980	MINES— Supply of fittings and connexions for diamond drills from 1st July, 1893, to 30th June, 1894	Rates as per annex	Johnson and Sons, Tyne Foundry, Yarra Bank, South Melbourne	Prospecting for Gold, &c. For the Purchase and Working of Diamond Drills, 1893-4	J. H. McColl. 14.6.93.

Melbourne, 30th June, 1893.

ANNEX TO CONTRACT No. 980.

Johnson and Sons.

FITTINGS AND CONNEXIONS FOR THE DIAMOND DRILLS.

1. The contractor must provide all necessary tools and labour, and also all material where not otherwise specified in the Schedule, for fully completing all work which may be ordered, and he shall, as soon as finished, deliver such work at the nearest railway station, or at any other place not exceeding a distance of one mile from his workshop, which may be indicated by the officer in charge. Each delivery must be accompanied by an invoice or delivery note in duplicate. Delivery will not be deemed to have been made until the goods shall have been approved of by the officer in charge. The contractor shall, in every case, immediately after despatching any goods to the Department or to any of the drills, send or give notice to the officer in charge of the time of despatch, of the place where such goods have been forwarded, and the number of the order for the same; failing which being done, the contractor will be liable to have his contract cancelled without further notice, at the option of the Secretary for Mines.

2. The contractor will be required to furnish, in duplicate, any accounts he may have against the Mining Department in the prescribed form, accompanied by the orders for the goods, and receipts from the persons for whose use the same have been supplied; each account must include all the goods mentioned in the order.

3. The contract will be for such articles or repairs as may be ordered from the 1st July, 1893, to 30th June, 1894. All material and workmanship in connexion with this contract are to be of the very best description, and to be to the entire satisfaction of any officer who may be authorized by the Minister of Mines or Secretary for Mines to act on behalf of the Department of Mines in connexion with this contract, and such officer (herein designated the officer in charge) shall have full power to reject any articles he may deem to be not satisfactory or not in every way suitable.

4. When any order shall have been given to the contractor, he must use every despatch in getting the work done; if he do not, or if the work or material be not to the entire satisfaction of the officer in charge, it shall be optional with such officer in charge to cancel such order and get the work required done wherever he shall think fit, at the contractor's risk and expense; and any extra expense so incurred over the contract price will be deducted from any moneys due to the contractor. The officer in charge shall be the sole judge as to whether the contractor is using all necessary despatch in getting the work done, and as to whether the work or material is of the very best description. On the contractor receiving any portion of drills, machinery, or tool for repairs or otherwise from any of the drills, or from any other source, he must, in every case, send a receipt for the same to the officer in charge.

5. When any work is required that does not appear in the Schedule, offers may be obtained in the usual way without in any way infringing this contract.

6. As soon as possible after the contract is signed, the Department will lend the gauge-taps and nuts to the contractor for fourteen days, when the contractor must return them to the Department, having first made gauge-taps and dies for his own use at his own expense. The Department will require the contractor to make standard gauges for all necessary work at his own expense. The contractor must also make duplicate gauges for his own use and at his own expense.

7. When goods shall be ordered of a size not exceeding one-quarter of an inch over the sizes mentioned in the Schedule, the price for such goods shall not be more than that quoted in the Schedule. In cases, however, where the size required shall be more than one-quarter of an inch over the sizes mentioned in the Schedule, the price specified in the Schedule for the next larger size will be paid to the contractor.

8. It will be competent for the Secretary for Mines on behalf of the Government, or the contractor on his own behalf, to terminate the contract, by giving, in writing, a notice of one month.

9. The contractor must deliver to the Department all gauges, patterns, and all old material, at least fortnightly; failing which, it will be in the power of the Secretary for Mines to cancel the contract without further notice.

10. The Minister of Mines does not bind himself to accept any one tender only, or to give the work of the whole to any one firm. In case two tenders are accepted, in ordering the goods preference will be given to the contractor who does the work best and quickest when urgent.

Applications must be made on usual form, which can be obtained at any Land Office in the district, or the Head Office, Melbourne, and forwarded to any Land Officer, accompanied by a certificate of registration to be obtained from any Receiver and Paymaster on payment of a fee of £1.

The land has a frontage to Lake Hindmarsh. Beulah Railway Station is 20 miles directly east from the nearest point, and Dimboola Railway Station directly south 32 miles. The township of Jeparit, on the Wimmera River, is ten miles south. Roads from each of these places are surveyed through the land.

The frontage to Lake Hindmarsh and the Outlet Creek is light sandy country, the remainder good agricultural land.

There are many good catchment areas on the land, and water may thereby be easily conserved.

The tenure of the lease is ten years and five months from the 1st July next. Rental is Sixpence 'per acre per annum, and lessees will be required to cultivate and otherwise improve their land, and also to destroy all vermin thereon.

All applications for the land will be considered by a Local Land Board, presided over by a Police Magistrate, and all applicants deemed likely to prove suitable and *bona fide* settlers will be afforded a chance in the ballot to be taken to determine to whom the allotments are to be granted.

The application of any suitable applicant entitles him to a chance in the ballot for every allotment in the subdivision, provided such applicant has not at the time already been granted one in same. Applicants are therefore notified that it is unnecessary for them to lodge more than one application.

Not more than one allotment will be granted to any one person.

PUBLIC HEARINGS BY PERSONS APPOINTED UNDER THE 128TH SECTION OF THE LAND ACT 1890.

NOTICE is hereby given that, at the times and places mentioned in the Schedule hereunder, applications for licences under Parts 2 and 3 of *The Land Act 1869*, applications for leases and licences under Parts 3, 4, and 8 of the *Land Act 1884*, and divisions 3, 4, and 8 of Part 1, *Land Act 1890*, objections to such applications, objections to proposed proclamations, alterations, additions, diminutions, revocations, or unions of commons, and reasons against forfeiture of any leases or licences under the *Land Act 1890*, or any of the Acts thereby repealed, deemed liable to forfeiture for any cause except non-payment of rent or fees, will be publicly heard by the persons whose names are set opposite such places respectively in such Schedule, being persons appointed by me, the responsible Minister of the Crown administering the *Land Act 1890*, to hear the same and report thereon in writing to me.

TENDERS FOR GRAZING LANDS.

Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Friday, 21st July, 1893.

NOTE.—The fee for the period from 1st August, 1893, to 31st December, 1893, and fee of Five shillings for Licence, must accompany each Tender.

TENDERS will be received by the Board of Land and Works up to Noon of Friday, the 21st July, 1893, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do he will be prosecuted according to law.

Special Conditions:

1. The period of occupation will be from 1st August, 1893, to 31st December, 1893.

2. The licence-fee must be paid in advance. The fee for the period from 1st August, 1893, to 31st December, 1893—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 1, Block 98," or "Lot 2, Block 1048," or "Lot 3, Block 3070," as the case may be.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.

8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.

Plans can be seen and information may be obtained in this office.
