All expenses incurred in receiving and storing butter for export, and in working the machinery for refrigerating, may be paid out of the said sum of Ten thousand pounds (£10,000).

## EXPORT OF CHEESE.

A bonus of Six pounds (£6) may be paid for each ton weight of cheese, and a proportionate amount for any lesser quantity over and above one ton weight, of approved quality made in Victoria of Victorian produce exported on any date between the 1st December, 1893, and the 31st May, 1894, to such port outside the Australasian Colonies as may be approved by the Minister of Agriculture, provided the price obtained on the sale of such cheese in the country to which it is exported is not less than Two pounds ten shillings (£2 10s.) for each one hundred and twelve pounds (112 lbs.) weight of cheese. The total amount to be paid to any one person, association, or company shall not exceed £300. Payment shall be allowed only for the kind known as Cheddar cheese. The cheese must be of first-class quality, made from full milk, solid and of rich mellow flavour. No cheese shall be exported which is less than four or more than eight weeks old. No bonus shall be paid in respect of any cheese exported until it has been examined and approved by some person appointed for that purpose by the Minister. No bonus shall be paid in respect of any cheese exported unless the same has been sold in the country to which it is exported by some agent approved by the Minister, nor unless account sales of such cheese, and, if required, statutory declarations verifying such account sales, have been received by the Secretary for Agriculture on or before the 20th August, 1894. No payment shall however be made as bonus for export of fruit exceeding twenty-five per centum of the amount for which the fruit in respect of which it is payable is sold in the country to which it is exported. The Minister may, by order under his hand, fix the maximum amount of green fruit on the export of which during any period of twelve months a bonus will be paid, and the Minister may, by any such order, fix the maximum amount of bonus to be paid to any one person, association, or company.

No fruit for the export of which it is intended to claim a bonus under these regulations shall be exported until it has been examined and approved by some person or persons appointed for that purpose by the Minister. No bonus shall be paid in respect of any fruit exported without such examination, nor in respect of any fruit not arriving at the port of consignment in a good and marketable condition.

Account sales of the fruit so exported shall be obtained from the country to which the same has been exported, and shall be forwarded by the person claiming the bonus for export to the Minister not later than the 20th August, 1894, and shall be verified to the satisfaction of the Minister in such manner as he may think fit to require.

## ADVANCES FOR DEVELOPING THE WINE INDUSTRY.

A sum not exceeding Five thousand pounds (£5,000) will be set apart for developing the Wine Industry. Out of the sum so set apart advances may be made to any company registered under the *Companies Act 1890* having a paid-up capital of not less than £2,000 and having as its directors a majority who are *bona fide* vine-growers, for the purpose of assisting such company in building wine cellars, fermenting houses, and appurtenances, and purchasing and erecting vats, casks, stills, machinery, and appliances for the manufacture of wine and spirits from the juice of the grape.

The sum or sums to be advanced to any one company under these regulations shall not exceed in the whole the sum of One thousand pounds (£1,000), nor shall any such advance exceed Ten shillings for each One pound, exclusive of any advance under these regulations, paid away by the company in respect of services sanctioned by the Minister.

Any sum advanced to any such company under these regulations shall be by way of loan only in the first instance, but the same shall be subject to become the absolute property of the company at the expiration of three years from the 30th day of June, 1894, if at the completion of that period the Minister shall be satisfied that the company during such period was, and still is, *bona fide* engaged in the object for which it was established.

No advance shall be made to any company in respect of any buildings erected or to be erected elsewhere than on land the fee-simple whereof free from encumbrances is vested in such company.

Any company desirous of obtaining an advance under these regulations shall forward to the Secretary for Agriculture an application, setting out the amount desired and the purposes in respect of which the same is required, and if any part of such advance is required for the purpose of erecting buildings such company shall give particulars of the land and furnish to the Secretary for Agriculture copies of the plans of the said buildings.

In the case of all applications for an advance under these regulations the company making the same shall forward to the Secretary for Agriculture copies of the company's prospectus (if any) and articles of association, and a list of its directors and shareholders with their profession, trade or calling, and addresses, together with such other particulars as the Minister may from time to time require.

The Minister may, if he think fit, approve of any such application either in whole or in part or subject to any modifications or may refuse the same, but no such approval shall operate to confer any right or claim on the company to be paid any part of the amount until the company has executed a first mortgage or bill of sale (as the case may require) over its property or over so much thereof as the Minister may deem sufficient to secure the repayment of any money to be advanced should the company not become entitled to the same absolutely, and then only is so far as and when the following conditions have been complied with:—

- (a) There has been produced to the Secretary for Agriculture the vouchers verifying, if required by statutory declaration, evidencing that the company has actually expended of its own money in services approved by the Minister One pound for each Ten shillings claimed to be advanced; and
- (b) That every such claim is made on or before the 30th day of June, 1894, and is in respect of expenditure incurred by the company on or before that date.

Applications must be made on the usual form, which can be obtained at any Land Office in the district, or the Head Office, Melbourne, and forwarded to any Land Officer, accompanied by a certificate of registration to be obtained from any Receiver and Paymaster on payment of a fee of £1.

The nearest point of the land is 47 miles from Swan Hill Railway Station, and the most distant about 69 miles. Birchip Railway Station is 36 miles distant, and the Railway Station at Beulah 32 miles. Hopetoun (near Lake Coorong), to which place a railway is being constructed, is situated about 18 miles from the nearest part of the land and about 33 miles from the most distant.

Block 27a, of which the above allotments are subdivisions, is situated on the south-western side of Lake Tyrrell.

There are good catchment areas on the land, and water may thereby be easily conserved.

The tenure of the lease is nine years and eleven months from the 1st January, 1894. Rental is Three pence per acre per annum, and lessees will be required to cultivate and otherwise improve their land, and also to destroy all vermin thereon.

All applications for the land will be considered by a Local Land Board, presided over by a Police Magistrate, and all applicants deemed likely to prove suitable and *bona fide* settlers will be afforded a chance in the ballot to be taken to determine to whom the allotments are to be granted.

The application of any suitable applicant entitles him to a chance in the ballot for every allotment in the subdivisions, provided such applicant has not at the time already been granted one in same. Applicants are therefore notified that it is unnecessary for them to lodge more than one application.

Not more than one allotment will be granted to any one person. No person will be considered eligible who has previously selected an area, which, if added to any area in these subdivisions, would exceed 640 acres.

Allotment 1154 is withheld for a Timber reserve.

TENDERS are hereby invited, and will be received until Noon on Tuesday, the 12th day of December, 1893, for the Conveyance of Post Office Mails, viz., Letters, Packets, Parcels, and Newspapers, as undermentioned, from the 1st January, 1894, to 30th June, 1896.

1. Tenders are required to be written on a form, printed copies of which may be had gratuitously on application at any post office in the colony, and are to be forwarded (if by post, PREPAID AND REGISTERED) for receipt at the General Post Office by the Hour and date first above mentioned, addressed to the Honorable the Postmaster-General, with the words "Tender for Mail Service No. " indorsed on the cover, or placed in the Tender-box at the General Post Office.

2. Tenderers are requested to describe by their numbers, as below, the mail services for which they tender.

3. The amount of the tender must be stated AT RATE PER ANNUM in words as well as figures.

4. Every tender must bear the *bond fide* signature and address of the tenderer, and bear the names of two responsible persons willing to become bound for the fulfilment of the contract in such sum as the Government may direct, not exceeding the gross amount of the contract.

5. Every tender must be accompanied by cash, bank cheque, bank draft, or a bank deposit-receipt to the credit of the Deputy Postmaster-General for a sum equal to TEN PER CENT. of the annual amount named in the tender; this deposit to be absolutely forfeited to the Government in case the person whose tender may be accepted shall fail to complete the usual bond and contract to the satisfaction of the Government within ten days of being notified that the documents are ready for execution. The notice of acceptance, if delivered at the address named in the tender, shall be deemed sufficient.

6. The money or other security deposited by successful tenderers will be returned to them upon application, on the bond and contract being duly signed.

7. The money or other security deposited by unsuccessful tenderers will be returned to them upon application, and on their signing receipts for the respective amounts.

8. In the event of a new line of railway, or a new railway station on an existing line being opened for traffic, and it being decided that the mails shall be conveyed by rail, the Postmaster-General shall have the power of cancelling the contract for any mail service running in the vicinity of the railway without compensation to the contractor, or shall have power to alter the points of arrival and departure of the mails; and, in the event of the travelling distance on any mail line being in such manner increased or diminished, all payments for the service subsequent to the alteration shall be computed on the basis of the average mileage-rate of the contract.

9. In the event of it being found necessary, from any cause, to absolutely cancel a contract, the Postmaster-General shall have full power to do so, provided that, unless the contract be cancelled on account of any fault on the part of the contractor, or on account of the opening of a railway line or a new railway station, payment shall be made to the contractor as compensation of a sum equal to ten per cent. of the moneys which would have become due on the unexpired period of the contract if the latter had been continued for the full term of three years.

10. Tenderers are requested to state the mode by which they propose to convey mails, whether by vehicle, on horseback, or by man on foot. If by vehicle, the description of vehicle and number of horses by which it is to be drawn to be given.

## TENDERS FOR GRAZING LANDS.

**Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.**

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Friday, 22nd December, 1893.

NOTE.—The fee for the period from 1st January, 1894, to 31st December, 1894, and fee of Five shillings for Licence, must accompany each Tender.

TENDERS will be received by the Board of Land and Works up to Noon on Friday, the 22nd December, 1893, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fees as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

## Conditions :

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do he will be prosecuted according to law.

## Special Conditions :

1. The period of occupation will be from 1st January, 1894, to 31st December, 1894.
  2. The licence-fee must be paid in advance. The fee for the period from 1st January, 1894, to 31st December, 1894—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.
  3. Tenders to be for so much per lot and block per annum.
  4. Separate tenders must be lodged for each block.
  5. Tenders to be indorsed—"Tender for Lot 1, Block 262," or "Lot 2, Block 1025," or "Lot 3, Block 2160," as the case may be.
  6. The highest or any tender not necessarily accepted.
  7. Tenderers must give their full name and ordinary postal address.
  8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.

Printed forms of tender and conditions of contract may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge at any station, by whom also information or explanation will be afforded to persons tendering.

As much forage as can be stored at any station where the storage is small will, for the convenience of the contractor, be ordered at one time.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per cental of 100 lbs. (net weight), including delivery at the stations, and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied the contractor will be required to remove them when delivery is taken. At other stations, notice will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

Tenders, which should be upon the printed form, will be received for either oats, bran, hay, or straw (the particular kind of hay or straw offered to be stated); but if all be included in one tender it may be accepted for one article only, if advisable. Oaten hay will be preferred. If sheaf hay be tendered for, it must be so stated in the tender.

Telegrams or tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract within ten days after the acceptance is notified. Two approved sureties are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Forage," and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.

## CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed, except when otherwise specified in the contract; the straw to be wheaten or oaten, and both to be in all respects of the best quality; oats, clean white (Victorian grown) and bran to be sound and sweet, and of the best description; chaff to be made from oaten hay of the best quality; the maize to be of the best quality. The hay tenders must specify whether they are for oaten or wheaten hay.

2. The supplies are for police, telegraph, and other horses, and are to be delivered on the order of the officer in charge of the district or station. The quantities stated in the schedule being only approximate, it must be understood that the Government may draw either more or less than those mentioned; and should new telegraph stations be formed, or additional horses required to be stationed at any of the stations, the contractor will be required to supply the additional forage. Should the additional number of horses, however, exceed two, the contractor may, if he desires it, terminate the contract by supplying at once the whole quantity due at the station under the contract according to the foregoing schedule.

3. Notwithstanding anything contained in the preceding condition, the contractors for the supply to the Police Depot may be called upon to supply any Government Departments within a radius of six miles from Melbourne, for which no contracts have been taken, at the same rates.

4. The forage, when delivered, must be accompanied by the particulars of quantity, showing the net weight, to be indorsed on the back of the order, which, when signed by the officer in charge of the station, for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.

5. Each contractor will be required to prepare his own account in the prescribed form, and, on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Treasury, Melbourne, or the Pay Office of the district, as may be indicated by the contractor on the account.

6. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department (should circumstances require it) to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

7. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the Board is to be considered final.

8. If the Board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 6.

9. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue either to the public service or to the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 6.

10. A repetition of irregularity in the quantity or quality of the forage, or of the delay in delivering or replacing it when required, or refusal to execute orders, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Treasurer of the colony for the time being may direct.
