CANTERBURY REEF, ENTRANCE TO PELORUS SOUND.

CAPTAIN FAIRCHILD, of the Government steamer *Hinemoa*, who recently surveyed the Canterbury Reef, reports that it is a cluster of rocks occupying a space of 400 feet in a north and south direction, and 100 feet from east to west. The rocks lie about half-way along on the west side of the inner Chetwode Island, half-a-mile distant from the island, with a 14-fathom passage, half-a-cable in width, between the reef and the island.

A vessel going into Pelorus Sound on the west side of Chetwode Islands should bring East Entry Point open of the south-west extreme of Chetwode Island, which will lead a vessel half-a-mile clear of the reef.

The north end of the reef has 9 feet of water on it at low water, and the south end 2 feet at low water. There are 17 fathoms of water 40 feet north of the reef.

When on the north end of the reef, Blowhole Point bore S.W. by S. $\frac{1}{2}$ S. full; Francis Head, W. $\frac{1}{2}$ S.; Jag Rocks (east extreme), N. by W. $\frac{1}{2}$ W.; and north-west extreme of Chetwode Islands, N.E. $\frac{1}{2}$ E. full.

IN pursuance of the powers conferred by the *Health Act 1890*, and for the purpose of carrying the said Act into execution, the Council of the Shire of Belfast, in the name and on behalf of the President, Councillors, and Ratepayers of the said Shire, doth hereby make the following by-law, being By-law No. 2 of the said Council, that is to say:—

1. All former by-laws on the matters and things hereinafter provided for are hereby repealed, excepting as to acts done, penalties incurred, and proceedings at law pending at the time of this by-law coming into operation.

2. This by-law shall come into full force and operation on its confirmation by the Board of Public Health and immediately after its publication in the *Government Gazette*.

3. This by-law shall apply to and have operation in the Shire of Belfast.

PART I.—GENERAL CLEANLINESS.

4. The occupier of every house and premises shall cause the yard and ground belonging thereto or occupied in connexion therewith to be kept so as not to be a nuisance or injurious to health, and shall cause all dust, filth, rubbish, and refuse matter to be, once at least in every week, removed from such yard and ground; and if at any time the occupier of any premises shall neglect or fail to have such filth, rubbish, or refuse matter so removed as aforesaid, the council may cause the same to be removed at the expense of such occupier.

5. The occupier of any premises used for the purpose of any noxious or offensive trade, business, occupation, process, or manufacture whatever, or used for the purpose of slaughtering, whether it be an abattoir or otherwise, shall cause any rubbish, blood, offal, bones, water, liquid, soil, or other offensive matter produced or accumulated thereon, to be effectually deodorized and to be removed therefrom once in every twenty-four hours, and to be in the meantime kept so as not to be a nuisance or injurious to health, or to exhale any offensive effluvia; and if such occupier shall neglect or fail to have removed therefrom any offensive matter whatever, it may be removed by the said council at the expense of such occupier.

6. No person shall place or deposit any dust, mud, ashes, rubbish, filth, blood, offal, manure, dung, or soil, or any night-soil or other offensive matter, in any street, road, lane, right-of-way, or place so as to be a nuisance to any person or injurious to health or in any way contrary to the directions of the council or officer of health.

7. No person shall keep any animal in such a manner as to pollute any water used or likely to be used by man for drinking or domestic purposes, or for manufacturing drinks for the use of man, or used or likely to be used in any dairy, so as to endanger the health of any person using such water or drinks or milk or other produce of such dairy.

PART II.—DISPOSAL OF HOUSE REFUSE AND CLEANLINESS IN TOWNS, ETC.

8. Every occupier of a house or premises shall provide and keep thereon a box or some other covered receptacle for the temporary deposit of house refuse, which box or receptacle shall be of such dimensions as that the same may, with the contents thereof, when full, be readily and conveniently movable by one man, or so many such boxes or receptacles as may be necessary to contain all the house refuse produced or accumulated on such premises during one week, and shall cause all house refuse to be deposited as soon as conveniently may be in some such box or receptacle.

9. The occupier of any premises fronting, adjoining, or abutting on any street shall, once at least in every day before Nine o'clock a.m., sweep and cleanse or cause to be swept and cleansed the footways and pavements adjoining such premises.

10. In order that the contents of every box or receptacle in or about any house or premises containing house refuse may be conveniently discharged and removed by the public scavengers, or other person or persons authorized or appointed to remove the same by the council, every occupier of such house or premises shall cause every such box or receptacle containing house refuse to be placed in the yard of such house or premises, and close to the entrance thereof, or in the street, lane, or right-of-way contiguous to such house or premises, between such hours as may be directed by the council or inspector of nuisances.

11. The occupier of any land on which is erected any stable, cow-yard, cattle-shed, or pig-sty, or on which land is any building wherein any horse or other beast of draught or burden or any cattle or swine are kept, shall cause such premises to be kept in such a state in respect of cleanliness as not to be a nuisance or injurious to health, and shall cause all soil, dung, or other manure produced or accumulated therein to be from time to time removed from such premises as often as the quantity of the same so produced or accumulated shall amount to one cubic yard, or once at least in every week should the quantity not amount in that time to one cubic yard; and if at any time the occupier of such premises shall neglect or fail to have such dung, soil, or other manure removed therefrom as aforesaid, the same shall be removed by the said council at the expense of such occupier.

12. Every occupier of a building or premises wherein or whereon any horse or other beast of draught or burden or any cattle or swine may be kept, shall provide, in connexion with such building or premises, whenever required by the council or officer of health, a suitable receptacle for dung, manure, soil, filth, or other offensive or noxious matter which may from time to time be produced in the keeping of any such animal in such building or upon such premises, and cause such receptacle to be constructed so that the bottom or floor thereof shall not in any case be lower than the surface of the ground adjoining such receptacle, and in such a manner and of such materials and to be maintained at all times in such a condition as to prevent any effluvia therefrom, or any escape of the contents thereof, or any soakage therefrom, into the ground or into the wall of any building, and to be furnished with a suitable cover, and, when not required to be open, to be kept properly covered.

13. He shall likewise provide in connexion with such building or premises, if required by the council or officer of health, a sufficient drain constructed in such a manner and of such materials and maintained at all times in such a condition as effectually to convey all urine or liquid filth or refuse therefrom into a proper receptacle.

PART III.—AS TO MANURE.

14. Nothing herein contained shall be taken to prevent the occupier of any premises from causing any dung, soil (not being night-soil), or other refuse matter produced or accumulated on any premises to be at any time removed, or to be used as manure on any garden or land, or to be kept for the purpose of being used on any garden or land contiguous to such premises as manure, so that the same be not so removed, kept, or used as to contravene any by-law of the council, or so as to be a nuisance or injurious to health or contrary to any directions of the council or officer of health.

15. Every person placing, depositing, or spreading, or causing or suffering to be placed or deposited or spread, or assisting in placing or depositing or spreading, on any land, whether by way of manure or otherwise, any liquid manure of which night-soil, urine, or any similar offensive matters form a part, night-soil, offal, blood, or other refuse matter removed from any earth-closet, privy, cesspool, or other place, shall immediately on the deposit or spreading thereof cover the same or cause the same to be covered, and shall keep the same covered with a layer of earth not less than six inches in thickness, and shall keep and use the same in such a way only as not to be a nuisance or injurious to health; and before doing so such person shall obtain the written permission of the council or officer of health, subject however to any general regulation or directions which the Board of Public Health by publication in the *Government Gazette* may make or give; but such permission shall be no defence in any complaint or prosecution for having kept or used such liquid manure, night-soil, offal, blood, or other matter in such a way as to be a nuisance or injurious to health.

PART IV.—AS TO EARTH-CLOSETS, ETC.

16. No person shall construct or cause to be constructed any privy except in the form of an earth-closet, which shall consist of a suitable privy building, the floor whereof is at no point less than three inches above the surface of the adjoining ground, and every such building shall be constructed with proper openings or flues to provide sufficient means of ventilation, and shall be provided with a suitable pan or other movable receptacle for night-soil, the content whereof does not exceed three cubic feet, and with the requisite apparatus for the application of dry earth or some other deodorizing material to the contents thereof, and shall be constructed and placed so as to afford easy means of access for the purpose of removing the pan or receptacle and the contents thereof, and emptying and cleansing the same. Every privy attached to any school, hotel, licensed public-house, factory, work-room, or common lodging-house, and every public privy, shall be flagged or paved with some non-absorbent material having a fall or inclination towards the door or other opening of at least half-an-inch to the foot.

22. No person shall empty any earth-closet, privy, cesspool, or place for the reception of night-soil, except by means of a cart, carriage, or means of conveyance properly constructed and furnished with a sufficient covering so as to prevent the escape of the contents, or any portion thereof, or of effluvia therefrom.

24. All night-soil, blood, offal, or other offensive matter or thing shall be removed to and finally placed in such place or places only as may be appointed by the council from time to time for the final reception of the same.

25. No person shall empty, assist in emptying, or cause or permit to be emptied, any earth-closet, privy, cesspool, or place for the deposit of night-soil, except between the hours of Eleven p.m. and Five a.m., unless otherwise permitted by the council (of which the proof shall lie on such person), or until the contents thereof have been properly deodorized; and every person emptying or causing to be emptied any earth-closet, privy, cesspool, or place for the deposit of night-soil, shall cause the night-soil taken therefrom to be removed so soon as the same is emptied.

26. DRAWBACK REGULATIONS.*

At the Executive Council Chamber, Melbourne, the first day of May, 1893.

PRESENT :

His Excellency the Administrator of the Government.

Mr. Patterson	Mr. McColl
Sir Bryan O Loughlen	Mr. Wynne
Mr. Carter	Mr. Richardson
Mr. McIntyre	Mr. Baker
Mr. Reid	Mr. Abbott.

WHEREAS by section 150 of the *Customs Act 1890* it is provided that the Governor in Council may by any Order from time to time specify the articles on which a drawback of duty paid on importation into Victoria may be allowed on exportation therefrom, and the amount of drawback to be so allowed; and may alter or cancel any such Order; and may approve of regulations and conditions for the repacking of dutiable goods, whether such goods be in bond or be entitled to drawback; and for the due protection of the revenue under which or upon which drawbacks may be allowed: Now therefore His Excellency the Administrator of the Government, with the advice of the Executive Council, doth hereby make the following Regulations, and doth order that the same shall take effect on and after the 1st day of January, 1893 (that is to say):—

DRAWBACK REGULATIONS.

I.—GENERAL.

1. A drawback of duty paid on importation into Victoria may be allowed on the exportation therefrom of the goods mentioned in Schedules Nos. 1 and 2 hereunto attached, and at the rate therein respectively specified, provided that in no case the amount of drawback shall exceed the amount of duty paid on importation.

2. In order to entitle the exporter to claim any such drawback, he shall comply with the following conditions:—

Form A. (a) A notice in the Form A must be given to the Collector of Customs at the port of export, at least two working hours before packing, of the intention to pack.

(b) The usual export entry must be passed and security given by bond as provided by ss. 136 and 137 of the Act No. 1081 (or, if desired, the said entry and bond may be deposited with the Inspector of Drawbacks before the vessel by which the goods will eventually be shipped has been entered out, the name of the ship being subsequently filled in, prior to shipment of the goods), accompanied by invoices, distinguishing—

Goods—Free;

„ Liable to ad valorem duty, specifying the rate of duty paid on importation;

„ Boots and shoes, specifying the sizes and rates of duty paid on importation;

„ Manufactured in Victoria from materials imported, and rate of duty paid on such material;

„ Liable to fixed duties, specifying the rates of duty paid on same;

such invoices shall set forth legibly in respect to each specific class of articles the quantities, qualities, sizes, values, and general description of same, the actual cost price received, or to be received, from the purchaser of the goods, and in respect to boots and shoes the respective sizes, number of pairs, &c. In cases where the value for home use would give as drawback an amount greater than the duty paid, the exporters must take care to place on their entries and invoices the words "Drawback claimed on £—" (inserting a value which would give as drawback a sum not greater than the duty paid). The entry having been passed or deposited (as required above), and invoices in duplicate as required having been stamped, the said entries and invoices, together with the notice (Form A) must be presented to the proper officer of Customs, before whom or any justice of the peace such of the declarations contained in Form E hereto as will suit the circumstances of the case must be made and subscribed by the exporter or his duly authorized representative, and in case such goods shall be exported by a firm, by its duly authorized representative, or by a member of such firm.

In the case of fixed duty goods only, such of the declarations contained in Form E hereto as will suit the circumstances of the case can be used.

(c) The full amount of ad valorem duty paid upon importation may be allowed as drawback on the goods mentioned in Schedule No. 1, subject to the following conditions, viz.:—

1. The entry having been duly dealt with as hereinbefore provided (*vide* clauses 1 and 2), shall bear on its face the words "Full duty paid claimed as drawback," and shall show thereon also the original invoice values (with 10 per cent. added thereto), and the rate of duty paid, and the declaration on back of said entry shall be in accordance with the Schedule hereto (Form E).

2. The original invoices produced at the time the import entry was passed, and which must bear the Customs stamp and Landing Waiter's initials as evidence of such production, shall be shown to the proper officer.

3. Statement of original invoice values, &c., as per Form D, must accompany the entries.

* In lieu of Order published in *Gazette* of 5th May, 1893, page 1999, in which clerical errors occur.

4. The goods for export on which drawback is claimed must be capable of easy identification by the officers of Customs with the original invoices, either by showing the maker's marks or numbers on such goods, or by being still in the original packages in which imported, or such other evidence as to the Collector of Customs shall seem satisfactory.

5. Export (or Purchaser's) invoices must accompany the entry (see Declaration, Form E).

6. Travellers' samples will not be allowed drawback under this clause.

Entries passed under clause (c) must bear on the face of same the following statement, viz.:-
Full duty paid claimed as drawback.

(d) Drawback will be allowed on travellers' samples subject to the conditions that the usual export entry and invoices have been passed and dealt with as directed in clauses (a) and (b), and that the appropriate declarations as provided in Form E have been duly made and subscribed.

Entries passed under clause (d) must bear on the face of the same the statement as follows :-
"Travellers' Samples."

(e) Every facility desired must be given to the officer to enable him to superintend the examination and packing of the said goods, and to take a correct account according to the invoice thereof.

(f) Upon the completion of the packing, the goods must be secured to the satisfaction of the Inspector of Drawbacks, and despatched in charge of a carrier duly licensed under the Customs laws into the Customs shed, or delivered to the custody of the export officer for shipment; or, if not so forthwith removed, they must be deposited in some secure room approved by the Commissioner of Trade and Customs, under the lock of the Crown, until removal.

(g) If the exporter cannot specify the number of packages in the entry, such may be inserted, and the officer in charge is hereby required to see that such is inserted, prior to the removal of the packages.

(h) Such proof shall be given to the Inspector of Drawbacks as may be required that full duty was paid on importation.

(i) Words and expressions used in these regulations and the schedules hereto shall have the meanings assigned to them respectively in any Act relating to the Customs.

(j) The exporter may, in writing, authorize any of his clerks to pass drawback entries and make the required declarations on same, and also to certify to the correctness of the invoices and statements; provided such authority is previously lodged with and approved by the Collector of Customs. (See Act No. 1081, sec. 99.)

3. No drawback of duty will be due or payable unless the debenture (Form B or C) duly completed is received by the Collector of Customs, Melbourne or Geelong, as the case may be, nor until such debenture has been examined by the Jerquer and found correct by him, and been approved under the hand of such Collector of Customs or other officer duly authorized by him.

4. Debentures may be paid one week after the shipment of the goods, but nothing contained in these regulations shall be held to compel the Collector of Customs to pay any claim for drawback which he may consider it inadvisable from any cause whatever to allow.

5. Exporters of goods for drawback of duty shall pay to Her Majesty a charge of Two shillings per hour, or any portion of an hour, during the time an officer is employed under these regulations, and any other expense incurred, as certified by the Inspector of Drawbacks, and no debenture shall be passed for payment until such expenses shall have been paid.

6. Exporters of goods for drawback of duty at any appointed Victorian port on the River Murray must specify on the entry the name of the consignee and final destination of the goods, and at each port on the River Murray the officer in charge will attend at his office, on such day and at such hour as may be directed by public notice from the Commissioner of Trade and Customs, to pass such goods for drawback in respect to which he may have received due notice.

Debentures under this regulation must be rendered to the Collector of Customs at Melbourne (see clause 3), who will, if they are correct, pay them at the Custom House, Melbourne, or remit the money to the claimant, less the cost of remittance.

7. No drawback of duty will be payable on goods except on packages re-packed in the presence of or inspected by an officer of Customs, who will in the latter case cause such to be examined as may be directed by the Inspector of Drawbacks, and certify on the entry, invoice, or statement, as the case may be, that such has been done, specifying whether the quantities, values, weights, &c., as the case may be, were correct or not on such examination.

8. The person before whom the declaration on the drawback debenture must be made shall be any justice of the peace or such other person or persons as may by law be authorized to take and witness declarations or affidavits; and all other declarations may be made before any such justice or other person or persons duly authorized by law or any officer of Victorian Customs.

9. The hours of business for drawback officers are from 9 a.m. to 5 p.m., closing on every Saturday at 12 noon. Should the exporters require an extension of time, an overtime application must be made to the Inspector of Drawbacks, on approval of which such extension will be allowed.

10. No drawback of duty will be allowed on second-hand goods subject to fixed rate of duty on importation.

11. Drawback of duty will be allowed upon second-hand goods liable to an ad valorem duty on importation (and enumerated in Schedule No. 1), but such drawback will be calculated only on the value of such goods at the time of export, such value to be specially approved by the Inspector of Drawbacks.

12. Should the Collector of Customs desire it, any goods may be re-opened or re-examined after having been passed by the drawback officer; and the unpacking or re-packing of such goods shall be conducted by or at the expense of the exporter.

13. The Commissioner of Trade and Customs is also hereby empowered, but subject to the provisions of the Act No. 1081, to cause any debenture to be passed for payment though these regulations may not have been strictly complied with.

14. When there are a number of debentures for one exporter, the various amounts may be shown on a schedule (see Form F), and on such schedule (with the debentures attached) the one signature of Jerquer and Collector and of the person receiving payment for said debentures shall be sufficient.

15. Exporters of earthenware and glassware must cause the goods upon which they intend to claim drawback to be stacked for measurement in the smallest possible compass consistent with safety, and as may be directed by the officer or officers superintending the operation, and the said goods shall be placed in the packages in which it is intended to export the same in the presence of such officer or officers.

16. Exporters of earthenware and glassware under drawback shall, on rendering their debentures, produce to the proper officer, prior to the passing of the claims, properly certified documents showing the freight measurements of the packages included in the entries.

17. The officer or officers superintending the packing of earthenware and glassware for drawback, in addition to the actual net measurement of the goods, shall also take the outside measurement of the package or packages into which the goods shall be placed, and record both measurements on the back of the entries. They shall also take an account of any other goods contained in such package or packages.

18. When the packing of any goods entered for drawback has been completed the packages containing the same shall be sealed by the officer or officers superintending the operation before leaving the warehouse or place where the goods shall have been packed, and a distinctive mark or label shall be placed by them upon each package, by which it may be identified when received for shipment.

WHEREAS it is among other things provided by the *Land Act 1891* that if at any time it appears to the Governor in Council that the value of lands of the Crown has been or will be enhanced by the proximity thereto of any line of railway, the Governor may, by Order in Council published in the *Government Gazette*, declare that the value of such lands of the Crown is so enhanced, and shall in such Order in Council fix a sum as the minimum sum per acre for which such lands may thereafter be alienated in fee simple, or as the minimum sum per acre per annum payable as rent or licence-fee under any lease or licence thereafter issued in respect of such lands, the sum so fixed not to be less than one-eighth part greater than nor more than double the upset or minimum price for which such lands might, but for such Order in Council, be acquired in fee simple, leased or occupied under licence (as the case may be) by any purchaser, selector, lessee, licensee, or other person under any Act relating to Crown lands: And whereas it appears to the Administrator of the Government in Council that certain lands of the Crown at Corner Inlet, in the parish of Toora, being Crown allotments 1 to 179 inclusive, have been or will be enhanced by the proximity thereto of the Leongatha and Port Albert Railway, a line of railway authorized and constructed under the authority of *The Railway Construction Act 1884*: Now therefore His Excellency the Administrator of the Government of Victoria, by and with the advice of the Executive Council thereof, under and by virtue of the powers by the said recited Act him enabling, doth by this Order in Council declare that the value of such lands of the Crown, being allotments 1 to 179 inclusive, in the parish of Toora, is so enhanced in value by the construction of the said Leongatha and Port Albert Railway: And doth further by this Order fix Two pounds (£2) as the minimum sum per acre for which such lands may hereafter be alienated in fee simple, and doth fix Two shillings (2s.) as the minimum sum per acre per annum payable as rent or licence-fee under any lease or licence hereafter issued in respect of such lands.

And the Honorable John McIntyre, Her Majesty's Commissioner of Crown Lands and Survey for Victoria, shall give the necessary directions herein accordingly.

CONVEYANCE OF MAILS, 1893-94-95-96.

SIXTH DIVISION.—25 SERVICES.

TENDERS are hereby invited, and will be received until Noon on Tuesday, the 23rd day of May, 1893, for the Conveyance of Post Office Mails, viz., Letters, Packets, Parcels, and Newspapers, as undermentioned, FOR THREE YEARS, from the 1st July, 1893, to 30th June, 1896.

1. Tenders are required to be written on a form, printed copies of which may be had gratuitously on application at any post office in the colony, and are to be forwarded (if by post, PREPAID AND REGISTERED) for receipt at the General Post Office by the hour and date first above mentioned, addressed to the Honorable the Postmaster-General, with the words "Tender for Mail Service No. " indorsed on the cover, or placed in the Tender-box at the General Post Office.

2. Tenderers are requested to describe by their numbers, as below, the mail services for which they tender.

3. The amount of the tender must be stated AT RATE PER ANNUM in words as well as figures.

4. Every tender must bear the *bona fide* signature and address of the tenderer, and bear the names of two responsible persons willing to become bound for the fulfilment of the contract in such sum as the Government may direct, not exceeding the gross amount of the contract.

5. Every tender must be accompanied by cash, bank cheque, bank draft, or a bank deposit-receipt to the credit of the Deputy Postmaster-General for a sum equal to TEN PER CENT. of the annual amount named in the tender; this deposit to be absolutely forfeited to the Government in case the person whose tender may be accepted shall fail to complete the usual bond and contract to the satisfaction of the Government within ten days of being notified that the documents are ready for execution. The notice of acceptance, if delivered at the address named in the tender, shall be deemed sufficient.

6. The money or other security deposited by successful tenderers will be returned to them upon application, on the bond and contract being duly signed.

7. The money or other security deposited by unsuccessful tenderers will be returned to them upon application, and on their signing receipts for the respective amounts.

8. In the event of a new line of railway, or a new railway station on an existing line being opened for traffic, and it being decided that the mails shall be conveyed by rail, the Postmaster-General shall have the power of cancelling the contract for any mail service running in the vicinity of the railway without compensation to the contractor, or shall have power to alter the points of arrival and departure of the mails; and, in the event of the travelling distance on any mail line being in such manner increased or diminished, all payments for the service subsequent to the alteration shall be computed on the basis of the average mileage-rate of the contract.

9. In the event of it being found necessary, from any cause, to absolutely cancel a contract, the Postmaster-General shall have full power to do so, provided that, unless the contract be cancelled on account of any fault on the part of the contractor, or on account of the opening of a railway line or a new railway station, payment shall be made to the contractor as compensation of a sum equal to ten per cent. of the moneys which would have become due on the unexpired period of the contract if the latter had been continued for the full term of three years.

10. Tenderers are requested to state the mode by which they propose to convey mails, whether by vehicle, on horseback, or by man on foot. If by vehicle, the description of vehicle and number of horses by which it is to be drawn to be given.

11. Tenderers are informed that the Department undertakes to carry parcels up to 7 lbs. in weight by all services for which tenders are accepted for conveyance of mails by vehicle.

Tenderers for services to and from Post Offices and Railway Stations are required to name a lump sum per annum for the number of trips specified in the call for tenders, and also state a rate per trip as a basis of payment for additional trips, or for reduction in the payment, should the number of trips be increased or lessened during the currency of the contract.

A "trip" to mean a journey from the Post Office to the Railway Station, and from the Railway Station to the Post Office, carrying mails each way.

The carriage of mails one way, viz., either from a Post Office to a Railway Station or from a Railway Station to a Post Office, shall be regarded as half a trip, and payment made accordingly. Where tenders are invited for a service to and from a Post Office and Railway Station "as often as required," tenderers are required to name a lump sum per annum for the work, and such sum shall not be liable to alteration either through increase or diminution in the number of trips.

13. A separate *bonâ fide* tender must be sent in for each service.

14. The attention of tenderers is drawn to the condition which requires that in cases where vehicles are used, Members of Parliament shall be conveyed free of charge between the districts they represent and the districts in which they reside and Melbourne.

15. The contractor shall not be entitled to claim any extra payment on account of the establishment of any new Post Office, or the removal of any existing Post Office, during the term of his contract, unless such establishment or removal shall increase the distance to be travelled by such contractor on any one day to the extent of one mile.

16. No application for the transfer of a contract will be entertained until a fee has been paid of Ten shillings on a contract not exceeding £50 per annum, and Twenty shillings on a contract above £50 per annum.

17. The general conditions referred to in the printed form of tender, and upon which the tender is to be made, can be inspected by persons proposing to tender, either at the General Post Office or at any post office in the colony.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Friday, 26th May, 1893.

NOTE.—The fee for the period from 1st June, 1893, to 31st December, 1893, and fee of Five shillings for Licence, must accompany each Tender.

TENDERS will be received by the Board of Land and Works up to Noon of Friday, the 26th May, 1893, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do he will be prosecuted according to law.

Special Conditions :

1. The period of occupation will be from 1st June, 1893, to 31st December, 1893.

2. The licence-fee must be paid in advance. The fee for the period from 1st June, 1893, to 31st December, 1893—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 1, Block 235," or "Lot 2, Block 236," or "Lot 3, Block 2270," as the case may be.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.

8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.

Plans can be seen and information may be obtained in this office.
