## GENERAL ELECTORAL LISTS, 1895-6.—ISSUE OF ELECTORS' RIGHTS.

IT is hereby notified that the General Lists of Non-ratepaying Electors for the Legislative Council and Legislative Assembly must be prepared during the week ending the 2nd December proximo (as the 1st December will fall on a Sunday), and that persons who have not already enrolled may do so by obtaining Electors' Rights from the Registrars for their respective Divisions, or their Deputies, before or on that date.

Intending applicants for Electors' Rights are cautioned to apply early to the Registrar. The law requires the prescribed questions as to an applicant's qualification to be answered in writing; therefore, if application be postponed until the last day allowed for the purpose, as is too frequently the case, much inconvenience will be occasioned, with the possible result that those who so delay will be deprived of the opportunity for enrolment.

Each applicant should provide himself with the stamp (6d.) necessary for payment for the Right.

Intending applicants are further cautioned to carefully ascertain whether they are fully qualified under the law; inasmuch as a penalty on conviction is imposed upon persons knowingly and wilfully obtaining Electors' Rights when not qualified.

No person whose name is on, or entitled to be on, any Roll of Ratepaying Electors for any Division of a Province may obtain an Elector's Right for such province; and no person whose name is already on the new List of Ratepaying Electors (now being prepared) for any Division of an Electoral District may obtain an Elector's Right for such District.

Foreigners who desire to obtain Electors' Rights must, if not already naturalized in Victoria, obtain from the Chief Secretary letters of naturalization before doing so, or before the sitting of the Revision Courts appointed to be held during February next if they desire enrolment as Ratepaying Electors.

CHARLES A. TOPP,  
Under-Secretary.

Chief Secretary's Office,  
Melbourne, 8th November, 1895.

Melbourne District will include a radius of six miles from the General Post Office.

Tenders for each service can be tendered for and will be accepted separately.

Tenderers are to specify the kind of coal tendered for delivery by them.

Printed forms of tender, giving estimates of the probable requirements, may be obtained from the Secretary to the Tender Board, Melbourne, the Receivers and Paymasters at Ballarat and Geelong, and the Officer Commanding Victorian Artillery, Queenscliff, by whom also any information or explanation will be afforded to persons tendering.

Security will be required in cash, Melbourne Savings Bank Deposit Book, or Government debentures.

Tenders must be accompanied by the preliminary deposit above mentioned in bank notes, or a bank draft payable to the order of the Secretary of the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

Tenders must express the prices in words as well as in figures, and without alterations or erasures.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders, enclosed in a separate envelope, and having the words "Tender for Victorian House and Smiths' Coal, Victorian Brown Coal or Coke at \_\_\_\_\_" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

## CONDITIONS OF CONTRACT.

1. As the exact quantity of coal which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.

2. The house coal must be the best of its kind, free from shale, small coal, dust, or other impurities. The smiths' coal must be free from dust, ashes, shale, or other impurities.

3. The orders will be issued by the departments requiring the supplies, and the requirements shall be delivered as may be directed by the officer issuing the order. At the time of delivering the supplies the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the supplies accepted and shall return the order to the contractor. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery, or such other officer as shall be named in the conditions. If after the delivery of the supplies has been taken any deficiency or defect is discovered therein, such supplies may be returned to the contractor. In case of the rejection or return of any supplies the contractor shall bear the whole cost of replacing the supplies so rejected or returned. Should an order not be complied with within forty-eight hours it will be competent for the department concerned to purchase, at the contractor's risk, and to deduct from the contractor's account or the security money the extra expense (if any) over and above the contract price.

4. The contractor will be bound to weigh the coal on delivery at such establishments as are provided with weighbridges. In other cases the tickets of the public weighbridges are to be accepted as the weight to be charged for. Coal to be delivered in the places set apart therefor.

5. As soon as the orders shall have been completed the contractor will be required to furnish to the department supplied his account in the prescribed form, with the receipted delivery order attached thereto. Accounts will be payable at any Receipt and Pay Office that the contractor may desire.

6. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality the same is to be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered final.

7. If the board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted from the contractor's account or the security money.

8. If from any cause injury would accrue to the public service by waiting for a board of survey the head of the department, or officer in charge of station, will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected article and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 7.

9. A refusal to execute orders, or a repetition of irregularity in the quality or quantity of the supplies, or of delay in delivering or replacing them when required, will subject the contractor to such mulct, not exceeding £50, as the Treasurer of the Colony for the time being may direct; and the amount may be deducted as in condition 7. It will also be in the power of the said Treasurer, upon such refusal or repetition, to terminate the contract forthwith and forfeit the whole or any portion of the security money.

10. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

11. In the event of a general strike occurring at the collieries, any contract entered into under these conditions after the expiry of one calendar month from notice being given may be suspended, such contract to come into full force and effect again ten (10) days after such cause of suspension shall be discontinued.

12. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract the contract security money will in that case be absolutely forfeited, and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

13. No subletting will be allowed. All work must be carried out by the contractor, and the hours of employment of any person engaged therein are not to exceed forty-eight per week, and at a minimum wage of 7s. 6d. (clear of all deductions) per day of eight hours for miners, and 6s. 8d. per day for labourers. Any infringement of this condition will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money.

Treasurer.

CONDITIONS OF CONTRACT.

1. As the exact quantity of the coal which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at the contract rates.

2. The coal to be supplied must have been screened at the pit's mouth, and must be of the best quality. No other coal will be received. In case of the rejection or return of any supplies the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

3. The orders will be issued by the departments requiring the coal.

4. Coal shall be delivered as may be directed by the officer ordering the supply.

5. At the time of delivering the supplies the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the coal accepted and shall return the order to the contractor.

7. The pit certificate to be produced upon request.

8. The contractor will be bound to deliver the coal for vessels into the ships' bunkers. (Dredges are not included in this condition.)

9. When baskets are used in the delivery of coal they are all to be of one size, and the contractor will be bound to tare the baskets when so required by the officer taking delivery. In other cases the contractor will be bound to satisfy the officer receiving that the weight or quantity is correct.

10. Coal to be put on board at a rate of not less than ten (10) tons per hour.

11. In the event of the officer ordering the coal not requiring the same to be put into the ship's bunkers, as required by condition No. 8, a rebate of 1s. per ton to be made by the contractor.

12. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality the same is to be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered as final.

13. If the board of survey shall decide that the coal is of inferior quality, the delay in delivering the quality specified in condition No. 2 will subject the contractor to a mulct assessed according to the actual loss sustained by such delay, and it will also be in the power of the Treasurer of the Colony for the time being to terminate the contract forthwith and forfeit the whole or any portion of the security money.

14. Steam vessels are to be supplied with coal on demand. No more delay will be allowed than is sufficient to give the necessary orders and get the hulk or vessel alongside. Bad weather to be the only excuse. When there is not a necessity for an immediate supply, a day's notice will be given.

15. As soon as the orders shall have been completed the contractor will be required to furnish to the department supplied his accounts in the prescribed form, with the receipted delivery orders attached thereto.

16. A refusal to execute orders, or repetition of irregularity in the quality or quantity of the supplies, or in delay of delivering or replacing them when required, will subject the contractor to such mulct, not exceeding £50, as the said Treasurer may direct, such mulct to be deducted from the contractor's account or the security money. 18. In the event of a general strike occurring at the collieries, any contract entered into under these conditions after the expiry of one calendar month from notice being given may be suspended, such contract to come into full force and effect again ten (10) days after such cause of suspension shall be discontinued.

19. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by any purchase of any other coal by the Defence Department for the use of torpedo boats and the *Cerberus*.

20. *Under no circumstances will a contractor be permitted to abandon his contract.* In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited, and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

Alternative tenders are required for white and Algerian oats.

Printed forms of tender and conditions of contract may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge at any station, by whom also information or explanation will be afforded to persons tendering.

As much forage as can be stored at any station where the storage is small will, for the convenience of the contractor, be ordered at one time.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per cental of 100 lbs. (net weight), including delivery at the stations, and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied the contractor will be required to remove them when delivery is taken. At other stations, notice will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

Tenders, which should be upon the printed form, will be received for either oats, bran, hay, or straw (the particular kind of hay or straw offered to be stated); but if all be included in one tender it may be accepted for one article only, if advisable. Oaten hay will be preferred. If sheaf hay be tendered for, it must be so stated in the tender.

Telegrams or tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract within ten days after the acceptance is notified. Two approved sureties are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Forage," and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.

## CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed, except when otherwise specified in the contract; the straw to be wheaten or oat, and both to be in all respects of the best quality; oats, white or Algerian (Victorian grown), of the best description of their respective kind, full kernel, clean, and free from wild oats or other objectionable seeds; bran to be sound and sweet, and of the best description; chaff to be made from oaten hay of the best quality; the maize to be of the best quality. The hay tenders must specify whether they are for oaten or wheaten hay.

2. The supplies are for police, telegraph, and other horses, and are to be delivered on the order of the officer in charge of the district or station. The quantities stated in the schedule being only approximate, it must be understood that the Government may draw either more or less than those mentioned; and should new telegraph stations be formed, or additional horses required to be stationed at any of the stations, the contractor will be required to supply the additional forage. Should the additional number of horses, however, exceed two, the contractor may, if he desires it, terminate the contract by supplying at once the whole quantity due at the station under the contract according to the foregoing schedule.

3. Notwithstanding anything contained in the preceding condition, the contractors for the supply to the Police Depot may be called upon to supply any Government Departments within a radius of six miles from Melbourne, for which no contracts have been taken, at the same rates.

4. The forage, when delivered, must be accompanied by the particulars of quantity, showing the net weight, to be indorsed on the back of the order, which, when signed by the officer in charge of the station, for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.

5. Each contractor will be required to prepare his own account in the prescribed form, and, on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Treasury, Melbourne, or the Pay Office of the district, as may be indicated by the contractor on the account.

6. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department (should circumstances require it) to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

7. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the Board is to be considered final.

8. If the Board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 6.

9. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue either to the public service or to the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 6.

10. A repetition of irregularity in the quantity or quality of the forage, or of the delay in delivering or replacing it when required, or refusal to execute orders, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Treasurer of the colony for the time being may direct. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith.

11. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

12. Under no circumstances will a contractor be permitted to abandon his contract, and in the event of his failing to carry on his contract he will be held liable for any loss which the Government may sustain in consequence of such failure. In the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.

13. The contracts entered into under this notice are not to be considered as broken, infringed, or vitiated by the purchase any Department of forage grown at any Government establishment.

## TENDERS FOR GRAZING LANDS.

Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Friday, 20th December, 1895.

NOTE.—The fee for the period from 1st January, 1896, to 30th June, 1896, and fee of Five shillings for licence, must accompany each Tender.

No tender will be accepted unless the fees referred to above are forwarded with the tender.

TENDERS will be received by the Board of Land and Works up to Noon of Friday, 20th December, 1895, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

## Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and, immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same, without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate, or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette* purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do, he will be prosecuted according to law.

13. The licensee shall destroy all thistles on the land, and on the half width of adjoining roads, and shall be responsible for the destruction of thistles under the Thistle Act in like manner as holders of freehold lands.

## Special Conditions:

1. The period of occupation will be from 1st January, 1896, to 30th June, 1896.

2. The licence-fee must be paid in advance. The fee for the period from 1st January, 1896, to 30th June, 1896—for which the licence will be issued, and fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.  
4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed "Tender for Lot 1, Block 824," or "Lot 2, Block 3102," or "Lot 3, Block 3769," as the case may be.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.

8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.

Plans can be seen and information may be obtained in this office.
