REGULATIONS.

1. Cadet detachments may be established in schools where there are not less than 20 boys in any one school who are prepared to obtain the approved uniform, and are of the required age and height.

The Commanding Officer may, subject to the approval of the Military Commandant, also appoint acting subalterns. Officers of Cadet Corps (acting officers excepted) will rank with officers of Militia, as junior in their grades; but such rank will not entitle any officer of Cadet Corps to assume command over any officer of another branch of the service. The Commanding Officer shall appoint non-commissioned officers.

14. All applications for the formation of detachments must be forwarded by the Commanding Officer through the Military Commandant to the Minister for the approval of the Governor in Council.

20. Any detachment which is unfavorably reported on at two successive half-yearly inspections will be disbanded.

21. An officer must be present with the cadets at target practice, and must exercise the utmost vigilance to prevent accidents, observing that *each cadet handles his rifle with the care necessary to prevent the possibility of danger to himself or others.* (Where no officer is competent to undertake the work, it will be necessary to secure the services of a Warrant or Non-commissioned Officer of the Permanent Staff.) The ammunition must be retained *in the officer's own possession*, only the requisite number of rounds necessary for the practice being handed to each Cadet, and at the conclusion of the practice every precaution must be taken that none remains in their hands. Arms and pouches must be examined before leaving the Range.

22. The power in regard to ordinary promotions of Non-commissioned Officers, and to reductions to a lower grade or to the ranks, will be exercised by the Commanding Officer. The power of dismissal for misconduct, &c., will also be exercised by this officer, subject to the approval of the Military Commandant.

29. The various battalions shall be commanded by officers approved of by the Military Commandant. Battalion Commanders, if of the rank of Captain, may be recommended for the rank of Major, after five years' service as such, by the Military Commandant. On the surrender of licence to the Trust, the Ten pounds deposit (if not forfeited) shall be refunded.

(4) No private services whatsoever shall be laid, or extensions made by any licensed person unless he has ascertained at the Trust's office that the person for whom such work is intended has received the consent of the proper officers of the Trust to have such work executed.

(5) Within 24 hours after the completion of each service the licensed person by whom such service shall have been laid shall report at the office of the Trust the completion of such service.

(6) If at any time any such licensed person wilfully acts contrary to any of the provisions of this Regulation, either by himself or his workman, or refuses to communicate any needful and proper information required of him in regard to any work connected with the works of the Trust, done by him

or his workmen, or under his superintendence, or upon his responsibility, his name may be erased by the Trust from the list of licensed plumbers.

(7) Each licensed person shall be held solely responsible to the Trust for such service-pipes being laid and completed by him, or his workmen, in a sound, workmanlike, and durable manner, and maintained in that condition (sound and water-tight) for a period of three months after such service-pipe has been completed.

(8) Each licensed person shall be held responsible to the Trust for any injury occasioned by him or his workmen to the streets and mains, or any property of the Trust, or to private services already laid and connected with the Trust's water supply, and full compensation for such injury, including cost of all repairs necessitated thereby, shall be paid by such licensed person to the Trust within 24 hours of the time such injury was occasioned.

In the construction of this Regulation the word "person" shall be deemed to extend to and include a corporation, whether aggregate or sole, and the word "Trust" shall mean the Bairnsdale Irrigation and Water Supply Trust.

The above Regulation was passed by the Commission of the Bairnsdale Irrigation and Water Supply Trust, on the 15th day of January, 1891, under and by virtue of the provisions of the Water Act of 1890, and the corporate seal of the Trust was affixed hereto in the presence of—

REGULATION No. 5.

IN pursuance of the powers conferred by the *Water Act 1890*, the St. Arnaud Shire Waterworks Trust makes the Regulation as follows:—

Regulation for the making of a rate, for the year 1891, on all rateable property within the St. Arnaud Shire Waterworks Trust District.

The following rate for the year 1891, commencing on the 1st day of January, is made on the annual value of all the rateable property within the St. Arnaud Shire Waterworks Trust District, according to the valuation for the time being on the lands and tenements for the municipal rates of the Shire of St. Arnaud, that is to say, a rate of Ninepence in the pound on such valuation.

Such rate is hereby made payable on the 1st day of May, 1891. Such person or persons as the Commissioners of the said Trust may from time to time appoint for the purpose shall be authorized to demand and receive the said rate.

RODNEY IRRIGATION AND WATER SUPPLY TRUST. REGULATION No. 4.

Regulation for graduated rate by the Rodney Irrigation and Water Supply Trust under the "Water Act 1890."

WHEREAS the moneys received during the year 1890 by the Rodney Irrigation and Water Supply Trust were not sufficient to provide for the payment of the sums due by such Trust to the Board of Land and Works for the payment of the interest due upon the loan contracted by such Trust, and for all the other lawful expenses incurred by such Trust in the control and management of the said Rodney Irrigation and Water Supply Trust: And whereas it is anticipated that the moneys receivable by the said Irrigation and Water Supply Trust during the year 1891 will not, without a rate, be sufficient to meet the estimated expenditure and liabilities of the said Trust of the year 1891, and it is therefore necessary to make a rate to meet as

well the said deficiency in the revenue of the year 1890 as the estimated expenditure and liabilities of the year 1891: And whereas by an Order made by the Governor in Council on the 24th day of February, 1891, the district of the said Rodney Irrigation and Water Supply Trust was divided into three divisions, numbered and named in the said order:—

1. The No. 1 Division.
2. The No. 2 Division.
3. The No. 3 Division.

With the several boundaries to such divisions set out in the said order.

And by the said Order in Council it is directed that the necessary rates for paying interest on all moneys borrowed by the Rodney Irrigation and Water Supply Trust for the construction and maintenance of their works, or to meet any other expenses in connexion therewith, shall be levied differentially as between such said divisions, and to determine that the proportions in which such divisions shall be rated respectively one to another, regard being had to the cost and expenses of the works constructed, wholly or in part, for the benefit of such divisions respectively shall be as follows, that is to say:—

That the respective rating in the pound sterling on the annual value of rateable property rated for municipal purposes in the said divisions shall be—

The No. 1 division...	One shilling
The No. 2 division...	Sixpence
The No. 3 division...	Sixpence.

And whereas the Commissioners of the said Rodney Irrigation and Water Supply Trust have, in accordance with the said recited Order in Council, determined for the several purposes authorized in the said Act to make the rate set out in the following regulation, and have, in accordance with the provisions of the said Act, submitted such rate and regulation for the approval of the Governor in Council, who has, by Order in Council, made on the 24th day of February, 1891, given his approval to same, and such approval was published on the 27th day of February, 1891, in the *Victorian Government Gazette*, and was also published in the *Tatara Herald* newspaper, being a newspaper circulating in the said district. Now, therefore, the Commissioners of the said Rodney Irrigation and Water Supply Trust, in pursuance and exercise of the powers, and for the several purposes authorized by the said *Water Act 1890*, and in accordance with the Order in Council of the 24th day of February, 1891, do, upon this 11th day of March, 1891, make the regulation to which the Governor in Council has given his approval by Order in Council as above recited by the regulation following, that is to say:—

The rate hereinafter specified is that which the owners and occupiers of lands and tenements within the aforesaid divisions shall pay in respect of the term of one year from the 1st day of January to the 31st day of December, 1891, on all lands and tenements according to the municipal valuation for the time being on all such lands and tenements during the said year, that is to say:—

On rateable property within the No. 1 Division, a rate of One shilling in the pound sterling of such valuation;

On rateable property within the No. 2 Division, a rate of Sixpence in the pound sterling of such valuation;

On rateable property within the No. 3 Division, a rate of Sixpence in the pound sterling of such valuation.

Such rate is hereby made on the 1st day of January, 1891.

Such person or persons appointed by the Trust for that purpose shall be authorized to collect and recover the said rates. The foregoing regulation, numbered four, was made by the Commissioners of the Rodney Irrigation and Water Supply Trust, under and by virtue of section 234 of the *Water Act 1890*, this 11th day of March, 1891.

The common seal of the Rodney Irrigation and Water Supply Trust was hereunto affixed by the authority of the said Trust in the presence of—

(SEAL) MART. GUSSEN, Chairman.
J. A. CAREY, Secretary.

Approved by the Governor in Council

SHIRES OF EAST LODDON AND KORONG.

PROPOSED SEVERANCE OF AREA.

IN pursuance of the provisions of the *Local Government Act 1890* (No. 112, sec. 43), the substance and prayer of a Petition in accordance with the 41st section of the said Act, which has been presented to His Excellency the Governor, are published, viz:—

The petitioners purport to constitute a majority of the ratepayers in the portion of the Shire of Korong described in their petition, and they desire that the area so described may be severed from the said Shire of Korong and annexed to the Shire of East Loddon.

Area described in petition—

Commencing at a point in the centre of the Loddon River in line with the south boundary of allotment 11, parish of Kinypaniel; thence westerly by a road along south boundary of said allotment 11 and south boundaries of allotments 12, 14, 15, and 16 of same parish to the south-west angle of last-named allotment 16; thence southerly by a road to the south-east angle of allotment 161A of the said parish; thence westerly by a road along south boundaries of allotments 161A and 164 to the north-east angle of the parish of Borung, the south-west angle of last-named allotment 164; thence in a general direction westerly by the northern boundary of the parish of Borung to the south-east angle of the parish of Wychitella; thence northerly by the eastern boundary of said parish to the south-east angle of allotment 72 of the last-named parish; thence westerly by the southern boundary of the said allotment 72 and the southern boundaries of allotments 71, 69, 66, and 64 in the same parish to

the south-west angle of last-named allotment; thence northerly by a road to the south-east angle of allotment 59 of the last-named parish; thence westerly by a road along south boundaries of allotments 53, 53, 52, 51, 48, and 47 to the south-west angle of last-named allotment 47 on the western boundary of the parish of Wychitella; thence northerly by the western boundary of the parish of Wychitella to the north-west angle of allotment 38 of said parish; thence easterly by the northern boundary of said allotment 38 to the north-east angle of same; thence north by the continuation of the road forming the eastern boundary of said allotment 38 to the intersection with a road forming north boundary of allotment 28; thence east by said road along the northern boundaries of allotments 28 and 27 to the north-east angle of last-named allotment; thence south by the road forming east boundary of allotment 27 to the south-west angle of allotment 18; thence north-easterly by a three-chain road on southern boundary of allotment 18, and easterly along north boundary of allotment 24 to the north-west angle of allotment 23; thence east by the road along north boundary of allotment 23, parish of Wychitella, and north boundaries of allotments 117 and 116, parish of Mysia, to the road on western boundaries of allotments 115A and 115 of last-named parish; thence north by said road to the north-west angle of last-named allotment 115; thence east by a road along north boundaries of allotments 115, 114, 112, 111, 110, and 109 to a point in the centre of the Kinypaniel Creek in continuation of said road; thence following that creek in an easterly direction to a point opposite the centre of a three-chain road north of allotment 106; thence east by said road along the north boundaries of allotments 106, 105, 104, 181, 103 and 101 to a point in the centre of the Loddon River opposite the centre of said road; thence southerly by the centre of said river to a point in line with the south boundary of allotment 11, parish of Kinypaniel, the commencing point aforesaid.

Petitioners state that in consequence of the council refusing to collect water rate levied by the Loddon United Water Trust, and pay the interest owing by that body, as by law empowered to do, the Trust has to be kept in existence, and this necessitates them paying a larger amount of rates than they would otherwise be called upon to contribute. It is also stated that the functions above-mentioned are, in the case of the East Loddon Shire, carried out by the council.

The petitioners therefore humbly pray that your Excellency will be pleased to exercise the powers conferred by the 14th section of the *Local Government Act 1890*, and cause that portion of the Shire of Korong above described to be severed from the Shire of Korong and annexed as a separate riding of the Shire of East Loddon.

Notices on behalf of the petitioners may be served on Mr. John Johnston, of Fernhurst.

BENALLA SHIRE.

PROPOSED SEVERANCE OF AREA AND CONSTITUTION OF A NEW MUNICIPALITY.

IN pursuance of the provisions of the *Local Government Act 1890* (No. 112, section 43), the substance and prayer of a Petition in accordance with the 41st section of the said Act, which has been presented to His Excellency the Governor, are published, viz:—

The petitioners purport to constitute a majority of the ratepayers in the portion of the Shire of Benalla which is described in their petition, and they desire that the area so described may be severed from the Shire of Benalla and constituted a new municipality under the name or title of "The Shire of Dookie."

Area described in petition: Commencing at the south-west corner of the parish of Currawa; thence following the north bank of the Broken River to the south-east corner of the parish of Stewarton; thence along the eastern boundary of the parish of Stewarton; thence to the north-east corner of the said parish; thence along the one-chain road to its junction with the two-chain road (known as the Murray-road); thence along the said road to the northern boundary of the Benalla Shire; and thence along the said boundary to its north-west corner; and thence south to the commencing point.

Petitioners state that it will be greatly to their advantage to be severed, as they have no interests in common with the other portion of the shire; that owing to the distance from Benalla, where the council meetings are held, and the inconvenience and loss of time involved in attending the meetings, they are debarred from having local representatives in the council, and, in consequence, have not received a fair equivalent for the amount of revenue they have contributed; that many important and urgently needed works are overlooked and neglected, to their detriment; that in consequence of the size of the shire it is impossible for the officers to exercise an efficient supervision over the works.

Petitioners therefore pray that His Excellency in Council may be pleased to sever the said area from the Shire of Benalla, and constitute it a separate municipality under the name and title of the "Shire of Dookie."

Notice for the petitioners may be served on Mr. James Moylan, of Cashel.

SHIRES OF ELTHAM AND YEA.

PROPOSED SEVERANCE OF AREA.

IN pursuance of the provisions of the *Local Government Act 1890* (No. 1112, sec. 43), the substance and prayer of a Petition in accordance with the 41st section of the said Act, which has been presented to His Excellency the Governor, are published, viz.:—

The petitioners purport to constitute a majority of the rate-payers in the portion of the Shire of Yea described in their petition, and they desire that the area so described may be severed from the said Shire of Yea and annexed to the Shire of Eltham.

Area described in petition: Commencing at the south-west corner of allotment 16a (J. Johnston's), parish of Kinglake, county of Anglesey; thence northerly and easterly by the boundaries of said allotment to Pleasant Creek; thence southerly by said creek to north-west corner of allotment 20a; thence easterly to north-east corner of allotment 20b northerly to south-east corner of allotment 18a; thence northerly by western boundary of said allotment to a one-chain road; thence easterly for one mile by said road to its junction with a two-chain road; thence southerly for thirty-five chains to the junction of a one-chain road and easterly by said road to the north-west corner of allotment 53a, and southerly by western boundary of said allotment to the Island Creek; thence northerly by said creek to the south-west corner of allotment 52b easterly to western boundary of allotment 52a, southerly and easterly by boundaries of said allotment to north-west corner of allotment 76; thence easterly by northern boundaries of allotments 76 and 75 to the north-east corner of allotment 74, parish of Woodbourne, northerly three hundred and eighty-seven links to south boundary of allotment 54; thence easterly by south boundaries of allotments 54, 55, and 56 to a point one thousand one hundred and ninety-nine links east of south-east corner of allotment 56; thence south twenty-one thousand one hundred and thirty-six links to north-east corner of allotment 6, parish of Tarawarra North; thence south to and by eastern boundary of said allotment to the Dividing Range; and thence westerly by the northern boundary of the Shire of Eltham to point of commencement.

Petitioners state that no rates have yet been levied on them by the Yea Shire Council, neither do they derive any benefit from or have anything in common with their interests, all the traffic to and from their land being over the roads of the Eltham Shire.

The petitioners therefore humbly pray that Your Excellency will be pleased to exercise the powers conferred by the 14th section of the *Local Government Act 1890*, and cause that portion of the Shire of Yea above described to be severed from the Shire of Yea and annexed to the Shire of Eltham.

Notices on behalf of the petitioners may be served on Mr. William Atkins, 343 Brunswick-street, North Fitzroy.

LOWAN SHIRE.

PROPOSED SEVERANCE OF AREA AND CONSTITUTION OF A NEW MUNICIPALITY.

IN pursuance of the provisions of the *Local Government Act 1890* (No. 1112, sect. 43), the substance and prayer of a Petition in accordance with the 41st section of the said Act, which has been presented to His Excellency the Governor, are published, viz.:—

The petitioners purport to constitute a majority of the rate-payers in the portion of the Shire of Lowan which is described in their petition, and they desire that the area so described may be severed from the Shire of Lowan and constituted a new municipality under the name or title of "The Shire of Lawloit."

Area described in Petition:—

Commencing at the north-west angle of Mallee Allotment No. 179, being a point on the west boundary of the colony and of the shire; thence east by the north boundary of Mallee Allotments Nos. 179 to 183; thence north to the north-west angle of Mallee Allotment 184; thence east again by the north boundaries of Mallee Allotments 184 to 187; thence north again to the north-west angle of Mallee Allotment 188; thence east again by the north boundary of Mallee Allotments 188, 189, and 190, the north-east angle of the allotment last-named; thence north by the east boundary of Mallee Allotment 187 to the north-west angle thereof; thence further north by the east boundary of the parish of Lawloit; thence west by the north boundary of said parish to its north-west angle; thence north by the east boundary of the parish of Miranpiram and west by the north boundary thereof and part of the parish of Yarrock to the south-west angle of the parish of Peechenber; thence north by the west boundary of the parishes of Peechenber, Dahwedarra, and of Mallee Allotment 27 to the south boundary of Mallee Block 39n; thence east to the south-east angle of said block 39n; thence north by the east boundary of Mallee Blocks 39n, 38n, 37n, 32n, and part of 31n, to the boundary between the shires of Lowan and Swan Hill; thence west by that boundary to the western boundary of the colony, being the shire boundary, and thence southerly by that boundary to the commencing point.

Petitioners state that the Lowan Shire is too large at present to be controlled efficiently, that by constituting the new shire more immediate supervision will be obtained, the present representatives of the area sought to be severed having to travel a distance of 30 miles to the council meetings, sustaining a loss of two days and extra expense, whereas, in the new shire, no representative will have to travel more than ten miles; that with economical management the proposed new shire will have a considerably greater amount to expend in public works.

Petitioners therefore pray that His Excellency in Council may be pleased to sever the said area from the shire of Lowan and constitute it a separate municipality under the name and title of the "Shire of Lawloit"; that it be subdivided into three ridings; and that the council consist of nine (9) members.

Notices for the petitioners may be served on Mr. B. Rupert Smith, Kaniva.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders enclosed in an envelope, and having the words "Tender for _____ at _____" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or if sent by post they must be prepaid, and addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. All the articles are to be of the best quality of the several kinds, in the best condition, and, to be delivered in sound packages, free from all charges for cartage, freight, &c. The goods shall be delivered as may be directed by the officer ordering the supply.

2. Supplies for country stations for which no local contract may have been taken, or for which the contract has been terminated, may be ordered under the Melbourne contract.

3. Packages suitable for transport of goods supplied must be provided by the contractor free of expense, and the value of these packages, whether in bulk or otherwise, is to be included in the price demanded, except brandy casks, porter cases, hogsheads, butter firkins, and soap boxes (not including fancy soaps), flour, meal, and potato bags, which will remain the property of the contractor, and only the actual net weight or quantity received will be paid for. The empties to be removed at the contractor's expense.

4. Bread.—A sample of the best ordinarily retailed to the public will be considered as a test loaf for first quality. Third quality (that issued to prisoners of the Crown) to be made of flour, fine sharps, the produce of prime, strong, thin-skinned, good coloured wheat, to be perfectly free from coarse pollard or other offal.

5. Milk.—The milk must be fresh, pure, and of the best quality, and subject to test when required by the department. Should the supply prove to be not of contract quality, any expense incurred will be charged to the contractor.

6. Fresh meat is to be supplied in such proportions as may be required, and, when the quantity admits, to be delivered in fore and hind quarters alternately, also buttocks only when ordered. When shins of beef form a portion of the supply, a fair proportion of the bone, not less than ten inches, must have been cut off. The sticking pieces must be removed from the fore quarters of beef.

7. Potatoes to be dry and free from dirt. Contractors to supply 105 lbs. of potatoes for each cental credited to them, and, in addition, to take back all rejected before being cooked.

8. The supplies coming under the head of Rations and Medical Comforts are to be delivered direct to the establishment entitled thereto on the written order of the officer in charge. All other supplies will be ordered by the head of department concerned or any officer authorized by him.

9. At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor, and the account is to be rendered as soon as possible after the delivery of the supplies accompanied by the receipted delivery order. For the supplies coming under the head of Rations and Medical Comforts, the account is to be rendered monthly for such quantities only as are issued, the difference between the supply and issue to be kept at the contractor's credit. Supplies not issued at the termination of the contract to be removed by the contractor. The rates or quantities quoted in the orders cannot be exceeded.

10. Should the contractor fail to supply any articles at the time mentioned in the order, they or any like supplies suitable for the service will be otherwise procured, and the expense over and above the contract price will be deducted from his account or from the security money.

11. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same to be decided, in cases where the article is not of a perishable nature, by a board of survey composed of persons

named by the head of the department, and the decision of the board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 10.

12. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor; failing which, it or any like supply suitable for the service will be procured by the officer requiring it, and the expense charged as in clause 10.

13. In the case of supplies for lunatic asylums, it will also be competent for two or more of the official visitors, in conjunction with the medical superintendent, to reject any supplies that they may consider not in accordance with contract; and in such cases the reference to a board of survey will not be deemed to be necessary on the part of the contractor.

14. In the case of supplies for lunatic asylums, it will be competent for a board of survey, consisting of the medical superintendent (or, in his absence, of the medical officer) and any two officers named by him, to examine and reject any supplies that may be objected to. It must be distinctly understood, however, that the contractor will have a right of appeal to the Treasurer of the colony for the time being; but, pending such appeal, he must take back the rejected articles and at once supply others of approved quality; failing which, the supplies required or any like supplies suitable for the service may be obtained by the officer concerned, and the expense charged to the contractor. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such stores may be returned to the contractor.

15. As the exact quantity of any article of provisions which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.

16. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the persons to whom the rations are due or to the contractor in waiting for a board to survey, the head of the department, or officer authorized to take delivery will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which, it or any like supply suitable for the service will be obtained by the officer requiring it. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

17. A refusal to execute orders, or a repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £50, as the said Treasurer may direct. It will also be in the power of the said Treasurer, upon such refusal or repetition, to terminate the contract forthwith and forfeit the whole or any part of the security money.

18. When a contractor is required to make delivery of goods at a railway station for transmission by rail, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate of the form as an authority for the carriers to act as agent for and charge the freight to the Stores and Transport Department. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be retained by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 17 of these conditions.

19. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

20. It will be competent for the Secretary to the Tender Board to terminate the contract, without notice, should there be reason to know that the contractor takes advantage of his contract to communicate improperly with a prisoner.

21. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat or Defence Department, or on account of other Governments, or for supplies to the aborigines; or by the consumption of the produce or surplus stock of any Government establishment; or by any article being made at and supplied for the use of any Government establishment.

22. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

23. In the event of any alteration in the tariff affecting any of the items included in these contracts, the Government will neither claim any decrease upon the contract price nor entertain any application from a contractor for any increase to it.

10. This licence may be forfeited if the licensee commit a breach or neglect to comply with any of these conditions.
