WHEREAS there was this day read at the Board a Report from the Right Honorable the Lords of the Judicial Committee of the Privy Council, dated the 30th May last past, humbly setting forth that the Lords of the Judicial Committee have taken into consideration the practice of the Committee with a view to greater economy, despatch, and efficiency in the appellate jurisdiction of Her Majesty in Council, and that their Lordships have agreed humbly to report to Her Majesty that it is expedient that certain changes should be made in the existing practice in Appeals, and recommending that certain Rules and Regulations therein set forth should henceforth be observed, obeyed, and carried into execution, provided Her Majesty is pleased to approve the same :

Her Majesty, having taken the said Report into consideration, was pleased, by and with the advice of Her Privy Council, to approve thereof, and of the Rules and Regulations set forth therein, in the words following, *videlicet* :—

I. Appellant when successful, may recover costs of appeal.—
That, any former usage or practice of Her Majesty's Privy

Council notwithstanding, an appellant who shall succeed in obtaining a reversal or material alteration of any judgment, decree, or order appealed from, shall be entitled to recover the costs of the appeal from the respondent, except in cases in which the Lords of the Judicial Committee may think fit otherwise to direct.

And that all such transcripts be registered in the Privy Council Office, with the date of their arrival, the names of the parties, and the date of the sentence appealed from;

And that such transcript be accompanied by a correct and complete index of all the papers, documents, and exhibits in the cause;

And that the registrar of the court appealed from, or other proper officer of such court, be directed to omit from such transcript all merely formal documents, provided such omission be stated and certified in the said index of papers;

And that especial care be taken not to allow any document to be set forth more than once in such transcript;

And that no other certified copies of the record be transmitted to agents in England by or on behalf of the parties in the suit;

III. *Transcripts may be printed abroad.*—That when the record of proceedings or evidence in the cause appealed has been printed or partly printed abroad, the registrar or other proper officer of the court from which the appeal is brought

And that he do certify the same to be correct, on two copies, by signing his name on every printed sheet,

And by affixing the seal, if any, of the court appealed from to these copies with the sanction of the court.

And that in all cases in which the parties in appeals shall think fit to have the proceedings printed abroad, they shall be at liberty to do so, provided they cause 50 copies of the same to be printed in folio,*

* Now demy quarto. See Order 6, March, 1896.

And transmitted, at their expense, to the Registrar of the Privy Council.

Two of which printed copies shall be certified as above by the officers of the court appealed from; and in this case no further expense for copying or printing the record will be incurred or allowed in England.

IV. *Written transcripts to be printed by Her Majesty's Printer.*—That on the arrival of a written transcript of appeal at the Privy Council Office, Whitehall, the appellant or the agent of the appellant prosecuting the same shall be at liberty

To call on the Registrar of the Privy Council to cause it, or such part thereof as may be necessary for the hearing of the case

And to extract or cause to be extracted and copied such parts thereof as are necessary for the preparation of the petition of appeal, at the stationer's charge not exceeding One shilling per brief sheet (now Three halfpence per folio).

V. *Transcripts to be printed within a certain time.*—That a certain time be fixed within which it shall be the duty of the appellant or his agent to make such application for the printing of the transcript, and that such time be within the space of six calendar months from the arrival of the transcript and the registration thereof in all matters brought by appeal from Her Majesty's colonies and plantations east of the Cape of Good Hope, or from the territories of the East India Company,

And within the space of three months in all matters brought by appeal from any other part of Her Majesty's dominions abroad;

And that in default of the appellant or his agent taking effectual steps for the prosecution of the appeal within such time or times respectively, the appeal shall stand dismissed without further order,

And that a report of the same be made to the Judicial Committee by the Registrar of the Privy Council at their Lordship's next sitting.

VI. *Appeals may be heard in the form of a special case.*—That whenever it shall be found that the decision of a matter on appeal is likely to turn exclusively on a question of law, the agents of the parties, with the sanction of the Registrar of the Privy Council, may submit such question of law to the Lords of the Judicial Committee in the form of a special case, and print such parts only of the transcript as may be necessary for the discussion of the same; provided that nothing herein contained shall in any way bar or prevent the Lords of the Judicial Committee from ordering the full discussion of the whole case, if they shall so think fit; and that in order to promote such arrangements and simplification of the matter in dispute, the Registrar of the Privy Council may call the agents of the parties before him, and having heard them, and examined the transcript, may report to the Committee as to the nature of the proceedings.

And HER MAJESTY is further pleased to order, and it is hereby ordered, that the foregoing Rules and Regulations be punctually observed, obeyed, and carried into execution in all appeals or petitions and complaints in the nature of appeals brought to Her Majesty, or to Her heirs and successors, in Council, from Her Majesty's colonies and plantations abroad, and from the Channel Islands or the Isle of Man, and from the territories of the East India Company, whether the same be from courts of justice or from special jurisdictions, other than appeals from Her Majesty's Courts of Vice-Admiralty, to which the said Rules are not to be applied.

Whereof the Judges and Officers of Her Majesty's Courts of Justice abroad, and the Judges and Officers of the Superior Courts of the East India Company, and all other persons whom it may concern, are to take notice, and govern themselves accordingly.

8. Before any person shall affix any service-pipe to any pipe of the Board, or alter, repair, or in any manner interfere with any pipe of the Board, or any service-pipe, cock, or fitting connected with the pipes of the Board, he shall obtain from the Board a licence in that behalf to execute such works; and any unlicensed person affixing, altering, repairing, or in any manner interfering with any such pipe, service-pipe, cock, or fitting as aforesaid, shall be liable to a penalty not exceeding Ten pounds.

9. Such licence shall be for such period, and be from time to time renewable, as the Board shall see fit, and the Board may at any time cancel such licence in the event of the holder thereof, by himself or his employes, committing any breach of these by-laws.

10. Before any such licence shall be granted by the Board the person applying for same shall satisfy the Board that he is a competent plumber.

11. Any person, whether licensed as aforesaid or not, who shall offend by opening any ground so as to uncover any pipe or pipes, the property of the Board, without giving two days' notice to the Board or the local inspector of his intention so to do, or who shall in any way tamper with or

alter any pipe, the property of the Board, without the permission in writing of the Board being first obtained, or who shall wilfully or carelessly break, injure, or open any lock, cock, valve, pipe-work, or engine, the property of the Board, shall be liable for each such offence to a penalty not exceeding Twenty pounds.

12. Any person, whether licensed as aforesaid or not, who shall lay any pipe to communicate with the pipes of the Board, or with service-pipe therefrom, without giving two days' notice of the day and hour when such pipe is intended to be made to communicate with the pipes of the Board, or who shall make such communication except under the superintendence and according to the directions of some officer of the Board, or who shall lay any leaden or other pipe to communicate with the pipes of the Board of a strength and material not sanctioned by the Board, shall be liable for such an offence to a penalty not exceeding Five pounds, and, in the event of continuing the offence, to a further penalty of Two pounds for each day after notice of the offence from the Board. Wrought-iron piping of approved quality, and lead piping of the following weights only, will be allowed to be fixed for either internal or external services—

$\frac{3}{4}$ inch 9 lbs.
1 inch 12 lbs.
$1\frac{1}{4}$ inch 16 lbs.
$1\frac{1}{2}$ inch 20 lbs.

All fittings must be of good quality, and of strength sufficient to bear with safety the maximum pressure to which they may be subject. Ordinary connexions with sub-mains must be made with proper stop-cock, screwed ferrules, and with 2 feet of lead piping with brass unions. One service-pipe only for domestic supply to each tenement will be permitted. The maximum size of service-pipes, unless by special consent of the Board, shall be—for tenements of annual value not exceeding Thirty pounds, $\frac{1}{2}$ -in. bore; for tenements exceeding Thirty pounds annual value, $\frac{3}{4}$ -in. bore.

13. All connexions with lead and iron pipes must be made with brass union couplings, all joints connecting lead pipes must be "wiped" joints, and in no case will "bolt" or "copper bit" joints be allowed on water service-pipes, either in the interior or on the exterior of any building or tenement, on pain of cancellation of licence. A high-pressure screw-down stop-cock shall be fixed on each house service between the main and the building line, and at a uniform distance of three (3) feet from the building line, properly secured and covered with an approved cast-iron cap.

14. No extensions of private services will be allowed except by consent of the Board.

15. If any person shall neglect to repair any service-pipe conveying water from the pipes of the Board into the premises of such person after having received notice from any officer of the Board that such service-pipe requires repairing, the Board may stop the water from flowing into such premises, either by cutting off the service-pipe or otherwise, as to the said Board may seem fit, until the necessary repairs shall have been effected. The service-pipes from the main being the property of the owners or occupiers of the tenements supplied by such service-pipe, the occupier (if any), and if none the owner, shall in every instance in which any damage shall be caused by reason of such service-pipe being leaky or otherwise out of repair or broken be liable to a penalty not exceeding Five pounds; and in the event of continuing the offence to a further penalty of Two pounds for each day after notice of the offence from the Board.

16. All water troughs supplied from the pipes of the Board shall be lined with metal so as to be perfectly water-tight, and shall have proper and efficient fittings for supplying them automatically. All such troughs and fittings shall be kept in proper order and repair. No water trough the supply to which is charged under sub-section (xiii.) of section 3 of these by-laws shall be of greater capacity than

25 gallons. Should any trough or the fittings thereof be out of repair or leaking, the supply thereto will be cut off until the same has been properly and efficiently repaired.

17. Any person supplied with water by the Board who shall wilfully or negligently allow the same to be run to waste shall be liable for each offence to a penalty not exceeding Five pounds, and, in the event of continuing the offence, to a further penalty of Two pounds for each day after notice of the offence from the Board.

18. No meter shall be affixed until it shall have been examined, tested, and approved by a duly authorized officer of the Board. Each meter shall be capable of registering at least 1,000,000 gallons.

19. If any meter shall cease registering, or be reported by the inspector as out of repair, or registering inaccurately, the Board shall estimate and charge for the water consumed during the period such meter was not in working order and until it is repaired and re-fixed, either by taking an average of the quantity used during the previous quarter or during the corresponding period of the previous year, or the Board may insert a check-meter on the service-pipe.

20. Meters affixed to services shall not be removed or interfered with except upon written application to and with the approval of the Board, unless for the purpose of repair as mentioned in the last preceding section, in which case notice in writing must be given to the officer in charge of the works of the Board 48 hours at least before removal.

21. Baths supplied from the pipes, except when the supply is by meter, must not exceed 6ft. 3in. in length along the centre line, by a mean width of 2 feet, and a depth of 1ft. 9in., with the ends sloping inwards. Overflow pipes to baths will not be permitted.

22. Any person, whether licensed as aforesaid or not, connecting any service-pipe or branch service-pipe with any steam-boiler, for the purpose of feeding or supplying the same with water, without first affixing a self-acting valve for preventing the pressure of the steam reversing or affecting the dial of the meter, shall be liable to a penalty not exceeding Five pounds, and in the event of continuing the offence to a further penalty of Two pounds for each day after notice of the offence from the Board.

23. Water-closets will not be allowed to be supplied direct from the main, but from a cistern only, so constructed that the water cannot flow continuously, and that not more than 2 gallons can escape at each flush; and the supply shall be by meter.

24. If any person supplied with water by the Board does or causes to be done anything in contravention of these regulations, or fails to pay his rates when due, or fails to do anything which under any of these regulations ought to be done, or wilfully or negligently allows water to run to waste, the Board may cut off the supply of water from the premises of such person, either by cutting the pipes by or through which water is supplied or otherwise, and may cease to supply him with water so long as the cause of injury remains or is not remedied.

25. The streets shall not be watered from hydrants or fire-plugs by means of a hose, but the water is to be applied to the streets by carts, or by manual labour, or by special stand-pipes of approved size and form.

26. Channel flushing and filling of public baths shall only be permitted between the hours of Ten o'clock p.m. and Six o'clock a.m.

27. The water supplied in the above-named district shall be received and consumed under and in accordance with these regulations, and not otherwise, through pipes and meters laid, placed, and being under and in accordance with the same regulations, and not otherwise.

28. In the construction of these rules and regulations the word "person" shall be deemed to extend to and include a corporation, whether aggregate or sole; and the word "Board" shall mean the Board of Land and Works.

TENDERS will be received until Eleven o'clock a.m. on Thursday, 18th June, 1896, from persons willing to furnish the undermentioned articles, in such quantities as may be ordered, for the Government Printer or other Government Departments, from 1st July, 1896, to 30th June, 1897:—

	Preliminary	Security.
	Deposit.	
	£	£
No. 24. Printers' and bookbinders' materials	5	25

Schedules as above, giving an estimate of the articles required, and printed forms of tender, may be obtained from the Secretary to the Tender Board, by whom also the samples will be shown and any information or explanation afforded to persons tendering.

Tenders must include the whole of the articles mentioned in the schedule, and a separate price must be stated for each article.

The total amount of the tender where indicated must be expressed in words as well as in figures.

Tenders having alterations or erasures therein will not be entertained.

Tenders must be accompanied by the preliminary deposit as shown above in bank notes, or a bank draft in favour of the Secretary of the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

Security will be required, either in Government debentures or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

Persons failing to take up their contracts will be disqualified from tendering for Government supplies for a period of twelve months.

Tenders, enclosed in a separate envelope, and having the words "Tender for Printers' and Bookbinders' Materials" written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. The Government will not be bound to order from the contractor all or any of the articles enumerated in the schedule, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the quantity stated in the schedule, the contractor will nevertheless be bound to supply the same at contract rates.

2. The supplies are to be the same as sample (where so stated), and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds or manufacture. A preference will, however, be given to goods of Victorian manufacture, provided the quality is equal to the particular manufacture indicated in the schedule.

3. All orders for supplies will emanate from the Government Printer. These orders must accompany the goods on delivery, otherwise the goods will not be received. Delivery, as a rule, is to be of the full quantity ordered.

4. Supplies ordered must be delivered free of all charges (whether cartage, freight, &c.). The value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for.

5. Arrangements as to time of delivery and inspection of goods will be made by the Government Printer.

6. Orders must receive prompt execution; and, in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the Government Printer, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

7. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with the order to which it relates. The prices quoted in the orders cannot be increased.

8. The acceptance of the supplies shall be subject to the approval of the Government Printer, whose decision shall be final.

9. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in Condition 6.

10. A repetition of irregularity in the quantity or quality of the supplies, or of delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding fifty pounds, as the Treasurer of the Colony may direct, and the amount may be deducted as in Condition 6, or from the contractor's security. It will also be in the power of the said Treasurer, upon such repetition, to terminate the contract forthwith, and forfeit the whole or any portion of the security money.

11. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

12. The contracts entered into under this notice are not to be considered as being broken, infringed, or violated by the importation of stores for the Government Printing Office; or by any article being made at any Government establishment, and supplied for use in the Government Printing Office; or by the consumption of the surplus stock of any Government establishment.

13. In the event of any alteration in the Tariff affecting any of the items included in this contract, the Government, or the contractor (as the case may be), may give two months' notice of the termination of the contract to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made.

14. Under no circumstances other than those mentioned in clause 13 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited, and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

GEORGE TURNER,
Treasurer.

For funerals separate prices must be stated for adults, for children under seven years of age, and for still-born children—one sum is to be stated for each, including interment, conveyance, and all charges whatsoever, except ministers' fees. For removals separate prices must be stated for adults and children under seven years of age.

Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The Government will not necessarily accept the lowest or any tender.

CONDITIONS OF CONTRACT.

1. The services are to be performed upon an order signed by a member of the Police Force. Under 31 Victoria No. 310, section 9, cemetery fees are not payable in the cases of paupers buried upon an order signed by a Justice, and in such cases the contractor's account for the burial will be correspondingly reduced.

2. The funerals are to be of the most economical description consistent with propriety. A plain hearse for an adult, and a covered, plain, suitable four-wheeled vehicle for a child under seven years of age, to be provided. The body shall be taken direct to the cemetery, and no more than one body shall be carried in the hearse or vehicle at a time.

3. Coffins for funerals must be sufficiently long, deep, wide, and substantial to bear the corpse and permit it to lie extended at full length, and must be fastened down with screws. The contractor shall provide 2 inches of sawdust for the bottom of the coffin; a small block of wood to keep the head of the deceased in position, and sufficient white calico to cover the body. In the event of a body being decomposed, or whenever it may be considered necessary by the member of the Police Force issuing the order for the burial, a coffin must be supplied sufficiently large to leave at least 2 inches between the body and the sides and top and bottom of the coffin, and this space must be filled up round the body with pine or phenyle sawdust by the contractor at his own expense; and in the event of any neglect in so providing or filling up the coffin it will be competent for the Tender Board to inflict a fine not exceeding £5 to be deducted as in Condition 11. Coffins to be properly lowered into the graves, and the graves filled up again.

4. The graves to be dug of the proper depth, and in conformity with the Cemetery Regulations.

5. In the event of the contractor failing to attend punctually to any order, the work will be otherwise performed, and the extra expense incurred, if any, will be charged to the contractor. Should any circumstance, however, make it necessary in any particular case that an immediate removal to the Morgue be effected, the hiring of another vehicle for the purpose will not be an infringement of the contract.

6. When burials or removals are required to take place on Sunday, or, in the case of any lunatic asylum, burials on the same day as the inquest, no delay must take place in complying therewith, and any additional fees charged by the cemetery authorities in the case of burials will be repaid to the contractor.

7. The attendance of a minister of the denomination named in the order for the burial must, if practicable, be provided. If for any burial such minister is not available the burial service is to be conducted by the resident chaplain deputed by the denomination, and in cases where no such deputy is appointed by the denomination, or where the religious denomination of the deceased is unknown, the services are to be performed by the resident chaplains alternately, and the contractor must inform the Police of the hour when the funeral service will take place, so that the friends of the deceased may attend at the cemetery if they wish. Such order to be produced at the cemetery when the contractor gives the order for interment. The contractor must pay the minister's fee for reading the burial service should it be claimed, and he will be reimbursed, on producing the minister's receipt, which must specify that the burial service was duly and properly performed at the time of the burial, and that he received the fee for so doing; the receipt must also specify the name, age, and denomination of the deceased, the name and denomination of the minister who performed the burial service, and the hour when the service was performed.

8. Bodies to be removed to the Morgue shall be placed before removal in shell coffins securely closed, and shall be conveyed in suitable covered four-wheeled vehicles.

9. Every practicable precaution must be taken in order to prevent offensiveness from decomposition, but in no case of removal must any disinfectant be used without the authority of the medical officer performing the *post-mortem* examination.

10. The account is to be rendered monthly to the officer ordering the service for payment at the Treasury, Melbourne. The charge for the minister's fee should be included in the account for the funeral.

11. In the event of any charge of impropriety or neglect in conducting the funerals or removals being established against the contractor, the Government may for the first offence deduct from the security money, by way of fine, £5; and for the second offence a similar amount, and, in addition thereto, may forthwith cancel the contract.

12. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the security money will in that case be absolutely forfeited, and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

13. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

No subletting will be allowed. All work must be carried out by the contractor, and the hours of employment of any person engaged in the funerals or removals tendered for in this schedule are not to exceed forty-eight per week, and at a minimum wage of 6s. 8d. per day. Any infringement of this condition will subject the contractor, upon report from the Tender Board, to such mulct not exceeding Fifty pounds (£50) as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money.

GEORGE TURNER,

The Treasury, Melbourne, 5th June, 1896. Treasurer.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do he will be prosecuted according to law.

Town Hall, Fitzroy, 9th June, 1896. 4330

SHIRE OF SOUTH GIPPSLAND.

NOTICE is hereby given that it is the intention of the Council of the Shire of South Gippsland, pursuant to section 428 of the *Local Government Act 1890*, to apply to the Governor in Council to grant to Mary Jane Carter, of Foster, South Gippsland, a licence to close with an unlocked swing-gate for a period of one (1) year, the undermentioned road running along the eastern boundary of the aforesaid Mary Jane Carter, viz:—

That road between the allotment of the said Mary Jane Carter and George Clark, in the parish of Wonga Wonga South: Commencing at its intersection with the New Bennisson-road and extending northwards to the Bennisson Creek reserve.

The following is the reason of the application for the road being so slight that the temporary closing of it by means of an unlocked swing-gate will not be injurious to the public.

By order of the Council,

A. L. JOHNSON, Shire Secretary.
