(ii.) *On valuations above minimum.*—For lands and tenements above the annual value of £20, a rate of Sixpence for each pound sterling on the amount of the valuation up to £300 inclusive, and One pound ten shillings per centum on the amount of the valuation in excess of £300.

3. *The water rate.*—Such rate, determined as aforesaid, is hereby made under authority and in accordance with the provisions of so much of the *Water Act 1890* as is incorporated by and with the *Melbourne and Metropolitan Board of Works Act 1890*, the same to be and remain in force for the current year One thousand eight hundred and ninety-four, and thereafter for and during each and every year until repealed or altered by the Board; and the said rate shall become due and payable and shall be levied in manner prescribed by the aforesaid incorporated portion of the *Water Act 1890*.

4. *Charges for special supplies.*—Water will be supplied as follows:—

(i.) *Water troughs.*—Private water troughs will be charged for at the rate of Forty shillings per annum each, except where, in the opinion of the Board, a meter shall be necessary, in which case the minimum charge shall be for 20,000 gallons per annum. Troughs erected in any public highway with the consent of the council of the municipal district shall not be deemed to be private troughs.

(ii.) *To shipping at wharfs and piers.*—To shipping at the Melbourne wharfs and other wharfs or places, at the rate of Three shillings per 1,000 gallons; at special berths at the Melbourne wharfs with fixed meters, at One shilling and sixpence per 1,000 gallons—subject in all cases to regulation at the will of the Board as to quantity and time of supply.

But for wooden buildings the charge shall be one-half of the foregoing rate. After the termination of each such period to date of completion in each case the charge will be

at the scale of Sixpence in the pound upon such value. In any case of water supply for building purposes the builder may use a meter, and pay for water used at the rate of One shilling per 1,000 gallons.

Special rates.—And for the following purposes at the under-mentioned rates, unless in cases where the Board shall order that the supply shall be only by measurement, in each of which cases the party desiring to be supplied must provide the meter, and maintain the same in good working order, and pay for the water according to measurement thereby:—

(v.) *Steam boilers.*—For steam boilers, at the rate of Ten shillings per annum for each horse-power of each such boiler.

(vi.) *Gas engines.*—For gas engines, at the rate of Ten shillings for each horse-power of each such engine; or, if the supply be from an approved cistern, Five shillings per annum per horse-power.

(x.) *Special rate may be fixed in cases not provided for.*—Supplies of water for purposes not specified herein must be paid for at such rate as the Board shall in each case determine, and the preliminary payment at such rate must be made at the office of the Board before a supply can be taken or used.

(xi.) *Government buildings and charitable institutions.*—In all the pipes to which any fire-plug is fixed the Board will provide and keep constantly laid on, unless prevented by unusual drought or other unavoidable accident or during necessary repairs, a sufficient supply of water without charge for use in houses, lands, or premises the property of Her Majesty, whether unoccupied or used for public purposes, and houses, lands, or premises in the occupation of the Crown, or of the Government of Victoria, or of the Board of Land and Works, the Victorian Railway Commissioners, and the Minister of Public Instruction, and also for supplying any public hospitals or charitable institutions and such public baths and wash-houses as are mentioned in section 452 of the *Water Act 1890*, and subject to the terms, conditions, and provisos mentioned in the said section; provided that such houses, lands, or premises, public hospitals or charitable institutions, or baths or wash-houses be situate within the limits of the metropolis. But, as by the provisions of section 438 of the *Water Act 1890*, it is not compulsory upon the Board to supply any water to any person whomsoever, as the Board is, by section 457 of the said Act, authorized and empowered to make by-laws for, *inter alia*, preventing the waste or misuse of water supplied by the Board, and it is necessary to guard against and prevent such waste or misuse, and for that purpose to provide that the quantity of water used should in each case be known and recorded, the Board will require in every case that a meter or meters of capacity sufficient to record the quantity of water used be provided and maintained by and at the expense of the owner or managing body of every such house, land, or premises, hospital or charitable institution, or the municipal council which shall have established such bath or wash-house, otherwise the Board will decline to supply any water thereto.

(xii.) *Meter, rate of charge, and minimum supplies other than domestic.*—Parks and gardens under municipal control will be supplied with water at the rate of Ninepence per 1,000 gallons; in all other cases, water supplied by the Board by measurement will be charged for at the rate of One shilling per 1,000 gallons; and in cases where the supply is solely for purposes other than domestic, the minimum charge will be for 20,000 gallons per annum.

(xiii.) *Minimum meter charge—Domestic supply.*—The minimum quantity of water to be charged for by measurement where water is supplied for domestic purposes, as well as for purposes other than domestic, shall be the quantity which at One shilling per 1,000 gallons equals the amount of the assessed rate which would be payable for the premises so supplied if supplied otherwise than by measure.

5. *Meters to be tested and approved.*—No meter shall be affixed until it shall have been examined, tested, and approved by a duly authorized officer of the Board, and each meter must be capable of registering at least 1,000,000 gallons, and each $\frac{1}{2}$ -in., $\frac{3}{4}$ -in., and 1-in. meter must be capable of registering any flow not less than 10, 15, and 20 gallons per hour respectively, and each meter must be fixed with approved lead connexion above ground in a conveniently accessible position and properly protected.

6. *Where meter ceases registering, &c., average may be charged.*—If any meter in use ceases registering, or be reported by the Inspector as out of repair or registering inaccurately, the Board will estimate and charge for the water consumed during the period such meter was not in working order, and until it is repaired and refixed, either by taking an average of the quantity used during the previous quarter, or during the corresponding period of the previous year, or the Board may insert a check-meter on the service-pipe and charge upon estimate from the registering thereof.

7. *Hire of meter and rate of rent thereof—Meter rent to be exclusive of rate—Hirer to give notice of removal.*—The Board will, if it so think fit, but not otherwise, let for hire water-meters, the rent for which shall be at the rate per annum of:—

Any person so hiring a meter from the Board, who shall leave the premises on which such meter shall be fixed, without having previously given, in writing, at least six days' notice to the Board of his intention to leave the premises, shall be liable to a penalty not exceeding Five pounds.

8. *Services to be separate, except by permission.*—Excepting with the permission of the Board not more than one house or tenement shall be supplied from a single water service. The Board may in special cases consent to two or more tenements being supplied from one water service, but in such cases the sub-services shall be so arranged that the supply to each house shall be independent of the supply to the remaining houses, and be controlled by a stop-cock on such sub-service, and any person offending against the provisions of this section shall be liable to a penalty not exceeding Two pounds.

9. *Extensions subject to consent of the Board.*—No extensions of private services will be allowed except by consent of the Board.

10. *Service-pipes to be repaired by owner or occupier—Penalty for refusal or neglect to repair service.*—The service-pipes from the main being the property of the owners or occupiers of the tenements supplied by such service-pipes, the occupier (if any) and if none the owner, shall, upon receiving notice that his service-pipe requires repairing, immediately proceed to repair the same, and he shall be responsible for any loss of water or other damage which shall be caused by reason of such service-pipe being leaky or otherwise out of repair or broken, and in default be liable to a penalty not exceeding Five pounds; and in the event of continuing the offence, to a further penalty of Two pounds for each day after receipt of such notice; and the Board may stop the water from flowing into such premises, either by cutting off the service-pipe or otherwise as to the Board may seem fit, until the necessary repairs shall have been effected.

11. *Waste of water.*—Any person supplied with water by the Board who shall wilfully or negligently allow the same to run to waste, shall be liable for each offence to a penalty not exceeding Five pounds; and in the event of continuing the offence, to a further penalty of Two pounds for each day after notice of the offence from the Board.

12. *Water not to be used or supplied without written authority.*—Any person receiving water from the Board who, without the written permission of the Board, shall take or carry away such water from his premises, or allow any person to take or carry away such water, or shall sell the same to any other person, shall be liable to a penalty not exceeding Five pounds.

13. *Unlawful taking of water without permission.*—Any person, not having agreed to be supplied by the Board, who shall take or carry away water from the premises of any other person so supplied, or from any drinking tap, trough, or private or public service-pipe, shall be liable to a penalty not exceeding Five pounds.

14. *Unlicensed persons not to interfere with pipes or services.*—Before any person shall affix any service-pipe to any pipe of the Board, or alter, repair, or in any manner interfere with any pipe of the Board, or any service-pipe, cock, or fitting connected with the pipes of the Board, he shall obtain from the Board a licence in that behalf to execute such works; and any unlicensed person affixing, altering, repairing, or in any manner interfering with any such pipe, service-pipe, cock, or fitting as aforesaid, shall be liable to a penalty not exceeding Ten pounds.

15. *Licenses to plumbers to be during pleasure of the Board.*—Such licence shall be at and during the pleasure of the Board, and the Board may at any time cancel such licence in the event of the holder thereof being judged by the Board to be incompetent, or by himself or his employes committing any breach of the Act or of this by-law.

16. *Proof of fitness to be given by the applicant before granting of licence.*—Before any such licence shall be granted by the Board, the person applying for the same shall satisfy the Board that he is a competent plumber, and that he is thoroughly conversant with the provisions of the by-laws of the Board relating to water supply, with Part II. of the Board's Act, and with the sections of the *Water Act 1890*, thereby incorporated in the Board's Act, but the Board may, if it so see fit, refuse to grant such licence.

17. *Notice of work proposed to be given.*—Any person whether licensed as aforesaid or not who shall offend by opening any ground, so as to uncover any pipe or pipes the property of the Board, without giving two days' notice to the Board of his intention so to do, or who shall in any way tamper with or alter any pipe the property of the Board, without the permission in writing of the Board being first obtained, or who shall wilfully or carelessly break, injure, or open any lock, cock, valve, pipe, work, or engine, the property of the Board, shall be liable for each such offence to a penalty not exceeding Ten pounds.

18. *Fittings to be of the best quality and subject to approval.*—No person shall use any tap, stop-cock, bib-cock, ball-cock, valve, closet-cistern, service-box, waste-not regulator, bath-tap or valve, or other fitting in connexion with a supply of water of the Board which is not of the best quality, and approved by the Board.

No person shall fix or use any service-pipe which communicates directly or indirectly with the basin or trap, or otherwise than with the cistern of a water-closet.

22. *Public urinals.*—Private urinals will receive water without meter, and public urinals will receive water without charge and without meter, provided they be constructed to the satisfaction of the Board.

TENDERS will be received until Eleven o'clock a.m. on Friday, the 15th June, 1894, from persons willing to furnish the undermentioned articles, in such quantities as may be ordered for the Government Printer or other Government Departments, from 1st July, 1894, to 30th June, 1895:—

	Preliminary Deposit.	Security.
	£	£
No. 20. Printers' and bookbinders' materials	5	25

Schedules as above, giving an estimate of the articles required, and printed forms of tender, may be obtained from the Secretary to the Tender Board, by whom also the samples will be shown and any information or explanation afforded to persons tendering.

Tenders must include the whole of the articles mentioned in the schedule, and a separate price must be stated for each article.

The total amount of the tender where indicated must be expressed in words as well as in figures.

Tenders having alterations or erasures therein will not be entertained.

Tenders must be accompanied by the preliminary deposit as shown above in bank notes, or a bank draft in favour of the Secretary of the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

Security will be required either in Government debentures or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

Persons failing to take up their contracts will be disqualified from tendering for Government supplies for a period of twelve months.

Tenders, enclosed in a separate envelope, and having the words "Tender for Printers' and Bookbinders' Materials" written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. The Government will not be bound to order from the contractor all or any of the articles enumerated in the schedule, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the quantity stated in the schedule, the contractor will nevertheless be bound to supply the same at contract rates.

2. The supplies are to be the same as sample (where so stated), and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds or manufacture. A preference will, however, be given to goods of Victorian manufacture, provided the quality is equal to the particular manufacture indicated in the schedule.

3. All orders for supplies will emanate from the Government Printer. These orders must accompany the goods on delivery, otherwise the goods will not be received. Delivery, as a rule, is to be of the full quantity ordered.

4. Supplies ordered must be delivered free of all charges (whether cartage, freight, &c.). The value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for.

5. Arrangements as to time of delivery and inspection of goods will be made by the Government Printer.

6. Orders must receive prompt execution; and, in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the Government Printer, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account from the security money.

7. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with the order to which it relates. The prices quoted in the orders cannot be increased.

8. The acceptance of the supplies shall be subject to the approval of the Government Printer, whose decision shall be final.

9. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in Condition 6.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Treasurer of the colony may direct, and the amount may be deducted as in Condition 6, or from the contractor's security. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith, and forfeit the whole or any portion of the security money.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

12. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government Printing Office; or by any article being made at any Government establishment, and supplied for use in the Government Printing Office; or by the consumption of the surplus stock of any Government establishment.

13. In the event of any alteration in the Tariff affecting any of the items included in this contract, the Government, or the contractor (as the case may be), may give two months' notice of the termination of the contract to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made.

14. Under no circumstances other than those mentioned in clause 13 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited, and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders enclosed in an envelope, and having the words "Tender for Great Coats, Capes, &c." written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or, if sent by post, they must be prepaid, and addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. The Government will not be bound to order from the contractor all the articles enumerated in the schedules, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the quantity stated in the schedules, the contractor will nevertheless be bound to supply the same at contract rates.

2. The supplies are to be the same as sample where so stated, and of the particular manufacture indicated in the schedule of tenders.

3. The goods shall be delivered as may be directed by the officer ordering the supply. At the time of delivering the supplies the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor.

4. Arrangements as to time of delivery and inspection of goods will be made by the officers ordering the goods.

5. Orders must receive prompt execution; and, in the event of the goods not being delivered within the time allowed under the contract, or within such other time as the order may specify for delivery, it will be competent for the officers named in Condition 4, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account, or from the security money.

6. The contractor will be required to furnish his account in the prescribed form as soon as possible after delivery of the full quantities of goods ordered, the account being accompanied by the receipted delivery orders on which it is based. The prices quoted in the orders cannot be increased.

7. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof, in writing, to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such stores may be returned to the contractor.

8. Delivery will not be deemed to have been made until the goods have been approved of. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in Condition 5.

9. The members of boards of survey will be appointed by the Treasurer of the Colony for the time being, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in Condition 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in Condition 5. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith, and forfeit the whole or any portion of the security money.

11. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

12. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

13. It will be competent either for the contractor, on his own behalf, or for the Secretary of the Tender Board, on behalf of the Government, to terminate the contract, by giving three full calendar months' notice, in writing, to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made, and under no other circumstances will a contractor be permitted to abandon his contract, except in the event of any alteration in the tariff affecting any of the items included in these contracts, when the Government, or the contractor, as the case may be, may give two months' notice, in writing, of the termination of the contract to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made.

14. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat or the Agent-General for Victoria.

15. No subletting will be allowed; all work must be carried out in the factory of the contractor, and the hours of employment of any person engaged in the manufacture of the articles tendered for in this schedule are not to exceed forty-eight hours per week. Any infringement of this condition will subject the contractor upon report from the Tender Board to such mulct not exceeding £50 (Fifty pounds) as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money.

	Preliminary Deposit.	Security.
Helmets	£10	5 per cent. on amount of tender

Printed forms of tender and conditions of contract can be obtained at the office of the Secretary to the Tender Board, Treasury, Melbourne, and from the Controller of Stores, Ordnance Stores, St. Kilda-road, by whom also samples will be shown and all information given to persons tendering.

Tenders must be accompanied by a preliminary deposit, as shown above, in bank notes, or a bank draft payable to the order of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The total amount of each tender must be stated in words as well as in figures.

Tenders having alterations or erasures therein will not be entertained.

Security will be required either in Government debentures or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders enclosed in an envelope, and having the words "Tender for Helmets, &c." (as the case may be), written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or, if sent by post, they must be prepaid, and addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. The Government will not be bound to order from the contractor all the articles enumerated in the schedules, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the quantity stated in the schedules, the contractor will nevertheless be bound to supply the same at contract rates.

2. The supplies are to be the same as sample where so stated, and of the particular manufacture indicated in the schedule of tenders.

3. The goods shall be delivered as may be directed by the officer ordering the supply. At the time of delivering the supplies the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor.

4. Arrangements as to time of delivery and inspection of goods will be made by the officers ordering the goods.

5. Orders must receive prompt execution; and, in the event of the goods not being delivered within the time allowed under the contract, or within such other time as the order may specify for delivery, it will be competent for the officers named in Condition 4, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

6. The contractor will be required to furnish his account in the prescribed form as soon as possible after delivery of the full quantities of goods ordered, the account being accompanied by the receipted delivery orders on which it is based. The prices quoted in the orders cannot be increased.

7. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer

rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such stores may be returned to the contractor.

8. Delivery will not be deemed to have been made until the goods have been approved of. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in Condition 5.

9. The members of boards of survey will be appointed by the Treasurer of the colony for the time being, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in Condition 5.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in Condition 5. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith and forfeit the whole or any portion of the security money.

11. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

12. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

13. It will be competent either for the contractor, on his own behalf, or for the Secretary to the Tender Board, on behalf of the Government, to terminate the contract, by giving three full calendar months' notice, in writing, to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made, and under no other circumstances will a contractor be permitted to abandon his contract except in the event of any alteration in the Tariff affecting any of the items included in these contracts, when the Government or the contractor, as the case may be, may give two months' notice, in writing, of the termination of the contract to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made.

14. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat or the Agent-General for Victoria.

15. No subletting will be allowed. All work must be carried out in the factory of the contractor, and the hours of employment of any person engaged in the manufacture of the articles tendered for in this schedule are not to exceed forty-eight hours per week. Any infringement of this condition will subject the contractor upon report from the Tender Board to such mulct, not exceeding £50 (Fifty pounds), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money.

TENDERS FOR GRAZING LANDS.

Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Friday, 22nd June, 1894.

NOTE.—The fee for the period from 1st July, 1894, to 30th June, 1895, and fee of Five shillings for Licence, must accompany each Tender.

TENDERS will be received by the Board of Land and Works up to Noon of Friday, 22nd June, 1894, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the Land Act 1890 shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the Vermin Destruction Act 1890, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the Land Act 1890, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the Land Act 1890, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do he will be prosecuted according to law.

Special Conditions:

1. The period of occupation will be from 1st July, 1894, to 30th June, 1895.

2. The licence-fee must be paid in advance. The fee for the period from 1st July, 1894, to 30th June, 1895—for which the licence will be issued—must accompany the tender, or be paid by the successful tenderer or his agent immediately on the declaration of the acceptance of the tender, otherwise the offer of the next highest tenderer who may be prepared to comply with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 1, Block 110," or "Lot 2, Block 1025," or "Lot 3, Block 3066," as the case may be.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.

8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.

Plans can be seen and information may be obtained in this office.

8. No paid official of the hospital shall accept a gratuity from any patient under pain of dismissal.

9. *Secretary.*—The secretary shall keep the minutes and records of the hospital, conduct the correspondence, and carry out the resolutions of the board. He shall take care that every medicine dispensed shall have the name of the patient, and the time and manner of using it, written in a clear and legible hand, affixed to the paper, box, phial, &c., into which it is put, and that the label be renewed when so far defaced as not to be easily read.

(iii.) He shall have the superintendence of the sick wards, and see the meals of the patients are properly served according to the prescribed dietary, and that all the orders of the medical officers are duly carried into effect; the nurses, wardsmen, and other servants being under him, subject also to the directions of the medical officers.

(v.) He shall live in the hospital and shall not leave it except on necessary occasions. He shall not be absent for more than two hours in any day between the hours of Nine o'clock a.m. to Four o'clock p.m., nor more than three hours at any other time; and provided that he shall never be absent after Eleven o'clock at night, without the previous sanction of the president or visiting committee.

(vi.) He shall keep a register of the cases treated in the hospital, and also for out-door patients, a periodical abstract of which he shall prepare, to be laid before the board yearly, embracing the numbers, diseases, and results.

That on the admission of patients into the hospital every week he shall write the name, age, date of admission, &c., on a card to be suspended over the beds. He shall keep a book in which he shall insert the name of every patient for whom the medical officer shall prescribe either wine, spirits, ale, or stout, the name of the medical officer who has ordered the same, and the precise quantity rendered every day, which book shall be laid before the board of management at their stated meetings, together with a health report of the house.

(vii.) He shall keep also such other medical books and papers as the medical officer may require for the use of their department, and have charge of the key of the dead-house.

He shall keep an exact inventory of all the goods belonging to and in the hospital, and shall examine both as to quantity and quality all supplies received, and enter an account thereof, and also post daily the "Provision Consumption Account" according to the dietary scales of the board of management and the orders of medical officers to sick inmates, so as to exhibit the individual and aggregate consumption of provisions and medical comforts, and also apportion the general expenditure under the different heads, as required by the Government in the quarterly and yearly returns.

(x.) He shall keep an exact account of the admissions and discharges of patients, stating the cause of their discharge from the hospital. He shall, when required by the patients, procure the attendance of any required clergyman.

11. *Matron.*—(i.) The matron shall be subject to the same regulations respecting living in the house, and absence therefrom, as the master.

(iii.) She shall visit each ward daily and see that the beds, linen, and clothes of the patients are in good order, and shall cause such bedding, &c., as require it, to be replaced by others and thoroughly cleaned and repaired when necessary, and furnish an inventory belonging to her department to the master.

(iv.) She shall superintend the laundry and cooking of all food required, and shall generally discharge the duties of matron as shall be directed by the committee.

12. *Wardsmen, nurses, and servants.*—The wardsmen, nurses, and servants shall live in the hospital, and shall not leave it during the hours of duty without the permission of the house steward. They shall obey the orders of the said officer, be regular in their attendance, behave with tenderness to all patients and with respect to strangers or visitors.

They shall pay great attention to cleanliness personally and in their respective wards, and in all things intrusted to their charge, particularly to the bedding of the patients, and have it changed as often as may be necessary, taking care that it is thoroughly dried and aired.

They shall administer to the patients the prescribed medicines and diet at the time and in the manner directed by the house steward, and not permit them to take any which have not been prescribed. They shall be careful to explain to the patients the instructions of the said officer, and watch attentively the state and symptoms of the patients, and report the same to the house steward.

They shall not permit patients to receive from visitors medicines, victuals, fruit, tobacco, or liquor of any kind, nor allow any portion of the medicines or diet or anything to be removed from the wards by the patients or visitors without an order from the house steward.

They shall be careful to collect and carry all empty phials, gallipots, bandages, &c., to the dispensary, at which they shall attend, at the time appointed, to receive instructions and medicine to be given to the patients.

They shall not admit any stranger without permission from the house steward, except during the hours appointed for that purpose.

They shall be obedient to the regulations of the hospital, and report immediately to the house steward any impropriety of conduct or infringement of the rules by any patient, visitor, or other person; and, if such complaint is not properly attended to, report the same to the board at its next meeting.

They shall receive no fee or gratuity from any patient or visitor, and shall hand over any article of value found on patients to the house steward.

They shall see that every patient (unless an order to the contrary be given) has, on admission, a bath before being put to bed, and thereafter see to the personal cleanliness of the patients.

Any servant becoming ill and unfit for duty may be removed to a ward and treated as an ordinary patient, receiving half-pay for seven days only, unless otherwise directed by the general committee.
