## ADDITIONAL RULES AND ORDERS FOR THE REGISTRARS OF THE PRINCIPAL PROBATE REGISTRY IN NON-CONTENTIOUS BUSINESS FOR CARRYING OUT THE PROVISIONS OF THE COLONIAL PROBATES ACT 1892.

92. Application to seal a Grant of Probate or Letters of Administration or copy thereof under the *Colonial Probates Act 1892*, may be made in the Principal Probate Registry by the Executor or Administrator or the Attorney [lawfully authorized for the purpose] of such Executor or Administrator, either in person or through a solicitor.

93. Such application must be accompanied by an oath of the executor, administrator, or attorney in the form in the Appendix, or as nearly thereto as the circumstances of the case will allow.

94. The registrars are to be satisfied that notice of such application has been duly advertised. (Form of advertisement in Appendix.)

95. On application to seal letters of administration the administrator or his attorney shall give bond (in the form set out in the Appendix) to cover the personal estate of the deceased within the jurisdiction of the Court. The same practice as to sureties and amount of penalty in bond is to be observed as on application for letters of administration.

96. Application by a creditor under section 2, sub-section 3, of the *Colonial Probates Act* is to be made by summons before one of the Registrars, supported by an affidavit setting out particulars of the claim.

97. In every case, and especially when the domicile of the deceased at the time of death, as sworn to in the affidavit, differs from that suggested by the description in the grant, the Registrars may require further evidence as to domicile.

98. If it should appear that the deceased was not at the time of death domiciled within the jurisdiction of the Court from which the grant issued, the seal is not to be affixed unless the grant is such as would have been made by the High Court of Justice in England.

99. The grant [or copy grant] to be sealed and the copy to be deposited in the registry must include copies of all testamentary papers admitted to probate.

100. When application to seal a probate or letters of administration is made after the lapse of three years from the death of the deceased the reason of the delay is to be certified to the Registrars. Should the certificate be unsatisfactory the Registrars are to require such proof of the alleged cause of delay as they may think fit.

101. Special or limited or temporary grants are not to be sealed without an order of one of the Registrars.

102. Notice of the sealing in England of a grant is to be sent to the court from which the grant issued.

103. When intimation has been received of the resealing of an English grant, notice of the revocation of or any alteration in such grant is to be sent to the Court by whose authority such grant was resealed.

104. The affidavit for Inland Revenue, pursuant to the Customs and Inland Revenue Acts 1880 and 1881, shall be transmitted to the Commissioners of Inland Revenue as if the person who applied for sealing under the *Colonial Probates Act 1892* were a person applying for probate or letters of administration.

105. The affidavit for Inland Revenue and accounts and schedules forming part thereof shall be in such form as may be prescribed by the Commissioners of Her Majesty's Treasury.

(NOTE.—The affidavit to be used will in fact be Form A., with some few modifications to suit the circumstances.)

## SHIRES OF DIMBOOLA AND BORUNG.

## PROPOSED SEVERANCE OF AREA.

IN pursuance of the provisions of the *Local Government Act 1890* (No. 1112, section 43), the substance and prayer of a Petition in accordance with the said Act, which has been presented to His Excellency the Governor, are published, viz.:—

The petitioners purport to constitute a majority of the ratepayers in the East Riding of the Shire of Dimboola, and they desire that the said riding may be severed from the Shire of Dimboola and annexed to the Shire of Borung.

Petitioners state that the nearest point of the East Riding is distant twenty-eight (28) miles from the seat of local government, and that the majority of the ratepayers in the said riding are from forty (40) to sixty (60) miles distant therefrom; that the distance being so great, it is impossible to make their requirements properly understood at council meetings, except at great inconvenience and expense; that they have no interest in common with the remaining portion of the shire, either commercially or geographically; that Warracknabeal, the municipal town of the Shire of Borung, is their natural market, and the place whereat all their business is transacted, being easy of access to all the ratepayers.

The petitioners therefore humbly pray that His Excellency in Council may be pleased to sever the said East Riding from the Shire of Dimboola and annex same as an additional riding to the Shire of Borung.

Notices on behalf of the petitioners may be served on Mr. Herbert Moreton, Brim P.O.

## VICTORIAN RAILWAYS.

**BY-LAW No. 109.**

**T**HE VICTORIAN RAILWAYS COMMISSIONERS, in pursuance of the powers conferred by the *Railways Act 1890*, do hereby make the following By-law for the Issue of Passes and Privileged Tickets to Officers and Employés of the Victorian Railways, and all previous By-laws relating thereto are hereby repealed:—

**PASSES MAY BE ISSUED TO PERMANENT OFFICERS AND EMPLOYÉS ONLY AS FOLLOWS, VIZ:—**

1. Any officer or employé, when on annual leave, may have a pass for himself and wife, to cover the period of leave granted.
2. Officers' passes (with title of each officer engraved thereon) are to be issued only to heads of branches and to such other officers as the Commissioners may direct, whose duty requires them to travel on railway business.
3. Any officer or employé who may be transferred can obtain a pass for himself, wife, family, and furniture to his new place of duty, but this concession is not to cover the free transit of either dogs, horses, cattle, vehicles, or firewood.
4. Officers or employés travelling on free passes will have no claim for luggage or other property lost in transit, and they will be expected to sacrifice their comfort for the convenience of paying passengers.
5. Ordinary employés' passes are not available for "Express" or "Special" trains, unless specially indorsed by an authorized officer.
6. Any officer or employé found travelling without a free pass or ticket is to be at once suspended by the head of his branch, and the occurrence to be reported to be dealt with.
7. All passes issued to officers and employés on duty shall have the words "On Service Only" printed plainly across them.
8. The following officers only are authorized to sign and issue passes, and indorse such concessions for special or express trains or guards' vans, viz.:—Heads of branches and such other officers as are specially approved by the Commissioners.  
Only the authorized gold, book, and paper passes are to be recognised, except in cases of accident or emergency, when a telegram pass from any authorized officer or the station-master at Spencer-street is to be accepted.
9. At stations where tickets are checked or collected, passes must also be checked or collected. The dates for which passes may be available, and the names of the issuers, are to be clearly written on each pass. Failing the observance of these particulars the holders of passes are to be treated as ordinary passengers, and made to pay unless fraud is attempted.

12. Supernumerary employés who have been in the service over two years may, at the discretion of heads of branches, be granted privileged tickets for themselves only.
13. Pass and privileged ticket requisitions, as per form attached hereto, must be sent to the issuing officers, so as to insure the concessions being made in sufficient time. Such officers will be held responsible that the concessions granted under this By-law are not exceeded.

IN pursuance of the powers conferred by the Local Government Acts 1890 and 1891, the President, Councillors, and Ratepayers of the Shire of Nunawading order as follows:—

1. All former by-laws of the Council of the Shire of Nunawading, save and except By-law No. 7, passed on the 22nd day of April, 1890, and gazetted on the 30th day of May, 1890, made under the provisions of any Local Government Act now or heretofore in force, are hereby repealed excepting as to acts done, penalties incurred, and proceedings at law pending at the time of this by-law coming into operation.

2. That from and after the date of this by-law coming into operation the provisions of the following sections of division 7 of the *Local Government Act 1890* shall apply and extend to all parts of the Shire of Nunawading, that is to say:—

Section 445. If any private street or road, the property of more than one owner in fee, not being of less width than thirty-three feet, be at the commencement of this Act or thereafter paved, flagged, macadamized, or otherwise made good to the satisfaction of the council of the municipality, then on the application of the owners in fee of so many of the houses and lands, abutting upon such street, as in rateable value are the greater part of all the houses and land so abutting, the council shall by writing under the common seal of the municipality declare the same to be a public street, and upon the publication of the same in the *Government Gazette*, the said street shall become a public street, and shall thereafter be under the management of the council.

Section 446. If any private street or road, or if any part of such street or road, has not been drained, paved, flagged, macadamized, and otherwise made good to the satisfaction of the council, they may, by notice in writing, require the owners of the buildings or lands abutting on such street or road, or such part thereof (as the case may be), to drain, pave, flag, macadamize, or otherwise make good to the satisfaction of the council so much of the same to the centre thereof as fronts such last-mentioned buildings and lands, within a reasonable time to be fixed by the council, and the said owners shall within such time as aforesaid, at their own costs, obey such requirement; and if such street or road, or such part thereof, as aforesaid, be not so made good within the time fixed, the council may cause so much as is not so made good to be made good, and the expenses which may be incurred by the council shall be repaid to them by the owners, by whom such work ought to have been done respectively.

Section 447. The council of the municipality may cause the footway or pathway in front of any house or ground along any street or private street within the municipal district or from time to time any portion thereof to be flagged, kerbed, and paved, or asphalted in such manner as the council think fit; and half the amount of the expense thereof shall be borne and paid by the owner of such house or land, and may be recovered from such owner or from the occupier of such house or land in a summary way before two justices; provided that no proceeding for the recovery of such amount shall be taken until at least one month after a requisition for payment of the amount hereinbefore mentioned, together with an account of the total expenditure, signed by the municipal clerk, has been sent or delivered to such owner or occupier. Section 448. The council of the municipality may, by notice signed by the municipal clerk, and delivered to the owner or left at his last known place of abode, or at the residence of any agent or person receiving such owner's rent or transacting other business within the municipal district for such owner, call upon the owner of any ground lying alongside of any street, private street, road, or pathway, and being of a lower level than such street, or private street, road, or pathway, forthwith to have such low ground filled up to such level; and in case such owner shall refuse or neglect to fill up such ground for the space of one month after the delivery of such notice, the council may proceed to fill up such ground at the expense of such owner, and the amount of such expense not exceeding one-fourth of the then value of such ground may be recovered from the owner in a summary way before two justices.

Section 449. If any hole or place within one foot of any road or street, whether public or private, be, for want of sufficient protection or enclosure, dangerous to the passengers along such street or road, the council shall, after due notice given by the council to the owner, cause the same to be protected or enclosed, so as to prevent danger therefrom, and the expense of such protection or enclosure shall be repaid to the council by the owner of the premises so protected or enclosed.

Passed by special order of the Council of the Shire of Nunawading on the 5th day of December, 1892.

Confirmed by the said council on the 30th day of January, 1893.

#### (4) Crossings over Footways and Channels.

15. Every person who wilfully and without lawful excuse rides or drives any horse or other animal, or drives or wheels any carriage, cart, or other vehicle upon, along, or across any footway or any water channel or gutter, herein called channel, by the side of any street or road, save in each such case upon and by or at some crossing to be made as hereinafter mentioned, shall forfeit a sum not exceeding Five pounds, and shall also pay to the council such sum not exceeding Ten pounds, by way of compensation for any damage done by him to the footway or channel as the Justice adjudicating upon the information shall on the hearing thereof order.

17. Every such owner who desires as aforesaid that any such crossing be made, shall, before giving notice to the council as herein provided, deposit with the municipal clerk a specification describing the proposed work with respect to each of the several matters hereby or by any such regulation in force in that behalf required or provided.

18. Unless within the period of seven days after the receipt of any such notice as aforesaid the council gives notice to the person giving the same, that (if the fact be so) such notice or the specification referred to therein and deposited, is not in accordance with the provisions of such regulation as aforesaid, such notice and specification shall thereafter, so far only as affects the liability of such person to any penalty, be deemed to be in accordance therewith.

19. In streets or roads in which, at the site of any such proposed crossing, there is a curb of stone or wood along the outer edge of the footway, the crossing so far as the footway extends shall have on both sides a curb not higher in any part than the surface of the footway at that part and similar in all respects to such first-mentioned curb, and such curb shall approach to and join the street curbing in gentle curves outwards, and such crossing shall be of such width, and the surface thereof so far as the footway extends shall have such inclination outwards and be depressed so far below the footway, as has been respectively appointed by some regulation in that behalf, and shall with respect to the channel be so laid or constructed as not to raise or obstruct the same or any part thereof.

20. In streets or roads in which, at the site of any such proposed crossing, there is no such curbing as in the last preceding section mentioned the crossing over the channel shall be such suitable bridge as leaves a free passage for the water underneath

the same, and shall be of such materials, form, length, size, strength, and fall as has been respectively appointed by some regulation in that behalf, and the surface of such crossing so far as the footway extends shall be so made good by paving, macadamizing, gravelling, or otherwise that the necessary traffic by animals or vehicles over the same may not cause any damage thereto, but that such crossing may be as sound and commodious for the passage of persons using the footway as the other portions of such footway adjoining such crossing.

21. No person making any crossing shall be deemed guilty of an offence by reason only of some departure in making such crossing from the notice or specification relating thereto, unless the officer of the council appointed as hereinbefore provided to inspect the making of the crossing has reported in writing such departure to the council within three days after the same has occurred, and unless such person, being served by the council within three days after such report with a notice so to do, for the space of seven clear days after such notice has failed to correct or supply such departure.

22. If any crossing has been made in any respect contrary to this by-law or any regulation in force hereunder, it shall be lawful for the council, if they see fit, to cause the same to be altered so as to conform hereto, and to such regulation respectively, and to recover in manner in the *Local Government Act 1880* provided the expenses of such alteration from the owner of the land to which such crossing leads, but they shall not so recover in those cases of departure from the notice or specification which the council or their officer might respectively have given notice of or reported, but failed to give notice of or report respectively in manner and within the time provided in the preceding sections hereof.

23. If any private street or road meets at an angle the footway of any public street or road, and there is no crossing upon and across such footway and the channel adjacent thereto from such private street or road to such public street or road, it shall be lawful for the council, if they see fit, to make in accordance with any regulation in force in that behalf a crossing upon and over such footway and channel of the description hereinbefore provided with respect to other crossings, and to recover from the owner of each of the tenements abutting on such private street or road such portion of the expenses of such making as bears to the whole of such expenses the same proportion as the rateable value of such tenement bears to the whole rateable value of all the tenements so abutting.

24. If any crossing across or over any footway or channel to any land or way appurtenant thereto, or to any private street or road, has been made before the coming into operation of this subdivision, but is in any respect not in accordance with any regulation made hereunder, the council may, if they see fit, cause the same to be altered so as to conform to such regulation; and if such crossing has been made contrary to any by-law in force at the time of making the same, the council may recover the expenses of such alteration in manner in the last two preceding sections mentioned, according as one or the other may be applicable to the case.

25. 51. No councillor or officer of the council, and no assessor or auditor of the municipality shall be received as a surety for any officer appointed by the council or for any work to be done for the council.

53. All the plans and specifications for any public work shall be laid before the council at least six days prior to the same being considered and ordered upon, and be open for inspection by any ratepayer during that time.

The births of 1,227 children, viz., 638 boys and 589 girls, were registered in Greater Melbourne during the month of February. In the month of January, 1,287 births were registered, or 60 more than in the month under review. The births were 152 above the average of the month during the previous ten years, but 146 below that average if allowance be made for the increase of population.

The deaths registered in February numbered 665, viz., 360 of males and 305 of females; the births thus exceeded the deaths by 562, or 86 per cent. The deaths were fewer than those in January by 37, and were below the average of February during the previous ten years by 51. If, however, allowance be made for the increase of population, they will be found to have been under that average by 249.

To every 1,000 of the population of the district, the proportion of births registered was 2·49, and of deaths registered 1·35.

The highest temperature in the shade recorded at Melbourne Observatory during the month was 103·1° on the 9th, and the lowest was 48·6° on the 11th. The mean temperature of the month (66·5°) was 3° above the average. The greatest range of the thermometer in any one day (39·4°) took place on the 8th, and the least range (7·4°) on the 3rd. The mean daily range was 21·1°. The highest atmospheric pressure recorded was 30·301 inches on the 21st, and the lowest was 29·396 inches on the 9th. The mean atmospheric pressure (29·840 inches) differed from the average by a very small fraction.

Rain fell on 3 days, the amount of rainfall being ·246 inch. The average rainfall in February during the previous ten years was 1·39 inches, or about 1·14 inches more than in the month under notice.

Males contributed 54 per cent., and females 46 per cent., to the mortality of the month. Children under 5 years of age contributed 49 per cent. to that mortality, as against 49 per cent. in February, 1892; 49 per cent. in February, 1891; 48 per cent. in February, 1890; 52 per cent. in February, 1889; 47 per cent. in February, 1888; and 52 per cent. in February, 1887.

The suicidal deaths were those of a labourer, aged 27, who shot himself; a photographer and a female who poisoned themselves, the latter with belladonna; a gentleman, aged 49, who hanged himself; and a female, aged 18, who threw herself in front of a train.

Schedules as above, giving an estimate of the articles required, and printed forms of tender may be obtained from the Secretary to the Tender Board, by whom also the samples will be shown, and any information or explanation afforded to persons tendering.

Separate tenders will be received for each schedule, but they must include the whole of the articles therein mentioned, and a separate price must be stated for each article.

The total amount of tender must be stated in words as well as in figures.

Tenders having alterations or erasures therein will not be entertained.

Tenders must be accompanied by the preliminary deposit as shown above in bank notes, or a bank draft in favour of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

Security will be required either in Government debentures, bank deposit-receipt in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

Persons failing to take up their contracts will be disqualified from tendering for Government supplies for a period of twelve months.

Tenders, enclosed in a separate envelope, and having the words "Tender for ——" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

## CONDITIONS OF CONTRACT.

1. The Government will not be bound to order from the contractor all the articles enumerated in the schedules, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the quantity stated in the schedules, the contractor will nevertheless be bound to supply the same at contract rates.

2. The supplies are to be the same as sample where so stated, and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds or manufacture. A preference will, however, be given to goods of Victorian manufacture, provided the quality is equal to the particular manufacture indicated in the schedule.

3. The value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for. Contractors must provide, without extra charge, whatever labour may be required in the packing of stores.

4. All orders for supplies will emanate from the departments requiring the goods. The goods shall be delivered as may be directed by the officer ordering the supply. At the time of delivering the supplies the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor.

5. Supplies ordered for delivery in Melbourne and Williamstown districts are to be delivered free of all charges (whether cartage, freight, &c.), and, for the purposes of these contracts, Melbourne district will include a radius of six miles from the General Post Office; and Williamstown district will include the town of Williamstown, Hobson's Bay, and the River Yarra.

6. Arrangements as to time of delivery and inspection of goods will be made by the officers ordering the goods.

7. Orders must receive prompt execution; and, in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officers named in Condition 6, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

8. The contractor will be required to furnish his account in the prescribed form as soon as possible after delivery of the full quantities of goods ordered, the account being accompanied by the receipted delivery orders on which it is based. The prices quoted in the orders cannot be increased.

9. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such stores may be returned to the contractor.

10. When a contractor is required to make delivery of goods at a railway station for transmission by rail, he shall obtain a receipt for the goods in duplicate on the Stores and Transport consignment note, at the same time handing in a triplicate of the form as an authority for the carriers to act as agent for and charge the freight to the Stores and Transport Department. He shall as soon as possible, and not later than twenty-four hours thereafter, deliver at the Tender Board Offices the original, the duplicate to be retained by himself. Should the goods thus forwarded be rejected, the contractor must bear the cost of replacing such goods, for which service the departmental consignment note is not to be used. Any infringement of this condition may subject the contractor to such mulct as the Tender Board may recommend under clause 13 of these conditions.

11. Delivery will not be deemed to have been made until the goods have been approved of. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in Condition 7.

12. The members of boards of survey will be appointed by the Treasurer of the Colony for the time being, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in Condition 7.

13. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in Condition 7. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith and forfeit the whole or any portion of the security money.

14. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

15. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

16. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat or the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Departments of Public Works and Defence, or on account of other Governments, or for the Telegraph or Railway Departments, or for supplies to the Aborigines, or for connexions and fittings of Diamond Drills; or by any article being made at and supplied for the use of any Government establishment; or by the consumption of the surplus stock of any Government establishment.

17. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government or the contractor, as may be the case, will make a proportionate allowance by way of deduction from or increase of the price of the item so affected.

G. D. CARTER.

Treasury,  
Melbourne, 15th March, 1893.

#### TENDERS FOR GRAZING LANDS.

**Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.**

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Friday, 24th March, 1893.

**NOTE.**—The fee for the period from 1st April, 1893, to 31st December, 1893, and fee of Five shillings for Licence, must accompany each Tender.

**T**ENDERS will be received by the Board of Land and Works up to Noon on Friday, the 24th March, 1893, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

#### Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying felling, or removing live or dead timber without a licence authorizing him so to do, he will be prosecuted according to law.

#### Special Conditions:

1. The period of occupation will be from 1st April, 1893, to 31st December, 1893.

2. The licence-fee must be paid in advance. The fee for the period from 1st April, 1893, to 31st December, 1893—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 1, Block 363," or "Lot 2, Block 956," or "Lot 3, Block 2210," as the case may be.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.

8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.
