GENERAL ELECTORAL LISTS, 1898-9.—ISSUE OF ELECTORS' RIGHTS.

IT is hereby notified that Thursday, the 1st day of December, is the last day on which Electors' Rights can be obtained for enrolment on the General Lists of Non-ratepaying Electors for the Legislative Council and Legislative Assembly, and that persons who are not already enrolled will be entitled to have their names entered on such lists by obtaining Electors' Rights from the Registrars for their respective Divisions, or their Deputies, before or on that date.

Intending applicants for Electors' Rights are cautioned to apply early to the Registrar. The law requires the prescribed questions as to an applicant's qualifications to be answered in writing before the Right is issued; therefore, if application be postponed until the last day allowed for the purpose, the Registrar or Deputy may be unable to issue Rights to all applicants on that day, and those to whom Rights are not so issued will not be enrolled.

Each applicant should provide himself with the stamp (6d.) necessary for payment for the Right.

Intending applicants are cautioned to carefully ascertain whether they are fully qualified under the law, as a penalty is imposed upon persons knowingly and wilfully obtaining Electors' Rights by falsely answering the questions when not qualified.

No person whose name is on, or entitled to be on, any Roll of Ratepaying Electors for any Division of a PROVINCE may obtain an Elector's Right for such PROVINCE.

No person whose name is already on the New List of Ratepaying Electors (now being prepared) for any Division of an ELECTORAL DISTRICT may obtain an Elector's Right for such DISTRICT.

Foreigners who desire to obtain Electors' Rights must, if not already naturalized in Victoria, obtain letters of naturalization before doing so; and such foreigners, if they desire enrolment as Ratepaying Electors, must obtain letters of naturalization before the sitting of the Revision Courts appointed to be held during February next.

The Registrars and Deputy Registrars throughout Melbourne and suburbs and in the principal towns throughout Victoria will keep their offices open for the issue of Electors' Rights until Ten o'clock p.m. on Saturday, the 26th, Monday, the 28th, and Wednesday, the 30th November, and Thursday, the 1st December.

Under-Secretary.

4. *Order of business at meetings.*—After the signing of the minutes as aforesaid, the order of business of an ordinary meeting shall be as follows, or as near thereto as may be practicable; but for the greater convenience of the Trust at any particular meeting thereof the order of business may be altered by a resolution to that effect:—

And the order of business at a special meeting shall be the order in which such business stands in the notice thereof.

20. *Commissioners to rise in addressing Trust.*—Every commissioner, including the chairman, shall stand up whilst addressing the Trust.

21. *Commissioners not to speak a second time on same subject.*—No commissioner shall speak a second time on the same question unless entitled to reply, or in explanation when he has been misrepresented or misunderstood.

22. *Points of order.*—The chairman when called upon to decide on points of order or practice shall state the provision, rule, or practice which he deems applicable to the case without discussing or commenting on the same, and his decision as to order or explanation in each case shall be final.

23. *Commissioners not to digress, &c.*—No commissioner shall digress from the subject-matter of the question under discussion or comment upon the words used by any other commissioner in a previous debate, and all imputations of improper motives and all personal reflections on commissioners shall be deemed highly disorderly.

24. *Commissioners to apologize for disorderly, &c., expressions.*—Whenever any commissioner shall make use of any expression disorderly or capable of being applied offensively to any other commissioner, the commissioner so offending shall be required by the chairman to withdraw the expression and to make a satisfactory apology to the Trust.

25. *Commissioner called to order to sit down.*—A commissioner called to order shall sit down unless permitted to explain.

26. *Commissioner twice offending guilty of an offence.*—Any commissioner using offensive or disorderly language, and having been twice called to order or to withdraw and apologize for such conduct, and refusing so to do, shall be liable to a penalty for a breach of this Regulation.

27. *Commissioner may demand documents.*—Any commissioner may of right demand the production of any of the documents of the Trust applying to the question under discussion.

28. *Voting.*—The Trust shall vote by a show of hands, and the chairman shall, in taking the sense of the meeting, put the question first in the affirmative and then in the negative, and the result thereof declared by him shall be entered in the minutes by the secretary.

29. *Divisions.*—Whenever a division shall be demanded by any commissioner, the commissioners voting in the affirmative shall first hold up their hands, and then those voting in the negative shall hold up their hands, and the result thereof shall be declared by the chairman, and when such division takes place the names of the commissioners voting in the division shall be recorded in the minutes of the said meeting.

30. *Motions, &c., to be in writing.*—If required by the chairman, all motions, whether original motions or amendments, shall be reduced into writing and signed by the mover and seconder.

31. *Amendments.*—One amendment only shall be discussed at a time, but if lost another may be moved before the original question is put to the vote, but upon any amendment being carried it shall be competent for any commissioner to move another amendment thereon.

32. *Mover of motion to have right of reply.*—The mover of every original proposition, but not of any amendment, shall have a right to reply, immediately after which the question shall be put from the chair, but no commissioner shall be allowed to speak more than once upon the same question unless permission be given to explain or the attention of the chair be called to a point of order.

33. *Motion for adjournment.*—No discussion shall be allowed on any motion for the adjournment of the Trust, but if on being put the motion be negatived the subject then under consideration or the next on the notice-paper shall be discussed, or any other that may be allowed precedence, before any subsequent motion for adjournment be made, but if the motion for adjournment be carried the debate on the motion moved and seconded or any other order of the day may be resumed at the next adjourned meeting of the Trust at the point at which it was so interrupted.

34. *Protests.*—Any commissioner may protest against any resolution of the Trust, and notice of intention to protest shall in every case be given forthwith on the adoption of the resolution protested against, and the notice shall specify the reasons for protesting, and shall be entered three days at least before the next ordinary meeting of the Trust by the protesting commissioner in a book to be kept for that purpose in the office of the secretary, and signed by such commissioner, and shall also be entered in the minutes of the meeting at which notice of the intention to protest shall have been given previously to the confirmation thereof, but such protest may be expunged from the minutes if declared by a majority of the Trust to be not in accordance with the truth or in its terms disrespectful to the Trust.

35. *Lapsed meetings.*—If a debate on any motion moved and seconded be interrupted by the number of the commissioners present becoming insufficient for the transaction of business, such debate may be resumed at the point where it was so interrupted on motion on notice.

36. *Lapsed orders of the day may be restored.*—If a debate on any order of the day be interrupted by such insufficiency of number as aforesaid happening, such order may be restored to the notice-book for a future day on motion on notice, and then such debate shall be resumed at the point where it was so interrupted.

37. *Appointments, &c., of officers.*—No appointment to any permanent office at the disposal of the Trust shall take place until seven clear days' public notice shall have been given by advertisement in one or more newspapers circulating in the Waterworks District inviting applications from qualified candidates for the same.

38. *Salaries of officers.*—The salary or allowance attached to any office or place at the disposal of the Trust shall, unless otherwise ordered by resolution of the Trust, be fixed before the Trust proceeds to appoint any person to fill the same, and before the advertisement inviting applications as aforesaid, and shall be specified in such advertisement.

Printed forms of tender, giving estimates of the probable requirements, may be obtained from the Secretary to the Tender Board, Melbourne, from the Receivers and Paymasters at the respective places, and for Queenscliff from the Officer Commanding Victorian Artillery, Queenscliff, by whom also any information or explanation will be afforded to persons tendering.

Security will be required in cash, Savings Bank Deposit Book, or Bank deposit receipt, in favour of the Secretary to the Tender Board, or Government debentures.

Tenders must be accompanied by the preliminary deposit above mentioned in bank notes, or a bank draft payable to the order of the Secretary of the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

Tenders must express the prices in words as well as in figures, and without alterations or erasures.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders, enclosed in a separate envelope, and having the words "Tender for Victorian House and Smiths' Coal, Victorian Brown Coal or Coke, or Steam Coal at ——" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. As the exact quantity of coal which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.
2. The coal supplied must have been screened at the pit's mouth, and must be the best of its kind. The house coal must be free from shale, small coal, dust, ashes, or other impurities, and the smiths' coal must be free from dust, ashes, shale, or other impurities. No other coal will be received. In case of the rejection or return of any supplies the contractor shall bear the whole cost of replacing the coal so rejected or returned.
3. The orders will be issued by the departments requiring the coal.
4. Coal shall be delivered as may be directed by the officer ordering the supply.
5. At the time of delivering the coal the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the coal accepted and shall return the order to the contractor.
6. If after the delivery of the coal has been taken any deficiency or defect is discovered therein, such coal may be returned to the contractor.
7. The contractor must produce the pit certificate if requested to do so by the officer receiving the coal.
8. The contractor will be bound to weigh the house coal and coke on delivery at such establishments as are provided with weighbridges. In other cases the tickets of the public weighbridges are to be accepted as the weight to be charged for. Coal to be delivered in the places set apart therefor.
9. The contractor will be bound to deliver coal for vessels, except in the case of dredges, into the vessels' bunkers.
10. When baskets are used in the delivery of coal they are all to be of one size, and the contractor will be bound to tare the baskets when so required by the officer taking delivery. In other cases the contractor will be bound to satisfy the officer receiving that the weight or quantity is correct.
11. Coal must be put on board at a rate of not less than ten (10) tons per hour.
12. In the event of the officer ordering the coal not requiring the same to be put into the vessel's bunkers, as required by condition No. 8, a rebate of 1s. per ton to be made by the contractor.
13. Should an order not be complied with within forty-eight hours it will be competent for the department concerned to purchase, at the contractor's risk, and the extra expense (if any) over and above the contract price may be deducted from the contractor's account or the security money, but coal for steam vessels must be supplied on demand. No more delay will be allowed than is sufficient to give the necessary orders and get the hulk or vessel alongside. Bad weather to be the only excuse.
14. As soon as the orders shall have been completed the contractor will be required to furnish to the department supplied his account in the prescribed form, with the receipted delivery order attached thereto. Accounts will be payable at any Receipt and Pay Office that the contractor may desire.
15. In the event of a difference of opinion between the contractor and the officer receiving the coal as to the quality the same is to be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered final.
16. If the board shall decide that the coal or coke is not of proper quality it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted as in condition 13.
17. If from any cause injury would accrue to the public service by waiting for a board of survey the head of the department, or officer in charge of station, will have the power to reject such coal or coke as is obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected coal or coke and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition No. 13.
18. A refusal to execute orders, irregularity in the quality or quantity of the coal, &c., or delay in delivering or replacing the coal when required, will subject the contractor to such mulct, not exceeding £50, as the Treasurer of the Colony for the time being may direct; and the amount may be deducted as in Condition 13. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith and forfeit the whole or any portion of the security money.
19. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.
20. In the event of a general strike occurring at the collieries, any contract entered into under these conditions after the expiry of one calendar month from notice being given may be suspended, such contract to come into full force and effect again ten (10) days after such cause of suspension shall be discontinued.
21. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by any purchase of any other coal by the Defence Department for the use of torpedo boats and the *Cerberus*.
22. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract the contract security money will in that case be absolutely forfeited, and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.
23. No subletting will be allowed; all work must be carried out by the contractor, and the hours of employment of any person engaged therein are not to exceed forty-eight per week, and at a minimum wage of 7s. 6d. (clear of all deductions) per

day of eight hours for miners, and 6s. per day for labourers; and a copy of these conditions shall be kept conspicuously and continually posted, in legible Roman characters, in the colliery. Any infringement of this condition, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

Tenders, enclosed in a separate envelope, and having the words "Tender for Firewood at _____" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

- As the exact quantity of firewood which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.
- All the firewood supplied under these contracts must be split out of large forest timber of either box, red or white gum, or peppermint (no other kind will be received), and must be dry, perfectly sound, and of good burning quality, and cut into billets of the lengths stated in the schedules, such billets to be not less than four inches nor more than six inches in any diameter. The long wood to be not less than nine inches nor more than eighteen inches in any diameter. Neither burnt wood, heart wood, nor outside pieces of bark, or pieces of wood with bark adhering will be received.
- The orders will be issued by the departments requiring the supplies, and the firewood shall be delivered as may be directed by the officer ordering the supply. Should an order not be complied with within forty-eight hours it will be competent for the department concerned to purchase the firewood at the contractor's risk, and the extra expense (if any) over and above the contract price will be deducted from the contractor's account or from the security money.
- The contractor will be bound to place the firewood in stacks for measurement on such ground as may be pointed out. The stacks are to be five feet high, and of the width specified in the various schedules, with space between each stack for measuring; and the billets or lengths are all to lie the same way, viz., cross-ways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack, and to the satisfaction of the officer receiving the supply. Firewood for the Yarra Bend need not be stacked, but must be weighed on the Asylum weighbridge.
- The acceptance of the firewood shall be subject to the approval of the officer authorized to take delivery, or such other officer as shall be named by him. If after the delivery of the firewood has been taken any deficiency or defect is discovered therein, such firewood may be returned to the contractor. In case of the rejection or return of any firewood, the contractor shall bear the whole cost of replacing the wood so rejected or returned.
- As soon as the orders shall have been completed the contractor will be required to furnish to the department supplied his account in the prescribed form, with the receipted delivery order attached thereto. Accounts will be payable at any Receipt and Pay Office that the contractor may desire.
- In the event of a difference of opinion between the contractor and the officer receiving the firewood as to the quality the same shall be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered as final.
- If the board shall decide that the wood is not of proper quality it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted as in condition No. 3.
- If from any cause injury would accrue to the public service by waiting for a board of survey, the head of the department or officer in charge will have the power to reject such wood as is obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected wood, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 3.
- A refusal to execute orders, irregularity in the quality or quantity of the firewood, or delay in delivering or replacing it when required, will subject the contractor to such mulct, not exceeding £50, as the Treasurer of the Colony for the time being may direct; and the amount may be deducted as in condition 3. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith.
- Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.
- Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract the contract security money will in that case be absolutely forfeited, and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.
- No subletting will be allowed; all work must be carried out by the contractor, and the hours of employment of any person engaged therein are not to exceed forty-eight per week, and at a minimum wage of 6s. per day; and a copy of these conditions shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor. Any infringement of this condition, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted as in condition 3, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement, and in all other respects.

TENDERS FOR GRAZING LANDS.

Tenders must be sent in on proper form, which can be obtained on application to the Lands Department, Melbourne, or any of the Survey Offices in the country.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Monday, 28th November, 1898.

NOTE.—No tender will be accepted unless the fee for the period from 1st December, 1898, to 30th June, 1899, and fee of Five shillings for licence, are forwarded with the tender.

TENDERS will be received by the Board of Land and Works up to Twelve noon on Monday, 28th November, 1898, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 123 of the *Land Act 1890* shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Under section 7 of the *Vermin Destruction Act 1890*, all licensees under the section for which these licences will issue are liable for the destruction of rabbits within the boundaries of their licences.

Conditions:

- The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the *Land Act 1890*, except under the 123rd section thereof, under which the licence is issued, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the *Land Act 1890*, or for mining purposes.
- In case the said land, or any part or parts thereof, shall be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than the return of such portion of his licence-fee paid by him as the responsible Minister of the *Land Act 1890* may think fit. This licence is also subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine therein, and to erect and occupy mining plant and machinery, without making any compensation for surface or other damage.
- Subject to these conditions, the licensee shall be entitled to use the land for the purposes for which the licence has been granted, until notice has been given in the *Government Gazette* that such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid; and immediately upon such notice being given, all the interest of the licensee in the licensed land described in such notice shall cease and be determined, and any person entitled to occupy the licensed land, or any part thereof, may lawfully make entry upon and hold the same without the permission or sanction of the licensee or any one claiming under her, him, or them.
- No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.
- This licence entitles the holder thereof, during the period for which it is granted, to use the land therein comprised for depaupering purposes only, but does not confer any right to build thereon, or to cultivate or to fence any portion thereof.
- If the licensee desire a renewal of this licence, notice to that effect must be given to the responsible Minister aforesaid one month prior to the expiration thereof, but nothing herein contained shall be deemed to confer the right to any renewal.
- The interest in this licence may not be transferred without the consent of the Minister aforesaid and the payment of a fee of £1.
- No claim whatever shall be made or entertained by reason of the licence not being renewed or transferred.
- This licence is to be used under and in accordance with the regulations made or to be made under the provisions of the said Act and for the time being in force.
- This licence may be forfeited if the licensee commit a breach of or neglect to comply with any of these conditions.
- The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.
- The ring-barking of the timber upon the land by the licensee is expressly forbidden, nor is he entitled to destroy or cut and take away any such timber; and should he be found destroying, felling, or removing live or dead timber without a licence authorizing him so to do he will be prosecuted according to law.
- The licensee shall destroy all thistles on the land, and on the half width of adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act* in like manner as holders of freehold lands.
- Free access to water shall be kept open at all times for travelling and other stock and also for persons desiring to take water for domestic supply.

Special Conditions.

- The period of occupation will be for seven months—from 1st December, 1898, to 30th June, 1899.
- The fee for the period from 1st December, 1898, to 30th June, 1899—for which the licence will be issued, and fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.
- Tenders to be for so much per lot and block per annum.
- Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 1, Block 1085," or "Lot 2, Block 2175," or "Lot 3, Block 2439," as the case may be.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.

8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.

Plans can be seen and information may be obtained in this office.

BY-LAW No. 4.

A By-law of the Shire of Wycheproof, and numbered four, for fixing the levels of streets, regulating private streets, and filling up low grounds.

IN pursuance of the powers conferred by the *Local Government Act 1890*, the President, Councillors, and Ratepayers of the Shire of Wycheproof order as follows:—

1. That all by-laws on the matters or things hereinafter provided for, and now being in force within the shire of Wycheproof, are hereby repealed.

2. Sections 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, and 449 of the *Local Government Act 1890*, and sections 108 and 109 of the *Local Government Act 1891*, are hereby adopted in and for and are declared applicable to the whole of the shire of Wycheproof.

1. The provisions of this Division of this Part of this Act shall apply to all boroughs and to all parts of shires which have been at any time boroughs, and to all parts of shires to which the same have by any by-law in force in such shire been declared applicable.

2. Every person who intends to make or lay out any new street in any part of any municipal district to which the provisions of this Division of this Part of this Act apply shall give notice of such his intention to the council of the municipality in order that the level of such street may be fixed by the council.

3. The level of every street not already fixed shall be fixed under the direction of the surveyor of the council, subject to such right of appeal as hereinafter mentioned; and the level so fixed if not altered on appeal shall be kept thereafter by every person erecting any house or other building in such street.

4. If the council do not fix such level within two months from the time of the delivery of such notice as aforesaid, unless the fixing of such level be delayed by the appeal hereinafter provided, the person giving such notice may proceed to lay out the street at any level which will allow of compliance with the other provisions of this Act as if such level had been fixed by the council; and in such case every change of the level which the council afterwards deem requisite, and the works consequent thereon, shall be made by the council, and the expense thereof and any damage which any person sustains in consequence of such alteration shall be defrayed by them.

5. Every person who makes or lays out any such new street as aforesaid without causing such notice to be given to the council as aforesaid shall be liable to defray all the expenses consequent upon any change of the level of the said street deemed requisite by the council; and every person who in building any house or other building in such street does not keep the level fixed by the council shall be liable to defray all the expenses consequent upon any change of the level of that part of the street on which such house or building abuts which the council deem requisite.

6. One month at the least before fixing the level of any street which has not theretofore been levelled or paved, the council shall give notice by advertisement, to be twice inserted in some newspaper circulating in the neighbourhood, of their intention to fix the level thereof, which notice shall set forth the name and situation of the street the level whereof is to be fixed, and shall refer to plans of such intended work, and shall specify a place where such plans may be seen, and a time when and place where all persons interested in such intended work may be heard thereupon.

7. The council shall meet at the time and place mentioned in such notice, and consider any objections made against such intended work; and all persons interested therein or likely to be aggrieved thereby shall be entitled to be heard before the council

at such meeting; and thereupon the council in their discretion may abandon or make such alterations in the said intended work as they judge fit.

8. Any person aggrieved by any order of the council as aforesaid relating to the level of any street may, at any time within fourteen days next after the making of any such order, give notice to the council that he intends to appeal against such order to the next court of general sessions to be holden for the bailiwick in which any part of the street to which such order relates is situated; and if within eight days after giving such notice the party enter into a recognisance before some justice with two sufficient sureties conditioned to try the appeal and abide the order of the court, and to pay such costs as may be awarded by the court thereon, the order so appealed against shall not take effect until after the judgment on such appeal; and such court shall hear and determine the matter of appeal, and shall make such order thereon, either confirming, quashing, or varying the order of the council, as to it may seem fit.

9. If the council deem it necessary to raise, sink, or otherwise alter the level of any street in which any water pipe or gas pipe or other waterworks or gasworks are laid, they shall from time to time, by notice in writing, require the person to whom such pipes or works belong to cause forthwith, or as soon as conveniently may be, such pipes or works to be raised, sunk, or otherwise altered in position in accordance with the altered level of such street, provided that such alteration be not such as permanently to injure such works, or to prevent the water or gas from flowing as freely and conveniently as before; and the expenses attending such raising, sinking, or altering, and full compensation for every damage done thereby, shall be paid by the council, as well to the person to whom such pipes belong as to all other persons.

10. If the person to whom any such pipes or works belong do not proceed forthwith, or as soon as conveniently may be after the receipt of such notice, to cause the same to be raised, sunk, or altered in such manner as the council require, the council may themselves cause such pipes or works to be raised, sunk, or altered as they think fit, provided that such works be not permanently injured thereby, or the water or gas prevented from flowing as freely and conveniently as before.

11. If after the fixing of the level of any street under the provisions of any law for the time being in force relating to local government, the council of any municipality alter the level of the ground in such street, save to conform to the level so fixed, the municipality shall make full compensation to all persons interested in any property injuriously affected by such alteration, and the same may be recovered by an action for damages in any court of competent jurisdiction.

12. If any private street or road the property of more than one owner in fee not being of less width than 33 feet be at the commencement of this Act or thereafter paved, flagged, macadamized, or otherwise made good to the satisfaction of the council of the municipality, then on the application of the owners in fee of so many of the houses and lands abutting upon such street as in rateable value are the greater part of all the houses and lands so abutting, the council shall, by writing under the common seal of the municipality, declare the same to be a public street; and upon the publication of the same in the *Government Gazette* the said street shall become a public street, and shall thereafter be under the management of the council.

13. If any private street or road or if any part of such street or road has not been drained, paved, flagged, macadamized and otherwise made good to the satisfaction of the council, they may by notice in writing require the owners of the building or lands abutting on such street or road or such part thereof (as the case may be) to drain, pave, flag, macadamize, or otherwise make good to the satisfaction of the council so much of the same to the centre thereof as fronts such last-mentioned buildings and lands within a reasonable time to be fixed by the council, and the said owners shall within such time as aforesaid at their own costs obey such requirement; and if such street or road or such part thereof as aforesaid be not so made good within the time fixed the council may cause so much as is not so made good to be made good, and the expenses which may be incurred by the council shall be repaid to them by the owners by whom such work ought to have been done respectively.

14. The council of the municipality may cause the footway or pathway in front of any house or group along any street or private street within the municipal district or from time to time any portion thereof to be flagged, kerbed, and paved or asphalted in such manner as the council think fit; and half the amount of the expense thereof shall be borne and paid by the owner of such house or land, and may be recovered from such owner or from the occupier of such house or land in a summary way before two justices. Provided that no proceeding for the recovery of such amount shall be taken until at least one month after a requisition for payment of the amount hereinbefore mentioned together with an account of the total expenditure signed by the municipal clerk has been sent or delivered to such owner or occupier. Provided also that if the occupier of such house or land shall be compelled to pay for such flagging, kerbing, paving, or asphaltting, such occupier may either deduct the amount so paid from any rent then due or thereafter to become due to the owner, and the production of the receipt for the amount so paid by or recovered from such occupier shall be a good and sufficient discharge for the amount so paid or recovered on payment of rent to the owner; or such occupier may recover from the owner the amount so paid or recovered or any balance thereof after deducting the rent in a summary way before two justices. And such expenses shall be a charge on such lands and recoverable from the same persons and in the same manner as rates and may also be recovered by taking possession of such lands in the same manner as has been provided by the Principal Act for the taking possession of lands on which arrears of rates are due.

15. The council of the municipality may, by notice signed by the municipal clerk, and delivered to the owner or left at his last-known place of abode or at the residence of any agent or person receiving such owner's rents or transacting other business within the municipal district for such owner, call upon the owner

of any ground lying alongside of any street, private street, road, or pathway, and being of a lower level than such street, or private street, road, or pathway, forthwith to have such low ground filled up to such level; and in case such owner refuse or neglect to fill up such ground for the space of one month after the delivery of such notice, the council may proceed to fill up such ground at the expense of such owner, and the amount of such expense, not exceeding one-fourth of the then value of such ground, may be recovered from the owner in a summary way before two justices.

16. If any hole or place within 1 foot of any road or street, whether public or private, be, for want of sufficient protection or enclosure, dangerous to the passengers along such street or road, the council shall, after due notice given by the council to the owner, cause the same to be protected or enclosed, so as to prevent danger therefrom, and the expenses of such protection or enclosure shall be repaid to the council by the owner of the premises so protected or enclosed.

Passed this 29th day of September, 1898.

A. G. STEWART, Secretary.

23. Visitors may be permitted to see patients by permission of the house surgeon, matron, or officer in charge of the hospital for the time being.

MEETING OF CONTRIBUTORS.

24. At all meetings of governors and contributors the president or one of the vice-presidents, or the treasurer—as the case may be—shall take the chair; but in their absence, the meeting shall choose its own chairman, who shall have a casting vote only.

25. The annual meeting of governors and contributors to the hospital shall be held on the last Thursday in the month of July in every year, for the following purposes:—

28. All questions shall be decided by show of hands unless a ballot be demanded by five contributors. All elections, where contested, shall be by ballot, and when such ballot is for members of the board or honorary medical officers every eligible subscriber voting shall vote for one person for each vacancy, and if a greater or less number of names appear on the face of the ballot-paper than those required such ballot-paper shall be null and void. Voting by proxy shall not be allowed.

RESCISSION OF BY-LAWS.

29. The contributors shall have the power to alter or rescind these or to make any new by-laws, but no alteration shall be passed unless concurred in by a majority of at least two-thirds of the votes of contributors present at a special meeting convened for the purpose. Notice of any such alteration, rescinding, or making any new by-laws shall be given in writing to the secretary, and signed by at least ten contributors, and shall be considered on a day appointed by the board of management within one month of receipt of such notice; but no alteration, rescinding, or new by law shall be of any force or effect until one month after the same shall have been confirmed by a general meeting of contributors specially convened for that purpose and published in the *Government Gazette*.

FINANCE AND HOUSE COMMITTEE.

30. The board at their first meeting shall elect a committee of six, to be designated the finance committee, who shall examine all accounts sent in for payment, and check them with the provision consumption account, previously to their being passed for payment by the board of management, such accounts to be made up to the last day in each month, and to be sent in to the secretary four clear days before the day of meeting.

Sec. a. The board shall also at their first meeting elect a committee to be called the visiting or house committee, who shall visit the hospital at least once a month, in order to examine the state of the stock, and report thereon to the general board. They shall recommend the purchase or repair of any articles required for the use of patients or the institutions, and order repairs of building when essentially required, provided the expense does not exceed Two pounds (£2).

Sec. b. The visiting or house committee shall also investigate any charge brought against any member of the resident staff, and if they consider the charge proved it shall be their duty to reprimand or suspend the offender or to recommend his or her dismissal.

SECRETARY AND DUTIES.

31. The secretary shall keep the minutes and records of the hospital, conduct the correspondence, and carry out the resolutions of the board. He shall keep at the hospital a proper stock-book of all supplies received and issued into the hospital, such book, duly balanced, to be produced at each monthly meeting of the board, and should any deficiency or excess be apparent he shall at once report the fact to the board. He shall also notify the board when any member has forfeited his seat for non-attendance or any other cause, under Rule 5. He shall also convene special meetings of the subscribers, when directed by the president, the board of management, or on the written requisition of ten annual subscribers.

AUDITORS AND DUTIES.

32. The annual general meeting shall elect two contributors, not members of the board, as auditors for the year. The auditors shall at the end of each year examine the treasurer's financial report, and all accounts, vouchers, and documents relating thereto, and shall report thereon to the annual general meeting. The treasurer's yearly report to be made up to the 30th June in each year.

34. All legacies and bequests to the hospital shall, subject to any conditions under which such bequests are made, be paid to the endowment fund, and shall be invested in such manner as the board of management shall direct; the interest may be available for the maintenance of the hospital.

PAID MEDICAL OFFICERS.

35. The paid medical officer shall be a legally qualified medical practitioner, and shall have the right to private practice. He shall act as dispenser when no other dispenser is employed by the board. He shall have the charge of all patients in the hospital, and shall be responsible for their treatment, but in cases of difficulty shall call in one or more of the honorary medical officers. He shall visit all patients in the hospital every day at Twelve o'clock, and oftener if required, and besides rendering such professional services as may be required, shall attend to all matters affecting the welfare of the patients. He shall also visit and inspect all other parts of the hospital premises used by the patients at least once a month. If during such visits he should observe any neglect in the matter referred to, it shall be his duty to report the same to the matron, the visiting committee, or the board. In ordinary circumstances he shall be expected to exercise supervision over the staff only as regards their duties in the wards; but in any case of decided emergency he shall have the powers which are conferred upon the visiting committee by section 6 of Rule 30. He shall enter all prescriptions in the case-book kept at the hospital for that purpose, attend to all out-patients twice a week, on Mondays and Thursdays, at Twelve o'clock, and decide upon the fitness of all patients to be admitted or discharged.

MATRON AND NURSE.

36. The matron shall have the charge of all stores and shall keep such accounts and prepare such reports as may be required by the board. In the month of January of each year she shall (in conjunction with the secretary) prepare and present to the board an inventory of all property in the hospital, including furniture, bedding, &c. She shall receive into the hospital patients entitled to be admitted by Rules 15 and 18, and shall make arrangements for the bathing of all patients upon admission (unless there is some reason to the contrary), and for the proper custody of their clothing and other effects. She shall have the control of the resident staff, and shall enforce their observance of the rules. She shall be responsible for the cleanliness of the patients, of their clothing and bedding, for the sanitary condition of the wards and other parts of the hospital premises, for the proper cooking and serving of the food, and for the nursing, and shall herself act as head nurse. It shall be her duty to faithfully carry out all orders and instructions of the paid medical officer, to keep him informed of all matters affecting the welfare of the patients and to report to him any neglect on the part of their attendants, and such verbal communications shall in general be considered confidential. All serious matters must be reported, in writing, to the paid medical officer, who shall lay such reports before the visiting committee or the board. An entry in a book kept at the hospital for that purpose when presented to the paid medical officer, the visiting committee, or the board, shall be considered a report in writing. She shall, when requested by the patients, procure the attendance of any required clergyman. She shall keep a register of the cases treated in the hospital, and also for out-patients. On the admission of patients into the hospital she shall write the name, age, date of admission, &c., on a card to be suspended over the beds. She shall keep a book in which she shall insert the name of every patient for whom the medical officer shall prescribe either wine, spirits, ale, or stout, the name of the medical officer who has ordered the same, and the precise quantity rendered every day, which book shall be laid before the board of management at their stated meetings, together with a report containing the names and ages of all patients admitted or discharged during the previous month.
