2. *Rolls to be made out.*—The secretary shall, between the 1st and 6th days of December in each year, make out, according to the forms in the first, second, and third schedules hereto, rolls of the names of owners of ships registered at Melbourne, and of the names of merchants and traders entitled to vote in the election of commissioners, and also of the persons entitled to vote, as ratepayers of the respective municipalities of South Melbourne, Port Melbourne, Williamstown, and Footscray, in the election of commissioners for the said municipalities; and shall arrange such rolls respectively according to the alphabetical order of surnames contained therein, and shall state in such rolls against the name of each person the several particulars indicated in the several columns of the said schedules respectively.

3. *Inspection of rolls to be invited.*—The secretary shall forthwith, after making out the said rolls, notify by public advertisement the fact that copies of such rolls are in his custody and ready for inspection at his office, and shall keep such rolls to be inspected by any shipowner, merchant or trader, or ratepayer as aforesaid, and permit such inspection at all reasonable hours between the 6th and 10th days of December in each year. Such public advertisement shall, so far as relates to the rolls of owners of ships and merchants and traders, be made in some newspaper generally circulating in Melbourne; and so far as relates to the rolls of ratepayers, shall be made in some newspaper generally circulating in the municipality to which the rolls refer.

4. *Claims and objections may be lodged.*—Any person whose name has been omitted from any such rolls, and who claims to have his name inserted therein, shall, on or before the said 10th day of December, give or send by post to the secretary notice thereof, in writing, setting forth the particulars of the grounds upon which he claims to be so entitled, and shall sign the same with his name; and every person whose name has been inserted in any of such rolls may object to any other person as not being entitled to have his name retained in such rolls or as not entitled to have the number of votes set against his name therein; and every person so objecting shall, on or before the said 10th day of December, give or send by post to the secretary, and also send by post to the last known address within the colony of Victoria of the person objected to, notice, in writing, of such objection, stating the particulars of the grounds of such objection, and shall sign the same with his name; and the secretary shall cause lists to be prepared of all such claims and objections respectively.

24. *Vessels to rig jib-booms.*—All vessels anchored close to any fairway, or to any wharf, shall have their jib-booms rigged in close to the bowsprit cap, or their running bowsprits close in to the stem head.

25. *Ropes to be slacked.*—Every master of any vessel which shall be moored or navigated on any part of the river with a warp, hawser, rope, or chain across the river, or which shall have a rope across the river for any purpose whatever, unless in the act of entering or departing from any dock, swinging basin, or removing to and from any berth, shall cause the same to be slacked down, when practicable, on the approach of any other vessel which shall be proceeding, dropping, steaming, or sailing up or down the river, so that such last-mentioned vessel may pass safely, and without delay.

26. *Hobson's Bay anchorage.*—A pilot in charge of any vessel (not coming within the explosives anchorage regulations, see

page 16, &c.), entering the port, shall ascertain from the master whether such vessel is to discharge her cargo at any of the wharves at Port Melbourne or Williamstown, and shall moor her accordingly; but should there be no vacant berth, or should the vessel not be going alongside any wharf there, or to any wharf in the River Yarra Yarra, he is to moor such vessel with two anchors in a clear berth within the inner anchorage, as close over to the Port Melbourne or Williamstown side as her draught of water will permit.

27. *Master to comply with clauses 23 and 26*.—Masters of vessels exempt from pilotage shall comply with clauses 23 and 26, so far as relates to the anchorage within the port.

28. *Fairways to be kept clear*.—Whenever by unavoidable circumstances it has become necessary to let go an anchor in any fairway, channel, or river, the person in charge of the vessel from which it has been so let go shall, as soon as possible, lift the same, and place it in such a situation as not to interrupt or interfere with the free passage of other vessels.

29. *Collision, &c., to be reported*.—Should any vessel ground in the river, or should any anchor or article be let go or fall into the river from any vessel, whereby the navigation of the river may be obstructed or attended with danger to other vessels; or should a collision take place whereby damage is caused to any vessel, the master of every such vessel so grounding or colliding, or from which any anchor, article, or thing has been let go or fallen, as aforesaid, must immediately report the circumstances in writing to the harbor-master.

30. *Anchors*.—No vessel shall be navigated or lie in the river with the anchor or anchors hanging by the cable perpendicular from the hawse unless the stock be hove up close to the hawse-pipe, except during such time as shall be absolutely necessary for cutting or fishing the said anchor or anchors, or during such time as may be absolutely necessary for getting such vessels under way.

31. *Anchors*.—No vessel shall be navigated or lie in the river with its anchor or anchors a cock bill, except while fishing such anchor or anchors, or during such time as may be absolutely necessary for getting such vessel under way, or bringing it to anchor.

Before any vessel shall leave the port having cargo on board, the master or his agent shall, within 24 hours, deliver to the harbor-master as aforesaid a statement signed by him of the gross tonnage of the cargo laden within the port, and the place where the same was so laden.

34. *Timber rafts to be lighted*.—No rafts of timber shall lie in the navigable channel of the river. Rafts lying in the river or anchored or lying in Hobson's Bay must, between sunset and sunrise, exhibit a proper light on a pole 12 feet high, fitted properly on one end or part of such raft. Where the raft is over 200 feet in length, lights of the description above mentioned must be fitted and exhibited on each end thereof.

35. *Rafts, &c.*—No raft or timber shall be taken up the River Yarra Yarra without a written order from the harbor-master, and any raft intended to be made fast in the river shall be secured close to either bank in such place as the harbor-master may direct, and all rafts of timber must be hauled up and removed from the river within 48 hours after arrival at the wharf.

36. *Vessels about to be docked to be reported to harbor-master*.—No vessel shall be taken up the River Yarra Yarra for the purpose of being admitted into any graving dock, nor shall any vessel be docked, undocked, or removed to or from any wharf or anchorage, or to or from any dock or dock wharf, unless with the sanction and under the superintendance of the harbor-master.

37. *Vessels not to be hauled up, launched, or removed without consent of harbor-master*.—No vessel above 30 tons register shall be hauled up or launched from or removed to or from any patent slip, slipway, or launching-way within the port without the permission of the harbor-master; nor shall any vessel be removed to or from any graving dock unless and until the master or person in charge of such vessel shall have given to the harbor-master twelve hours' previous notice in writing of the intention so to remove the said vessel, and have obtained the consent of the harbor-master thereto.

38. *Ships to be berthed in rotation*.—All vessels, on application being made to the harbor-master, will be provided with berths when vacant in rotation, according to their time of arrival in the port. Any vessel, on being appointed a discharging berth, must immediately proceed to occupy it, and go on discharging, otherwise the berth may be given to the vessel next in turn.

39. *Hatches to be on*.—All vessels when not engaged in loading or unloading (except the hopper or other well barges belonging to the commissioners, open lighters, boats, half-decked yachts, or watermen's boats), having a hatchway or any large opening in the deck for the reception of machinery or otherwise, shall, between sunset and sunrise, have such hatchway or opening closed and properly secured, or properly lighted and watched by a special watchman.

44. *Steamer's furnace*.—The masters of steam vessels shall, as soon as their vessels are berthed, cause the furnaces and dampers to be so regulated as to prevent, as far as possible, accidents by fire, and shall so adjust their furnace doors and temper their furnace fires as that no more than the smallest practicable quantity of smoke shall pass therefrom.

45. *Steamers with vessels in tow*.—When steamers have vessels in tow, and are steering opposite courses, both steamers on approaching each other shall slack their speed, when practicable, until they have passed each other with their tow.

46. *Manner of towing*.—The master of any steam-ship employed in towing vessels shall not tow any vessels alongside or abreast of another (except vessels under 15 tons, when two and no more may be placed abreast), nor shall he tow vessels in train where such train exceeds 160 yards in length. The speed of every steam-ship engaged in towing vessels as aforesaid shall, whether in the harbor or river, be so reduced as to enable the persons in charge of the vessels towed, when cast off by the tug steamer, to bring them easily to, without the risk of damage, at any berth to which the harbor-master may order them. The commissioners' tug steamers are allowed ten punts in length of train. This regulation shall not apply to the dredges of the commissioners, inasmuch as the same require to be towed by steam vessels alongside.

Vessels of all descriptions over 15 tons register, whilst in tow of a tug-steamers, shall exhibit a red light on the port side and a green light on the starboard side, to be fitted with shades, and of the character prescribed in the Admiralty Regulations. 47. *Steamers passing ferries*.—The master of every steam-ship shall, at least 300 yards from any licensed ferry, slow the engines of his vessel to "dead slow," and, when his vessel is at a distance of 100 yards from such ferry, shall stop the engines, and not put them on ahead again until his vessel shall have passed 50 yards clear of such ferry and the ferry-boat's chains.

48. *Passing dredges, &c.*—The master of every steam-ship shall, at least 300 yards from any dredging machines, spoon barges, diving punts, or rock-boring machines belonging to the commissioners, put the engines of his vessel to "dead slow," and, when his vessel is passing over or along the mooring chains of the said machines, barges, or punts, he shall stop the engines until his vessel has passed 50 yards clear of such mooring chains.

49. *Dredge*.—All vessels passing any dredge shall pass on the side indicated by a red ball or flag displayed by day, and by two vertical red lights by night; when the ball is down they may pass on either side.

50. *Passing silt works*.—Whenever works are being executed by the commissioners, or silt is being landed from barges or punts, a red flag shall be hoisted upon a pole on the river bank at each end of the station or works or silt-landing depot, and, when any steam-ship is abreast of the red flag nearest to it, the master of such steam-ship shall reduce the speed of the engines to dead slow until his vessel shall have passed at least 50 yards beyond the flag at the other end of any such work, silt depot, barges, or punts.

51. *Rate of speed*.—*Speed in new channel*.—No steam-ship shall be navigated—(1) between the Queen's bridge and the outlet canal leading from North Melbourne Swamp; or when passing works in progress on the banks of the river, vessels at anchor or aground, tug steamers with trains in tow, sunken vessels, or vessels moored at any wharf, at a greater rate of speed than a maximum rate of four nautical miles per hour over the ground; (2) between the outlet canal and the black buoy at the entrance of the River Yarra Yarra at a greater rate of speed than a maximum rate of seven nautical miles per hour over the ground; (3) in or through the new channel across Fisherman's Bend at a greater rate of speed than five nautical miles per hour over the ground; (4) or within any other part of the port at a greater rate of speed than a maximum rate of eight nautical miles per hour over the ground. 52. *Not to anchor in new channel*.—No vessel shall anchor in the new channel, or moor or make fast to the warping piles on its banks, and should any vessel, from any cause whatever, be detained in the new channel, the master must immediately procure a steam tug and cause such vessel to be removed therefrom.

53. *Timber rafts in new channel*.—No rafts or logs of timber shall be anchored or made fast in the new channel.

55. *Punting in new channel*.—No vessel shall track or pole up or down the new channel.

56. *Navigating with care and caution*.—Notwithstanding anything contained herein, every steamship navigating the river or port shall be navigated with care and caution, and at a speed and in a manner which shall not endanger the safety of other vessels or moorings, or cause damage thereto, or to the banks of the river. Special care and caution must be used when passing vessels employed in dredging or removing sunken vessels or other

obstructions. If the safety of any vessel or mooring has been endangered, or damage has been caused thereto, or to the banks of the river, by a passing steam vessel, the onus shall lie upon the owner of such steam vessel of proving compliance with this rule.

57. *Steam vessels passing each other.*—When steam-ships proceeding in opposite directions approach each other, their helms shall, at a proper distance, be put to port, and, when at a distance of not less than 100 yards apart, their engines shall be slowed, and the vessels respectively be kept as near as possible to the right or starboard side of the river, so as to afford all possible facility for passing each other. This regulation shall not apply to dredging machines in course of being shifted from one place to another, or to tugs with trains of punts or barges in tow; but the master of every steam-ship meeting such dredges or tugs, and the masters of such dredges or tugs, must use every exertion to avoid collision.

58. *Man on look out.*—The master of every steam-vessel, when under weigh, shall be and remain on the bridge or on one of the paddle boxes of such steam vessel, and in addition there shall be a man at the helm, and a competent person in charge of and attending to the engine, and whilst any such steam vessel is plying between sunset and sunrise, or during fogs, a proper look out forward must be kept. The utmost care must be taken to prevent accidents to other vessels and boats.

59. *Passenger steam vessels.*—The master of every passenger steam vessel shall give notice in writing to the harbor-master, at his office, of the time his vessel will sail, at least twelve hours before the hour notified in the public newspapers as the time for sailing; and such steam vessel shall depart punctually at the hour so notified, unless prevented by an unavoidable accident. If any such accident arises it shall be immediately reported at the harbor-master's office.

PUBLIC HIGHWAY IN THE TOWN OF BALLARAT EAST.

PROCLAMATION

By His Excellency the Right Honorable John Adrian Louis, Earl of Hopetoun, Viscount Aithrie, and Baron Hope, in the Peerage of Scotland; Baron Hopetoun of Hopetoun, and Baron Niddry of Niddry Castle, in the Peerage of the United Kingdom; Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George; Governor and Commander-in-Chief in and over the Colony of Victoria and its Dependencies, &c., &c., &c.

WHEREAS by the *Local Government Act 1890* (54 Vict. No. 1112, section 388) it is amongst other things enacted that it shall be lawful for the Governor in Council at any time, and from time to time, upon the request of the council of any municipality, by notice in the *Government Gazette*, to declare any land reserved, used, or by purchase or exchange acquired for a street, road, highway, thoroughfare, bridge, square, court, alley, or right-of-way, to be a public highway, and that such land shall thereupon and thenceforth from the date of such Proclamation become and be absolutely dedicated to the public as a public highway within the meaning of any law then or thereafter in force: And whereas the Council of the Town of Ballarat East has requested that the land hereinafter mentioned, which has been reserved, used, or acquired by the said Council for the purpose of making a street within the said town, be so declared a public highway: Now therefore I, the Governor of Victoria, with the advice of the Executive Council, do by this notice declare the land reserved, used, or acquired for the street hereinafter named and described, and situate within the Town of Ballarat East aforesaid, to be a Public Highway within the meaning of the said Act, viz.:-

Name of Street.	Total Width.	Width of Carriage-way.	Width of Footpath on both sides.	Extent.

POLLING PLACE FOR MUNICIPAL ELECTIONS.

THE Governor, with the advice of the Executive Council, in pursuance of the provisions of section 116 of the *Local Government Act 1890* (54 Vict. No. 1112), has appointed the place hereinafter mentioned to be a Polling Place for the North and South Ridings of the Shire of Warragul, viz.:-

Mechanics Institute Darnum,
in lieu of State School No. 2319, Darnum, previously appointed.

J. H. WHEELER,
Commissioner of Public Works.

Public Works Office,
Melbourne, 22nd December, 1891.

SHIRE OF BULLEEN.

PETITION UNDER THE "LOCAL GOVERNMENT ACT 1890."

IN pursuance of the provisions of the *Local Government Act 1890* (No. 1112, section 43), the substance and prayer of a Petition in accordance with the 14th and 35th sections of the said Act, which has been presented to the Governor in Council, are published, viz.:-

The petition is under the common seal of the Shire of Bulleen, and prays that the name of the shire be changed.

The prayer of the petition is as follows:-

Your petitioners therefore humbly pray that your Excellency in Council, in exercise of the powers and authorities in this behalf contained in the *Local Government Act 1890*, will change the name of the municipality from the Shire of Bulleen to the Shire of Templestowe.

Commissioner of Public Works.

SHIRES OF DIMBOOLA AND LOWAN.

PROPOSED SEVERANCE OF AREA.

IN pursuance of the provisions of the *Local Government Act 1890* (No. 1112, section 43) the substance and prayer of a Petition, in accordance with the 41st section of the said Act, which has been presented to His Excellency the Governor, are published, viz.:-

The petitioners purport to constitute a majority of the rate-payers in the portion of the Shire of Dimboola described in their petition, and they desire that the area so described may be severed from the said Shire of Dimboola and annexed to the Shire of Lowan.

Area described in petition:-The parishes of Kiata, Ni Ni, and Babatchio.

Petitioners state that their interests would be much better served by the Lowan Shire, as at present their business relations are almost entirely with that shire, and they are more closely identified in every way with it, by reason of so much of their trades and traffic being in same.

That the offices of the Shire of Lowan are nearer to their abodes and more easy of access than those of the Shire of Dimboola; and as their representatives in the council are also members of the Lowan Shire Waterworks Trust and attend meetings of that body at Nhill, it would be a saving of much time and expense if they were able to attend the council meetings of the Shire of Lowan, which are held at Nhill on the same day.

That during the existence of the Dimboola Shire its management has not given satisfaction, and in consequence they have lost all confidence in such management as far as regards the area sought to be severed, which originally formed part of the Shire of Lowan before the constitution of the Shire of Dimboola.

That by annexing the area to the Shire of Lowan more immediate supervision will be obtained, and that with economical management they will have more to spend on public works.

The petitioners therefore humbly pray that Your Excellency will be pleased to exercise the powers conferred by the 14th section of the *Local Government Act 1890*, and cause that portion of the Shire of Dimboola above described to be severed from the Shire of Dimboola and annexed as a separate riding to the Shire of Lowan.

Notices on behalf of the petitioners may be served on Mr. F. W. F. Schultz, Woorak.

Commissioner of Public Works.

PROCLAMATION

By His Excellency the Right Honorable John Adrian Louis, Earl of Hopetoun, Viscount Aithrie, and Baron Hope, in the Peerage of Scotland; Baron Hopetoun of Hopetoun, and Baron Niddry of Niddry Castle, in the Peerage of the United Kingdom; Knight Grand Cross of the Most Distinguished Order of Saint Michael and Saint George; Governor and Commander-in-Chief in and over the Colony of Victoria and its Dependencies, &c., &c., &c.

WHEREAS by the *Fire Brigades Act 1890* (54 Vict. No. 1200) it is amongst other things enacted that, on the request of the council of any municipal district outside the metropolitan district or any country district, and on receiving a certificate from the Metropolitan Board or the Country Board (as the case may be) that it is necessary or desirable so to do, the Governor in Council may at any time, by Proclamation in the *Government Gazette*, declare that any such municipal district or any portion thereof shall be added to and form part of such fire district, and that thereupon such municipal district or portion shall, for the purposes of the said Act, be included in and become part of such fire district: And whereas the Country Fire Brigades Board has certified that it is desirable so to do: Now therefore I, the Governor of Victoria, with the advice of the Executive Council thereof, do by this Proclamation declare that so much of the Shire of Arapiles as lies within the boundaries of the township of Natimuk shall be added to and form part of the North-Western Fire District.

3. *Order of business at meetings.*—After the signing of the minutes as aforesaid, the order of business of an ordinary meeting shall be as follows, or as near thereto as may be practicable, but, for the greater convenience of the Trust at any particular meeting thereof, it may be altered by resolution to that effect:—

- (ix.) Other motions of which previous notice has been given.
- (x.) Notices of motion.
- (xi.) Reading of rough minutes (if required).

And the order of business at a special meeting shall be the order in which such business stands in the notice thereof.

4. *Addresses to Governor.*—All addresses to the Governor shall be presented by the chairman and secretary of the Trust, unless otherwise ordered by the Trust.

5. *Motions.*—All notices of motion shall be dated, and given by the intending mover to the secretary at the close of the meeting of the Trust, or delivered to him at his office personally or by post, provided that he receive them at least four days before the meeting at which they are to be proposed; and such secretary shall number and enter the same in the notice of motion book in the order in which they may be received.

6. *Notice of motion to be given.*—No commissioner shall make any motion initiating any subject for discussion but in pursuance of notice given, as prescribed in the last preceding clause.

7. *Petitions.*—No motion except that for receiving same shall, unless under most urgent circumstances, be made on any petition, memorial, or other like application until the next ordinary meeting of the Trust after that at which it has been presented.

8. *Motions to be moved in order in the motion book.*—Except by leave of the Trust, motions shall be moved in the order in which they have been received and recorded by the secretary in the notice of motion book, or they may be postponed by vote of the Trust, and if not so moved or postponed shall be struck out.

9. *Motion to be proceeded with by commissioner giving same, except with consent.*—No motion entered in the notice of motion book shall be proceeded with in the absence of the commissioner who gave notice of the same, unless by some other commissioner producing written authority from him to that effect.

10. *Draft of address or petition to be submitted at previous meeting.*—No motion for an address or petition shall be entertained unless the mover shall at some previous meeting have submitted a draft of the same.

11. *Orders, &c., of debate.*—Any commissioner desirous of making a motion or amendment, or taking part in discussion thereon, shall rise and address the chairman, and shall not be interrupted unless called to order, when he shall sit down until the commissioner (if any) calling to order shall have been heard thereon, and the question of order disposed of, when the commissioner in possession of the chair may proceed with the subject.

12. *Nature of motion to be stated.*—Any commissioner desirous of proposing an original motion or amendment must state the nature of the same before he addresses the Trust thereon.

13. *Motion not to be withdrawn without leave.*—No motion or amendment shall be withdrawn without the leave of the Trust.

14. *Motion to be seconded.*—No motion or amendment shall be discussed or put to the vote of the Trust unless it be seconded, but a commissioner may, however, require the enforcement of any standing order of the Trust by directing the Chairman's attention to the infraction thereof.

15. *Mover of motion.*—A commissioner moving a motion shall be held to have spoken thereon, but a commissioner merely seconding a motion shall not be held to have spoken upon it.

16. *Designation of commissioners.*—The commissioners in meeting of the Trust shall designate each other by their official titles, namely, that of chairman or commissioner, as the case may require.

17. *Priority of commissioners.*—If two or more commissioners rise to speak at the same time, the chairman shall decide which is entitled to priority.

18. *Chairman to rise in addressing the Trust.*—The chairman shall rise in addressing the Trust to discuss any question, and shall not leave the chair on such occasions.

19. *Commissioner not to speak a second time on the same question.*—No commissioner shall speak a second time on the same question, unless entitled to reply, or in explanation when he has been misrepresented or misunderstood.

20. *Points of order.*—The chairman, when called upon to decide on points of order or practice, shall state the provision, rule, or practice which he deems applicable to the case, without discussing or commenting on the same; and his decision as to order or explanation in each case shall be final, except when an appeal is made to the Trust immediately upon the chairman giving his decision. On such an appeal no commissioner shall speak more than once, and the question shall be put thus:—"Shall the decision of the chair be maintained?"

21. *Commissioners not to digress, &c.*—No commissioner shall digress from the subject-matter under discussion, or comment upon the words used by any other commissioner in a previous debate, and all imputations of improper motives and all personal reflections on commissioners shall be deemed highly disorderly.

22. *Commissioner to apologize for disorderly, &c., expressions.*—Whenever any commissioner shall make use of any expression disorderly, or capable of being applied offensively to any other commissioner, the commissioner so offending shall be required by the chairman to withdraw the expression, and to make a satisfactory apology to the Trust.

23. *Commissioner called to order to sit down.* A commissioner called to order shall sit down, unless permitted to explain.

24. *Commissioner twice offending guilty of an offence.*—Any commissioner using offensive or disorderly language, and having been twice called to order or to withdraw and apologize for such conduct, and refusing so to do, shall be liable to the penalty imposed for a breach of any of the provisions of this regulation.

25. *Strangers.*—Any person, not being a commissioner, who, having been admitted to any meeting of the Trust, shall be guilty thereof of any improper or disorderly conduct, or who shall not leave when lawfully requested by the chairman so to do, may be forthwith removed by him, and shall be liable to the penalty imposed for a breach of any of the provisions of this regulation.

26. *Committees of the whole.*—Whenever a majority of the Trust determine, any matter before the Trust may be referred to a committee of the whole for consideration and report to the Trust, and such report may be received and adopted, or otherwise as the Trust may think fit. When the Trust resolves itself into a committee of the whole, the public shall be ordered to withdraw by the chairman, and the doors shall be closed, unless a majority of the committee determine otherwise.

27. *Commissioners not attending order for call.*—Any commissioner not attending in compliance with an order for call of the Trust, without reasonable excuse to the satisfaction of the majority thereof, shall be liable to the penalty imposed for a breach of any of the provisions of this regulation.

28. *Commissioner may demand documents.*—Any commissioner may of right demand the production of any documents of the whole Trust applying to the question under discussion, and he may, at any time during business hours, require the officers of the Trust to produce for his inspection or examination any books or documents belonging to the Trust; but such books or documents shall not be removed from the offices without the permission of the chairman, and then only for short and limited periods.

29. *Voting.*—The Trust shall vote by a show of hands, and any commissioner present and not voting, and not being disabled by law from so doing, shall be liable to the penalty imposed for a breach of any of the provisions of this regulation. Divisions shall be taken upon any question submitted to the vote of the Trust, provided any commissioner demand it, before the next business has been proceeded with. When division is taken, the secretary shall call the names of those commissioners who are present, and enter in his minute-book how each vote, whether affirmatively or negatively, and the result shall be declared by the chairman.

30. *Question, how declared.*—The chairman shall, in talking the sense of the Trust, put the question first in the affirmative, then in the negative, and the results thereof shall be recorded in the minutes.

31. *Motions, &c., to be in writing.*—At every meeting of the Trust, all motions, whether original motions or amendments, shall be reduced into writing, signed by the mover, and delivered to the chairman immediately on their being moved and seconded.

32. *Amendments.*—(1) No second or subsequent amendment, whether upon an original proposition or an amendment, shall be taken into consideration until the previous amendment is disposed of. (2) An amendment destroying or altering the intention of a motion shall be in order, but an amendment relating to a different subject shall not be in order. (3) On an amendment to "strike out and insert," the paragraph to be amended shall first be read as it stands, then the words proposed to be struck out and inserted, and finally the paragraph as it would stand if so amended.

33. *Effect of rejection of original motion.*—If any words of an original question be rejected, the insertion of other proposed words shall form the next question, whereupon any further amendment to insert other words may be moved.

34. *If amendment be negatived, a second one may be moved.*—If an amendment be negatived, then a second amendment may be moved to the question to which the first-mentioned amendment was moved; but only one amendment shall be submitted to the Trust for discussion at a time.

35. *Mover of motion to have right of reply.*—The mover of every original proposition, but not of any amendment, shall have a right to reply, immediately after which the question shall be put from the chair; but no commissioner, with the above exception, shall be allowed to speak more than once on the same question, unless permission be given to explain or the attention of the chair be called to a point of order.

36. *Adjournment.*—(1) No discussion shall be allowed on any motion for adjournment of the Trust; but if, on the question being put, the motion be negatived, the subject then under consideration, or the next on the notice-paper, shall be discussed, or any other that may be allowed precedence, before any subsequent motion for adjournment be made. (2) A motion to

adjourn shall always be in order, except—1st, when a commissioner is in possession of the floor; 2nd, when the commissioners are voting; 3rd, when adjournment was the last preceding motion; 4th, when it has been decided that the previous question shall be taken. (3) A motion simply to adjourn cannot be amended, but a motion to adjourn may be and is open to debate.

37. *Protests.*—Any commissioner may protest against any resolution of the Trust, and notice of intention to protest shall in every case be given forthwith on the adoption of the resolution protested against; and the protest shall specify the reasons for protesting, and shall be entered three days at least before the next ordinary meeting of the Trust by the protesting commissioner, in a book to be kept for that purpose, in the office of the secretary, and signed by such commissioner, and shall be also entered in the minutes of the meeting at which notice of the intention to protest shall have been given previously to the confirmation thereof; but such protest may be expunged from the minutes if declared by a majority of the Trust to be not in accordance with truth or in its terms disrespectful to the Trust.

38. *Lapsed questions.*—If a debate on any motion moved and seconded be interrupted by the number of the commissioners present becoming insufficient for the transaction of business, such debate may be resumed at the point where it was so interrupted on motion upon notice.

39. *Explanations.*—While a member is speaking no one shall interrupt, except for the purpose of calling to order or asking of the chairman leave to explain or to call the previous question. A commissioner allowed to explain shall only have the right to explain an actual misunderstanding of language, and shall be strictly prohibited from going into debate on the merits of the case.

40. *Privileged questions.*—(1) When a question is before the Trust the only motion in order shall be—1st, to adjourn; 2nd, the previous question; 3rd, to lay on the table; 4th, to postpone indefinitely; 5th, to postpone to a definite period; 6th, to refer; 7th, to decide if the sense will permit of it; 8th, to amend; and to take precedence as herein arranged, and the first three to be decided without debate. (2) When the previous question is moved and seconded it shall be put in this form—"Shall the main question now be put?" If this is carried all further amendments and debates shall be excluded, and the question be put without delay. If the question has been amended the question shall be taken on the amendment first. It shall not be in order to reconsider the agreement to take the previous question. (3) When a motion and amendment are under discussion it will be in order for any member to give notice of another amendment which he intends to move in the event of the amendment being lost. Upon such notice no debate will be allowed at that stage. (4) When a motion is postponed indefinitely it shall not come up again during that meeting.

41. *Resolutions, how revoked or altered.*—No resolution at any meeting of the Trust shall be revoked or altered at any subsequent meeting unless notice of the intention to propose such resolution or alteration be given to each of the commissioners seven days at least before holding the meeting, nor unless such revocation or alteration be determined upon by a majority consisting of two-thirds of the commissioners present at such subsequent meeting if the number of commissioners present at such subsequent meeting be not greater than the number present when such resolution was come to, or by a majority if the number of commissioners present at such subsequent meeting be greater than the number present at such former meeting.

42. *Special meetings.*—The Trust may hold special meetings, and the chairman or any three or more of the commissioners may call a special meeting, but no such meeting shall be held unless four clear days' notice thereof at least be given.

43. *Notices of meetings.*—All notices of any meeting or adjourned meeting of the Trust shall be in writing, and shall be delivered or sent by the post or otherwise to the place of abode or place of business of each of the commissioners two clear days at least previous to such meeting; and every such notice shall specify the time of meeting; and, in case of a special meeting, shall specify the object thereof; and no business shall be transacted at any special meeting except such as is stated in the notice thereof.

44. *Power to suspend officers.*—The Trust may, at any ordinary or special meeting, resolve that a special meeting be called to consider the removal from his office of any officer appointed by the Trust, and may direct that notice of such special meeting be given, and thereupon may suspend such officer from his office pending the holding of such meeting, and may appoint some other person to perform the duties of such office in the meanwhile.

45. *Committees of Trust and quorum.*—The Trust may from time to time, as they may see fit, appoint occasional or standing committees, and may fix the quorum of every such committee, and every such committee shall appoint one of the commissioners thereof to be chairman of such committee; and the Trust may from time to time continue, alter, or discontinue such committee, and such committee may from time to time remove such chairman; and every such committee shall report to the Trust. The chairman of the Trust shall be *ex officio* member of all committees, and shall preside at all meetings at which he is present.

46. *Meetings, chairman, &c., of committee.*—Every committee so appointed may meet from time to time, and may adjourn from place to place as they may think proper, but no business shall be transacted at any meeting of the committee unless the quorum of members (if any) fixed by the Trust, and, if no quorum be fixed, three members be present; and at all meetings of the committee, if the chairman be not present, one of the commissioners present shall be appointed chairman; and all questions shall be determined by a majority of the votes of the commissioners present, and, in case of an equal division of votes, the chairman shall have a casting vote in addition to his vote as a member of the committee.

47. *Seal.*—The seal of the Trust shall be in the custody of the secretary, and shall not be impressed except by direction of the Trust, and in the presence of at least three commissioners.

48. *Lapsed order of the day may be restored.*—If a debate on any order of the day be interrupted by such insufficiency of number as aforesaid happening, such order may be restored to the notice-book for a future day on motion upon notice, and then such debate shall be resumed at the point where it was so interrupted.

49. *Committees.*—Minutes of all proceedings of committees, as well as their reports, numbered in consecutive order, shall be entered in the committee's minute-book, and, being signed by the chairman of the committee, shall be presented to the Trust; and the secretary, when practicable, shall attend all meetings of the committee.

50. *Meetings of committees.*—The secretary shall convene every committee within ten days of its first appointment, or at any time thereafter by order of the Trust, or on the written order of the chairman of the committee, or of any two members of the committee.

51. *Petitions.*—No petition shall be presented after the Trust shall have proceeded to the orders of the day.

52. *Petitions to be respectful.*—It shall be incumbent on every commissioner presenting a petition to acquaint himself with the contents thereof, and to ascertain that it does not contain language disrespectful to the Trust, and that the contents do not violate any by-law or any provision hereof.

53. *Commissioners to affix their names.*—Every commissioner presenting a petition to the Trust shall write his name at the beginning thereof.

54. *Petition to be in writing.*—Every petition shall be in writing, and not printed or lithographed, and shall contain the prayer of the petitioners at the end thereof; and the petition shall be prepared in a way similar to that adopted with regard to petitions presented to Parliament.

55. *To be signed by the petitioners.*—Every petition shall be signed by the persons whose names are appended thereto by their names or marks, and by no one else, except in cases of incapacity by sickness.

56. *No letters, &c., to be attached.*—No letters, affidavits, or other documents shall be attached to any petition.

57. *No letters or memorials to be dealt with.*—No letters or memorials shall be dealt with at any meeting of the commissioners unless received at the offices of the Trust, or the office of the chairman, not later than the day preceding the day of meeting.

58. *Deputations to signify intention.*—Deputations can only be received by the Trust when they have signified their intention of waiting upon the Trust, and stated their object at least one day beforehand.

59. *Letters or memorials returned for amendment.*—When letters or memorials do not accurately indicate the localities by giving the number of the allotment, and section, and name of the parish, or other technical description, it shall be in order to return the documents for amendment.

60. *Commissioners confined to statement of certain facts.*—Every commissioner presenting a petition to the Trust shall confine himself to a statement of the persons from whom it comes, of the number of signatures attached to it, of the material allegations contained in it, and to the reading of the prayer thereof.

61. *Appointment, &c., of officers.*—No appointment to any permanent office at the disposal of the Trust shall take place until seven clear days' public notice shall have been given by advertisement in one or more newspapers circulating in the irrigation district, and such other newspapers, if any, as the Trust may determine, inviting applications from qualified candidates for the same.

62. *Salaries of officers, &c.*—The salary or allowance attached to all offices and places at the disposal of the Trust shall, in all cases, be fixed before they proceed to appoint any person to fill the same, by advertisement inviting applications as aforesaid, and shall be specified in such advertisement, except when the Trust by special resolution, which may be moved without notice, orders otherwise.

63. *No commissioner, &c., to be surety for officer.*—No commissioner or officer of the Trust, and no assessor or auditor of the Trust, shall be received as surety for any officer appointed by the Trust, or for any work to be done for the Trust.

64. *Expense of preparing security.*—In all cases of security being given for the faithful performance of any duty or contract, the expense of preparing such security shall be borne by the person providing the same.

65. *Suspension of rules.*—Any one or more of the rules and regulations contained herein may be suspended for a special purpose on motion, upon notice duly given, and shall not otherwise be suspended, except by a unanimous vote of the Trust.

66. *Penalties.*—If any person commit a breach of any of the provisions of this regulation, he or she shall be liable, for every such offence, to a penalty of not exceeding five pounds.

THE Commissioners of the Kyabram Waterworks Trust, the waterworks district of which has been proclaimed an Urban District for the purpose of the *Water Act 1890*, do hereby, in pursuance of the powers conferred by the said Act, make the Regulations following:—

1. For water supplied by the Trust by measurement (except in cases of special arrangement with the Trust) Two shillings and sixpence shall be charged for every 1,000 gallons. The minimum quantity of water to be charged for in each case when water is supplied by measure shall be:—

(1.) If for domestic and other than domestic purposes, the quantity for which the charge at Two shillings and sixpence per 1,000 gallons would be equal to the amount of the assessed rate which would be payable for the premises so supplied, if supplied other than by measure.

If for other than domestic purposes, 30,000 gallons per half-year.

2. No hose or pipe is to be applied to any pipes or taps for the purpose of watering the ground or plants, or washing house walls or carriages, or for any similar purpose, unless the water is charged for by meter.

3. Any person receiving water from the Trust who shall take and carry away such water from the premises, or who shall allow any person to carry or take away such water, or shall sell the same to any other person, shall be liable to a penalty not exceeding Five pounds.

4. The service-pipes for conveying water from the pipes of the Trust into the premises of consumers shall in no case exceed the following diameters:—For the domestic supply of premises not exceeding Twenty pounds annual value, one-half inch diameter; for the domestic supply of premises exceeding Twenty pounds annual value, three-quarter inch diameter; for the supply of water for other than domestic purposes, and for all supplies by meter, such diameter as the Trust shall authorize in each case.

5. The Trust may contract with any owner or occupier of any lands or tenements, who is entitled to be supplied with water from its works, or who is desirous of being so supplied, for the provision and laying of a service-pipe from the pipes of the Trust to the boundary of such land or tenement abutting on the street or road in which are the pipes of the Trust.

6. No person shall connect any service-pipe or branch service-pipe with any steam-boiler for the purpose of feeding or supplying the same with water, without first affixing a self-acting valve for preventing the pressure of the steam reversing or affecting the dial of the meter.

7. Overflow pipes to private baths will not be permitted.

8. Water-closets will not be allowed to be supplied direct from the main, but from a cistern only, so constructed that the water cannot flow continuously, and that no more than 2 gallons can escape at each flush.

9. No meter shall be affixed unless the dial of the same is capable of registering one million (1,000,000) gallons.

10. If any person supplied with water by the Trust does or causes or permits to be done anything in contravention of these Regulations, or fails to pay his rates or any lawful charge imposed by the Trust when due, or fails to do anything which under any of these Regulations ought to be done, or wilfully or negligently allows water to run to waste, the Trust may cut off the supply of water from the premises of such person, either by cutting the pipes by or through which the water is supplied or otherwise, and may cease to supply him with water so long as the cause of complaint remains or is not remedied.

11. The water supplied in the waterworks district of the Trust shall be received and consumed under and in accordance with these Regulations, and not otherwise, through pipes and meters laid and being under and in accordance with the said Regulations and not otherwise.

Printed forms of tender and conditions of contract may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge at any station, by whom also information or explanation will be afforded to persons tendering.

As much forage as can be stored at any station where the storage is small will, for the convenience of the contractor, be ordered at one time.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per cental of 100 lbs. (net weight), including delivery at the stations, and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied the contractor will be required to remove them when delivery is taken. At other stations, notice will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

Tenders, which should be upon the printed form, will be received for either oats, bran, hay, or straw (the particular kind of hay or straw offered to be stated); but if all be included in one tender it may be accepted for one article only, if advisable. Oaten hay will be preferred. If sheaf hay be tendered for, it must be so stated in the tender.

Telegrams or tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract within ten days after the acceptance is notified. Two approved sureties are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Forage," and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.

CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed, except when otherwise specified in the contract; the straw to be wheat or oaten, and both to be in all respects of the best quality; oats, clean white (Victorian grown) and bran to be sound and sweet, and of the best description; chaff to be made from oaten hay of the best quality; the maize to be of the best quality. The hay tenders must specify whether they are for oaten or wheat hay.

2. The supplies are for police, telegraph, and other horses, and are to be delivered on the order of the officer in charge of the district or station. The quantities stated in the schedule being only approximate, it must be understood that the Government may draw either more or less than those mentioned; and should new telegraph stations be formed, or additional horses required to be stationed at any of the stations, the contractor will be required to supply the additional forage. Should the additional number of horses, however, exceed two, the contractor may, if he desires it, terminate the contract by supplying at once the whole quantity due at the station under the contract according to the foregoing schedule.

3. Notwithstanding anything contained in the preceding condition, the contractors for the supply to the Police Depot may be called upon to supply any other Government Departments within a radius of six miles from Melbourne, and for which no contracts have been taken, at the same rates.

4. The forage, when delivered, must be accompanied by the particulars of quantity, showing the net weight, to be indorsed on the back of the order, which, when signed by the officer in charge of the station, for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.

5. Each contractor will be required to prepare his own account in the prescribed form, and, on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Treasury, Melbourne, or the Pay Office of the district, as may be indicated by the contractor on the account.

6. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department (should circumstances require it) to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

7. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the Board is to be considered final.

8. If the Board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 6.

9. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue either to the public service or to the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 6.

10. A repetition of irregularity in the quantity or quality of the forage, or of the delay in delivering or replacing it when required, or refusal to execute orders, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Treasurer of the colony for the time being may direct. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attor ey, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

12. It will be competent for the Secretary of the Tender Board, on behalf of the Government, or for the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of three full calendar months to that effect, it being understood that such notice can only be given from the 1st day of a month, and provided that no such notice can be given before the 30th September, 1892, and in the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.

Melbourne, 28th November, 1891.

JAMES MUNRO,
Treasurer.

TENDERS FOR GRAZING LANDS.

Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Monday, 4th January, 1892.

NOTE.—The fee for the period from 1st January, 1892, to 31st December, 1892, and fee of Five shillings for licence, must accompany each tender.

TENDERS will be received by the Board of Land and Works up to Noon of Monday, 4th January, 1892, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions :

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case of the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same, without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate, or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do, he will be prosecuted according to law.

Special Conditions :

1. The period of occupation will be from 1st January, 1892, to 31st December, 1892.

2. The licence-fee must be paid in advance. The fee for the period from 1st January, 1892, to 31st December, 1892—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 29, Block 4421," or "Lot 41, Block 4483," or "Lot 42, Block 4484," as the case may be.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.

8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.

Plans can be seen and information may be obtained in this office.

4575

SHIRE OF PHILLIP ISLAND.

NOTICE is hereby given that it is the intention of the council of the Shire of Phillip Island, under section 428, *Local Government Act 1890*, to apply to the Governor in Council to grant to John Cleland, of Newhaven, Phillip Island, a licence to close with unlocked swing-gates, for a period of five years, the road leading from the main Coves and Newhaven road to Cape Woolamai. The said road commences at the north-west angle of allotment 159 and extends along the western boundaries of allotments 159, 160, and 163 to Cape Woolamai, parish of Phillip Island.

The following are the reasons for the aforesaid application:—
1. The said road passes through an impassable swamp and terminates at a very precipitous sand hummock, and therefore utterly impracticable to ever make a road.

2. The lands adjoining each side of road belong to John Cleland, and therefore the temporary closing of road will not create any inconvenience.

3. The traffic to Cape Woolamai (which has hitherto been through Mr. Cleland's property to avoid aforesaid swamp and sand hills) is so slight the temporary closing of road by means of unlocked swing-gates will not be injurious to the public.

By order of Council,

H. BONWICK,
Shire Secretary.
