NOTE.—The estimates for the last two years are based on municipal returns. As the excess of births over deaths amounted to 37,301 during the 4½ years, and there was still a decrease of population of 43,435, as shown above, it follows that the whole loss of population during the period has been 80,736. During the last twelve months, however, there has been an increase of population of 8,506, viz.:—6,131 by natural increase, and 2,375 by immigration. In 1891 as much as 43.0 per cent., but in 1895 only 37.9 per cent., of the population of the colony was resident in Melbourne and suburbs.

4. The Board may grant permission to persons requiring water for "domestic" and for "other than domestic purposes" to affix two service-pipes—one for domestic supply without meter, for which the ordinary assessed rate shall be paid, and one for other than domestic purposes with meter—the water used therefrom to be paid for at the rate of One shilling per 1,000 gallons, but subject to such regulations as may be approved by the Board against the use or re-use of water from the domestic service for irrigation or any other purpose not domestic.

6. Any person not having agreed to be supplied by the Board who shall take or carry away water from any drinking-tap, trough, or private or public service-pipe shall be liable to a penalty not exceeding Five pounds.

7. Before any person shall affix any service-pipe to any pipe of the Board, or alter or repair, or in any way interfere with any pipe of the Board, or any service-pipe, cock, or fitting connected with the pipes of the Board, he shall obtain from the Board a licence in that behalf to execute such works; and any unlicensed person affixing, altering, repairing, or in any manner interfering with any such pipe, service-pipe, cock, or fitting, as aforesaid, shall be liable to a penalty not exceeding Ten pounds.

8. Such licence shall be for such period, and be from time to time renewable, as the Board shall see fit; and the Board may at any time cancel such licence in the event of the holder thereof, by himself or his employés, committing any breach of these by-laws.

9. Before any such licence shall be granted by the Board, the person applying for same shall satisfy the Board that he is a competent plumber.

10. Any person, whether licensed as aforesaid or not, who shall offend by opening any ground so as to uncover any pipe or pipes, the property of the Board, without giving two days' notice to the Board of his intention so to do, or who shall in any way tamper with or alter any pipe, the property of the Board, without the permission in writing of the Board being first obtained, or who shall wilfully or carelessly break, injure, or open any lock, cock, valve, pipe, work, or engine, the property of the Board, shall be liable for each such offence to a penalty not exceeding Twenty pounds.

11. Any person, whether licensed as aforesaid or not, who shall lay any pipe to communicate with the pipes of the Board, or with any service-pipe therefrom, without giving two days' notice of the day and hour when such pipe is intended to be made to communicate with the pipes of the Board, or who shall make such communication except under the superintendence and according to the directions of some officer of the Board, or who shall lay any leaden or other pipe to communicate with the pipes of the Board of a strength and material not sanctioned by the Board, shall be liable for each such offence to a penalty not exceeding Five pounds, and, in the event of continuing the offence, to a further penalty of Two pounds for each day after notice of the offence from the Board. Wrought-iron piping of approved quality, and lead piping of the following weights only, will be allowed to be fixed for either internal or external services :—

1 inch	12 lbs.
1 $\frac{1}{4}$ inch	16 lbs.
1 $\frac{1}{2}$ inch	20 lbs.

All fittings must be of good quality, and of strength sufficient to bear with safety the maximum pressure to which they may be subject. Ordinary connexion with sub-mains must be made with proper stop-cock, screwed ferrules, and with 2 feet of lead piping with brass unions. One service-pipe only for domestic supply for each tenement will be permitted. The maximum size of service-pipes, unless by special consent of the Board, shall be, for tenements of annual value not exceeding £10, $\frac{1}{2}$ -in. bore, for tenements exceeding £40 annual value, $\frac{3}{4}$ -in. bore.

A high-pressure screw-down stop-cock shall be fixed on each house service between the main and the building line, and at a uniform distance of three (3) feet from the building line, properly secured and covered with an approved cast-iron cap.

13. No extensions of private services will be allowed except by consent of the Board.

14. If any person shall neglect to repair any service-pipe conveying water from the pipes of the Board into the premises of such person, after having received notice from any officer of the Board that such service-pipe requires repairing, the Board may stop the water from flowing into such premises, either by cutting off the service-pipe or otherwise, as to the said Board may seem fit, until the necessary repairs shall have been effected. The service-pipes from the mains being the property of the owners or occupiers of the tenements supplied by such service-pipes the occupiers (if any), and if none, the owner shall be responsible for keeping the same in repair, and in every instance in which, after notice that repairs to service-pipes are required, damage is caused by reason of their leaking or being otherwise out of repair or broken, the occupier or owner shall be liable to a penalty not exceeding Five pounds, and, in the event of continuing the offence, to a further penalty of Two pounds for each day after notice of the offence from the Board.

15. All water-troughs supplied from the pipes of the Board shall be lined with metal, so as to be perfectly water-tight, and shall have proper and efficient fittings for supplying them automatically. All such troughs and fittings, shall be kept in proper order and repair. No water-trough the supply to which is charged under sub-section (iv.) of section 2 of these by-laws shall be of greater capacity than 25 gallons. Should any trough or the fittings thereof be out of repair or leaking the supply thereto will be cut off until the same has been properly and efficiently repaired.

16. Any person supplied with water by the Board who shall wilfully or negligently allow the same to run to waste shall be liable for each offence to a penalty not exceeding Five pounds; and, in the event of continuing the offence, to a further penalty of Two pounds for each day after notice of the offence from the Board.

17. No meter shall be affixed until it shall have been examined, tested, and approved by a duly authorized officer of the Board. Each meter must be capable of registering at least one million (1,000,000) gallons.

18. If any meter shall cease registering, or be reported by the inspector or any authorized officer of the Board as out of repair or registering inaccurately, the Board shall estimate and charge for the water consumed during the period such meter was not in working order and until it is repaired and re-fixed, either by taking an average of the quantity used during the previous quarter or during the corresponding period of the previous year, or the Board may insert a check-meter on the service-pipe.

19. Meters affixed to services shall not be removed or interfered with except upon written application to and with the approval of the Board, unless for the purpose of repair,

as mentioned in the last preceding section, in which case notice in writing must be given to the officer in charge of the works of the Board six days at least before removal.

20. A separate meter shall in every case be provided for each tenement where the supply is by measure.

21. Baths supplied from the pipes, except where the supply is by meter, shall not exceed 6ft. 3in. in length along the centre line, by a mean width of 2 feet and a depth of 1ft. 9in., the ends sloping inwards. Overflow pipes to baths will not be permitted.

22. Any person, whether licensed as aforesaid or not, connecting any service-pipe or branch service-pipe with any steam boiler for the purpose of feeding or supplying the same with water without first affixing a self-acting valve for preventing the pressure of the steam reversing or affecting the dial of the meter shall be liable to a penalty not exceeding Five pounds, and, in the event of continuing the offence, to a further penalty of Two pounds for each day after notice of the offence from the Board.

23. Water-closets will not be allowed to be supplied direct from the main, but from a cistern only, so constructed that the water cannot flow continuously, and that not more than 2 gallons can escape at each flush.

24. No person shall use a hose attached to any tap or pipe used for the purpose of supplying the water of the Board for domestic purposes to any house or premises for watering any garden, laying dust, or for any other purpose whatsoever, unless where a water meter is fixed, and the water is supplied by measure; and any person offending against this by-law shall be liable to a penalty not exceeding Five pounds for each such offence.

25. If any person supplied with water by the Board does, or causes to be done, anything in contravention of any of these regulations, or fails to pay his rates when due, or fails to do anything which under these regulations ought to be done, or wilfully or negligently allows water to run to waste, the Board may cut off the supply of water from the premises of such person, either by cutting the pipes by or through which water is supplied or otherwise, and may cease to supply him with water so long as the cause of injury remains or is not remedied.

26. The streets shall not be watered from hydrants or fire-plugs by means of a hose, but the water is to be supplied to the streets by carts, or by manual labour, or by special stand-pipes of approved size and form.

27. Channel flushing and filling of public baths shall only be permitted between the hours of Ten o'clock p.m. and Six o'clock a.m.

28. The water supplied in the above district shall be received and consumed under and in accordance with these regulations, and not otherwise, through pipes and meters laid, placed, and being under and in accordance with the same regulations, and not otherwise.

29. In the construction of these by-laws the word "person" shall be deemed to extend to and include a corporation, whether aggregate or sole; and the word "Board" shall mean the Board of Land and Works.

In witness whereof the common seal of the Board of Land and Works was hereunto affixed this 14th day of February, 1896, in the presence of the undersigned, two members of the Board—

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto, and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions :

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same, without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate, or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette* purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do, he will be prosecuted according to law.

13. The licensee shall destroy all thistles on the land, and on the half width of adjoining roads, and shall be responsible for the destruction of thistles under the Thistle Act in like manner as holders of freehold lands.

Special Conditions :

1. The period of occupation will be from 1st April, 1896, to 30th June, 1896.
