearings, grantees', lessees', and licensees' names, school-sites, reserves, and other various information in possession of the department up to the date of their compilation.

The large scales on which these lithographs are prepared constitute the most valuable working plans for shire and other surveyors, rate collectors, assessors, &c., &c.

The undermentioned are now ready; others are in course of preparation. Second editions have been published of those to which asterisks are attached.
