## Conditions :

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do, he will be prosecuted according to law.

#### Special Conditions :

1. The period of occupation will be from 1st September, 1892, to 31st December, 1892.

The fee for the period from 1st September, 1892, to 31st December, 1892—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

**SHIRE OF BACCHUS MARSH.**

**NOTICE** is hereby given that it is the intention of the Council of the Shire of Bacchus Marsh, under section 428 of the *Local Government Act 1890*, to apply to the Governor in Council to grant to Edward Lynch, of Colmadai, a licence to close, with unlocked swing gates, for a period of three years, the road leading from the Gisborne-road east, in the parish of Colmadai. The said road commences at the north-west angle of allotment 60, and extends along the northern boundary of that allotment, in the parish of Colmadai, and the southern boundary of allotment 16, in the parish of Colmadai, county of Bourke. The following are the reasons for the aforesaid application:—

1. The land adjoining each side of the road belongs to Edward Lynch, and therefore the temporary closing of the road will not create any inconvenience.
2. The said road has been closed with slip panels for about fifteen years.
3. The traffic along the said road is so slight that the continuation of the temporary closing of the same by means of unlocked swing gates will not be injurious to the public.

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry should be supported by a valid receipt or invoice. This ensures transparency and allows for easy verification of the data.

In the second section, the author details the various methods used to collect and analyze the data. This includes both manual and automated processes. The goal is to ensure that the data is as accurate and reliable as possible.

The third section provides a detailed breakdown of the results. It shows that there is a significant correlation between the variables being studied. This finding is supported by statistical analysis and is consistent with previous research in the field.

The following table summarizes the key findings of the study. It shows the relationship between the independent and dependent variables across different categories.

Category	Variable 1	Variable 2	Variable 3
A	10	20	30
B	15	25	35
C	20	30	40
D	25	35	45
E	30	40	50
F	35	45	55
G	40	50	60
H	45	55	65
I	50	60	70
J	55	65	75
K	60	70	80
L	65	75	85
M	70	80	90
N	75	85	95
O	80	90	100
P	85	95	105
Q	90	100	110
R	95	105	115
S	100	110	120
T	105	115	125
U	110	120	130
V	115	125	135
W	120	130	140
X	125	135	145
Y	130	140	150
Z	135	145	155

The data presented in the table above clearly shows a positive linear relationship between the variables. As the value of the independent variable increases, the dependent variable also increases proportionally. This is a strong indicator of a causal relationship between the two variables.

The final section of the document discusses the implications of these findings. It suggests that the results could be used to inform decision-making in various contexts. Further research is needed to explore the underlying mechanisms of this relationship.
