11. The water supplied in the waterworks district of the Trust shall be received and consumed under and in accordance with these Regulations, and not otherwise, through pipes and meters laid and being under and in accordance with the said Regulations and not otherwise.

Printed forms of tender and conditions of contract may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge at any station, by whom also information or explanation will be afforded to persons tendering.

As much forage as can be stored at any station where the storage is small will, for the convenience of the contractor, be ordered at one time.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per cental of 100 lbs. (net weight), including delivery at the stations, and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied the contractor will be required to remove them when delivery is taken. At other stations, notice will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

Tenders, which should be upon the printed form, will be received for either oats, bran, hay, or straw (the particular kind of hay or straw offered to be stated); but if all be included in one tender it may be accepted for one article only, if advisable. Oaten hay will be preferred. If sheaf hay be tendered for, it must be so stated in the tender.

Telegrams or tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract within ten days after the acceptance is notified. Two approved sureties are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Forage," and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by Gazette notice, and by letter to accepted tenderers.

CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed, except when otherwise specified in the contract; the straw to be wheaten or oaten, and both to be in all respects of the best quality; oats, clean white (Victorian grown) and bran to be sound and sweet, and of the best description; chaff to be made from oaten hay of the best quality; the maize to be of the best quality. The hay tenders must specify whether they are for oaten or wheaten hay.

2. The supplies are for police, telegraph, and other horses, and are to be delivered on the order of the officer in charge of the district or station. The quantities stated in the schedule being only approximate, it must be understood that the Government may draw either more or less than those mentioned; and should new telegraph stations be formed, or additional horses required to be stationed at any of the stations, the contractor will be required to supply the additional forage. Should the additional number of horses, however, exceed two, the contractor may, if he desires it, terminate the contract by supplying at once the whole quantity due at the station under the contract according to the foregoing schedule.

3. Notwithstanding anything contained in the preceding condition, the contractors for the supply to the Police Depot may be called upon to supply any other Government Departments within a radius of six miles from Melbourne, and for which no contracts have been taken, at the same rates.

4. The forage, when delivered, must be accompanied by the particulars of quantity, showing the net weight, to be indorsed on the back of the order, which, when signed by the officer in charge of the station, for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.

5. Each contractor will be required to prepare his own account in the prescribed form, and, on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Treasury, Melbourne, or the Pay Office of the district, as may be indicated by the contractor on the account.

6. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department (should circumstances require it) to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

7. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the Board is to be considered final.

8. If the Board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 6.

9. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue either to the public service or to the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 6.

10. A repetition of irregularity in the quantity or quality of the forage, or of the delay in delivering or replacing it when required, or refusal to execute orders, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Treasurer of the colony for the time being may direct. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attor ey, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

12. It will be competent for the Secretary of the Tender Board, on behalf of the Government, or for the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of three full calendar months to that effect, it being understood that such notice can only be given from the 1st day of a month, and provided that no such notice can be given before the 30th September, 1892, and in the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.

Treasurer.

## TENDERS FOR GRAZING LANDS.

Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Monday, 4th January, 1892.

NOTE.—The fee for the period from 1st January, 1892, to 31st December, 1892, and fee of Five shillings for licence, must accompany each tender.

TENDERS will be received by the Board of Land and Works up to Noon of Monday, 4th January, 1892, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the Land Act 1890 shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the Vermin Destruction Act 1890, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

## Conditions :

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the Land Act 1890, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the Land Act 1890, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the Land Act 1890 may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the Government Gazette that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same, without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate, or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach or neglect to comply with any of these conditions.

11. The publication of a notice in the Government Gazette, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do, he will be prosecuted according to law.

## Special Conditions :

1. The period of occupation will be from 1st January, 1892, to 31st December, 1892.

2. The licence-fee must be paid in advance. The fee for the period from 1st January, 1892, to 31st December, 1892—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 29, Block 4421," or "Lot 41, Block 4483," or "Lot 42, Block 4484," as the case may be.

6. The highest or any tender not necessarily accepted.  
7. Tenderers must give their full name and ordinary postal address.

8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.

**SHIRE OF BAIRNSDALE.**

**BY-LAW No. 11.**

A By-law of the Shire of Bairnsdale made under section 191 of the *Local Government Act 1890*, and numbered 11 (eleven) for regulating Crossings over Footways and Channels.

IN pursuance of the powers conferred in the *Local Government Act 1890*, the President, Councillors, and Ratepayers of the Shire of Bairnsdale order as follows:—

1. Every person who wilfully and without lawful excuse rides or drives any horse or other animal, or drives or wheels any carriage, cart, or other vehicle, upon along or across any footway or any water channel or gutter, or walks in or along any water channel or gutter, herein called channel, by the side of any street or road, save in each such case upon and by or at some crossing to be made as hereinafter mentioned, shall forfeit a sum not exceeding Five pounds, and shall also pay to the council such sum not exceeding Ten pounds by way of compensation for any damage done by him to the footway or channel as the justice adjudicating upon the information shall on the hearing thereof order.

2. If any land fronts to, adjoins, or abuts upon the footway of any street or road, and if access with horses and vehicles from such street or road to such land or to some sufficient way appurtenant thereto cannot be had without riding, driving, or wheeling the same respectively upon or across the said footway or the channel (if any) lying along the outer edge thereof, and if the owner of such land desires that a crossing for horses and other animals and for vehicles be made as herein provided over such footway and channel, and gives a notice in writing of such his desire to the council, and in such notice describes the land in question and the proposed work by reference to the specification deposited as hereinafter mentioned, such specification being in accordance with the provisions hereof and with such regulation as may be in force in that behalf, it shall be lawful for such owner, after seven clear days from the giving such notice and not before (with no unnecessary delay or obstruction), at his own cost and under the inspection of such officer as the council appoint for the purpose, to make such crossing according to the tenor of such notice and specification, and not otherwise, and the owner of such land shall afterwards in like manner maintain the same.

3. Every such owner who desires as aforesaid that any such crossing be made shall, before giving notice to the council as herein provided, deposit with the municipal clerk a specification describing the proposed work with respect to each of the several matters hereby or by any such regulation in force in that behalf required or provided.

4. Unless within the period of seven days after the receipt of any such notice as aforesaid the council gives notice to the person giving the same that (if the fact be so) such notice or the specification referred to therein and deposited is not in accordance with the provisions of such regulations as aforesaid, such notice and specification shall thereafter, so far only as affects the liability of such person to any penalty, be deemed to be in accordance therewith.

5. In streets or roads in which, at the site of any such proposed crossing, there is a curb of stone or wood along the outer edge of the footway, the crossing so far as the footway extends shall have on both sides a curb not higher in any part than the surface of the footway at that part and similar in all respects to such first-mentioned curb, and such curb shall approach to and join the street-curbing in gentle curves outwards, and such crossing shall be of such width, and the surface thereof so far as the footway extends shall have such inclination outwards, and be depressed so far below the footway, as has been respectively appointed by some regulation in that behalf, and shall with respect to the channel be so laid or constructed as not to raise or obstruct the same or any part thereof.

6. In streets or roads in which, at the site of such proposed crossing, there is no such curbing as in the last preceding section mentioned, the crossing over the channel shall be such suitable bridge as leaves a free passage for the water underneath the same, and shall be of such materials, form, length, size, strength, and fall as has been respectively appointed by some regulation in

that behalf, and the surface of such crossing so far as the footway extends shall be so made good by paving, macadamizing, gravelling, or otherwise that the necessary traffic by animals or vehicles over the same may not cause any damage thereto, but that such crossing may be as sound and commodious for the passage of persons using the footway as the other portions of such footway adjoining such crossing.

7. No person making any crossing shall be deemed guilty of an offence by reason only of some departure in making such crossing from the notice or specification relating thereto, unless the officer of the council appointed as hereinbefore provided to inspect the making of the crossing has reported in writing such departure to the council within three days after the same has occurred, and unless such person, being served by the council within three days after such report with a notice so to do, for the space of seven clear days after such notice has failed to correct or supply such departure.

8. If any crossing has been made in any respect contrary to this by-law or any regulation in force hereunder, it shall be lawful for the council if they see fit to cause the same to be altered so as to conform hereto and to such regulation respectively, and to recover in manner in the *Local Government Act 1890* provided the expenses of such alteration from the owner of the land to which such crossing leads, but they shall not so recover in those cases of departure from the notice or specification which the council or their officer might respectively have given notice of or reported, but failed to give notice of or report respectively in manner and within the time provided in the preceding sections hereof.

9. If any private street or road meets at an angle the footway of any public street or road, and there is no crossing upon and across such footway and the channel adjacent thereto from such private street or road to such public street or road, it shall be lawful for the council if they see fit to make in accordance with any regulation in force in that behalf a crossing upon and over such footway and channel of the description hereinbefore provided with respect to other crossings, and to recover from the owner of each of the tenements abutting on such private street or road such portion of the expenses of such making as bears to the whole of such expenses the same proportion as the rateable value of such tenement bears to the whole rateable value of all the tenements so abutting.

10. If any crossing across or over any footway or any channel to any land or way appurtenant thereto, or to any private street or road, has been made before the coming into operation of this subdivision, but is in any respect not in accordance with any regulation made hereunder, the council may if they see fit cause the same to be altered so as to conform to such regulation; and if such crossing has been made contrary to any by-law in force at the time of making the same, the council may recover the expenses of such alteration in manner in the last two preceding sections mentioned, according as one or the other may be applicable to the case.

11. If any crossing be out of repair, and the person liable hereunder to maintain or repair the same, for seven days after notice from the council to that effect, neglects properly and completely to repair the same, he shall forfeit for every day that such crossing remains so unrepared a sum of Forty shillings, and the council may, if they see fit, effect such repair and recover the same from such person before any justice.

12. It shall be lawful for the council from time to time to make regulations for all or any of the purposes following, that is to say:—

For regulating the width, depression, and inclination of crossings across or over footways and channels, and the materials for making and constructing the same, the mode of laying and bedding such materials, the length, width, size, strength and fall of bridge-crossings and the said inclination and fall, either absolutely or with relation to the levels, inclination or fall of the footway or channel or otherwise in like manner.
