SHIRE OF BULN BULN.

PROPOSED RE-SUBDIVISION.

IN pursuance of the provisions of the *Local Government Act 1890* (No. 1112, section 43), the substance and prayer of a petition, in accordance with the 10th section of Act 1243 and the 41st section of Act 1112, which has been presented to His Excellency the Governor in Council, are published, viz.:—

The petitioners purport to be at least one-fourth of the persons whose names are for the time being on the municipal roll of the Shire of Buln Buln.

The petitioners state that equal representation at the council table of the territory and revenue of the shire is impossible under the existing subdivision, and consider that six councillors are not sufficient to know the numerous requirements of the ratepayers, or to otherwise efficiently administer the *Local Government Act*.

The names of the proposed subdivisions are as follows:—

North Riding.
Centre Riding.
South Riding.

Petitioners therefore pray that the necessary steps be taken to re-subdivide the shire as desired.

Notices for the petitioners may be served on Mr. Isaac Ramsden, Jindivick.

SHIRE OF McIVOR AND BOROUGH OF HEATHCOTE.

PETITION UNDER THE LOCAL GOVERNMENT ACTS.

IN pursuance of the provisions of the *Local Government Act 1890* (No. 1112, section 43), the substance and prayer of a petition, in accordance with the 41st section of the said Act and the 10th section of the Act No. 1243, which has been presented to His Excellency the Governor in Council, are published, viz.:—

The petition is under the common seals of the Shire of McIvor and the Borough of Heathcote, and prays that those municipalities may be united so as to form one shire to be called the "Shire of McIvor." It is further proposed that the united municipality be subdivided into four ridings, the subdivisions of the existing Shire of McIvor being retained under their present names, and the Borough of McIvor being formed into a separate riding to be called the Central Riding.

The petitioners consider that it will be to their advantage and mutual benefit to have this union effected, and therefore pray "That the Shire of McIvor and Borough of Heathcote be united and form one municipality under the title of the Shire of McIvor."

Commissioner of Public Works.

No meter shall be affixed unless the dial on same is capable of registering one million gallons.

4. No person shall lay any pipe to communicate with the pipes of the Trust without giving two days' notice of the day and hour when such pipe is intended to be made to communicate with the pipes of the Trust, nor shall make such communication except under the superintendence and according to the directions of a duly authorized officer of the Trust appointed for the purpose; and any person committing a breach of this regulation shall be liable to a penalty not exceeding Five pounds for every such breach.

5. The Trust may contract with any owner or occupier of any lands or tenements, who is entitled to be supplied with water from its works, or who is desirous of being supplied, for the provision and laying of a service-pipe from the pipes of the Trust to the boundary of such land or tenement abutting upon the street or road in which are pipes of the Trust.

6. No person supplied with water by the Trust shall wilfully or negligently allow the same to run to waste, and any person committing a breach of this regulation shall be liable to a penalty not exceeding Five pounds for such breach.

7. No person shall connect any service-pipe or branch service-pipe with any steam-boiler for the purpose of feeding or supplying the same with water without first affixing a self-acting valve for preventing the pressure of the steam reversing or affecting the dial of the meter under a penalty of Five pounds, and in the event of continuing the offence to a penalty of Two pounds for each day after notice from the Trust to affix such self-acting valve.

8. Overflow pipes to private baths will not be permitted.

9. No person shall affix any service-pipe to any pipe of the Trust, or alter, or repair, or in any manner interfere with any pipe of the Trust, or any service-pipe, cock, or fitting connected with the pipes of the Trust, until he shall have obtained from the Trust a licence in that behalf to execute such works. And any unlicensed person affixing, altering, or repairing, or in any manner interfering with any such pipe, service-pipe, cock, or fitting aforesaid, shall be liable to a penalty not exceeding Five pounds.

10. Before any licence shall be granted by the Trust, the person applying for the same shall satisfy the Trust that he is a competent plumber.

The Trust shall have the power of cancelling such licence at any time.

11. Any person, whether licensed or not, who shall offend by opening any ground, so as to uncover any pipe or pipes the property of the Trust, without giving two days' notice to the Trust of his intention so to do, or who shall in any way tamper with or alter any pipe the property of the Trust, without the permission of the Trust in writing being first obtained, or who shall wilfully or carelessly break, injure, or open any lock, cock, valve pipe, work, or engine, the property of the Trust, shall be liable for each such offence to a penalty not exceeding Five pounds.

12. If any person shall neglect to repair any service-pipe conveying water from the pipes of the Trust into the premises of such person, after having received notice from any officer of the Trust that such service-pipe requires repairing, the Trust may stop the water from flowing into such premises either by cutting off the service-pipe or otherwise as the Trust may seem fit, unless the necessary repair shall have been effected. The service-pipes from the main being the property of the owners or occupiers of the tenements supplied by such service-pipes, the occupier, if any, and, if none, the owner, shall in every instance in which damage shall be caused by reason of such service-pipe being leaky, or otherwise out of repair or broken, be liable to a penalty not exceeding Five pounds, and in the event of continuing the offence to a further penalty of Two pounds for each day after notice of the offence from the Trust.

13. Before any licensed person shall break up any footpath for the purpose of laying on water from the main to any house or premises he shall deposit with the Trust the sum of Two pounds, and in case he shall not immediately after laying on the water as aforesaid make good and restore the said footpath to the satisfaction of the Trust, then the said sum of Two pounds shall be absolutely forfeited to the Trust, which shall be at liberty to expend the same in making good and restoring the said footpath or otherwise as the Trust may seem best.

14. Any person watering any street or footpath by means of a hose, except under the direction of the officers of the Trust, shall be liable to a penalty of Two pounds for each offence.

15. If any person bathe in any stream, reservoir, aqueduct, which, by notice in the *Government Gazette*, has been required to be kept free from contamination or pollution for domestic water supply, or in any other waterworks belonging to the Trust, or wash, or throw, or cause to enter therein any dog or other animal, he shall, for each such offence, be liable to a penalty not exceeding Five pounds.

16. If any person throw or convey, or cause or permit to be thrown or conveyed, any rubbish, dirt, filth, or other noisome thing into any stream, reservoir, aqueduct, or other waterworks belonging to the Trust, or wash or cleanse therein any cloth, wool, leather, or skin of any animal, or any clothes or other thing, he shall be liable for each such offence to a penalty not exceeding Five pounds.

17. If any person supplied with water by the Trust does, or causes or permits to be done, anything in contravention of these regulations, or fails to pay his rates or any lawful charge imposed by the Trust when due, or fails to do anything, which under any of these regulations ought to be done, or wilfully or neglectfully allows water to run to waste, the Trust may cut off the supply of water from the premises of such person, either by cutting the pipes by or through which water is supplied or otherwise; and may cease to supply him with water so long as the cause of complaint remains or is not remedied.

18. The water supplied in the waterworks district of the Trust shall be received and consumed under and in accordance with these regulations, and not otherwise, through pipes and meter laid, placed, and being in accordance with the said regulations, and not otherwise.

19. In the construction of these Regulations, the word person shall extend to and be deemed to include a corporation, whether aggregate or sole, and the word Trust shall mean the Nhill Waterworks Trust.

OMEQ WATERWORKS TRUST.—REGULATION.

THE Commissioners of the Omeo Waterworks Trust do hereby, in pursuance of the provisions of the *Water Act 1890*, make the following Regulation:—

1. Every person desiring to be supplied by the Trust with water by measure shall, at his own expense, provide a meter (which meter shall be submitted to and examined by the proper officer of the Trust, who, if he shall find the same correct and in proper working order, shall give his certificate to that effect) which when fixed shall be maintained and kept in proper working order by such person.

The meter must be so placed as to be open for inspection and so as to be protected from injury, and with means of access thereto. The key of the meter shall be in possession of the Trust.

No meter shall be connected with more than one separate and distinct inlet-pipe leading from the service-pipe unless otherwise permitted by order of the Trust.

2. All service-pipes with necessary stop-cocks shall be supplied and fixed at the cost of the person or persons requiring the same under the direction and supervision of such officer or servant as the Trust may appoint.

3. All delivery cocks to be of high pressure and of strong hard brass, and all exposed places to be open and shut by a movable key or handle.

4. Plumbers and other persons employed to lay on service-pipes and to fix meters, or to relay or refix the same, must satisfy the proper officer of the Trust that they are competent to perform the same in a workmanlike manner, and shall pay a licence-fee of One pound per annum.

5. No meter shall be affixed unless the dial of the same is capable of registering one million (1,000,000) gallons.

6. If any person shall waste water of the Trust by neglecting to repair any service-pipe conveying water from the mains of the Trust into the premises of such person, after receiving notice from any officer of the Trust that such service-pipe requires repairing the Trust may stop the water from flowing into such premises, either by cutting off the service-pipe or otherwise as the Trust may see fit until the necessary repairs shall be effected.

7. No person supplied with water by the Trust shall wilfully or negligently allow the same to run to waste, nor shall any person not supplied with water by measure at any time use water by hose; and any person committing a breach of this regulation shall be liable to a penalty not exceeding Five pounds.

8. Water-closets will not be allowed to be supplied direct from the main but from a cistern only, so constructed that water cannot flow continuously, and not more than 2 gallons can escape at each flush.

9. Any person receiving water from the Trust who shall take or carry away such water from his premises, or who shall allow any person to take or carry away such water, or shall sell the same to any other person, shall be liable to a penalty not exceeding Five pounds.

10. Any person not having agreed to be supplied by the Trust who shall take or carry away water from any drinking-tap, trough, private or public service-pipe, shall be liable to a penalty not exceeding Five pounds.

11. No person shall lay any pipe to communicate with the pipes of the Trust without giving two days' notice of the day and hour when such pipe is intended to be made to communicate except under the superintendence and according to the directions of a duly authorized officer of the Trust appointed for the purpose; and any person committing a breach of this regulation shall be liable to a penalty not exceeding Five pounds for every such breach.

12. The service-pipes for conveying water from the pipes of the Trust into the premises of the customers shall each have a stop-cock at the main and another at the footpath, and shall in no case exceed the following diameters:—

For the domestic supply of premises not exceeding Twenty pounds annual value, $\frac{1}{2}$ -in. diameter.

For the domestic supply of premises exceeding Twenty pounds annual value, $\frac{3}{4}$ -in. diameter.

For the supply of water for other than domestic purposes, and for all supplies by meter, such diameter as the Trust shall authorize in each case.

13. No pipes shall be affixed to the main pipe nor to any service-pipe or apparatus connected therewith, nor shall any alteration be made in any existing pipes or apparatus without notice in writing of the intention so to do being given to the Trust, and the consent of the Trust thereto first had and obtained.

14. Overflow pipes to private baths will not be permitted, the inlet-pipe to which must be visible and accessible, and attached to the bath above the bottom thereof, and the bath provided with a proper well-fitted and water-tight ground outlet plug or cock.

15. All water-troughs must be fitted with approved self-acting taps, to prevent overflow.

16. Buildings in the course of erection will be supplied with water at the rate of One per centum on the contract price of foundations, masonry, brickwork, and plastering, to be paid in advance, before making any connexions. Buildings not being built by contract, at such a charge as shall be agreed to by the Trust.

17. The water supplied in the Trust district shall be received and used under and in accordance with these regulations and the *Water Act 1890* and such parts of the *Public Works Statute 1890* as are incorporated therewith.

18. If any person, whether supplied with water by the Trust or otherwise, shall commit a breach of these regulations, such person shall be liable to a penalty not exceeding Five pounds for each such offence; and any such person, if supplied with water by the Trust, shall be liable to have the water cut off from his premises, either by cutting the pipes by or through which such

water is supplied or otherwise, as the Trust may think fit, and such supply shall cease so long as the cause of complaint remains or is not remedied.

19. In the foregoing resolutions, wherever the word "officer" or "servant" appears, the same shall be deemed to be taken and mean an officer or servant of the Trust duly authorized in that behalf.

The foregoing regulation was made by the Commissioners of the Omeo Waterworks Trust under and by virtue of the *Water Act 1890* this 8th day of March, 1892.

The seal of the said Trust was hereto affixed in the presence of—

Separate tenders will be received for each schedule, but they must include the whole of the articles therein mentioned, and a separate price must be stated for each article.

Tenders having alterations or erasures therein will not be entertained.

Tenders must be accompanied by the preliminary deposit as shown above in bank notes, or a bank draft in favour of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

Security will be required either in Government debentures, bank deposit-receipt in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

Persons failing to take up their contracts will be disqualified from tendering for Government supplies for a period of twelve months.

Tenders, enclosed in a separate envelope, and having the words "Tender for —" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. The Government will not be bound to order from the contractor all the articles enumerated in the schedules, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the quantity stated in the schedules, the contractor will nevertheless be bound to supply the same at contract rates.

2. The supplies are to be the same as sample where so stated, and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases, the supplies are to be the best quality of their several kinds or manufacture. A preference will, however, be given to goods of Victorian manufacture, provided the quality is equal to the particular manufacture indicated in the schedule.

3. The value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for. Contractors must provide, without extra charge, whatever labour may be required in the packing of stores.

4. All orders for supplies will emanate from the departments requiring the goods. The goods shall be delivered as may be directed by the officer ordering the supply. At the time of

delivering the supplies the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor.

5. Supplies ordered for delivery in Melbourne and Williamstown districts are to be delivered free of all charges (whether cartage, freight, &c.), and, for the purposes of these contracts, Melbourne district will include a radius of six miles from the General Post Office; and Williamstown district will include the town of Williamstown, Hobson's Bay, and the River Yarra.

6. Arrangements as to time of delivery and inspection of goods will be made by the officers ordering the goods.

7. Orders must receive prompt execution; and, in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officers named in Condition 6, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

8. The contractor will be required to furnish his account in the prescribed form as soon as possible after delivery of the full quantities of goods ordered, the account being accompanied by the receipted delivery orders on which it is based. The prices quoted in the orders cannot be increased.

9. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such stores may be returned to the contractor.

10. When a contractor is required to make delivery of goods at a railway station for transmission by rail, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate of the form as an authority for the carriers to act as agent for and charge the freight to the Stores and Transport Department. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be retained by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 13 of these conditions.

11. Delivery will not be deemed to have been made until the goods have been approved of. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in Condition 7.

12. The members of boards of survey will be appointed by the Treasurer of the Colony for the time being, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in Condition 7.

13. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in Condition 7. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith and forfeit the whole or any portion of the security money.

14. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

15. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

16. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat or the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Departments of Public Works and Defence, or on account of other Governments, or for the Telegraph or Railway Departments, or for supplies to the Aborigines, or for connexions and fittings of Diamond Drills; or by any article being made at and supplied for the use of any Government establishment; or by the consumption of the surplus stock of any Government establishment.

17. In the event of any alteration in the tariff affecting any of the items included in these contracts, the Government will neither claim any decrease upon the contract price nor entertain any application from a contractor for any increase to it.

WM. SHIELDS.

In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds of manufacture. A preference will, however, be given to goods of Victorian manufacture, provided the quality be equal to the particular manufacture indicated in the schedule.

7. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with order to which it relates. The prices quoted in the orders cannot be increased.

8. The acceptance of the supplies shall be subject to the approval of the officer named in condition 5. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods.

9. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in condition 6.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Tuesday, 25th April, 1892.

NOTE.—The fee for the period from 1st May, 1892, to 31st December, 1892, and fee of Five shillings for licence, must accompany each tender.

TENDERS will be received by the Board of Land and Works up to Noon of Tuesday, 26th April, 1892, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same, without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate, or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do, he will be prosecuted according to law.

Special Conditions:

1. The period of occupation will be from 1st May, 1892, to 31st December, 1892.

2. The licence-fee must be paid in advance. The fee for the period from 1st May, 1892, to 31st December, 1892—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 1, Block 164," or "Lot 2, Block 364," or "Lot 3, Block 436," as the case may be.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.

8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.
