## PART I.—PATENTS.

## APPLICATIONS FOR PATENTS.

No. 11558. By Alfred Clayton Raine, of 5 Abinger-place, Richmond, Victoria, draper, for "Improvements in shirts and undershirts and similar underwear." 1st August. Provisional.

No. 11559. By Robert George Dixon Gould, of Malua-street, Little Brighton, Victoria, machinist, for "An improved automatic rabbit and vermin trap." 1st August. Provisional.

No. 11560. By George Berry Edwards and Arthur Edwards, both of 385 Little Lonsdale-street, Melbourne, Victoria, saddle-tree manufacturers, for "Improvements in saddle-tree plates for harness." 1st August. Complete.

No. 11561. By William John Everall, of 27 Doveton-street, North Ballarat, Victoria, saddle maker, for "Improvements in the fastening of leggings." 1st August. Complete.

No. 11562. By Aaron Turner Danks, of 391 Bourke-street, Melbourne, Victoria, merchant, for "An improved plug and washer for receptacles such as sinks and baths." 2nd August. Complete.

No. 11563. By John Tagell, of Point Nepean-road, North Brighton, Victoria, mechanical engineer; George Berry Edwards, of 385 Little Lonsdale-street, Melbourne, Victoria, saddle-tree manufacturer; and Thomas Darby, of Point Nepean-road, North Brighton, Victoria, professional rider, for "Improvements in the axle-caps of vehicles." 2nd August. Provisional.

No. 11564. By James William Turpin, of Hiamdale, near Rosedale, Victoria, farmer, for "A new or improved sledge scoop for cleaning dams, water tanks, reservoirs, &c." 2nd August. Provisional.

- No. 11565. By Malcolm Macgregor Henderson, of Osborne-avenue, East Brighton, Victoria, engineer; George Fullerton, of 18 Elphin-street, Newport, Victoria, engineer; and Charles William Watson, of Isabella-grove, Hawthorn, Victoria, engineer, for "Method of and means for the preservation of merchandise in transit or otherwise." 3rd August. Provisional.
- No. 11566. By John Phillips Dinham, of Eyre-street, South Broken Hill, New South Wales, mining engineer, for "Improved vehicle wheel." 3rd August. Complete.
- No. 11567. By Arthur Gordon, of 25 Elizabeth-street, Sydney, New South Wales, engineer, for "Improved combined apparatus for utilizing the expansive force of gases for cooling, refrigerating, or freezing purposes." 4th August. Complete.
- No. 11568. By Alfred Francis Allchin, Walter Joseph Allchin, and Samuel Morrell, of 5 Doveton-street, Ballarat West, Victoria, saddlers, for "Improvements in fasteners for leggings." 4th August. Complete.
- No. 11569. By Robert Reid, of a Beckett-street, Melbourne, Victoria, manufacturer, and William Palmer, of 133 Bridge-road, Richmond, Victoria, commercial traveller, for "Improvements in the axle-caps of vehicles." 4th August. Provisional.
- No. 11570. By Jonathan Bear, of 101 Queen-street, Melbourne, Victoria, patent agent, for "Improvements in combined postal envelope and advertising booklet for rendering the same practically inseparable." 7th August. Provisional.
- No. 11571. By John Tagell, of Point Nepean-road, North Brighton, Victoria, mechanical engineer; George Berry Edwards, of 385 Little Lonsdale-street, Melbourne, Victoria, saddle-tree manufacturer; and Thomas Darby, of Point Nepean-road aforesaid, professional rider, for "Improvements in the axles, axle-trees, and boxes of vehicles." 7th August. Complete.
- No. 11572. By James Watkin Kinniburgh, of 42 Lambton-quay, Wellington, New Zealand, actuary, for "An improvement in or applicable to ear-pieces for telephone receivers." 7th August. Provisional.
- No. 11573. By Isaac Davis, of the Orrong Hotel, High-street, Armadale, Victoria, gentleman, for "An improved wheel and axle for carriages and other vehicles." 8th August. Provisional.
- No. 11574. By The White Patent Rail-Joint Company Limited, of 96 King William-street, Adelaide, South Australia, for "Improvements in rail-joints of railways and tramways." 8th August. Provisional.
- No. 11575. By Gustav Aron, of 300 Russell-street, Melbourne, Victoria, manufacturer, for "Improvements in the springs of rocking chairs." 9th August. Complete.
- No. 11576. By The White Patent Rail-Joint Company Limited, of 96 King William-street, Adelaide, South Australia, for "Improvements in fastenings for rail-joints of railways and tramways." 9th August. Provisional.
- No. 11577. By The Mail Horseshoe Syndicate (Foreign Patents) Limited, of 57 Gracechurch-street, London, England, manufacturers, for "Improvements in shoes for horses or other hoofed animals." 9th August. Complete.
- No. 11578. By Robert George Dixon Gould, of Malua-street, Little Brighton, Victoria, machinist, for "An improved method of and apparatus for permeating rabbit burrows with destructive fumes." 9th August. Provisional.
- No. 11579. By Charles Dargie, of Edward-street, Shepparton, Victoria, machinist, for "An appliance for holding or connecting ropes, electric wires, cables, belting, strap, or the like." 9th August. Complete.
- No. 11580. By Martin Wanner, of Yorktown, Delaware county, Indiana, United States of America, chemist, for "Refrigerating liquid." 10th August. Complete.
- No. 11581. By Frederick Brandt and Albert Charles Brandt, trading as "Brandt Bros.," of 422 Elizabeth-street, Melbourne, Victoria, lamp makers, for "An improved kerosene and other oil burner for raising and lowering wick, for use in carriage and other lamps and candlesticks in place of candle." 11th August. Provisional.
- No. 11582. By George Kyme, of Malvern, Victoria, and P. G. Williams, of Kent-street, Ascot Vale, Victoria, mechanics, for "An automatic continuous brake appliance, principally for goods waggons, carriages, and other vehicles." 11th August. Complete.
- No. 11583. By Robert Gibson, of Shakespeare-grove, Hawthorn, Victoria, designer, for "Improvements in the connexions of the frames of bedsteads." 11th August. Provisional.
- No. 11584. By John Frederick Cooke Farquhar, of Glebe-street, Parramatta, New South Wales, engineer, for "Improvements in hydraulic apparatus for concentrating and classifying discrete materials and substances." 11th August. Complete.
- No. 11585. By August Paul Haberecht, of Jindera, New South Wales, mechanic, for "An improved wine and spirit decanter." 13th August. Provisional.
- No. 11586. By John Alves, of 17 Market Buildings, Flinders-lane, Melbourne, Victoria, for "Dissolving or puddling clay and grading the residue, consisting of stones, gravel, and sand, to facilitate the extraction of the minerals." 13th August. Provisional.
- No. 11587. By William Lardner, of Illowa, Victoria, station-master, for "An improved dolly." 13th August. Provisional.
- No. 11588. By Benjamin Howarth Thwaite and Thomas James Denny, both of 95 Finsbury-pavement, London, England, metallurgists, for "Improvements in methods and apparatus for generating gaseous fuel from solid hydro-carbonaceous or carbonaceous material." 13th August. Provisional.
- No. 11589. By William Henry Dawson, of Callan Park Hospital, Balmain, New South Wales, warder, for "A new and improved gold-saving machine." 14th August. Complete.
- No. 11590. By Mitchell Kilgour Beveridge, of Forbes, near Kilmore, Victoria, grazier, and Thomas Phillips, of Sydney-street, Kilmore aforesaid, coachbuilder, for "An improved apparatus for distributing poison for destruction of rabbits and other vermin." 14th August. Provisional.
- No. 11591. By George Charles Inskip, architect, and George Herbert Inskip, engineer, both of St. James' Buildings, William-street, Melbourne, Victoria, for "Improvements in ripple-table amalgamators." 14th August. Provisional.
- No. 11592. By Samuel Weingott the younger and Harris Weingott, both of 433 and 435 Kent-street, Sydney, New South Wales, clothing manufacturers, for "Improvements in the joints of the facings and pockets of waterproof garments." 15th August. Complete.
- No. 11593. By William B. Bland, of Coppin-street, East Malvern, Victoria, builder, for "A chimney for box irons." 15th August. Provisional.
- No. 11594. By Alfred Leon Isaacs, of Albert-street, St. Clair, Dunedin, New Zealand, warehouseman, for "An improved apparatus for use with windows for excluding flies, moths, mosquitoes, and such like insects from rooms." 15th August. Complete.
- No. 11595. By Sydney Herbert Wilson, of 114 Elizabeth-street, Melbourne, Victoria, architect, for "Improvements in wall ventilators." 15th August. Provisional.
- No. 11596. By Percy Hugh Pritchett, of Kanieri, New Zealand, clerk in holy orders, for "Improvements in cycles or velocipedes." 15th August. Complete.
- No. 11597. By Charles Hibberd, of Punt-road, Prahran, Victoria, contractor, for "A new or improved method of and apparatus for manufacturing or constructing wallet tickets and the like." 16th August. Provisional.
- No. 11598. By John Morrison, of Yeo Vale, Colac, Victoria, grazier, for "Improved press for wool and other material." 17th August. Provisional.
- No. 11599. By Julius Masterton McMillan, of Glenferrie-road, Hawthorn, Victoria, gentleman, for "An improved combined axle." 17th August. Provisional.
- No. 11600. By William John Malpas, of Collins-street, Melbourne, Victoria, mining broker, for "An improved umbrella suspender." 17th August. Provisional.
- No. 11601. By John James Christmas, of Broken Hill, New South Wales, mining agent, for "An improved process for the treatment of gold-bearing antimony ores." 18th August. Complete.
- No. 11602. By Julius Emil Rieschick, of Leigh-street, Adelaide, South Australia, saddler, for "An improved appliance for rendering a lady's stirrup leather adjustable on the off side." 20th August. Provisional.

- No. 11603. By Walter Charles Barton, of Sydney, New South Wales, machinist, for "Improvements in the construction of ploughshares, alike adaptable to ploughs, cultivators, and such like agricultural implements." 20th August. Complete.
- No. 11604. By Annie French, of Waratah, Christmas Hill, Victoria, for "An improved pot rest for open fireplaces." 20th August. Provisional.
- No. 11605. By James Bates, of Fairy-street, Warrnambool, Victoria, kitchen range fitter, for "Improvements in portable washing coppers." 21st August. Provisional.
- No. 11606. By William Hanlon, of Leongatha, Victoria, engine-driver, for "A gravity gate hinge and lock combined." 21st August. Provisional.
- No. 11607. By Louis Joseph Dufrou, of 505 Burwood-road, Hawthorn, Victoria, fruit preserver, for "An improved kiln for drying fruit, vegetables, and other alimentary substances." 21st August. Provisional.
- No. 11608. By Donald Archibald Douglas, of Blenheim, Marlborough, New Zealand, architect, for "Improvements in the linings of wooden walls and ceilings." 21st August. Complete.
- No. 11609. By Alfred Edward Peirce, of 37 Bromley-street, South Yarra, Victoria, engineer, for "Mining prospectors' equipments." 21st August. Provisional.
- No. 11610. By Charles Werner Gunst, of Eiroa, Victoria, surgeon, for "Movable solid refuse separator for use in settling tanks, drains, and sinks." 21st August. Provisional.
- No. 11611. By Samuel Gould, of Waltham-street, Flemington, Victoria, foreman engineer at Langlands Foundry, Melbourne, for "Improvements in and connected with the stems of stamper mills." 21st August. Provisional.
- No. 11612. By Matthew Martin, of 249 Adderley-street, West Melbourne, Victoria, carpenter, for "An improved cap for runners or sheeting used in sewage works." 22nd August. Provisional.
- No. 11613. By Richard Hope Wilson, of Bank-street, Port Fairy, Victoria, blacksmith, for "An improved windmill sail." 22nd August. Provisional.
- No. 11614. By Ludwig Grote, of 463 East India Dock-road, London, England, chemist, for "Improvements in the manufacture of artificial stone, marble, preservative paint, and other analogous materials." 23rd August. Provisional.
- No. 11615. By Thomas Craney, of 624 Harrison-street, in the city of Bay City, county of Bay, state of Michigan, United States of America, manufacturer, for "Electrolytic apparatus." 23rd August. Complete.
- No. 11616. By Thomas Craney, of 624 Harrison-street, in the city of Bay City, in the county of Bay, state of Michigan, United States of America, manufacturer, for "Evaporating apparatus." 23rd August. Complete.
- No. 11617. By Thomas Craney, of 624 Harrison-street, in the city of Bay City, in the county of Bay, state of Michigan, United States of America, manufacturer, for "Process and apparatus for the manufacture of sodium bicarbonate." 23rd August. Complete.
- No. 11618. By The Melbourne Chilled Butter and Produce Co. Limited, of 460 and 462 Flinders-lane, Melbourne, Victoria, manufacturers, exporters, and importers of dairy produce, for "Improved attachments to rotary butter workers for turning the butter thereon and salting it." 23rd August. Provisional.
- No. 11619. By Henry Burton Jones, of Champs Elysees, Park-street, Toorak-road, South Yarra, Victoria, for "An improved appliance for joining the separate pictures constituting a panoramic or cycloramic view." 23rd August. Provisional.
- No. 11620. By William Oscar Robbins, of 441 East 83rd-street, in the city, county, and state of New York, United States of America, manufacturer, for "Apparatus for treating substances containing fats and oils." 23rd August. Complete.
- No. 11621. By James Moderate, of Cust, Canterbury, New Zealand, labourer, for "Improvements in apparatus for pressing wool into bales and for other similar purposes." 23rd August. Complete.
- No. 11622. By Parker Cogswell Choate, of 38 Wall-street, New York, county and state of New York, United States of America, metallurgist, for "Improvements in the art of producing metallic zinc." 23rd August. Complete.
- No. 11623. By the Ingersoll-Sergeant Drill Company, of 25 Cortlandt-street, in the city and state of New York, United States of America, for "Improvements in rotating devices for rock drills." 24th August. Complete.
- No. 11624. By John Pow Boyd, of 44 Thistlethwaite-street, South Melbourne, Victoria, carpenter, for "An improved box or case for use in transporting butter and other dairy produce or for transporting perishable goods." 24th August. Provisional.
- No. 11625. By William Player Bice, of 415 Lonsdale-street, Melbourne, Victoria, merchant, for "An improvement in horse collars." 25th August. Provisional.
- No. 11626. By John Birchall, of Beavis-street, Elsternwick, Victoria, civil engineer, and Robert Silvers Black, of 483 Collins-street, Melbourne, Victoria, mining investor, for "Improvements in the apparatus for extracting gold from crushed quartz or other material in a dry state." 25th April. Provisional.
- No. 11627. By Georgina Barnes, of 25 Albert-road, Albert Park, Melbourne, Victoria, wife of George Barnes, journalist, for "A combined book cover and book mark." 25th August. Provisional.
- No. 11628. By Henry Banfield, of Argent-street, Broken Hill, New South Wales, mechanical engineer, for "Improvements in crushing and amalgamating mills." 27th August. Provisional.
- No. 11629. By William White, of the Brunswick Gas Works, Brunswick, near Melbourne, Victoria, plumber and gasfitter, for "An improved method of and apparatus for automatically lighting and extinguishing street and other gas lamps." 27th August. Provisional.
- No. 11630. By Aaron Turner Danks, of 391 Bourke-street, Melbourne, Victoria, merchant, for "An improved self-cleaning rotary corn screen." 28th August. Complete.
- No. 11631. By Frederick E. B. Joynson, of 121 Somerset-street, Richmond, Victoria, mechanic, for "An improved rotary wet amalgamator for recovering precious metals from crushed metalliferous ores or tailings." 28th August. Provisional.
- No. 11632. By Emily Pontin, of The Poplars, Pascoe-street, Williamstown, Victoria, married woman, for "An improved box or package in which to transport butter and other edible substances from place to place." 28th August. Provisional.
- No. 11633. By William Tarrant, of Weston-street, Petersham, near Sydney, New South Wales, mining engineer, for "An improved shaking table concentrating machine, usable also as an amalgamator." 28th August. Complete.
- No. 11634. By The Parke and Lacy Company, of San Francisco, California, United States of America, dealer in machinery and supplies, for "Improved feed water-heater and purifier for steam boilers." 28th August. Complete.
- No. 11635. By Elihu Thomson, of Swampscott, county of Essex, state of Massachusetts, United States of America, electrician, for "Electric arc lamps." 28th August. Complete.
- No. 11636. By Thomas Baker, of Bond-street, Abbotsford, Victoria, manufacturer, for "An improvement in the art of printing, especially applicable to photographic mounts." 28th August. Complete.
- No. 11637. By the Ingersoll-Sergeant Drill Company, of 26 Cortlandt-street, in the city and state of New York, United States of America, for "Improvements in channelling machines." 28th August. Complete.
- No. 11638. By George Stephen, of 37 Tait-street, North Fitzroy, Victoria, cabinetmaker, for "Improvements in extension tables, seats, berths, and other articles." 29th August. Complete.
- No. 11639. By Francis Salsbury Earp, of 7 Ackland-terrace, Robe-street, St. Kilda, Victoria, and Alfred Naylor Pearson, of 49 Queen-street, Melbourne, Victoria, analytical chemists, for "Acidimetric tablets or masses for the use of cheese and butter factories and for other industrial purposes." 29th August. Provisional.
- No. 11640. By John James Barry, of 10 Ann-street, Windsor, Victoria, french polisher, for "A revolving disinfection barrel for closets to work earthen or fluid disinfection." 29th August. Provisional.
- No. 11641. By John George Ellis, of 210 Flinders-lane, Melbourne, Victoria, ironworker, for "A new and improved gold-saving machine." 29th August. Provisional.

No. 11642. By Gustaf Fredrick Philipp Lenz, engineer, and William Paynter, patternmaker, both of Gawler, South Australia, for "An improved crusher and pulverizer." 30th August. Complete.

No. 11643. By John Speers, of Victoria-street, Ironbark, Bendigo, Victoria, engineer, for "Improved dove-tailed battery cam." 30th August. Provisional.

No. 11644. By Margaret Russell Gray, of Auckland, New Zealand, engaged in household duties, for "Combined thread-cutter and thimble." 30th August. Complete.

No. 11645. By Walter William Crawford, of 131 William-street, Melbourne, Victoria, engineer, for "An improved attenuator or apparatus for either raising or lowering the temperature of liquids, specially useful for attenuating cream." 30th August. Complete.

No. 11646. By Alexander Crawford Findlay, of French-street, Hamilton, Victoria, contractor, for "An improved means of preventing rain water and draught getting under doors." 31st August. Provisional.

No. 11647. By Johann Fredrick Kubale, of Goyura, Victoria, farmer and blacksmith, for "An improved apparatus for loading bags into waggons." 31st August. Provisional.

No. 11648. By Henry Johnson, of 143 Rose-street, Fitzroy, Victoria, steelfounder, and Thomas Drury, of Sydney-road, Brunswick, Victoria, wheelwright and coachbuilder, for "An improved renovable ploughshare and socket therefor." 31st August. Provisional.

No. 11649. By Edward Waters, of 131 William-street, Melbourne, Victoria, patent agent, for "Improvements in apparatus for aerating water or other liquid with carbonic acid or other gas under pressure and bottling the same." 31st August. Complete.

## PROVISIONAL SPECIFICATIONS ACCEPTED.

No.	Date of Acceptance.	Name.	Title.
11550	1894. August 1	Mary Gibbins ... ..	Improvements in multi-furrow ploughs to permit of adjustment of any number of furrows, and in mechanism for lifting and lowering the same and regulating the furrow
11516	August 2	Samuel George Teasdale ... ..	An improved removable linen cuff for shirts
11559	August 4	Robert George Dixon Gould ... ..	An improved automatic rabbit and vermin trap
11563	August 4	John Tagell, George Berry Edwards, and Thomas Darby	Improvements in the axle-caps of vehicles
11553	August 7	Michael Ford ... ..	Improvements in sheep-shearing machines, parts of which are applicable to other purposes
11564	August 7	James William Turpin ... ..	A new or improved sledge scoop for cleaning dams, water tanks, reservoirs, &c.
11565	August 7	Malcolm Macgregor Henderson, George Fullerton, and Charles William Watson	Method of and means for the preservation of merchandise in transit or otherwise
11572	August 8	James Watkin Kinniburgh ... ..	An improvement in or applicable to ear-pieces for telephone receivers
11573	August 9	Isaac Davis ... ..	An improved wheel and axle for carriages and other road vehicles
11570	August 10	Jonathan Bear ... ..	Improvements in combined postal envelope and advertising booklet for rendering the same practically inseparable
11574	August 10	The White Patent Rail-Joint Com- pany Limited	Improvements in rail-joints of railways and tramways
11576	August 10	The White Patent Rail-Joint Com- pany Limited	Improvements in fastenings for rail-joints of railways and tramways
11569	August 13	Robert Reid and William Palmer	Improvements in the axle-caps of vehicles
11421	August 15	Augustine John Madden ... ..	A combined sheep-shearing, horse, and skin clipping machine
11578	August 16	Robert George Dixon Gould ... ..	An improved method of and apparatus for permeating rabbit burrows with destructive fumes
11583	August 16	Robert Gibson ... ..	Improvements in the connexions of the frames of bedsteads
11586	August 16	John Alves ... ..	Dissolving or puddling clay and grading the residue consisting of stones, gravel, and sand, to facilitate the extraction of the minerals
11587	August 16	William Lardner ... ..	An improved dolly
11591	August 16	George Charles Inskip and George Herbert Inskip	Improvements in ripple-table amalgamators
11585	August 17	August Paul Haberecht ... ..	An improved wine and spirit decanter
11593	August 17	Sydney Herbert Wilson ... ..	Improvements in wall ventilators
11597	August 18	Charles Hibberd ... ..	A new or improved method of and apparatus for manufacturing or constructing wallet tickets and the like
11598	August 20	John Morrison ... ..	Improved press for wool and other material
11599	August 22	Julius Masterton McMillan ... ..	An improved combined axle
11602	August 22	Julius Emil Rieschick ... ..	An improved appliance for rendering a lady's stirrup leather adjustable on the off side
11604	August 22	Annie Ffrench ... ..	An improved pot rest for open fireplaces
11610	August 23	Charles Werner Gunst ... ..	Movable solid refuse separator for use in settling tanks, drains, and sinks
11611	August 23	Samuel Gould ... ..	Improvements in and connected with the stems of stamper mills
11558	August 24	Alfred Clayton Raine ... ..	Improvements in shirts and undershirts and similar underwear
11588	August 25	Benjamin Howarth Thwaite and Thomas James Denny	Improvements in methods and apparatus for generating gaseous fuel from solid hydro-carbonaceous or carbonaceous material
11600	August 25	William John Malpas ... ..	An improved umbrella suspender
11612	August 25	Matthew Martin ... ..	An improved cap for runners or sheeting used in sewage works
11614	August 25	Ludwig Grote ... ..	Improvements in the manufacture of artificial stone, marble, preservative paint, and other analogous materials
11581	August 27	Frederick Brandt and Albert Charles Brandt	An improved kerosene and other lamps and candlesticks in place of candle
11624	August 27	John Pow Boyd ... ..	An improved box or case for use in transporting butter and other dairy produce or for transporting perishable goods
11605	August 28	James Bates ... ..	Improvements in portable washing coppers
11607	August 28	Louis Joseph Dufou ... ..	An improved kiln for drying fruit, vegetables, and other alimentary substances
11625	August 28	William Player Bice ... ..	An improvement in horse collars
11626	August 28	John Birchall and Robert Silvers Black	Improvements in the apparatus for extracting gold from crushed quartz or other material in a dry state
11629	August 28	William White ... ..	An improved method of and apparatus for automatically lighting and extinguishing street and other gas lamps
11537	August 30	Robert Tucker and Frederick Boyling	Improvements in carriage brakes
11631	August 30	Frederick E. B. Joynson ... ..	An improved rotary wet amalgamator for recovering precious metals from crushed metalliferous ores or tailings
11632	August 30	Emily Pontin ... ..	An improved box or package in which to transport butter and other edible substances from place to place
11627	August 31	Georgina Barnes ... ..	A combined book cover and book mark

## COMPLETE SPECIFICATIONS ACCEPTED.

NOTE.—Any person desiring to oppose the grant of a patent on any of the undermentioned applications must, within two months from the date of the acceptance, give notice at the Patent Office of such opposition.

No.	Date of Publication.	Name.	Title.
	1894.		
10720	August 3	Hugh Victor McKay ... ..	Improvements in harvesters for stripping, winnowing, and bagging grain
10876	August 3	John Henry Johns ... ..	An improved bark splitting and grinding mill
10899	August 3	Louis Buchholz and Joseph Albert Cohen	An improved grain fork
11457	August 3	Pierre Manhes ... ..	Improvements relating to the treatment of nickel and cobalt ores
11464	August 3	Frederick Condy .. ..	An improved gold-saving machine, with a rotating and revolving cylinder
11469	August 3	Robert Taylor Coghlan ... ..	Improvements in apparatus for washing and saving gold, tin, and gems
11480	August 3	Francis Jehl ... ..	Improvements in appliances for increasing the duration of the top carbon of electric arc lamps
11490	August 3	William Gabriel Barger ... ..	Improvements in disc harrows
11493	August 3	Charles Clifford Clifford and John Carter	An improved axle-actuated brake for railway vehicles
11494	August 3	Thomas Grainger ... ..	A detachable brooch pin and catches
11510	August 3	William Baker Hartridge ... ..	Improvements in artificial fuel blocks
11518	August 3	Hjalmar Graff ... ..	An improved contrivance for marking and registering billiard games
11527	August 3	Jonathan Bear ... ..	An improved combined advertising booklet and postal envelope
10765	August 10	Harry Williams and Thomas Langston Fisher	An improved rotary pump
10848	August 10	Andrew Dempster ... ..	An improved method of and apparatus for lighting railway carriages by means of air gas
10901	August 10	Albert Meckelburg ... ..	An improved horseshoe
10967	August 10	Edward Waters ... ..	An improved machine or apparatus for pulverizing or reducing gold-bearing quartz or ores or other hard substances
11452	August 10	Douglas Arthur Stevens ... ..	Improved apparatus for separating gold from its ores and concentrating and amalgamating the same
11455	August 10	Charles Arthur Conger ... ..	Improvements in buckles
11472	August 10	Robert Watts Wigmore ... ..	Improvements in apparatus for raising, lowering, and supporting wire clothes lines
11526	August 10	Frederick Giles ... ..	Improvements in spring buttons, and apparatus for securing same on articles such as boots, leggings, gloves, and bags
11531	August 10	John Edward Buchan ... ..	An improved contrivance for adjusting the length of shirt sleeves as required
11548	August 10	William Cable ... ..	An improved apparatus for disintegrating and desiccating offal and substances which can be similarly treated
10732	August 17	George Sharpe ... ..	An improved contrivance to be used in starting horse races
10973	August 17	David Smith and Thomas Henry Tilley	An improved potato digger
10982	August 17	Susan Beckett ... ..	An improved combination brace bodice or vest and suspender
11028	August 17	David Elliott ... ..	An improved heat exchanger
11498	August 17	Charles Everard Beaumont ... ..	Improvements in and connected with steam and other fluid-pressure motors and pumps
11533	August 17	George Walker Blanks ... ..	Methods and means to be employed in elevating and storing the water of the sea for use as a motive power and for other purposes
11544	August 17	Richard Keyte ... ..	A combined bedstead and cot
11579	August 17	Charles Dargie ... ..	An appliance for holding or connecting ropes, electric wires, cables, belting, strap, or the like
11584	August 17	John Frederick Cooke ... ..	Improvements in hydraulic apparatus for concentrating and classifying discrete materials and substances
10809	August 24	John Lawson Johnstone ... ..	An improved portable apparatus to be used in starting horse or pony races
10949	August 24	Samuel Kenneth McIver ... ..	Improvements in portable kitchen ranges or one-fire cooking stoves
11512	August 24	Walter Joseph Newton, Henry James Purbrook, and Herbert de Carle Hudson	Improvements in apparatus for generating and applying electricity to the human body
11568	August 24	Alfred Francis Allchin, Walter Joseph Allchin, and Samuel Morrell	Improvements in fasteners for leggings
11582	August 24	George Kyme and P. G. Williams	An automatic continuous brake appliance, principally for goods waggons, carriages, and other vehicles
11592	August 24	Samuel Weingott the younger and Harris Weingott	Improvements in the joints of the facings and pockets of waterproof garments
10888	August 31	Robert Edward Evenden ... ..	An improved apparatus for heating milk
10993	August 31	Frederic William Priestley Parker ... ..	Improvements in boiler water gauges
11525	August 31	T. Robinson and Co. Limited ... ..	An improved multi-furrow plough
11535	August 31	Robert James Douglas Sellar ... ..	Improved wash-away flood fence or gate
11552	August 31	Richard Miller ... ..	An improved horse-race starting apparatus
11554	August 31	Joseph Henry Haycraft ... ..	Improved chlorinating and amalgamating process for the extraction of gold and silver from their ores
11560	August 31	George Berry Edwards and Arthur Edwards	Improvements in saddle-tree plates for harness
11561	August 31	William John Everall ... ..	Improvements in the fastening of leggings
11575	August 31	Gustav Aron ... ..	Improved springs for rocking chairs
11577	August 31	The Mail Horseshoe Syndicate (Foreign Patents) Limited	Improvements in shoes for horses or other hoofed animals
11580	August 31	Martin Wanner ... ..	An improved refrigerating liquid
11594	August 31	Alfred Leon Isaac ... ..	An improved roller blind or screen and fittings for use with windows for excluding flies, moths, mosquitoes, and such like insects from rooms
11615	August 31	Thomas Craney ... ..	Electrolytic apparatus
11616	August 31	Thomas Craney ... ..	An improved multiple evaporating apparatus

## COMPLETE SPECIFICATION REFUSED.

No.	Date Refused.	Name.	Title.
11212	1894. August 7	George Smith Duncan ... ..	Improvements in the method or process of treating gold and silver ores, and a composition of matter for the same purpose

## LETTERS PATENT SEALED.

No	Date of Sealing.	Name.	Title.
10446	1894. August 7	Frederick Herbert Prentiss ... ..	Detachable socket for incandescent lamps
10621	August 7	John Alves ... ..	An improved contrivance for ventilating and preventing the entrance of draughts into the windows, doors, and other openings of vehicles and ships
10714	August 7	Bedlington Bodycomb ... ..	A new or improved form of policy or coupon for insurance against accident
10878	August 7	Mark Knight Westcott ... ..	An improved process for compressing fodder into blocks
11293	August 7	Henry O'Hara and John Alston Wallace	Improvements in apparatus for arresting and extinguishing sparks, applicable also to apparatus for collecting the unconsumed carbon and the volatilized portion of the fumes issuing from the funnels of locomotive and other engines and from the chimneys of factory and other furnaces
11315	August 7	Alexander Gray ... ..	An improved apparatus to be used for starting races
11354	August 7	Edward Joseph Douglas ... ..	An improved automatic combined gas and water heater
10616	August 15	Hans Urban ... ..	An improved spark arrester for locomotive and other steam-engine boilers
10671	August 15	Crisp Molineux Harridge ... ..	An improved chloride of ammonium inhaler
10794	August 15	John McKay ... ..	An improved lifter-cam for stamper batteries
11327	August 15	Henry Cecil Fellowes, William Robert Crozier, and Henry Ferguson	Improvements in the extraction and preparation of the fibres of Rhea and other grasses and fibrous vegetables
11320	August 15	James Nicholas ... ..	Improvements in obtaining gold and silver from ores and other compounds and apparatus therefor
11346	August 15	William Herbert Hyatt ... ..	Improvements in the manufacture of paint
11383	August 15	James Stewart ... ..	Improvements in spark arresters
10638	August 22	Joseph North Cocker ... ..	Improvements in potato harvesters
10806	August 22	Ralph Maunton Davies and John Shephard	An improved contrivance for measuring water, principally useful for irrigation purposes
11173	August 22	John Cook ... ..	An improvement in plate metal ploughshares
11297	August 22	Daniel McGill ... ..	An improved machine for compressing air or other gas
11313	August 22	Donald William Jackson and Thomas John William Mackenzie	An improved process of producing fatty matter from woolwashers' suds for medicinal and kindred purposes
11388	August 22	Arthur Albert Walters, Christopher Ross Leighton, and Henry Bowen Walters	A combination wheelbarrow and gold-saving cradle
11392	August 22	Joseph Vaughan ... ..	An improved lock nut
10703	August 29	Lars Larsson ... ..	A new or improved coin-freed stereoscope
10784	August 29	George Frederick Martin ... ..	Electrical ripple table for saving fine or flour gold from tailings or auriferous ores
11096	August 29	Henry John Lawrence and Alfred Ernest Bromell	An improved boiler tube and pipe cleaner
11200	August 29	Thomas Headly Stackhouse ... ..	Reciprocating machines for printing from stencils
11343	August 29	Robert Loudon ... ..	Improved apparatus for subdividing and imprinting butter
11393	August 29	William Fisher ... ..	Improved pot for waxing thread for boot-sewing machines, also applicable for coating yarns, threads, or strips of material with liquid substances
11413	August 29	Charles Bristow ... ..	Surveyor's adjustable centreing rod
11426	August 29	Robert Wighton Moncrieff ... ..	Improvements in paper-making machines

## PATENTS ON WHICH RENEWAL FEES HAVE BEEN PAID.

No.	Renewal Fee.	Name.
5234	3rd term ... ..	John O'Dwyer
5240	" ... ..	Alfred Buckingham Ibbotson
5289	" ... ..	John Augustus Bagshaw, William Edward Bagshaw, and Thomas Henry Bagshaw
5339	" ... ..	Charles Francois Marie Thérèse
5340	" ... ..	Fritz Bernhard Behr
8928	2nd term ... ..	Francis John Marquand, Albert William Craven, and Edward Joseph Brown
8932	" ... ..	John Tyler
8934	" ... ..	Frederick Cleaver
8936	" ... ..	James Amos
8940	" ... ..	Thomas Hargreaves Brigg
8979	" ... ..	Victor Vuilliez
8985	" ... ..	Alfred Golding
8989	" ... ..	Edward Waters
9002	" ... ..	Richard Blamire Sewell
9003	" ... ..	Robert Melville Scott
9006	" ... ..	Thomas Grace
9046	" ... ..	Alfred Grace Sage and Daniel White
9054	" ... ..	Frederick C. Austin
9097	" ... ..	John Vicars, Thomas Vicars, and John Vicars the younger
9245	" ... ..	Edward Waters

## PATENTS EXPIRED FOR NON-PAYMENT OF FEES.

NOTE.—These patents may be revived upon application to the Commissioner within six months (see *Patents Act 1890*, sec. 22).

No.	Name.	Title.	Term]
5216	Pauo Marcolino ... ..	Improvements in quartz-crushing machines ... ..	3rd term
5238	William Sagg ... ..	Improvements in the construction of gas lamps ... ..	"
5239	Francis Redmond ... ..	Improvements in screw nuts ... ..	"
5241	James McEwen and Dan Rylands ... ..	Improvements in means for closing the mouths of bottles or other hollow articles, and for holding the cork or other stopper securely in position	"
5245	William Harper ... ..	Improvements in gas engines ... ..	"
5246	Percival Everitt ... ..	Improvements in apparatus for receiving payment for and for delivering prepaid goods	"
5252	Jules Weirich ... ..	Improvements in the treatment of auriferous materials ... ..	"
5257	William Angus ... ..	Improvements in pumps ... ..	"
5265	William Nelson and Eugene Bowen ... ..	Improvements in machinery or apparatus for drying wool ... ..	"
5266	Samuel Hardley ... ..	Improvements in washing machines ... ..	"
8924	Frank Harris ... ..	Improved sole and heel pieces for repairing boots and shoes ... ..	2nd term
8925	William Parker ... ..	Improved appliance for bending metal to form angles ... ..	"
8926	Joseph Brown ... ..	Improved method of and apparatus for accelerating the combustion of fuel, specially applicable to steam boilers and smelting furnaces	"
8930	Rudolph Haub ... ..	An improved automatic coupling, suitable for railway or tramway rolling-stock	"
8937	Thomas Laidler ... ..	Improved means for connecting shafts and poles to buggies and other vehicles	"
8938	Vivian Byam Lewes ... ..	Improvements in the manufacture of hydrogen gas or a mixture of hydrogen and carbon monoxide and apparatus therefor	"
8939	Vivian Byam Lewes ... ..	Improvements in or appertaining to the manufacture or production of hydrogen	"
8941	Gustav Weise ... ..	Improvements in stump-jump ploughs ... ..	"
8942	Alexander Crawford Leslie ... ..	An improved attachment for gas-burners ... ..	"
8943	John Small ... ..	An improved apparatus for releasing horses from carriages ... ..	"
8945	Henry William Hargrave ... ..	An appliance for spreading or levelling material discharged in heaps on embankments	"
8946	Frederick Glass ... ..	Improvements in hydraulic ram jiggers for lifts and cranes ... ..	"
8948	William David Wallis ... ..	An improved stump-jumping implement for cutting down mallee shoots and similar growth	"
8949	William Treloar and Edward Treloar ... ..	An improved composition for use as a base in materials for wire insulators, damp courses, and paving purposes	"
8952	Parnell Rabbidge ... ..	Improvements in switching appliances for telephonic purposes ... ..	"
8955	Cornelius Ashley, Harry Ashley, and Henry Harrow ... ..	A new or improved stretch-tight commode and water flush pump ... ..	"
8957	Arthur Edwin Trevillion Lees ... ..	Improvements in duplex direct-acting quadruple-expansion steam pumping engines	"
8959	Alexander Stanley Elmore ... ..	Improvements in the manufacture of metallic articles by electrolysis and apparatus for that purpose	"
8962	George Joseph Cartwright ... ..	Improvements in the fire bridge of boiler furnaces ... ..	"
8964	Alfred Upton Alcock ... ..	Improved arrangement of reflectors for electric lights ... ..	"
8965	John Kelly ... ..	Improvements in double-action stump-jump ploughs ... ..	"
8966	Bohnslav Fiedler ... ..	An improved matchbox ... ..	"
8971	Alexander Findlay Smith ... ..	Improvements in brakes for cars worked by cable haulage or inclined railways and tramways	"
8973	William Stewart Hutchinson ... ..	Improvements in furnaces, and devices and attachments connected therewith for the production and combustion of water gas	"
8977	Charles Cummings ... ..	An improved system of compressed air distribution and improved compressing and controlling apparatus connected therewith	"
8978	William N. Anderson ... ..	Improvements in elevator brakes ... ..	"
8982	Albert Arthur Smith ... ..	An improved wire nail-making machine ... ..	"
8983	Abraham Ernest Nathan ... ..	A friction igniting and fusing attachment to the end of cigarettes ... ..	"
8987	Edward Waters ... ..	An improved article of manufacture to be used as a substitute for wall paper, flooring, and other ornamental coverings	"
8994	Charles Branston Hunt ... ..	Improvements in two-reel sewing machines to enable them to produce either a lock stitch, chain stitch, or chain lock stitch at will	"
8996	Thomas Jackson ... ..	An improved ankle-joint for artificial legs ... ..	"
9003	George Scarfe, Richard Smith, Thomas Roger Scarfe, and Askin Morrison Nicholas ... ..	Improvements in motive mechanism of sheep-shearing machines and appliances for producing and transmitting pulsating fluid pressure to same	"

## APPLICATIONS ABANDONED.

No.	Date of Abandonment.	Name.	Title.
	1894.		
10860	July 3	James Mann ... ..	A photo-micrographic camera
10862	July 4	Thomas Holroyd, John Morris, David Irwin, and James Bone	A spark arrester
10863	July 4	William Tulloch, George Brown-sword, and Samuel Cooper	An improvement in refrigerating chambers in which the temperature is reduced by the evaporation of moisture
10865	July 4	Robert Robey ... ..	The manufacture of mountain white oak Virginian leaf tissues
10866	July 4	Reginald Tackett ... ..	An improved aerial railway and seat for the amusement of children
10867	July 6	Henry Oglo Moore and Charles James Polain	Rein holder
10868	July 7	Robert McMullan ... ..	An improved spark arrester
10871	July 11	Edward Francome ... ..	An improved drain-cutting plough
10875	July 12	Ernest Arthur ... ..	Improvements in kitchen ranges or one-fire cooking stoves
10883	July 13	Harrison Baker Clarkenson ... ..	An improved apparatus for separating fine gold or tin from alluvial deposits
10884	July 13	T. Robinson and Company Limited	Improved steering appliance for multiple stump-jump and other ploughs
10885	July 13	William Humble and Ward Nicholson	An improved chain-straining appliance for ensilage presses to be operated by hand power
10891	July 15	William Coles ... ..	An improved gold coin tester

## APPLICATIONS ABANDONED—continued.

No.	Date of Abandonment.	Name.	Title.
	1894.		
10892	July 15	Kenneth Cameron ... ..	An improved car coupling
10895	July 19	Hugh Gilmour ... ..	An improved root or stump extractor
10896	July 19	Frederick Pilcher ... ..	Improvements in the construction and laying down of wood-block roadways
10903	July 24	Frank Hunter ... ..	An improved harness saddle-tree
10909	July 25	John Blythe, Henry Daniel Dondey, and James Charles Testro	Portable condensers
10912	July 26	Albert John Neujahr and Henry William Mason	An improved illuminated advertising sign
10914	July 27	Henry Lane and Frederick Stanley Radcliffe	An improvement in the construction of saddles
10915	July 27	Francis Bartholemew Cronin ... ..	Improved spark arrester
10919	July 28	Edward Shaw ... ..	An improved felt hat
10922	July 31	James Marshall ... ..	An improved machine to be used for starting horse races
10923	July 31	John Blyth and Henry Dondey ... ..	An improved spark arrester

## APPLICATION VOID.

(The complete specification not accepted within the prescribed time.)

No.	Date of Application becoming void.	Name.	Title.
10625	29th August, 1894	Edward England and James Cooper Stewart	An improved sash holder and fastener for railway carriage and other windows

## ASSIGNMENTS REGISTERED.

No.	Title.	Date of Registration.	Name of Assignee.	Whole or Part.
6358	Improvements in apparatus for drying or seasoning timber	9th August, 1894 ... ..	The Australian Seasoned Timber Company Limited	Whole
6848	An improved method of producing pictures, photographs, or letters upon the under surface of looking glasses or mirrors for advertising or ornamental purposes	15th August, 1894 ... ..	Frederick Cotterell ... ..	Part
7915	Improvements in apparatus for drying and seasoning timber	9th August, 1894 ... ..	The Australian Seasoned Timber Company Limited	Whole
7916	Improvements in apparatus for drying and seasoning timber	9th August, 1894 ... ..	The Australian Seasoned Timber Company Limited	Whole
8002	An improved device for indicating, separating, and quickly obtaining change from a till or money drawer	29th August, 1894 ... ..	William Henry Peisley and George Robert Peisley (Peisley Bros.)	Part
10416	Improvements in the artificial coloration and hardening of natural or artificial stone	7th August, 1894 ... ..	Charles Marsham Rae ... ..	Whole
10494	Improvements in multiple expansion engines ... ..	10th August, 1894 ... ..	Charles Campbell Worthington	Whole
10699	Improvements in and relating to pneumatic tyres for the wheels of bicycles and other vehicles	2nd August, 1894 ... ..	Grappler Pneumatic Tyre and Cycle Company Limited	Whole

PART II.—TRADE MARKS.

APPLICATIONS FOR TRADE MARKS.

The essential particular of the Trade Mark is the following:—The device; and applicant disclaims any right to the exclusive use of the added matter.

CLASS 3.

3827. A Medicine for human use. Maxime Blanchon, of 7 Rue Saint Lazare, Paris, France, banker. 25th April, 1894. (As a distinctive label.)

CLASS 3.

3940. Medicinal Preparations. Suzanne Aubert, or Mother Mary Joseph Aubert, of Jerusalem, Wanganui River, New Zealand, manufacturer. 24th August, 1894. (As a word having no reference to the character or quality of the goods, and not being a geographical name.)

WANENA.

CLASSES 24, 34, AND 38.

3918. Class 24. Piece goods of cotton.

3919. Class 34. Piece goods of wool, worsted, or hair.

3920. Class 38. Articles of clothing.

John Maddocks, 27 Canal-road, Bradford, in the county of York, England. 6th August, 1894. (As words having no reference to the character or quality of the goods, and not being a geographical name.)

"SAINT SWITHIN."

The essential particulars of the Trade Mark are the following:—The device of a bear; and applicant disclaims any right to the exclusive use of the added matter.

CLASS 30.

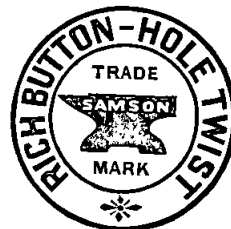

3910. Sewing and Knitting Silks. Lister Henry, of 308 Flinders-lane, Melbourne, Victoria, manufacturers' agent. 23th July, 1894. (As a distinctive mark.)

The essential particulars of the Trade Mark are the following:—The device of an anvil, and the word "Samson" thereon; and applicant disclaims any right to the exclusive use of the added matter.

CLASS 30.

3911. Sewing Silks. Lister Henry, of 308 Flinders-lane, Melbourne, Victoria, manufacturers' agent. 28th July, 1894. (As a distinctive mark.)

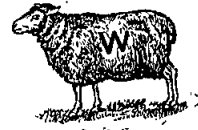

The essential particulars of the Trade Mark are the combination of devices; and applicants disclaim any right to the exclusive use of the added matter.

CLASS 38.

3770. Corsets. P. Dutoict and Co., of Brussels, Belgium, corset manufacturers. 21st February, 1894. (As a distinctive label.)

The essential particulars of the Trade Mark are the following:—The device being a sheep with the letter "W" in the centre; and applicant disclaims any right to the exclusive use of the added matter.

CLASS 38.

3912. Wearing Apparel, and including Hosiery. Lister Henry, of 303 Flinders-lane, Melbourne, Victoria, manufacturers' agent. 28th July, 1894. (As a distinctive mark.)

CLASS 38.

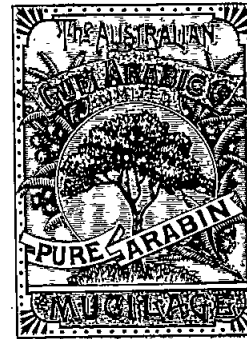

3941. Boots and Shoes, and articles of clothing made of leather, such as leggings. Joseph Florey, of Grenfell-street, Adelaide, South Australia, leather manufacturer. 27th August, 1894. (As an invented word.)

CHROMLLEA.

The essential particulars of the Trade Mark are as follows:—The combination of devices; and applicant company disclaim the right to the exclusive use of the added matter other than their name.

CLASS 39.

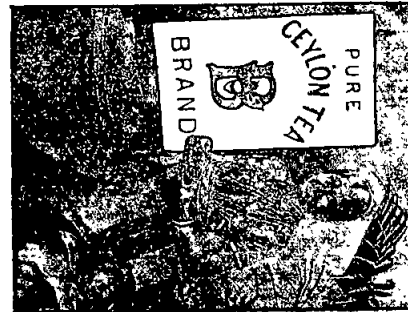

3913. Mucilage. The Australian Gum Arabic Company Limited, of Robb's Buildings, corner of King and Collins streets, Melbourne, Victoria. 30th July, 1894. (As a distinctive label.)

The essential particulars of the Trade Mark are the following:—The device of a Cingalese woman, with a cup and saucer in her hands, standing by a tea table, and a bee overlying the capital letter "B"; and applicants disclaim any right to the exclusive use of the added matter.

CLASS 42.

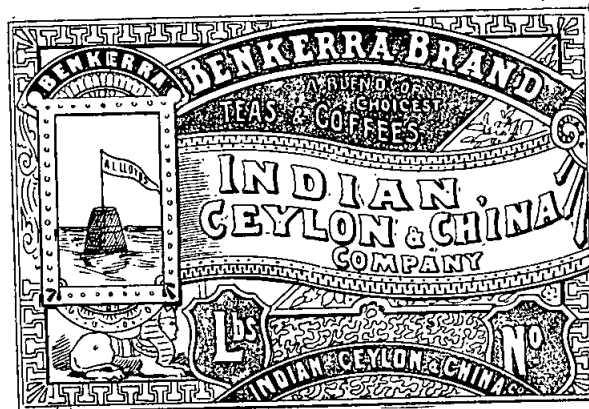

3792. Tea. The Ceylon Co-operative Tea Gardens Company, of Colombo, Ceylon. 9th March, 1894. (As a distinctive label and brand.)

The essential particulars of the Trade Mark are the following:—The combination of devices, the distinctive word "Benkerra," and applicant's trading name; and applicants disclaim any right to the exclusive use of the added matter.

CLASS 42.

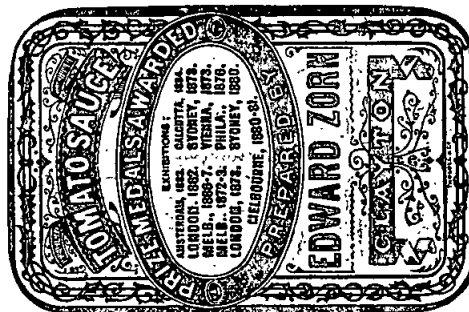

3914. Tea and Coffee. Edwin James Hooper and Margaret Hooper, both of Moorabool-street, Geelong, Victoria, merchants, trading as "The Indian, Ceylon, and China Company." 1st August, 1894. (As a distinctive label.)

The essential particulars of the Trade Mark are the following:—The combination of devices and applicant's name and address; and applicant disclaims any right to the exclusive use of the added matter.

## CLASS 42.

3924. Tomato Sauce. Edward Zorn, of Clayton, Victoria, manufacturer. 13th August, 1894. (As a distinctive label.)

## CLASS 42.

3926. Butter. Adam Wakenshaw, of Balmattum, Victoria, dairy expert. 13th August, 1894. (As a distinctive brand.)

## CLASS 42.

3931. Tea. James Service and Company, of No. 495 Collins-street, Melbourne, Victoria, merchants and importers. 22nd August, 1894. (As a word having no reference to the character or quality of the goods, and not being a geographical name.)

NIRVANA.

## CLASS 42.

3932. Tea. James Service and Company, of No. 495 Collins-street, Melbourne, Victoria, merchants and importers. 22nd August, 1894. (As a word having no reference to the character or quality of the goods, and not being a geographical name.)

COSEY.

The essential particulars of the Trade Mark are the following:—The word "Nirvana," and the combination of devices forming the distinctive label; and applicants disclaim any right to the exclusive use of the added matter.

## CLASS 42.

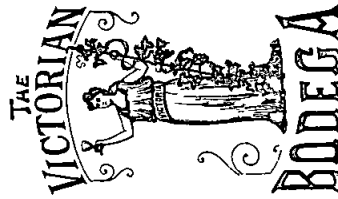

3943. Tea. James Service and Company, of No. 495 Collins-street, Melbourne, Victoria, merchants and importers. 28th August, 1894. (As a distinctive label.)

The essential particulars of the Trade Mark are the following:—The allegorical figure or female personification of Victoria holding a goblet of Victorian wine in her right hand, and a staff upon which a grape vine is entwined in her left; and applicant disclaims any right to the exclusive use of the added matter.

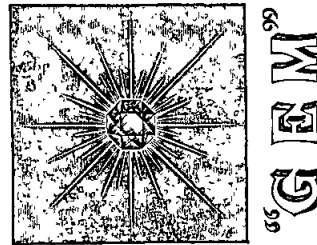

**CLASS 43.**

**3917.** Wines and Spirits. Henry Edward Browning, of Cross-street, Canterbury, Victoria, merchant. 6th August, 1894. (As a distinctive label.)

**CLASS 43.**

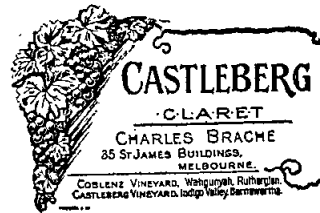

**3927.** Fermented Liquors and Spirits. George Francis Morris, Frederick Hale Morris, and Charles Hughes Morris, trading as "G. F. Morris and Sons," of Brown's Plains, Victoria, vigneron. 20th August, 1894. (As a distinctive device and word having no reference to the character or quality of the goods, and not being a geographical name.)

The essential particulars of the Trade Mark are the following:—The device and the word "Castleberg" (being the name of my vineyard); and applicant disclaims any right to the exclusive use of the added matter, except his name and various addresses.

**CLASS 43.**

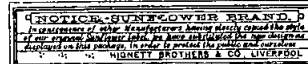

**3930.** Wines of all kinds, and Spirits. Charles Braché, of 35 St. James' Buildings, Melbourne, Victoria, vigneron and merchant. 21st August, 1894. (As a distinctive label.)

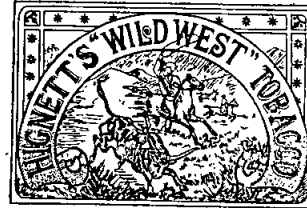

The essential particulars of the Trade Mark are the following:—The combination of devices forming the distinctive label and the word "Sunflower"; and the applicant disclaims any right to the exclusive use of the added matter other than his trading style and address.

**CLASS 45.**

**3725.** Tobacco, whether manufactured or unmanufactured. John Hignett, trading as "Hignett Brothers and Co.", of 66 Whitechapel, Liverpool, England, tobacco and snuff manufacturer. 27th January, 1894. (As a distinctive label.)

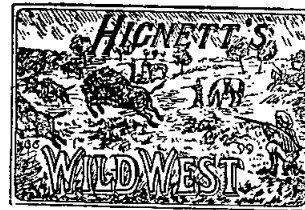

*The essential particulars of the Trade Mark are the following:—The combination of devices forming the distinctive label and the words "Wild West"; and the applicant disclaims any right to the exclusive use of the added matter other than his name and his trading style and address.*

**CLASS 45.**

**3726.** Tobacco, whether manufactured or unmanufactured. John Hignett, trading as "Hignett Brothers and Co.", of 66 Whitechapel, Liverpool, England, tobacco and snuff manufacturer. 27th January, 1894. (As a distinctive label.)

*The essential particulars of the Trade Mark are the following:—The words "Golden Butterfly," and the combination of devices forming the distinctive label; and applicant disclaims any right to the exclusive use of the added matter other than his trading style and address.*

**CLASS 45.**

**3727.** Tobacco, whether manufactured or unmanufactured. John Hignett, trading as "Hignett Brothers and Co.", of 66 Whitechapel, Liverpool, England, tobacco and snuff manufacturer. 27th January, 1894. (As a distinctive label.)

**CLASS 45.**

**\*3902.** Cigars. Isaac Abadee, of 51 Rathdown-street, Carlton, Victoria, cigar manufacturer. 12th July, 1894. (As a distinctive label.)

\* Amended, by consent of Commissioner, under Rule 67. (T. M. Rules, 1891.)

*The essential particulars of the Trade Mark are the following.—The word "Meteor," and the combination of devices forming the distinctive label; and applicants disclaim any right to the exclusive use of the added matter, except their initials and their name and address.*

**CLASS 47.**

**3915.** Candles. G. Mowling and Son, of No. 410 Little Flinders-street, Melbourne, Victoria, candle and soap manufacturers. 3rd August, 1894. (As a distinctive label.)

*The essential particulars of the Trade Mark are the following:—The words "The Rose," and the device of a rose; and applicants disclaim any right to the exclusive use of the added matter, except their initials and address.*

**CLASS 47.**

**3916.** Candles. G. Mowling and Son, of No. 410 Little Flinders-street, Melbourne, Victoria, candle and soap manufacturers. 3rd August, 1894. (As a distinctive label.)

*The essential particulars of the Trade Mark are the following:—The combination of devices; and applicant company disclaims any right to the exclusive use of the added matter.*

**CLASS 47.**

**3923.** Lubricating Oil. H. P. Gregory and Co. Limited, of Bourke-street west, Melbourne, Victoria, engineers and machinery merchants. 13th August, 1894. (As a distinctive label.)

**CLASS 48.**

**3945.** Perfumery. Carl Albert Falstedt, of Phillip-street, Sydney, New South Wales, importer. 29th August, 1894. (As a distinctive device and words having no reference to the character or quality of the goods, and not being a geographical name.)
