Alternative tenders are required for white and Algerian oats.

Printed forms of tender and conditions of contract may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge at the station, by whom also information or explanation will be afforded to persons tendering.

As much forage as can be stored at any station where the storage is small will, for the convenience of the contractor, be ordered at one time.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per cental of 100 lbs. (net weight), including delivery at the stations, and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied the contractor will be required to remove them when delivery is taken. At other stations, notice will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

Tenders, which should be upon the printed form, will be received for either oats, bran, hay, or straw (the particular kind of hay or straw offered to be stated); but if all be included in one tender it may be accepted for one article only, if advisable. Oaten hay will be preferred. If sheaf hay be tendered for, it must be so stated in the tender.

Telegrams or tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for one-third of the estimated amount of the contract within ten days after the acceptance is notified. Two approved sureties are required for contracts amounting to £150 and upwards, and one surety for contracts under £150.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Forage," and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.

CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed, except when otherwise specified in the contract; the straw to be wheaten or oaten, and both to be in all respects of the best quality; oats, white or Algerian (Victorian grown), of the best description of their respective kind, full kernel, clean, and free from wild oats or other objectionable seeds; bran to be sound and sweet, and of the best description; chaff to be made from oaten hay of the best quality; the maize to be of the best quality. The hay tenders must specify whether they are for oaten or wheaten hay.

2. The supplies are for police, telegraph, and other horses, and are to be delivered on the order of the officer in charge of the district or station. The quantities stated in the schedule being only approximate, it must be understood that the Government may draw either more or less than those mentioned; and should new telegraph stations be formed, or additional horses required to be stationed at any of the stations, the contractor will be required to supply the additional forage. Should the additional number of horses, however, exceed two the contractor may, if he desires it, terminate the contract by supplying at once the whole quantity due at the station under the contract according to the foregoing schedule.

3. Notwithstanding anything contained in the preceding condition, the contractors for the supply to the Police Depot may be called upon to supply any Government Departments within a radius of six miles from Melbourne, for which no contracts have been taken, at the same rates.

4. The forage, when delivered, must be accompanied by the particulars of quantity, showing the net weight, to be indorsed on the back of the order, which, when signed by the officer in charge of the station, for the net quantity received, will be returned to the contractor, and by him rendered in support of his account.

5. Each contractor will be required to prepare his own account in the prescribed form, and, on presentation thereof to the officer in charge of the station or district, it will be forwarded for payment at the Treasury, Melbourne, or the Pay Office of the district, as may be indicated by the contractor on the account.

6. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department (should circumstances require it) to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

7. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the Board is to be considered final.

8. If the Board shall decide that the forage is not of proper quality, it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 6.

9. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue either to the public service or to the contractor by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 6.

10. A refusal to execute orders, irregularity in the quantity or quality of the forage, or delay in delivering or replacing it when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Treasurer of the Colony for the time being may direct. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith.

11. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

12. Under no circumstances will a contractor be permitted to abandon his contract, and in the event of his failing to carry on his contract he will be held liable for any loss which the Government may sustain in consequence of such failure. In the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.

13. The contracts entered into under this notice are not to be considered as broken, infringed, or vitiated by the purchase by any Department of forage grown at any Government establishment.

GEORGE TURNER,
Treasurer.

Each Schedule can be tendered for, and will be dealt with, separately.

The price must be expressed without alterations or erasures, and the total amount of the tender must be stated.

Tenders must be accompanied by a preliminary deposit, as shown above, in bank notes or a bank draft payable to the order of the Secretary of the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

Security will be required either in Government debentures, Savings Bank deposit book (in favour of the Secretary to the Tender Board), or cash deposit, as the tenderer may elect.

The security must be completed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified for tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders must be enclosed in a separate envelope, marked "Tender for Printing Papers, &c.," and be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. The supplies are to be equal in every respect to the contract sample or specification, and are to be delivered as directed by the Government Printer, either at the Government Printing Office or at a store situate in the city of Melbourne, but delivery will not be deemed to have been made until the goods have been approved of.

2. The quantities mentioned in the schedules will be required from the contractor, who will be bound, however, to supply any further quantities, at the schedule of price, that may be ordered by the Government Printer during the currency of the contract. Four (4) months' notice of the additional requirements will be given to the contractor by the Government Printer.

3. In the event of the supplies not being delivered by the time specified in the schedule or order as the case may be, it will be competent for the Government Printer to purchase the same, or such articles as may be suitable for the service, at the risk of the contractor, from whose account any expense that may be incurred over and above the contract price will be deducted.

4. The supplies on delivery will be surveyed by a board appointed by the Government for that purpose, and the decision of the board is to be considered as final. Payment will be made on the board's certificate that the goods are of contract quality and in good order and condition.

5. If the board of survey shall decide that the goods are not of contract quality, the contractor must in that case remove the goods objected to and supply others in their stead, failing which the supplies may be purchased as in condition 3.

6. All rejected goods must be removed by the contractor within forty-eight hours after notice has been given to him by the Government Printer of such rejection, and if not so removed the Government Printer is hereby empowered to send same to any store in Melbourne, there to be stored at the contractor's risk and expense.

7. A repetition of irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulet, not exceeding One hundred pounds, as the Government may direct, and the amount may be deducted as in condition 3, or from the contractor's security. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith and forfeit the security.

8. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

9. In the event of the contractor failing to carry out the contract, the contract security money will be absolutely forfeited, and the contractor disqualified from tendering for a period of twelve months.

10. The packages, cases, &c., will become the property of the Government without extra charge.

11. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government or the contractor, as may be the case, will make a proportionate allowance by way of deduction from or increase of the price of the item so affected, provided that the duty on such item has actually been paid.
