- (iv.) Every attornment, instrument, or agreement, whereby a power of distress is given or agreed to be given by any person to any other person by way of security for any present, future, or contingent debt or advance, and whereby any rent is reserved or made payable as a mode of providing for the payment of interest on such debt or advance or otherwise for the purpose of such security only. But this is not to extend to a mortgage of real estate which a mortgagee in possession has leased to the mortgagor at a fair and reasonable rent.

4. *Trade machinery.*—"Chattels personal" shall include machinery used in or attached to any factory or workshop exclusive of fixed motive powers such as water-wheels, steam-engines, steam-boilers, donkey-engines, and other fixed appurtenances of the said motive powers, and exclusive of fixed power machinery such as shafts, wheels, or drums and their fixed appurtenances, which transmit the action of the motive powers, and exclusive of pipes for steam, gas, and water in the factory or workshop.

No. 83.—AUGUST 13, 1897.—1.

7. *Seizure of chattels.*—Personal chattels assigned under a bill of sale as security for the payment of money shall not be liable to be seized or taken possession of by the grantee for any other than the following causes:—

- (1) If the grantor shall make default in payment of the sum or sums of money thereby secured at the time therein provided for payment or in the performance of any covenant or agreement contained in the bill of sale and necessary for maintaining the security;
- (2) If the grantor shall become bankrupt or suffer the said goods or any of them to be distrained for rent, rates, or taxes;
- (3) If the grantor shall fraudulently either remove or suffer the said goods or any of them to be removed from the premises;
- (4) If the grantor shall, without reasonable excuse, refuse upon demand in writing by the grantee, to produce his last receipts for rent, rates, and taxes;
- (5) If execution shall have been levied against the goods of the grantor under any judgment.

Proviso.—Provided that the grantor may apply to the Court, and the Court, if satisfied that the said cause of seizure no longer exists, may restrain the grantee (if a person subject to the jurisdiction of the Court) from removing or selling the said chattels, or may make such other order as may seem just.

8. *How registration is to be effected.*—Registration shall be effected by presenting to the Registrar of the Court the bill of sale with every schedule or inventory thereto annexed or therein referred to, and by filing a true copy of such bill of sale and of every such schedule or inventory together with an affidavit stating the time of such bill of sale being made or given, and of its due execution and attestation and a description of the residence and occupation of the persons making or giving the same and of every attesting witness to such bill of sale.

9. *Defeasance or declaration of trust to be registered.*—If the bill of sale is made or given subject to any defeasance or condition, or declaration of trust not contained in the body thereof, such defeasance, condition, or declaration shall be deemed to be part of the bill, and shall be written on the same paper or parchment therewith before the registration, and shall be truly set forth in the copy filed under this Regulation therewith, and as part thereof, otherwise the registration shall be void.

10. *Transfer need not be registered.*—The transfer or assignment of a registered bill of sale need not be registered.

11. *Bills of sale to be registered in district where chattels are situated.*—Registration shall be effected in each case at the office of the Court of the district in which the goods comprised in the bill of sale are situated.

12. *Limit of time for registration.*—Registration of bills of sale shall be effected within the times set forth in the schedule "A" hereto. Provided that the Court may order registration at any time of a bill of sale on proof by affidavit that it has been presented for registration by the first available opportunity.

13. *Register to be kept.*—The registrar shall keep a book (in this Regulation called "The Register") for the purposes of this Regulation, and shall, upon the filing of any bill of sale or copy under this Regulation, enter therein in the form set forth in the second schedule (B) hereto annexed or in any other prescribed form the name, residence, and occupation of the person by whom the bill was made or given, and also the name of the person or persons to whom or in whose favour the bill was given, and all other particulars required by the said schedule, and shall number all such bills registered in each year consecutively, according to the respective dates of their registration.

Any person shall be entitled at all reasonable times to search the register and inspect every registered bill of sale, upon payment of Two shillings and sixpence for every copy of a bill of sale inspected.

15. *Avoidance of certain duplicate bills of sale.*—Where a subsequent bill of sale is executed within or on the expiration of the time prescribed after execution for the registration of a prior unregistered bill of sale, and comprises all or any part of the personal chattels comprised in such prior bill of sale, then, if such subsequent bill of sale is given as a security for the same debt as is secured by the prior bill of sale, or for any part of such debt, it shall, to the extent for which it is a security for the same debt, or part thereof, comprised in the prior bill, be absolutely void, unless it is proved to the satisfaction of the Court that the subsequent bill of sale was *bona fide* given for the purpose of correcting some material error in the prior bill of sale, and not for the purpose of evading this Regulation.

16. *Rectification of register.*—The Court on being satisfied that the omission to register a bill of sale within the time prescribed by this Regulation, or the omission or misstatement of the name, residence, or occupation of any person was accidental, or due to inadvertence, may in its discretion order such omission or misstatement to be rectified by the insertion in the register of the true name, residence, or occupation, or by extending the time for such registration on such terms and conditions (if any) as to security, notice by advertisement or otherwise, or as to any other matter, as the Court thinks fit to direct.

17. *Satisfaction to be entered in register.*—The Court may order a memorandum of satisfaction to be written upon any registered copy of a bill of sale, upon proof being given that the debt (if any) for which the bill of sale was made or given has been satisfied or discharged.

Chattels comprised in a bill of sale which has been duly registered under this Regulation, and being security for the payment of money, shall be deemed to be in the possession, order, or disposition of the grantor of the bill of sale within the meaning of *The Bankruptcy Act 1883*, but subject to the claim of the grantee.

20. *Bill of sale no protection against claim for taxes.*—A bill of sale to which this Regulation applies shall be no protection in respect of personal chattels included in such bill of sale which but for such bill of sale would have been liable to be seized in execution under a judgment of the Court for any rates or taxes due to the Governments of the Protectorates established by Her Majesty in the Southern Solomons, Gilbert, and Ellice Islands, or to the Government of His Majesty the King of Tonga, and the liability of such chattels to any such seizure in execution shall be deemed to have arisen on the day when any such taxes became due, unless more than three months shall elapse between the day when such taxes became due and the day on which judgment was given, when the liability of such chattels to seizure in execution shall be deemed to have arisen three months before judgment was given.

22. An Inspector of Labour may make any order he thinks necessary for the proper lodging of the labourers, and may order the employer to keep a specified stock of medicines and medical appliances. 30. *Wages to be first charge.*—The wages of any labourer and the cost of his passage home shall be a first charge on the estate of his employer, and shall be a charge on any real estate on which such labourer shall have been employed, taking a preference over all mortgages and incumbrances of which a memorandum had not been deposited with the Resident Commissioner at the time of the issue of the licence under which such labourer was engaged, or two months before the engagement of such labourer, whichever date shall be last.

31. *Natives not to be taken out of Protectorate without permission.*—No native other than a native recruited in accordance with this Regulation or any Regulation amending the same shall be received on board any vessel for the purpose of being carried beyond the limits of the Protectorate without the written permission of the Resident Commissioner, which permission may be subject to such conditions as the Resident Commissioner may think fit.

Mallee Lands Act 1896.

MALLEE LANDS AVAILABLE FOR SELECTION AS AGRICULTURAL ALLOTMENTS UNDER SECTION 7, EITHER UNDER LICENCE OR PERPETUAL LEASE.

THE Government having made arrangements for the resumption of Mallee Blocks Nos. 53B and 54A, held by Messrs. Adams and Keisel, in the county of Karkaroc, applications will now be received for allotments within the proposed subdivision of such areas.

The number of allotments available will be about 120, in areas not exceeding 640 acres.

Applications, accompanied by the registration fee of £1, must be made on the usual form, addressed to the President of the Board of Land and Works, and lodged at any Crown Lands Office or Receipt and Pay Office in the colony before the 15th day of September next.

One application by each applicant is sufficient, and will be considered as being made for any one of the allotments available, and not for any particular area; it must be filled in "Application for portions of Mallee Blocks 53B or 54A."

The applications received will be dealt with by a Special Local Land Board at Birchip on Wednesday, 29th September, and, if necessary, following days. All applicants considered likely to prove suitable and *bona fide* settlers will be afforded an equal chance in the ballot which will be taken to determine to whom the various allotments will be granted.

Not more than one allotment will be granted to any one person, and no person who already holds 640 acres of mallee lands will be eligible to select, but holders of less than 640 acres will be entitled to apply for the difference between 640 acres and the area held.

The Crown reserves to itself the right to withdraw any area which may be required for timber, water supply, or any other purposes, and when subdividing the area will make such reservations as may be deemed necessary for future requirements and the protection of existing tanks or other improvements.

The nearest part of the land is situated about 4 miles, and the most distant portion 18 miles from Sea Lake railway station. The railway stations at Birchip is 16 miles, Berriwillock 7 miles, and Kaneira 12 miles from the land.

The rent payable under agricultural allotment licence is 1s. per acre per annum, and at the end of six years, if conditions with regard to residence, cultivation, improvements, and all other usual conditions have been complied with, a lease for fourteen years will be granted at the same rental, and a Crown grant will issue when such payments amount to £1 per acre, or, if desired, on the expiry of the licence a Crown grant will be issued on payment of 14s. per acre.

Rent payable under perpetual lease will not exceed 2d. per acre per annum until 1903, after which, at every successive period of ten years, the rent is calculated at 2 per cent. on the unimproved value of the land.

The survey fees must be paid within seven days after an allotment has been granted.

The price payable for the resumption of the land is 1s. 6d. per acre, as representing the value of the outgoing tenant's interest; this amount must be paid by the applicant either in cash within one month from the date of allotment or by half-yearly instalments, of such sums extending over the whole or any part of the licence, or over so many years of the perpetual lease not exceeding six (6), as the Board of Land and Works may determine, with interest at the rate of 4 per cent. per annum added.

Fencing, water, or other improvements on the allotments granted must be paid for in like manner.

Lessees must either reside on or within 5 miles of their land or else cultivate up to one-half of the area of their allotment before the end of the fourth year.

Any further information required will be supplied at the following Crown Lands Offices:—Melbourne, Bendigo, Horsham, Warracknabeal, and St. Arnaud, also on application to the postmaster at Birchip and the Crown lands bailiffs at Swan Hill and Charlton, where forms of application for licence or lease can be obtained. Care should be taken by the applicant that he secures the correct form and that it is properly filled up.

THOS. F. MORKHAM,
Secretary for Lands.

Department of Lands and Survey,
11th August, 1897.

‡ Blackwood only required.

Printed forms of tender, showing estimates of requirements and conditions of contract, may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge of police at any of the above-mentioned places, by whom also any information or explanation will be afforded to persons tendering.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per ton of 40 cubic feet for firewood, including delivery at the offices and all charges. Prices should only be quoted for requirements where estimates are shown above.

Tenders, which should be upon the printed form, will be received for either one or more of the above-mentioned places, and tenders for such places may be accepted or rejected separately; but if all lengths of firewood be included in one tender it may be accepted for one length only, if advisable.

Tenderers must specify the kind or kinds of firewood they offer to supply.

Telegrams or tenders not complying with the terms of advertisement will not be entertained.

The successful tenderer will be required to enter into a bond for £10, with an approved surety for the due performance of the contract, within ten days after the acceptance is notified.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Firewood at _____," as the case may be, and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice, and by letter to accepted tenderers.

CONDITIONS OF CONTRACT.

1. As the exact quantity of firewood which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.

2. All the firewood supplied under these contracts must be split out of large forest timber, and must be perfectly sound, dry, and of the kind or kinds specified in the tender: neither burnt wood, heartwood, small branches, nor outside pieces of bark will be received. The billets must be not less than 4 inches nor more than 6 inches in diameter. The long wood to be not less than 9 inches nor more than 18 inches in diameter. Delivery to be made on the written order of the chief officer of the Department requiring the supply. The ton of firewood consists of 40 cubic feet.

3. The orders for wood will be issued half-yearly (except in cases where the storage is small, when they will be issued quarterly), but the contractor must have 24 hours' notice before purchases are made at his risk.

4. The contractor for wood will be bound to place it in stacks for measurement on such ground as may be pointed out. The stacks are to be 2 feet wide (or 4 feet 6 inches for long wood) by 5 feet high, with space between each stack for measuring; and the billets (or lengths) are all to lie the same way, viz., crossways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack and to the satisfaction of the officer receiving the supply. In the event of any inconvenience being felt, either through delay in delivery or of stacking the wood, the Department concerned will purchase the same or re-stack that delivered, at the contractor's risk, from whose account any expense incurred thereby will be deducted.

August 13, 1897.

3218

5. The officer receiving the supply shall have full power to reject any wood which he may consider not in accordance with the contract, notice of which will be given to the contractor in writing, stating the reason. The contractor may, however, claim a survey; but in that case he must, within 48 hours after objection is made, give notice thereof in writing to the officer rejecting the wood.
6. The board of survey will be composed of persons appointed by the Honorable the Treasurer, and the decision of the board of survey is to be considered as final.
7. If the board of survey shall decide that the supply is not of proper quality, it must be immediately replaced by the contractor; failing which, it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 3.
8. Accounts for firewood to be rendered to the Department receiving the supply immediately upon completion of the order, which must be attached to the accounts. Payment will be made at the receipt and pay office of the district, or at the Treasury, Melbourne, as the contractor may require.
9. In the event of any irregularity on the part of the contractor being repeated, it will be competent for the Government, in case such irregularity should be established to the satisfaction of the Tender Board, to cancel the contract forthwith.
10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.
11. Under no circumstances will a contractor be permitted to abandon his contract.
12. No subletting will be allowed; all work must be carried out by the contractor, and the hours of employment of any person engaged in supplying the firewood tendered for in this schedule are not to exceed 48 per week, and at a minimum wage of 6s. a day. Any infringement of this condition, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from any accounts which may be due to the contractor, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

Tenders must be accompanied by the preliminary deposit above mentioned in bank notes, or a bank draft payable to the order of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the tenders may be again advertised or another tender accepted.

Tenders must express the prices in words as well as in figures, and without alterations or erasures.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders, enclosed in an envelope, and having the words "Tender for Firewood at ..." written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne; or, if sent by post, they must be prepaid, and addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. As the exact quantity of firewood which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.

2. All the firewood supplied under these contracts must be split out of large forest timber, and must be dry, perfectly sound, of good burning quality, and of the kind or kinds and sizes specified in the various schedules. Neither burnt wood, heart wood, small branches, nor outside pieces of bark will be received.

3. The orders will be issued by the departments requiring the supplies, and the firewood shall be delivered as may be directed by the officer ordering the supply. Should an order not be complied with within forty-eight hours it will be competent for the department concerned, on giving twenty-four hours' notice, to purchase the requirements or any like supplies suitable for the service at the contractor's risk, and to deduct from the contractor's account or from the security money the extra expense (if any) over and above the contract price.

4. Orders for Ararat, Beechworth, Bendigo, Castlemaine, Maryborough, and Sale will be issued half-yearly, except in cases where the storage is small, when they will be issued quarterly.

5. The contractor will be bound to place the firewood in stacks for measurement on such ground as may be pointed out. The stacks must be of the width and height stated in the schedules, with space between each stack for measuring; and the billets are all to lie the same way, viz., crossways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack, and to the satisfaction of the officer receiving the supply. Firewood, when ordered by weight, is not to be stacked by the

contractor, but it must be deposited on such ground as may be pointed out.

6. The acceptance of the firewood shall be subject to the approval of the officer authorized to take delivery, or such other officer as shall be named in the conditions. If after the delivery of the firewood has been taken any deficiency or defect is discovered therein, such firewood may be returned to the contractor. In case of the rejection or return of any firewood, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

7. As soon as the orders shall have been completed the contractor will be required to furnish to the department supplied his account in the prescribed form, with the receipted delivery order attached thereto. Accounts will be payable at any Receipt and Pay Office that the contractor may desire.

8. In the event of a difference of opinion between the contractor and the officer receiving the supply as to the quality, the same is to be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered as final.

9. If the board shall decide that the firewood is not of proper quality it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted from the contractor's account or from the security money.

10. If from any cause injury would accrue to the public service by waiting for a board of survey, the head of the department or officer in charge will have the power to reject such firewood as is obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected wood, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 9.

11. A refusal to execute orders, irregularity in the quality or quantity of the firewood, or delay in delivering or replacing it when required, will subject the contractor to such mulct, not exceeding £50, as the Treasurer of the Colony for the time being may direct; and the amount may be deducted as in condition 9. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith.

12. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

13. *Under no circumstances will a contractor be permitted to abandon his contract.* In the event of the contractor failing to carry on the contract the contract security money will in that case be absolutely forfeited, and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

14. No subletting will be allowed. All work must be carried out by the contractor, and the hours of employment of any person engaged therein are not to exceed forty-eight per week, and at a minimum wage of 6s. per day. Any infringement of this condition, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement, and in all other respects.

TENDERS FOR GRAZING LANDS.

Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Thursday, 26th August, 1897.

NOTE.—No tender will be accepted unless the fee for the period from 1st September, 1897, to 30th June, 1898, and fee of Five shillings for Licence, are forwarded with the Tender.

TENDERS will be received by the Board of Land and Works up to Twelve noon on Thursday, 26th August, 1897, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions:

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.

2. In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the Crown for the time being administering Division II. of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.

3. Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same without the permission or sanction of the licensee or any one claiming under her, him, or them.

4. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

5. This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but does not confer any right to build thereon, or to cultivate or to fence any portion thereof.

6. If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.

7. The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.

8. No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.

9. This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.

10. This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.

11. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

12. The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do he will be prosecuted according to law.

13. The licensee shall destroy all thistles on the land, and on the half width of adjoining roads, and shall be responsible for the destruction of thistles under the Thistle Act in like manner as holders of freehold lands.

14. Free access to water shall be kept open at all times for travelling and other stock and also for persons desiring to take water for domestic supply.

Special Conditions:

1. The period of occupation will be for ten months—from 1st September, 1897, to 30th June, 1898.
