*Post Office Act 1890.***REGULATIONS FOR THE ERECTION OF PRIVATE TELEPHONE LINES.**

THE following Regulations for the Erection of Private Telephone Lines were approved of by His Excellency the Governor in Council on the 26th September, 1893:—

REGULATIONS.

In country districts a private person may be allowed to erect poles and wires for a telephone line mainly upon his own land, provided such line be used exclusively for his own private purposes, and be not run from a point in the vicinity of a telegraph office to another point in a like vicinity, upon payment in advance of a licence-fee to the Postmaster-General of £1 per mile per annum for the first four miles; after that, 10s. per mile or fraction thereof per annum; provided, nevertheless, that the licence-fee shall, in no case, exceed £7 per annum.

Where the line may cross or run along public roads or tracks, the height of the wire above the highest portion of the road or track shall not be less than 18 feet, and the poles carrying the wire at such places shall be of a substantial character, and be struttled or stayed, if necessary, to stand the strain of the wire.

All fittings upon such poles, such as brackets, pins, insulators, wire, &c., shall be of approved material and make.

The person wishing to erect the line must submit a plan and specification showing the route to be followed, especially marking where roads are to be crossed or entered upon, and describing the nature and dimensions of the materials to be used in the construction of the line, and any other particulars which may be required, upon receipt of which the Postmaster-General may direct an officer of the Post Office and Telegraph Department to examine such plan and specification and, if necessary, make an inspection of the route, the cost of such examination and inspection to be borne by the person wishing to erect the line; and should the report of such officer disclose that the line will not, in any way, interfere with or endanger any other line of telegraph, whether belonging to the Postmaster-General, the Victorian Railways Commissioners, or any private person, and that the material and method of erection described in the specification are satisfactory, the Postmaster-General may, upon payment of the necessary fees, grant permission to erect. Provided, however, that such permission shall in no case be granted in the event of the route of such proposed line being along any public road, railway, or track, or over or across any private land other than land belonging to the person desirous of erecting such private line, unless and until the necessary authority of the local municipal council or the owners of such private land (as the case may be) shall have been obtained, and satisfactory evidence to that effect shall have been forwarded to the Postmaster-General.

The person to whom such permission has been granted shall, upon the completion of the line, report the fact to the Postmaster-General, when an officer of the Post Office and Telegraph Department may be sent to inspect the line, and report whether the work has been satisfactorily carried out; the cost of

such inspection to be borne by the person who erected the line. If the work be not to the satisfaction of the inspecting officer, he shall issue instructions as to what is required, and on the defects being made good, a licence to use the line may be issued.

Should the person to whom permission has been granted to erect the line fail to make good the defects pointed out, the Postmaster-General may take such steps as he may deem necessary to remove the portions objected to, and the person seeking the licence to use the line shall be prohibited from so doing until the requirements of the Postmaster-General have been satisfactorily complied with.

The Postmaster-General may direct an official inspection of such lines to be made periodically; and the officer making such inspection may direct the licensee to make such alterations or repairs as may to him appear necessary, and the licensee shall immediately carry out the same; and in the event of his failing to do so within a reasonable time, the officer shall report to that effect, and the licence to use such line shall be cancelled.

The licensee shall be wholly responsible for the repairs and maintenance of the line, and he shall undertake to maintain the same in a thoroughly efficient manner, at his own cost; and any alterations, repairs, or other works which the Postmaster-General may, in the interests of public safety or convenience, order to be done, shall be charged to the licensee, and may be recovered by the ordinary process of law.

The licensee shall undertake that the line shall be used for his own private purposes only, and in no case shall he charge or accept a fee for the use of the line or for the transmission of any communication over the same; and in the event of it being proved that he has done so at any time, the licence may be cancelled, and he may be proceeded against for an infringement of the Post Office Act.

In the event of the licensee's line being found to interfere in any way with the future erection of any lines by the Postmaster-General or the Victorian Railways Commissioners, the Postmaster-General may direct the licensee's line to be altered, removed, re-erected in another position, or otherwise dealt with as may be deemed necessary.

The licensee shall be solely responsible for any damage which may arise to life, limb, or property which may be caused by the poles, wire, or other portions of the line erected by the licensee.

Where the line is required to be erected partly on poles the property of the Postmaster-General and partly on poles the property of the licensee, the latter shall pay at the rate of £4 per annum per mile for the first three miles, and £2 per annum per mile over that distance for the portion erected on the Government poles, but the wire erected on such poles shall be erected and maintained by the Postmaster-General.

In cases where the licensee requires the line to be connected with a post and telegraph office for the purpose of transmitting and receiving telegrams, a fee of £5 5s. per annum will be charged in cities and large towns, and £2 2s. in small towns, in addition to the rates herein quoted. It must be understood that the usual telegraphic rates will be charged in addition to the above on all telegrams transmitted over the lines beyond the office connected, or for delivery from that office.

AGAR WYNNE,
Postmaster-General.

TRIENNIAL GENERAL RENEWAL OF ELECTORS' RIGHTS.**SPECIAL NOTICE TO ELECTORS.**

IT is hereby notified that holders of electors' rights bearing date on or before the 1st December, 1892, must obtain renewed rights in lieu thereof, in order to have their names placed upon the new General Lists to be made up on the 1st December next.

Neglect of this precaution will result in the omission of the names of the persons so neglecting from the new lists.

The old right must in every case be delivered up to the registrar, but the renewed right will be equally available for any election that may take place before the coming into force of the new rolls.

The Electoral Registrars and Deputy Electoral Registrars will keep open their offices for the issue of rights until Ten o'clock p.m. each night from the 27th November to the 1st December inclusive.

Intending applicants for electors' rights are cautioned to apply early to the registrar. The law requires the prescribed questions as to an applicant's qualification to be answered in writing; therefore, if application be postponed until the last day allowed for the purpose, as is too frequently the case, much inconvenience will be occasioned, with the possible result that those who so delay will be deprived of the opportunity for enrolment.

Each applicant should provide himself with the stamp (6d.) necessary for payment for the right.

Intending applicants are further cautioned to carefully ascertain whether they are fully qualified under the law; inasmuch as a penalty on conviction is imposed upon persons knowingly and wilfully obtaining electors' rights when not qualified.

No person whose name is on, or entitled to be on, any roll of ratepaying electors for any division of a province may obtain an elector's right for such province, and no person whose name is already on any roll of ratepaying electors for any division of an electoral district may obtain an elector's right for such district.

Foreigners, who desire to obtain electors' rights, must, if not already naturalized in Victoria, obtain from the Chief Secretary letters of naturalization before doing so, or before the sitting of the Revision Courts appointed to be held during February next if they desire enrolment as Ratepaying Electors.

Applications must be made on the usual form, which can be obtained at any Land Office in the district, or the Head Office, Melbourne, and forwarded to any Land Officer, accompanied by a certificate of registration to be obtained from any Receiver and Paymaster on payment of a fee of £1.

The nearest point of the land is 47 miles from Swan Hill Railway Station, and the most distant about 69 miles. Birchip Railway Station is 36 miles distant, and the Railway Station at Boulah 32 miles. Hopetoun (near Lake Coorong), to which place a railway is being constructed, is situated about 18 miles from the nearest part of the land and about 33 miles from the most distant.

Block 27b, of which the above allotments are subdivisions, is situated on the south-western side of Lake Tyrrell.

There are good catchment areas on the land, and water may thereby be easily conserved.

The tenure of the lease is nine years and eleven months from the 1st January, 1894. Rental is Three pence per acre per annum, and lessees will be required to cultivate and otherwise improve their land, and also to destroy all vermin thereon.

All applications for the land will be considered by a Local Land Board, presided over by a Police Magistrate, and all applicants deemed likely to prove suitable and *bona fide* settlers will be afforded a chance in the ballot to be taken to determine to whom the allotments are to be granted.

The application of any suitable applicant entitles him to a chance in the ballot for every allotment in the subdivisions, provided such applicant has not at the time already been granted one in same. Applicants are therefore notified that it is unnecessary for them to lodge more than one application.

Not more than one allotment will be granted to any one person.

No person will be considered eligible who has previously selected an area, which, if added to any area in these subdivisions, would exceed 640 acres.

Allotment 1154 is withheld for a Timber reserve.

PUBLIC HEARINGS BY PERSONS APPOINTED
UNDER THE 123RD SECTION OF THE LAND ACT 1890.

NOTICE is hereby given that, at the times and places mentioned in the Schedule hereunder, applications for licences under Parts 2 and 3 of *The Land Act 1890*, applications for leases and licences under Parts 3, 4, and 8 of *The Land Act 1884*, and Divisions 3, 4, and 8 of Part 1, *Land Act 1890*, and applications for licences under the *Land Act 1891*, objections to such applications, objections to proposed proclamations, alterations, additions, diminutions, revocations, or unions of commons, and reasons against forfeiture of any leases or licences under the *Land Act 1890*, or any of the Acts thereby repealed, deemed liable to forfeiture for any cause except non-payment of rent or fees, will be publicly heard by the persons whose names are set opposite such places respectively in such Schedule, being persons appointed by me, the responsible Minister of the Crown administering the *Land Act 1890*, to hear the same and report thereon in writing to me.
