5. That the said United Echuca and Waranga Waterworks Trust shall pay to the said Rodney Irrigation and Water Supply Trust a sum of Four hundred and twenty-nine pounds nineteen shillings and eight pence (£429 19s. 8d.) in respect of over expenditure from revenue.

THE Commissioners of the Euroa Waterworks Trust, in pursuance of the powers conferred in the Water Act 1890, hereby make the following Regulations:—

The following rates and charges are those which the owners and occupiers of land and tenements shall pay in respect of water supplied by the Trust within the water supply district, that is to say:—

1. For every house or tenement, used either wholly or partly as a domicile, of Twenty pounds annual value and under, the amount which at the rate levied for the year would be payable in respect of a tenement of Twenty pounds annual value.

2. For every house or tenement used either wholly or partly as a domicile, of more than Twenty pounds annual value, the amount payable in respect of such annual value at the rate levied for the year.

3. For every water trough supplied with water from the works of the Trust, the sum of Twenty shillings per annum, except the water for such trough passes through a meter and is charged for with the water supplied by meter.

4. For every steam boiler supplied with water from the works of the Trust, Fifteen shillings per annum for each horse-power of such steam boiler.

5. For water supplied by the Trust by measurement except in case of special agreement by the Trust, One shilling for every thousand gallons.

6. That for a temporary supply during the erection of new buildings, repairs, or additions, Twenty shillings per cent. shall be charged on the amount of contract for stonework, brickwork, and plastering, or in the absence of a contract, Twenty shillings per cent. upon the sum paid for stonework, brickwork and plastering.

The minimum quantity of water to be charged for in each case where water is supplied by measure shall be—

(1) If for domestic and other than domestic purposes, the quantity for which the charge at One shilling per thousand gallons would be equal to the amount of the assessed rate which would be payable for the premises so supplied if supplied otherwise than by measure.

(2) If for other than domestic purposes only, thirty thousand gallons per half-year. No hose or pipe is to be supplied to any pipes or taps for the purpose of watering the ground or trees or plants or washing house walls or carriages, or for any similar purpose, unless the water is charged for by meter.

Any person receiving water from the Trust who shall take and carry away such water from his premises, or who shall allow any person to carry or take away such water, or shall sell the same to any other person, shall be liable to a penalty not exceeding Five pounds.

Any person not having agreed to be supplied by the Trust who shall take or carry away water from any drinking tap, trough, or private or public service pipe shall be liable to a penalty not exceeding Five pounds.

No person shall lay any pipe or communicate with the pipes of the Trust without giving two days' notice of the day and hour when such pipe is intended to be made to communicate with the pipes of the Trust, nor shall make such communication except under the superintendence and according to the directions of a duly authorized officer of the Trust appointed for the purpose; and any person committing a breach of this regulation shall be liable to a penalty not exceeding Five pounds for every such breach.

The service pipes for conveying water from the pipes of the Trust into the premises of the consumers shall in no case exceed the following diameters:—For the domestic supply of premises not exceeding Twenty pounds annual value, $\frac{1}{2}$ -inch diameter; for the domestic supply of premises exceeding Twenty pounds annual value, $\frac{3}{4}$ -inch diameter; for the supply of water for other than domestic purposes and for all supplies by meter, such diameter as the Trust shall authorize in each case. The Trust may contract with any owner or occupier of any lands or tenements, who is entitled to be supplied with water from its works or who is desirous of being so supplied, for the provision and laying of a service pipe from the pipes of the Trust to the boundary of such land or tenement abutting upon the street or road in which are the pipes of the Trust.

If any person shall waste water of the Trust by neglecting to repair any service pipe conveying water from the pipes of the Trust into the premises of such person, after having received notice from any officer of the Trust that such service pipe requires repairing, the Trust may stop the water from flowing into such premises, either by cutting off the service pipe or otherwise as to the Trust may seem fit, until the necessary repairs shall have been effected.

No person supplied with water by the Trust shall wilfully or negligently allow the same to run to waste, and any person committing a breach of this regulation shall be liable to a penalty not exceeding Five pounds for every such breach.

No person shall connect any service pipe or branch service pipe with any steam boiler for the purpose of feeding or supplying the same with water without first affixing a self-acting valve for preventing the pressure of the steam reversing or affecting the dial of the meter.

Overflow pipes to private baths will not be permitted. Water-closets will not be allowed to be supplied direct from the main, but from a cistern only, so constructed that the water cannot flow continuously and that not more than ten gallons can escape at each flush.

No meter shall be affixed unless the dial of the same is capable of registering one million (1,000,000) gallons.

Save where in these Regulations otherwise specially provided, no tap shall be placed in any garden or yard or to or outside of any dwelling or premises supplied with the water of the Trust unless a water meter is fixed and the water supplied by measure; and any person offending against this regulation shall be liable to a penalty not exceeding Five pounds.

The fee to be paid for a plumber's licence will be One pound.

- If any person supplied with water by the Trust does or causes or permits to be done anything in contravention of these Regulations or fails to pay his rates or any lawful charge imposed by the Trust when due, or fails to do anything which under any of their regulations ought to be done or wilfully or negligently allows water to run to waste, the Trust may cut off the supply of water from the premises of such person, either by cutting the pipes by or through which water is supplied or otherwise, and may cease to supply him with water so long as the cause of complaint remains or is not remedied.

The water supplied in the waterworks district of the Trust shall be received and consumed under and in accordance with these Regulations, and not otherwise, through pipes and meters laid, placed, and being under and in accordance with the said Regulations and not otherwise.

For the construction of these Regulations the word "person" shall be deemed to extend and include a corporation whether aggregate or sole, and the word "Trust" shall mean the Bairnsdale Waterworks Trust.

BAIRNSDALE IRRIGATION AND WATER SUPPLY TRUST.

REGULATION No. 4.

THE Commissioners of the Bairnsdale Irrigation and Water Supply Trust, in pursuance of the powers conferred by the *Water Act* of 1890, hereby make the following Regulation:—

1. Where several houses or parts of houses in streets, courts, alleys, or rights-of-way in the separate occupation of several persons are supplied by one common pipe the several owners or occupiers of such houses or parts of houses in every such street, court, alley, or right-of-way shall be liable for the payment of the same rates for the supply of water as they would have been liable for if each of such several houses or parts of houses had been supplied with water from the works of the Trust by a separate pipe.

2. The Trust shall not be liable to any penalty or damages for not supplying water if the want of such supply arises from unavoidable cause or accident.

3. Every person who shall have agreed with the Trust for a supply of water by measure shall, at his own expense, provide a meter and keep and maintain the same in good working condition to the satisfaction of the Trust, and in the event of any repairs thereto being required notice in writing shall be immediately given by such person to the Trust. If any person who has provided any meter so aforesaid shall fail to give the notice hereinbefore mentioned of any repairs required for such meter he shall be liable to a penalty not exceeding Five pounds sterling. All meters must pass the Melbourne Water Supply test.

4. If any person who under the provision herein contained ought to provide any meter neglect or refuse after having been required by the Trust so to do to provide such meter he shall be liable to a penalty not exceeding Five pounds sterling for every day during which such neglect or refusal continues.

5. The Trust may cause meters to be provided and fixed in any case where they may consider it necessary at the expense of the consumer, who shall keep and maintain the same in good working order; and the water supplied shall be charged for at a rate and charge to be annually made or by special arrangement, as the Trust shall determine.

6. No meter shall be affixed unless the dial of the same shall be capable of registering 1,000,000 gallons and unless the same is approved, in writing, by the duly authorized officer of the Trust. If any meter should cease registering or be found or reported to be out of repair or registering inaccurately the Trust shall estimate and charge for the water consumed during the period such meter was not in working order and until it shall have been repaired and re-fixed either by taking an average of the quantity used during the previous half-year or during the corresponding period of the previous year, or the Trust may insert a check meter on the service-pipe.

7. No person shall remove or alter the position of any meter when fixed without the written consent of the duly authorized officer of the Trust.

8. Every meter shall be placed according to the direction of the duly authorized officer of the Trust, and so as to be open to inspection at all times, and as far as practicable in a situation where it cannot be affected by frost or injured by any other means, and shall be provided with means of access thereto. A meter shall not be connected with more than one separate and distinct inlet pipe leading from the service-pipe or other pipe of the Trust unless permitted by a memorandum, in writing, under the hand of a duly authorized officer of the Trust. A meter shall not be continued to be used if it is found on being tested by the Trust's officer to be inaccurate.

9. If any person refuse or delay to have such meter properly repaired and put in correct working order after having been required by any officer of the Trust so to do the Trust may shut off the supply of water from the premises of such person either by cutting the service-pipe or otherwise until such meter shall have been properly repaired and certified by some officer of the Trust as being in proper working order.

10. If any plumber or other person fix or re-fix any meter upon any premises supplied with water by the Trust without having first obtained a certificate from the Trust that the said meter has been examined and found in correct working condition he shall be liable to a penalty not exceeding Five pounds sterling.

11. If any person remove or alter the position of or in any way interfere with any meter without giving such notice as aforesaid he shall for each such offence be liable to a penalty not exceeding Twenty pounds sterling over and above the damage which he may be found liable to pay in any action at law at the suit of the Trust, and in the event of continuing the offence to a further penalty of Five pounds sterling for each day the offence is continued after notice of the offence from the Trust.

12. Fire-plugs shall not be used except for the purpose of extinguishing fires unless any other use of them be allowed in writing by the Trust, and they shall at all times be under the control of the officers of the Trust.

13. No cock or tap with any connexion for attaching hose shall be affixed to any service-pipe, connexion, or fitting, and no hose or pipe shall be applied to any service-pipes or taps for the purpose of watering the ground or trees or plants, or washing house walls or vehicles or animals, or for any similar purposes unless where the water is charged for by meter, without the written authority of the Trust.

The Trust may supply any person with water for domestic or for other than domestic purposes by measure at such rates, upon such terms, and subject to such conditions as the Trust and the person requiring such supply may agree to adopt.

15. Any person receiving water from the Trust who shall take or carry away such water from his premises, or who shall allow any person to take or carry away such water, or who shall sell the same to any other person shall be liable to a penalty not exceeding Five pounds sterling, and in the event of continuing the offence to a further penalty not exceeding Five pounds sterling for each day the offence is continued after notice of the offence from the Trust.

16. Before any person shall affix any service-pipe to any pipe of the Trust, or alter, repair, or in any manner interfere with any pipe of the Trust or any service-pipe, cock, or fitting connected with the pipes of the Trust, he shall obtain from the Trust a licence in that behalf to execute such works; and any unlicensed person affixing, altering, repairing, or in any manner interfering with any such pipe, service-pipe, cock, or fitting as aforesaid shall be liable to a penalty not exceeding Ten pounds sterling.

17. Licences to affix and lay on, alter, or repair service-pipes to tap mains and sub-mains and to do and execute generally the plumbing and other work necessary for laying on and maintaining water services may be granted to persons who shall satisfy the Trust of their competency to perform such plumbing and other work upon payment of an annual fee of One pound sterling.

18. It shall not be compulsory on the Trust to grant a licence to every or any applicant who shall prove his competency.

19. In all and every case a licensee shall be responsible for the acts, errors, and omissions of his employes, and the Trust shall have the power to cancel the licence of any person at any time.

No trench made for the purpose of receiving, altering, repairing, or extending a service-pipe shall be left open after sunset.

(3) Every person, previous to being licensed to lay services, shall deposit with the Trust secretary the sum of Ten pounds sterling as security for the strict observance and performance of the regulations and conditions contained in this regulation, and in the case of non-observance or non-performance of any such stipulations and conditions at any time by such licensed person, the Trust shall be entitled to declare his deposit absolutely forfeited, and the same shall thereupon become and be absolutely forfeited as liquidated damages, and the name of such person shall at once be struck off the roll of licensed plumbers. On the surrender of licence to the Trust, the Ten pounds sterling deposit (if not forfeited) shall be refunded.

(6) If at any time any such licensed person wilfully acts contrary to any of the provisions of this regulation either by himself or his workmen, or refuses to communicate any needful or proper information required of him in regard to any work connected with the works of the Trust done by him or his workmen, or under his superintendence or upon his responsibility, his name may be erased by the Trust from the list of licensed plumbers.

(7) Each licensed person shall be held solely responsible to the Trust for such service-pipes being laid and completed by him or his workmen in a sound, workmanlike, and durable manner, and maintained in that condition (sound and water-tight) for a period of three months after such service-pipe has been completed.

(8) Each licensed person shall be held responsible to the Trust for any injury occasioned by him or his workmen to the streets and mans or any property of the Trust, or to private services already laid and connected with the Trust's water supply, and full compensation for such injury, including cost of all repairs necessitated thereby, shall be paid by such licensed person to the Trust within twenty-four hours of the time such injury was occasioned.

CONDITIONS OF SALE OF THE RIGHT TO LEASE FOR PASTORAL ALLOTMENTS.

1. The occupation of the pastoral allotments will be offered for sale at the annual rents respectively stated and annexed to the description thereof, and the bidder of the highest sum by way of premium will be declared the purchaser, provided he shall immediately pay down such sum and sign the description hereunto annexed of the pastoral allotment of the occupation of which he shall have become the purchaser, thereby binding himself to the observance of the above and following conditions; and in default of such payment being immediately made the pastoral allotment shall again be forthwith put up to auction.

2. The annual rents determined by the Board of Land and Works to be paid in respect of these pastoral allotments will be due and payable by the purchasers, in advance, in two half-yearly moieties, on the 1st January and 1st July in every year, till the termination of the period of occupation so purchased.

3. Immediately after the biddings on each pastoral allotment are concluded, and before another allotment is put up, the name of the purchaser will be entered, by the officer conducting the sale, in the list of the descriptions of the pastoral allotments annexed to these presents. If, previous to such entry, any question or dispute shall arise between the seller and bidder, or amongst the bidders themselves, the allotment in question shall be put up for sale again. Subsequent to such entry no dispute whatever can be admitted, nor any alteration of names or transfer from the actual purchaser be allowed.

4. The purchasers of these pastoral allotments shall be entitled to receive leases in the prescribed form to occupy the same during the period assigned in each particular case, subject to the conditions contained in the *Land Act 1830* and such other conditions as may be lawfully imposed.

5. If the officer acting on behalf of the Government shall find reason to believe that any pastoral allotment will not obtain its just value, or if he shall otherwise think fit to withdraw the same from sale, he shall have full power to do so at any time previous to its being actually sold.

6. Persons having affixed their signatures to the list of descriptions of the pastoral allotments annexed to these presents, in token of their having become purchasers or agents of purchasers of the occupation of the allotments to the descriptions of which their signatures are so attached or affixed, will be held to have previously obtained all necessary information, and shall not be entitled to allege ignorance or any other cause for their not fulfilling all and every obligation incumbent upon them by these articles and conditions.

NOTE.—All offers and leases relative to these pastoral allotments will be held to refer to the boundaries of same as projected on the public charts, and will accordingly be described as containing an area more or less. Any future claim for compensation as to any alleged difference in the area cannot therefore be entertained.

Printed forms of tender and conditions of contract may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge at any station, by whom also information or explanation will be afforded to persons tendering.

As much forage as can be stored at any station where the storage is small will, for the convenience of the contractor, be ordered at one time.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per cental of 100 lbs. (net weight), including delivery at the stations, and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied the contractor will be required to remove them when delivery is taken. At other stations, notice will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

Tenders, which should be upon the printed form, will be received for either oats, bran, hay, or straw (the particular kind of hay or straw offered to be stated); but if all be included in one tender it may be accepted for one article only, if advisable. Oaten hay will be preferred. If sheaf hay be tendered for, it must be so stated in the tender.

Telegrams or tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract within ten days after the acceptance is notified. Two approved sureties are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Forage," and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.

CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed, except when otherwise specified in the contract; the straw to be wheat or oat, and both to be in all respects of the best quality; oats, clean white (Victorian grown) and bran to be sound and sweet, and of the best description; chaff to be made from oaten hay of the best quality; the maize to be of the best quality. The hay tenders must specify whether they are for oaten or wheat hay.

2. The supplies are for police, telegraph, and other horses, and are to be delivered on the order of the officer in charge of the district or station. The quantities stated in the schedule being only approximate, it must be understood that the Government may draw either more or less than those mentioned; and should new telegraph stations be formed, or additional horses required to be stationed at any of the stations, the contractor will be required to supply the additional forage. Should the additional number of horses, however, exceed two, the contractor may, if he desires it, terminate the contract by supplying at once the whole quantity due at the station under the contract according to the foregoing schedule.

3. Notwithstanding anything contained in the preceding condition, the contractors for the supply to the Police Depot may be called upon to supply any other Government Departments within a radius of six miles from Melbourne, and for which no contracts have been taken, at the same rates.

4. The forage, when delivered, must be accompanied by the particulars of quantity, showing the net weight, to be indorsed on the back of the order, which, when signed by the officer in charge of the station, for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.

5. Each contractor will be required to prepare his own account in the prescribed form, and, on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Treasury, Melbourne, or the Pay Office of the district, as may be indicated by the contractor on the account.

6. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department (should circumstances require it) to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

7. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the Board is to be considered final.

8. If the Board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 6.

9. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue either to the public service or to the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 6.

10. A repetition of irregularity in the quantity or quality of the forage, or of the delay in delivering or replacing it when required, or refusal to execute orders, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Treasurer of the colony for the time being may direct. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attor ey, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

12. It will be competent for the Secretary of the Tender Board, on behalf of the Government, or for the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of three full calendar months to that effect, it being understood that such notice can only be given from the 1st day of a month, and provided that no such notice can be given before the 30th September, 1892, and in the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.

Treasury,
Melbourne, 26th November, 1891.

JAMES MUNRO,
Treasurer.

TENDERS FOR GRAZING LANDS.

Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Friday, 18th December, 1891.

NOTE.—The fee for the period from 1st January, 1892, to 31st December, 1892, and fee of Five shillings for licence, must accompany each tender.

TENDERS will be received by the Board of Land and Works up to Noon of Friday, 18th December, 1891, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same, without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate, or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do, he will be prosecuted according to law.

Special Conditions:

1. The period of occupation will be from 1st January, 1892, to 31st December, 1892.

2. The licence-fee must be paid in advance. The fee for the period from 1st January, 1892, to 31st December, 1892—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 1, Block 762," or "Lot 2, Block 965," or "Lot 3, Block 1026," as the case may be.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.

8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.

Plans can be seen and information may be obtained in this office.
