GENERAL ELECTION 1892.—ISSUE OF ELECTORS'  
RIGHTS.

IT is hereby notified that the General Rolls of Non-ratepaying Electors for the Legislative Council and Legislative Assembly must be prepared during the week ending the 1st December prox., and that persons who have not already enrolled may do so by obtaining Electors' Rights from the Registrars for their respective Divisions, or their Deputies, before or on that date.

2. The rolls so prepared, as far as relates to the Legislative Assembly, will be used at the general election which will, in the ordinary course, take place about the month of April, 1892.

3. The Electoral Registrars and Deputy Electoral Registrars will keep open their offices for the issue of Rights until Ten o'clock p.m. on two nights in each week during the whole of November (see advertisements in newspapers), and on every night (except Sunday) during the last ten days of the month.

4. Intending applicants for Electors' Rights are cautioned to apply early to the Registrar. The law requires the prescribed questions as to an applicant's qualification to be answered in writing; therefore, if application be postponed until the last day allowed for the purpose, as is too frequently the case, much inconvenience will be occasioned, with the possible result that those who so delay will be deprived of the opportunity for enrolment.

5. Each applicant should provide himself with the stamp (6d.) necessary for payment for the Right.

6. Intending applicants are further cautioned to carefully ascertain whether they are fully qualified under the law; inasmuch as a penalty on conviction is imposed upon persons knowingly and wilfully obtaining Electors' Rights when not qualified.

7. No person whose name is on, or entitled to be on, any Roll of Ratepaying Electors for any Division of a Province may obtain an Elector's Right for such Province, and no person whose name is already on any Roll of Ratepaying Electors for any Division of an Electoral District may obtain an Elector's Right for such District.

WHEREAS by the *Local Government Act 1890* (54 Vict. #### VICTORIAN RAILWAYS.—SUPPLY OF COAL.

**A**LTERNATIVE and Separate Tenders will be received until Noon of Wednesday, the 25th day of November, 1891, from persons willing to supply Screened Coal, as required by the Victorian Railways Department, for one, two, or three years, from the 1st day of January, 1892.

The estimated annual requirements are as under:—

Melbourne	...	...	160,000 tons.
Geelong	...	...	60,000 tons.
Wodonga	...	...	12,000 tons.

Tenderers are at liberty to tender for the separate supply at each place, for Melbourne and Geelong jointly, or for the whole quantity.

Forms of tender, with conditions of contract and further particulars, may be obtained from the Railway Storekeeper, Spencer-street; Coal Clerk, Newcastle; or the Secretary for Railways, Sydney.

Security will be required to the amount of £1,000 for Melbourne, £500 for Geelong, and £200 for Wodonga for the due fulfilment of the contracts, either in Victorian Government debentures, bank deposit-receipt, or cash deposit, as the tenderer may elect. Bank deposit-receipt to be in favour of the Secretary for Railways.

Tenders must be accompanied by bank-notes, or a bank draft in favour of the Secretary for Railways, for ten per cent. of the amount of security required, which will be returned within ten days to unsuccessful tenderers. Such deposit will be forfeited as liquidated damages in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed within ten days of acceptance of tender, failing which the contract may be again advertised or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Railway supplies for a period of twelve months.

Tenderers must distinctly specify on their tenders the mining company or companies whose coal they undertake to supply, but it will be at the option of the Department to say which coal shall be accepted. *The Commissioners shall have the option at any time during the existence of the contract to add other mines to the list of those specified from which they may say they will accept coal, and the contractor will be bound to deliver such coal.* Tenderers will also be required to state a price for delivery at Portland should the Department require any coal at that place.

All tenders must be indorsed "Tenders for Coal, Victorian Railways," and deposited in the tender-box, Secretary's office, Spencer-street, Melbourne.

The Victorian Railways Commissioners will not necessarily accept the lowest or any tender.

Tenders must be on the proper printed forms, and no tender by telegraph will be accepted.

#### CONDITIONS OF CONTRACT.

1. The sea-borne coal is to be delivered in *whole cargoes*, and must be of the very best quality for locomotive engine purposes, quite free from small, shale, or other impurities, thoroughly screened at the pit mouth through screens with bars not less than three-quarters of an inch apart, and be subject to the approval of the Railway Storekeeper, Melbourne, or such officer as he may appoint.

2. The contractor for Melbourne will be required to deliver, *without lighterage*, at the Australian Wharf, River Yarra, the proposed depot; West Melbourne, or, if so directed, at the Williamstown Pier; the contractor for Geelong, at the Railway Pier, Geelong; and the contractor for Wodonga, at a station on the New South Wales railway to be named by the tenderer. The contractors will be bound to deliver at either of these places every four weeks during the first and last three months of the year an average tonnage of one-tenth, and during the remaining months an average tonnage of one-fifteenth of the whole quantities respectively required; but should the Department require it they will be bound to deliver every four weeks such quantities as may be ordered by the Railway Storekeeper, or such officer as he may appoint.

3. When the vessels arrive with (sea-borne) coal at any of the places above-mentioned the Victorian Railways Department will furnish trucks to convey it from ship's side, but the contractor for the coal must move the trucks to and from the ship's tackles, discharge the coal into the trucks, do all shunting, and find all labour at his own cost.

4. The unloading of the coal will be performed under the direction of an officer of the Department, and the work must be done to his satisfaction.

5. The Victorian Railways Commissioners will give the vessels every facility for discharging their cargoes promptly, but will not hold themselves liable for any demurrage, unless through the default of the Department the vessels are detained over *forty-eight working hours for each thousand tons on board, or a proportionate time for larger or smaller cargoes*; but should the contractor desire to work after ordinary working hours, the Victorian Railways Commissioners will afford him every facility for doing so, when practicable, on condition that contractor pays half the extra cost incurred thereby.

6. The Railway Storekeeper, or such officer as he may appoint, will have full power to reject any coal which, in his opinion, is unsuitable, and the contractor must immediately remove any rejected coal and supply other in its stead, failing which, the Railway Storekeeper or such officer aforesaid, on behalf of the Victorian Railways Commissioners, will have power to purchase suitable coal elsewhere at the risk and expense of the contractor, and all such expenses and charges may be deducted from any moneys owing to the contractor by the Victorian Railways Commissioners.

7. A repetition of irregularity in the quality or quantity of the supplies, of which the Railway Storekeeper shall be the judge, or delay in delivering or replacing them when required, will subject the contractor to such mulct not exceeding One hundred pounds for each case as the Victorian Railways Commissioners may direct, and the contractor shall thereafter only supply coal from such mine or mines as the Railway Storekeeper may direct. It will also be in the power of the Victorian Railways Commissioners to terminate the contract forthwith, in which case the contract security-money will be forfeited as liquidated damages to the Victorian Railways Commissioners.

8. The pit certificate must be exhibited with each shipment of sea-borne coal, but the coal will be weighed on a Victorian Railway weigh-bridge and paid for on the actual weight delivered, and the contractor will be required to prepare his own account monthly on the prescribed form, and forward the same in a complete state to the Railway Storekeeper, who will certify it and have it forwarded to the Treasury, Melbourne, for payment.

9. In case of the occurrence of strikes or lock-out affecting the mine or mines from which the contractor obtains his supply for this contract, the contractor shall supply coal in accordance with the conditions of this contract from such other working mine or mines as the Railway Storekeeper may direct.

10. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with interest or otherwise; and no such transfer will be recognised by the Victorian Railways Commissioners.

11. In the event of the contractor failing to carry on the contract the contract security-money will be absolutely forfeited to the Victorian Railways Commissioners as liquidated damages for breach of contract, and the contractor will be disqualified from tendering for a period of twelve months.

12. The contracts entered into under these conditions are not to be considered as being infringed or vitiated by the purchase by the Victorian Railways Commissioners of coal from any mine or mines within the colony of Victoria for the use of the Victorian Railways.

13. It will be competent either for the contractor on his own behalf, or for the Secretary for Railways on behalf of the Victorian Railways Commissioners, to terminate the contract by giving a notice in writing of three full calendar months to the opposite party, it being understood that such notice can be given only from the first day of the month, and within the period for which the contract is made.

By order of the Victorian Railways Commissioners,  
P. P. LABERTOUCHE,  
Secretary for Railways.

Spencer-street,  
Melbourne, 24th October, 1891.

The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same, without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate, or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do, he will be prosecuted according to law.

##### Special Conditions:

1. The period of occupation will be from 1st January, 1892, to 31st December, 1892.

2. The licence-fee must be paid in advance. The fee for the period from 1st January, 1892, to 31st December, 1892—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 1, Block 762," or "Lot 2, Block 965," or "Lot 3, Block 1026," as the case may be.

7. Tenderers must give their full name and ordinary postal address.

The sections adopted are as follows:—

PART 1 OF THE 13TH SCHEDULE "LOCAL GOVERNMENT ACT 1890."

(4) *Crossings over footways and channels.*

15. *Crossing, &c., footway, &c., saved by made crossing.*—Every person who wilfully and without lawful excuse rides or drives any horse or other animal, or drives or wheels any carriage, cart, or other vehicle upon, along, or across any footway or any water channel or gutter, herein called channel, by the side of any street or road, save in each such case upon and by or at some crossing to be made as hereinafter mentioned, shall forfeit a sum not exceeding Five pounds, and shall also pay to the council such sum, not exceeding Ten pounds, by way of compensation for any damage done by him to the footway or channel, as the justice adjudicating upon the information shall on the hearing thereof order.

16. *Notice of making crossing.*—If any land shall front to, adjoin, or abut upon the footway of any street or road, and if access with horses and vehicles from such street or road to such land, or to some sufficient way appurtenant thereto, cannot be had without riding, driving, or wheeling the same respectively upon or across the said footway, or the channel (if any) lying along the outer edge thereof, and if the owner of such land shall desire that a crossing for horses and other animals and for vehicles be made as herein provided over such footway and channel, and shall give a notice in writing of such his desire to the council, and in such notice describe the land in question and the proposed work by reference to the specification deposited as hereinafter mentioned, such specification being in accordance with the provisions hereof and with such regulation as may be in force in that behalf, it shall be lawful for such owner, after seven clear days from the giving such notice, and not before (with no unnecessary delay or obstruction), at his own cost and under the inspection of such officer as the council shall have appointed for the purpose, to make such crossing according to the tenor of such notice and specification, and not otherwise, and the owner of such land shall afterwards in like manner maintain the same.

17. *Specification.*—Every such owner who desires as aforesaid that any such crossing shall be made shall, before giving notice to the council as herein provided, deposit with the municipal clerk a specification describing the proposed work with respect to each of the several matters hereby or by any such regulation in force in that behalf required or provided.

18. *Immunity of person giving irregular notice in certain cases.*—Unless within the period of seven days after the receipt of any such notice as aforesaid the council shall give notice to the person giving the same that (if the fact be so) such notice or the specification referred to therein and deposited is not in accordance with the provisions of such regulation as aforesaid, such notice and specification shall thereafter, so far only as affects the liability of such person to a penalty, be deemed to be in accordance therewith.

19. *Nature of crossing where there is a street-kerb.*—In streets or roads in which, at the site of any such proposed crossing, there is a kerb of stone or wood along the outer edge of the footway, the crossing so far as the footway extends shall have on both sides a kerb not higher in any part than the surface of the footway at that part, and similar in all respect to such first-mentioned kerb, and such kerb shall approach to and join the street kerbing in gentle curves outwards; and such crossing shall be of such width, and the surface thereof, so far as the footway extends, shall have such inclination outwards and be depressed so far below the footway, as shall have been respectively appointed by some regulation in that behalf, and shall, with respect to the channel, be no laid or constructed as not to raise or obstruct the same or any part thereof.

20. *Nature of crossing where there is no street-kerb.*—In streets or roads in which, at the site of any such proposed crossing, there is no such kerbing as in the last preceding section mentioned, the crossing over the channel shall be such suitable bridge as shall leave a free passage for the water underneath the same, and shall be of such materials, form, length, size, strength, and fall as shall have been respectively appointed by some regulation in that behalf; and the surface of such crossing, so far as the footway extends, shall be so made good by paving, macadamizing, gravelling, or otherwise, that the necessary traffic by animals or vehicles over the same shall not cause any damage thereto, but that such crossing shall be as sound and commodious for the passage of persons using the footway as the other portions of such footway adjoining such crossing.

21. *Departures from notice, &c., not punishable in certain cases.*—No person making any crossing shall be deemed guilty of an offence by reason only of some departure in making such crossing from the notice or specification relating thereto, unless the officer of the council appointed as hereinbefore provided to inspect the making of the crossing shall have reported in writing such departure to the council within three days after the same shall have occurred, and unless such person, being served by the council within three days after such report with a notice so to do, shall for the space of seven clear days after such notice have failed to correct or supply such departure.

22. *Council may alter improper crossing.—Expenses.*—If any crossing shall have been made in any respect contrary to this by-law or any regulation in force hereunder, it shall be lawful for the council, if they shall see fit, to cause the same to be altered so as to conform hereto and to such regulation respectively, and to recover, in manner in the *Local Government Act 1890* provided, the expenses of such alteration from the owner of the land to which such crossing shall lead; but they shall not so recover in those cases of departure from the notice or specification which the council or their officer might respectively have given notice of or reported but failed to give notice of or report respectively in manner and within the time provided in the preceding sections hereof.

23. *Crossings for private streets.—Expenses.*—If any private street or road shall meet at an angle the footway of any public street or road, and there shall be no crossing upon and across such footway and the channel adjacent thereto from such private street or road to such public street or road, it shall be lawful for the council, if they shall see fit, to make in accordance with any regulation in force in that behalf a crossing upon and over such footway and channel of the description hereinbefore provided with respect to other crossings, and to recover from the owner of each of the tenements abutting on such private street or road such portion of the expenses of such making as shall bear to the whole of such expenses the same proportion as the rateable value of such tenement bears to the whole rateable value of all the tenements so abutting.

24. *Council may alter crossings made before subdivision in force.*—If any crossing across or over any footway or channel to any land or way appurtenant thereto, or to any private street or road, shall have been made before the coming into operation of this subdivision, but shall in any respect not be in accordance with any regulation made hereunder, the council may, if they shall see fit, cause the same to be altered so as to conform to such regulation; and if such crossing shall have been made contrary to any by-law in force at the time of making the same, the council may recover the expenses of such alteration in manner in the last two preceding sections mentioned according as one or the other may be applicable to the case.

25. *Repair of crossings.*—If any crossing shall be out of repair, and the person liable hereunder to maintain or repair the same shall, for seven days after notice from the council to that effect, neglect properly and completely to repair the same, he shall forfeit for every day that such crossing shall remain so un-repaired a sum of Forty shillings; and the council may, if they shall see fit, effect such repair, and recover the same from such person before any justice.

26. *Regulations.*—It shall be lawful for the council from time to time to make regulations for all or any of the purposes following, that is to say:—

For regulating the width, depression, and inclination of crossings across or over footways and channels, and the materials for making and constructing the same; the mode of laying and bedding such materials; the length, width, size, strength, and fall of bridge crossings; and the said inclination and fall, either absolutely or with relation to the levels, inclination, or fall of the footway or channel, or otherwise, in like manner.

(5) *Deposit or discharge of rubbish, liquid, &c., on streets, &c.*

27. *Causing, &c., offensive liquid, &c., to flow on street, &c.*—Every person who causes to run from any manufactory or any establishment for the boiling or preparing of any animal matter, or any brewery, slaughter-house, butcher's shop, or any dunghill or other receptacle, or from any inn, into or upon any street or road, public or private, or any footway or channel, and every occupier of any land or premises who causes or permits to run from such land or premises into or upon any such street or road, footway or channel, any offensive liquid or matter, shall, for every day during which any such liquid or matter shall so run, forfeit a sum not exceeding Five pounds.

28. *Causing sludge to flow on street, &c.*—Every manager and director of any company established for mining purposes, whether incorporated or not, and every other person who, unless where authorized by or under some Statute now or hereafter to be in force, shall cause or shall allow any sludge made in the process for washing earth for gold or otherwise to flow or run into or upon any street, public or private, or any footway or channel, shall, for every day during which any such sludge shall so flow or run, forfeit a sum not exceeding Five pounds. 3797
