PREPARATION OF ELECTORAL LISTS.**NOTICE.**

IT is hereby notified that the General Lists of Non-rate-paying Electors for the Legislative Council and Legislative Assembly must be prepared during the week ending the 1st December prox., and that persons who have not already enrolled may, if duly qualified, do so by obtaining Electors' Rights from the Registrars for their respective Divisions, or their Deputies, before or on that date.

2. Intending applicants for Electors' Rights are cautioned to apply early to the Registrar. The law requires the prescribed questions as to an applicant's qualification to be answered in writing; therefore, if application be postponed until the last day allowed for the purpose, as is too frequently the case, much inconvenience will be occasioned, with the possible result that those who so delay will be deprived of the opportunity for enrolment.

3. Each applicant should provide himself with the stamp (6d.) necessary for payment for the right.

4. Intending applicants are further cautioned to carefully ascertain whether they are fully qualified under the law, inasmuch as a penalty, on conviction, is imposed upon persons knowingly and wilfully obtaining Electors' Rights when not qualified.

5. No person whose name is on, or entitled to be on, any Roll of Ratepaying Electors for any Division of a Province may obtain an Elector's Right for such Province; and no person whose name is already on the new List of Ratepaying Electors, now being prepared, for any Division of an Electoral District, may obtain an Elector's Right for such District.

6. Foreigners, who desire to obtain Electors' Rights, must, if not already naturalized in Victoria, obtain from the Chief Secretary letters of naturalization before doing so, or before the sitting of the Revision Courts appointed to be held during February next if they desire enrolment as Ratepaying Electors.

7. Deputy Electoral Registrars are further directed to make up their Lists and send them to the Electoral Registrars for their Divisions *immediately after 1st December*.

Tenders for each service can be tendered for and will be accepted separately.

Tenderers are to specify the kind of coal tendered for delivery by them.

Printed forms of tender, giving estimates of the probable requirements, may be obtained from the Secretary to the Tender Board, Melbourne, the Receivers and Paymasters at Ballarat and Geelong, and the Officer Commanding Artillery, Queenscliff, by whom also any information or explanation will be afforded to persons tendering.

Security will be required in cash or Government debentures.

Tenders must be accompanied by the preliminary deposit above mentioned in bank notes, or a bank draft payable to the order of the Secretary of the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

Tenders must express the prices in words as well as in figures, and without alterations or erasures.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders, enclosed in a separate envelope, and having the words "Tender for House and Smiths' Coal and Coke at" written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. The house coal must be the best of its kind, free from shale, small coal, dust, or other impurities. The smiths' coal must be free from dust, ashes, shale, or other impurities.

2. The orders will be issued by the departments requiring the supplies, and the requirements shall be delivered as may be directed by the officer issuing the order. At the time of delivering the supplies the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the supplies accepted and shall return the order to the contractor. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery, or such other officer as shall be named in the conditions. If after the delivery of the supplies has been taken any deficiency or defect is discovered therein, such supplies may be returned to the contractor. In case of the rejection or return of any supplies the contractor shall bear the whole cost of replacing the supplies so rejected or returned. Should an order not be complied with within forty-eight hours it will be competent for the department concerned to purchase, at the contractor's risk, and to deduct from the contractor's account or the security money the extra expense (if any) over and above the contract price.

3. The contractor will be bound to weigh the coal on delivery at such establishments as are provided with weighbridges. In other cases the tickets of the public weighbridges are to be accepted as the weight to be charged for. Coal to be delivered in the places set apart therefor.

4. As soon as the orders shall have been completed the contractor will be required to furnish to the department supplied his account in the prescribed form, with the receipted delivery order attached thereto. Accounts will be payable at any Receipt and Pay Office that the contractor may desire.

5. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality the same is to be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered final.

6. If the board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted from the contractor's account or the security money.

7. If from any cause injury would accrue to the public service by waiting for a board of survey the head of the department, or officer in charge of station, will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected article and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 6.

8. A refusal to execute orders, or a repetition of irregularity in the quality or quantity of the supplies, or of delay in delivering or replacing them when required, will subject the contractor to such mulct, not exceeding £50, as the Treasurer of the colony for the time being may direct; and the amount may be deducted as in condition 6. It will also be in the power of the said Treasurer, upon such refusal or repetition, to terminate the contract forthwith and forfeit the whole or any portion of the security money.

9. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

10. In the event of a general strike occurring at the collieries, or in the event of war breaking out between Great Britain and any other large maritime power, any contract entered into under these conditions after the expiry of one calendar month from notice being given may be suspended, such contract to come into full force and effect again ten (10) days after such cause of suspension shall be discontinued.

11. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the purchase of coal by the Victorian Government from any mine or mines within the colony of Victoria for any of the Departments of the Public Service.

12. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government or the contractor (as the case may be) may give two months' notice of the termination of the contract to the opposite party, it being understood that such notice can only be given from the first day of the month and within the period for which the contract is made.

13. Under no circumstances other than those mentioned in clause 12 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract the contract security money will in that case be absolutely forfeited, and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

In other cases the contractor will be bound to satisfy the officer receiving that the weight or quantity is correct.

9. Coal to be put on board at a rate of not less than ten (10) tons per hour.

10. In the event of the officer ordering the coal not requiring the same to be put into the ship's bunkers, as required by condition No. 7, a rebate of 1s. per ton to be made by the contractor.

11. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality the same is to be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered as final.

12. If the board of survey shall decide that the coal is of inferior quality, the delay in delivering the quality specified in condition No. 1 will subject the contractor to a mulct assessed according to the actual loss sustained by such delay, and it will also be in the power of the Treasurer of the colony for the time being to terminate the contract forthwith and forfeit the whole or any portion of the security money.

13. Steam vessels are to be supplied with coal on demand. No more delay will be allowed than is sufficient to give the necessary orders and get the hulk or vessel alongside. Bad weather to be the only excuse. When there is not a necessity for an immediate supply, a day's notice will be given.

18. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by any purchase of Welsh coal or Westport coal by the Defence Department for the use of torpedo boats, or by the purchase of coal by the Victorian Government from any mine or mines within the colony of Victoria for any of the Departments of the Public Service.

19. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government or the contractor (as the case may be) may give two months' notice of the termination of the contract to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made.

Treasurer.

The Treasury,
Melbourne, 7th November, 1894.

TENDERS FOR GRAZING LANDS.

Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Friday, 23rd November, 1894.

NOTE.—The fee for the period from 1st December, 1894, to 30th June, 1895, and fee of Five shillings for Licence, must accompany each Tender.

TENDERS will be received by the Board of Land and Works up to Noon of Friday, 23rd November, 1894, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the Land Act 1890 shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licences under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.
