INNER ROUTE TO TORRES STRAIT.

Passage through the Great Barrier Reef, near the Howick Group.

NOTICE is hereby given that Captain W. Dawson, of H.M.S. *Waterwitch*, reports having sounded out the passage through the Great Barrier Reef, which lies between Stapleton (X) Islet (in lat. 14° 19' 12" S., long. 144° 51' 3" E.) and No. 1 sandbank.

The passage, which will be known hereafter as "Waterwitch Passage," is clear of dangers, and carries a depth of 14 to 19 fathoms.

Vessels proceeding to sea from the Inner Route should pass between Bewick and Ingham Islands, and, having made Stapleton Island, leave it on the starboard hand $\frac{1}{2}$ -mile distant; then steering N. 10° E. (mag.) for 7.4 miles will bring No. 1 sandbank abeam. It is close to the edge of the reef, and should be passed on the starboard hand $\frac{1}{2}$ -mile distant. The passage is $\frac{1}{2}$ miles wide, but the reef on the west side of it should be given a good berth, as it was not sounded off. Heavy tide-rips and strong tidal currents are met with in the passage, but on the sandbank side it is always smooth. The northern edge of the reef west of Stapleton Island bears N. 63° W. from Stapleton. The channel between the two is 2.2 miles wide, and quite clear of dangers.

Charts affected—2922, 780, and 2964.
Australia Directory, vol. II., page 318.

Rock off Houghton Island—Howick Group.

NOTICE is also given that a rock, with 18 feet on it at low-water springs, exists westward of Houghton Island. From it the summit of Howick Island bears N. 63° E. (mag.), distant 2.3 miles.

The rock is less than a mile off the recommended track.

(Amendment of Notice to Mariners No. 16 of 1897.)

CAIRNS HARBOR, TRINITY BAY.

Fairway Beacon with Illuminated Gauge.

NOTICE is hereby given that an Automatic Clock-face Tide Gauge, illuminated at night, is exhibited from the Fairway Beacon at the outer edge of the bar at Cairns Harbor. The beacon, from which False Cape bears S. 79° 30' E. and the front leading light S. 21° W., is placed in a depth of 15 feet at low-water springs, and is 150 feet from the line of lights and beacons marking the centre of the bar cutting. It is to be left on the port hand when entering.

The tide gauge indicates the height of the tide above low-water datum from 1 foot to 11 feet by means of a pointer moving round a clock-face dial looking seaward. The gauge does not indicate below 1 foot nor above 11 feet, the pointer resting at those points so that 1 foot should be interpreted 1 foot or under and 11 feet as 11 feet and over.

The available depth in the cutting will be obtained by adding 12ft. 6in. to the height shown by the gauge.

The light will be visible in clear weather at a distance of 5 miles, except between the bearings of W.S.W. and S.S.E., between which bearings the direct light is obscured, and the frosted clock-face is only visible.

The old red Fairway Buoy has been removed.

Charts affected—Nos. 2924 and 2350.

liquidation of such loans, and the Board of Land and Works having done all things necessary under the powers in that behalf, has entered upon and taken possession of the lands, tenements, and works of the said Trust, and is now maintaining and managing the same.

And whereas the said Board is now desirous of framing Regulations dealing with the maintenance and management of those portions of the works of the Trust comprised within the Urban Districts (towns of Castle Donnington and Kerang) that have been duly so proclaimed by the Governor in Council.

Now therefore the said Board of Land and Works hereby makes the following Regulations:—

1. Private water-troughs shall be charged at the rate of Forty shillings per annum each.

4. The minimum quantity of water to be charged for in each case where water is supplied by measure shall be—(1) If for domestic and other than domestic purposes, the quantity the charge for which at Three shillings and fourpence per 1,000 gallons would be equal to the amount of the assessed rate which would be payable for the premises so supplied if supplied otherwise than by measure; and (2) If for other than domestic purposes, only 6,000 gallons per quarter.

5. Any person receiving water from the Board who shall take and carry away such water from his premises, or who shall allow any person to take or carry away such water, or shall sell the same to any other person, shall be liable to a penalty not exceeding Five pounds.

6. Any person not having agreed to be supplied by the Board who shall take or carry away water from any drinking-tap, stand-pipe, trough, or private or public service-pipe shall be liable to a penalty not exceeding Five pounds.

7. Before any person shall affix any service-pipe to any pipe of the Board, or alter or repair, or in any way interfere with any pipe of the Board, or any service-pipe, cock, or fitting connected with the pipes of the Board, he shall obtain from the Board a licence in that behalf to execute such works; and any unlicensed person affixing, altering, repairing, or in any manner interfering with any such pipe, service-pipe, cock, or fitting, as aforesaid, shall be liable to a penalty not exceeding Ten pounds.

8. Such licence shall be for such period, and be from time to time renewable, as the Board shall see fit; and the Board may at any time cancel such licence in the event of the holder thereof, by himself or his employé, committing any breach of these by-laws.

9. Before any such licence shall be granted by the Board, the person applying for same shall satisfy the Board that he is a competent plumber.

10. Any person, whether licensed as aforesaid or not, who shall offend by opening any ground so as to uncover any pipe or pipes, the property of the Board, without giving two days' notice to the Board of his intention so to do, or who shall in any way tamper with or alter any pipe, the property of the Board, without the permission in writing of the Board being first obtained, or who shall wilfully or carelessly break, injure, or open any lock, cock, valve, pipe, work, or engine, the property of the Board, shall be liable for each such offence to a penalty not exceeding Twenty pounds.

11. Any person, whether licensed as aforesaid or not, who shall lay any pipe to communicate with the pipes of the Board, or with any service-pipe therefrom, without giving two days' notice of the day and hour when such pipe is intended to be made to communicate with the pipes of the Board, or who shall make such communication except under the superintendence and according to the directions of some officer of the Board, or who shall lay any leaden or other pipe to communicate with the pipes of the Board of a strength and material not sanctioned by the Board, shall be liable for each such offence to a penalty not exceeding Five pounds, and, in the event of continuing the offence, to a further penalty of Two pounds for each day after notice of the offence from the Board. Wrought-iron piping of approved quality, and lead piping of the following weights only, will be allowed to be fixed for either internal or external services:—

All fittings must be of good quality, and of strength sufficient to bear with safety the maximum pressure to which they may be subjected. Ordinary connexion with sub-mains must be made with proper stop-cock, screwed ferrules, and with 2 feet of lead piping with brass unions. One service-pipe only for domestic supply for each tenement will be permitted. The maximum size of service-pipes, unless by special consent of the Board, shall be, for tenements of annual value not exceeding £40, 1/2-in. bore, for tenements exceeding £40 annual value, 3/4-in. bore.

12. All connexions with lead and iron pipes must be made with brass union couplings. All joints connecting lead pipes must be "wiped" joints, and in no case will "bolt" or "copper bit" joints be allowed on water service-pipes, either in the interior or on the exterior of any building or tenement on pain of cancellation of licence. A high-pressure screw-down stop-cock

shall be fixed on each house service between the main and the building line, and at a uniform distance of three (3) feet from the building line, properly secured and covered with an approved cast-iron cap.

13. No extensions of private services will be allowed except by consent of the Board.

14. If any person neglect to repair any service-pipe conveying water from the pipes of the Board into the premises of such person, after having received notice from any officer of the Board that such service-pipe requires repairing, the Board may stop the water from flowing into such premises, either by cutting off the service-pipe or otherwise, as to the said Board may seem fit, until the necessary repairs shall have been effected. The service-pipes from the mains being the property of the owners or occupiers of the tenements supplied by such service-pipes, the occupiers (if any), and, if none, the owner, shall be responsible for keeping the same in repair, and in every instance in which, after notice that repairs to service-pipes are required, damage is caused by reason of their leaking or being otherwise out of repair or broken, the occupier or owner shall be liable to a penalty not exceeding Five pounds, and, in the event of continuing the offence, to a further penalty of Two pounds for each day after notice of the offence from the Board.

15. All water-troughs supplied from the pipes of the Board shall be lined with metal, so as to be perfectly water-tight, and shall have proper and efficient fittings for supplying them automatically. All such troughs and fittings shall be kept in proper order and repair. No water-trough, the supply to which is charged under sub-section (iv.) of section 2 of these by-laws shall be of greater capacity than 25 gallons. Should any trough or the fittings thereof be out of repair or leaking, the supply thereto will be cut off until the same has been properly and efficiently repaired.

16. Any person supplied with water by the Board who shall wilfully or negligently allow the same to run to waste shall be liable for each offence to a penalty not exceeding Five pounds; and, in the event of continuing the offence, to a further penalty of Two pounds for each day after notice of the offence from the Board.

17. No meter shall be affixed until it shall have been examined, tested, and approved by a duly authorized officer of the Board. Each meter must be capable of registering at least one million (1,000,000) gallons.

18. If any meter shall cease registering, or be reported by the inspector or any authorized officer of the Board as out of repair or registering inaccurately, the Board shall estimate and charge for the water consumed during the period such meter was not in working order, and until it is repaired and re-fixed, either by taking an average of the quantity used during the previous quarter or during the corresponding period of the previous year, or the Board may insert a check-meter on the service-pipe.

19. Meters affixed to services shall not be removed or interfered with except upon written application to and with the approval of the Board, unless for the purpose of repair, as mentioned in the last preceding section, in which case notice, in writing, must be given to the officer in charge of the works of the Board six days at least before removal.

20. A separate meter shall in every case be provided for each tenement where the supply is by measure.

21. Baths supplied from the pipes, except where the supply is by meter, shall not exceed 6ft. 3in. in length along the centre line, by a mean width of 2 feet and a depth of 1ft. 9in., the ends sloping inwards. Overflow pipes to baths will not be permitted.

22. No person shall use a hose attached to any tap or pipe used for the purpose of supplying the water of the Board for domestic purposes to any house or premises for watering any garden, laying dust, or for any other purpose whatsoever, unless where a water meter is fixed and the water is supplied by measure; and any person offending against this by-law shall be liable to a penalty not exceeding Five pounds for each such offence.

23. No person who may be supplied by measure shall use the water for irrigation purposes after the blowing of the tower whistle at eight o'clock each evening; and any person offending against this by-law shall be liable to a penalty not exceeding Five pounds for each offence.

24. If any person supplied with water by the Board does, or causes to be done, anything in contravention of any of these Regulations, or fails to pay his rates when due, or fails to do anything which under these Regulations ought to be done, or wilfully or negligently allows water to run to waste, the Board may cut off the supply of water from the premises of such person, either by cutting the pipes by or through which water is supplied or otherwise, and may cease to supply him with water so long as the cause of injury remains or is not remedied.

25. The water supplied in the above district shall be received and consumed under and in accordance with these Regulations, and not otherwise, through pipes and meters laid, placed, and being under and in accordance with the same Regulations, and not otherwise.

26. In the construction of these by-laws the word "person" shall be deemed to extend to and include a corporation, whether aggregate or sole; and the word "Board" shall mean the Board of Land and Works.

In witness whereof the common seal of the Board of Land and Works was hereunto affixed this 24th day of December, 1897, in the presence of the undersigned, two members of the Board—

1. The supplies are to be equal in every respect to the contract sample or specification, and are to be delivered as directed by the Government Printer, either at the Government Printing Office or at a store situate in the city of Melbourne, but delivery will not be deemed to have been made until the goods have been approved of.

2. The quantity mentioned in the schedules will be required from the contractor, who will be bound, however, to supply any further quantities, at the scheduled price, that may be ordered by the Government Printer during the currency of the contract. Four (4) months' notice of the ADDITIONAL REQUIREMENTS will be given to the contractor by the Government Printer.

3. In the event of the supplies not being delivered by the time specified in the schedule or order as the case may be, it will be competent for the Government Printer to purchase the same, or such articles as may be suitable for the service, at the risk of the contractor, from whose account any expense that may be incurred over and above the contract price will be deducted.

5. If the board of survey shall decide that the goods are not of contract quality, the contractor must in that case remove the goods objected to and supply others in their stead, failing which the supplies may be purchased as in condition 3.

6. All rejected goods must be removed by the contractor within forty-eight hours after notice has been given to him by the Government Printer of such rejection, and if not so removed the Government Printer is hereby empowered to send same to any store in Melbourne, there to be stored at the contractor's risk and expense.

7. A repetition of irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding One hundred pounds, as the Government may direct, and the amount may be deducted as in condition 3, or from the contractor's security. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith and forfeit the security.

8. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

11. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government or the contractor, as may be the case, will make a proportionate allowance by way of deduction from or increase of the price of the item so affected, provided that the duty on such item has actually been paid.

SHIRE OF HOWQUA.

BY-LAWS.

THE following by-laws were duly made, ordered, and passed by the Council in and for the Shire of Howqua this 6th day of December, 1897:—

Local Government Act 1890, 13th Schedule.

PART I.—STREETS AND FOOTWAYS.—(9) OBSTRUCTIONS, ETC., TO STREETS, ETC., BY CATTLE, ETC.

27. Every person who causes or permits to run from any manufactory or any establishment for the boiling or preparing of any animal matter, or any brewery, slaughter-house, butcher-shop, or any dung-hill or other receptacle, or from any inn into or upon any street or road, public or private, or any footway or channel, and every occupier of any land or premises who causes or permits to run from such land or premises into or upon any such street or road, footway, or channel any offensive liquid or matter shall, for every day during which any such liquid or matter so runs, forfeit a sum not exceeding Five pounds.

41. If any cattle are found upon any land not being a common, and such that there is no fence, whether upon the same land or any other dividing such first-mentioned land from any street or road, whether public or private, without any person having charge of such cattle, the owner of such cattle shall forfeit a sum not exceeding Twenty shillings for every head of such cattle, and the proper officer of the council may seize such cattle and place the same at some neighbouring place of safe custody; and any justice, if such owner not be known, upon proof of the issue of a summons in the usual form addressed to such owner as "owner" only, without otherwise naming or describing him, such cattle and the place of seizure in some newspaper commonly circulating in the neighbourhood, may, after the expiration of twenty-four hours from such publication, proceed with respect to such owner not appearing as if personal service had been effected, or, if such owner appear, then as in other cases;

and the justice may order the cattle to be sold, and the money arising from the sale, after deducting the said penalty and the costs awarded, and the reasonable expenses, to be estimated and assessed by the justice, of seizing, keeping, and selling the said cattle shall be paid, if demanded, within one month to the owner of the cattle, and, if not demanded, then to the municipal fund; and if the said money is not sufficient for all the purposes aforesaid, the amount whereby the amount falls short, or, if no such sale be ordered, the whole of the said amount, may be recovered from the said owner, if and when known in like manner as other penalties and sums adjudged or ordered to be paid by justices are to be recovered.

42. If any cattle be at any time found in any street without any person having the charge thereof, the owner of such cattle shall forfeit for every head of such cattle a sum not exceeding Twenty shillings, and if such cattle, by reason of having been so found at large, have been impounded by the council, the amount of such penalty and costs, if adjudged respectively, before the release or sale of such cattle shall be added to the pound fees and charges payable in respect of such cattle, and the amount thereof or such lesser amount (if any) as after the sale may remain in the hands of the poundkeeper shall be paid over by him accordingly; and if the proceeds of any sale of such cattle are not sufficient, after paying the lawful fees and charges aforesaid to satisfy such penalty and costs, or if such penalty and costs have been adjudged after the release or sale of the cattle, the same, or so much thereof as remains unpaid, shall and may be recovered from the owner of the cattle in like manner as other penalties and costs adjudged by justices are by law to be recovered; and if in the case of any information under this section the owner be not known, then the provisions of the last-preceding section, so far as necessary to give the adjudicating justice jurisdiction, shall apply.

PART VIII.—NUISANCES, ETC.—(1) NUISANCES OF VARIOUS KINDS.

1. Every owner or keeper of any goat usually kept within the municipal district shall register with the municipal clerk his name and address as a keeper of goats, and shall at the time of such registration pay to such clerk the sum of Sixpence, and shall place and keep upon the neck of every goat so owned and kept a collar bearing the name and address so registered; and if any person without lawful excuse offend in any respect against this section he shall for every offence be liable to a penalty not exceeding Two pounds.

2. If any goat be found having on its neck a collar purporting to bear the name and address of a person registered as aforesaid, such goat shall *prima facie* be presumed to be owned and kept by such person.

3. 4. Every goat found at large in any street, road, or public place may by the proper officer of the council be forthwith seized and confined in such enclosure until dealt with as hereinafter provided.

5. Whenever a goat having on the neck a collar purporting to bear the name and address of a person resident within the municipal district registered as aforesaid is seized hereunder, the proper officer of the council shall forthwith cause notice of such seizure to be given to such person or left at the place of such address.

6. Subject to the provisions hereinafter in this by-law contained, every goat so seized and confined as aforesaid which has not upon the neck a collar purporting to bear the name and address of some person registered as aforesaid, may by the proper officer of the council be destroyed at or after noon of the day following the day of such seizure, and every such goat which has on the neck such a collar as aforesaid may by the said officer be destroyed at or after noon of the day following next but one day of such seizure.

7. The owner of any goat which has been seized as aforesaid may apply *ex parte* to any justice that such goat be restored to such owner, and such goat shall, if a justice shall so order, and not otherwise, be, unless the same has been destroyed, restored to such owner accordingly, and such order of a justice or any minute thereof under the hand of such justice shall for all purposes of this subdivision be conclusive evidence that the person so applying was the owner of such goat.

8. The owner, whether registered hereunder or not, of every goat found at large in any street, road, or public place shall, whether such goat be destroyed or not or be restored or not, forfeit and pay a penalty of Five shillings.

9. It shall be lawful for the council from time to time to make regulations for appointing, by limits to be set forth therein, portions of the municipal district in which it shall not be lawful to keep any swine; and if any person keep any swine within any such prescribed limits he shall forfeit for every day during which he so offends a sum not exceeding Five pounds.

10. Every person who empties any privy, or loads, carries, removes, or deposits any night-soil, offal, or other offensive refuse or matter save between such hours of the night, or deposits the same save at such places as respectively have been appointed by some regulation of the council in that behalf, or who uses for any such purpose any cart or carriage not having a covering proper for preventing the escape of the contents of such cart or of the stench thereof, shall forfeit for every such offence a sum not exceeding Five pounds; and it shall be lawful for the council from time to time to make regulations for appointing such hours and places as aforesaid.
