R. W. BEST,

Commissioner of Crown Lands and Survey.

Office of Lands and Survey,
Melbourne, 31st May, 1898.

The above Notice was gazetted 1^o on the 3rd June, 1898.

Mallee Lands Act 1896.

MALLEE LANDS AVAILABLE FOR SELECTION AS AGRICULTURAL ALLOTMENTS UNDER SECTION 7, EITHER UNDER LICENCE OR PERPETUAL LEASE.

THE Government having made arrangements for the resumption of portions of Messrs. Wood's Mallee blocks 51A, 51B, and 52A, county of Tatchera, and known as "Lalbert," applications will now be received for allotments within the proposed subdivision of such areas.

Applications, accompanied by the registration fee of £1, must be made on the usual form, addressed to the President of the Board of Land and Works, and lodged at any Crown Lands Office or Receipt and Pay Office in the colony before the 24th day of June, 1898.

The number of allotments available will be about 82, in areas not exceeding 640 acres.

One application by each applicant is sufficient, and will be considered as being made for any one of the allotments available, and not for any particular area; it must be filled in "Application for portions of Wood's land at Lalbert."

The applications received will be dealt with by a Special Local Land Board, the date and place of sitting will be hereafter notified. All applicants considered likely to prove suitable and bona fide settlers will be afforded an equal chance in the ballot which will be taken to determine to whom the various allotments will be granted.

NOTE.—In event of there being an excess of applications for the land available, eligible persons, who have never selected and do not hold land, will have the preference.

Not more than one allotment will be granted to any one person, and no person who already holds 640 acres of mallee lands will be eligible to select, but holders of less than 640 acres will be entitled to apply for the difference between 640 acres and the area held.

Married women are not eligible to select. The Crown reserves to itself the right to withdraw any area which may be required for timber, water supply, or any other purposes, and when subdividing the area will make such reservations as may be deemed necessary for future requirements and the protection of existing tanks or other improvements.

The nearest part of the land is situated about 1 mile, and the most distant portion about 17 miles from the Kaneira railway station.

The rent payable under agricultural allotment licence is 1s. per acre per annum, and at the end of six years, if conditions with regard to residence, cultivation, improvements, and all other usual conditions have been complied with, a lease for fourteen years will be granted at the same rental, and a Crown grant will issue when such payments amount to £1 per acre, or, if desired, on the expiry of the licence a Crown grant will be issued on payment of 14s. per acre.

Rent payable under perpetual lease will not exceed 2d. per acre per annum until 1903, after which, at every successive period of ten years, the rent is calculated at 2 per cent. on the unimproved value of the land.

The survey fees must be paid within seven days after an allotment has been granted.

The price payable for the resumption of the land is 1s. 6d. per acre, as representing the value of the outgoing tenant's interest; this amount must be paid by the applicant either in cash within one month from the date of allotment or by half-yearly instalments, of such sums extending over the whole or any part of the licence, or over so many years of the perpetual lease not exceeding six (6), as the Board of Land and Works may determine, with interest at the rate of 4 per cent. per annum added.

Fencing, water, or other improvements on the allotments granted must be paid for in like manner.

Lessees must either reside on or within 5 miles of their land or else cultivate up to one-half of the area of their allotment before the end of the fourth year.

Any further information required will be supplied at the following Crown Lands Offices:—Melbourne, Bendigo, Warracknabeal, and St. Arnaud; also on application to the postmasters at Wycheproof and Swan Hill, and the Crown lands bailiffs at Swan Hill and Charlton, where forms of application for licence or lease can be obtained.

Care should be taken by the applicant that he secures the correct form, and that it is properly filled up.

THOS. F. MORKHAM,

Secretary for Lands.

Department of Lands and Survey,
1st June, 1898.

If the officer in charge of stores be not satisfied as to the quantity or quality of the stores, or if after taking delivery of any stores or material he shall discover any deficiency or defect therein, he may return such deficient or defective stores or material to the contractor, and shall report the same to the head of his department and to the Tender Board.

9. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same to be decided by a board of survey composed of persons named by the officer commanding, and the decision of the board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 7.

10. If the board shall decide that the article is not of proper quality it must be immediately replaced by the contractor; failing which, it or any like supply suitable for the service will be procured by the officer requiring it, and the expense charged as in clause 7.

11. As the exact quantity of any article of provisions which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.

12. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Treasurer may direct, and the amount may be deducted as in Condition 7. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith and forfeit the whole or any portion of the security money.

13. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

14. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government, or the contractor, as the case may be, may give two months' notice of the termination of the contract to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made.

15. Under no circumstances other than those mentioned in clause 14 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

16. Where specially indicated in the schedules no subletting will be allowed, and no delivery shall be made on Sundays. All work must be carried out by the contractor, and the hours of

employment of any person engaged in the preparation or manufacture of the articles tendered for in these schedules, or engaged in the delivery of or in any other way in connexion with the supply of the articles tendered for in these schedules, are not to exceed forty-eight per week (unless otherwise stated in the schedules), and every such person shall be paid at the minimum wage specified in the schedules concerned, and a copy of the labour condition, as indorsed on the schedules affected, shall be kept conspicuously and continually posted, in legible Roman characters, in the factory or shop (and in each part of the factory or shop, where several rooms are in use) in which goods are prepared or manufactured under these contracts. Any infringement of this condition will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £50 (Fifty pounds), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the said Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed and contract signed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders enclosed in an envelope, and having the words "Tender for" (as the case may be), written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or, if sent by post, they must be prepaid, and addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. All the articles are to be of the best quality of the several kinds, in the best condition, and to be delivered in sound packages, free from all charges for cartage, freight, &c. The goods shall be delivered as may be directed by the officer ordering the supply.

2. Bread.—A sample of the best ordinarily retailed to the public will be considered as a test loaf for first quality.

3. Milk.—The milk must be fresh, pure, and of the best quality, and subject to test when required by the department. Should the supply prove to be not of contract quality, any expense incurred will be charged to the contractor.

4. Fresh meat is to be supplied in such quantities as may be ordered. Mutton will be taken in sides, but all kidney fat must be removed. Beef to be supplied from set ribs, sirloin, and thick flanks, as may be ordered. When the quantity admits, beef is to be delivered in either hind or fore quarters as may be ordered. All kidney fat and surplus bone to be removed from hind quarters, and sticking, clod, and shins from fore quarters of beef. Meat containing an undue proportion of fat will not be accepted.

5. The meat supplied under these conditions must, if practicable, be slaughtered at abattoirs which are under proper authorized inspection and supervision. Any infringement of this condition will subject the contractor, on report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Treasurer may direct, and the amount will be deducted from the contractor's account, or from the security money.

6. Potatoes to be dry and free from dirt. Contractors to supply 105 lbs. of potatoes for each cental credited to them, and, in addition, to take back all rejected before being cooked.

7. Vegetables.—Cabbage to be supplied free from outside leaves and stalks; carrots and turnips free from tops.

8. Butter.—Only best factory will be accepted. The contractor must deliver it in boxes suitable for transport, but the boxes are to be returned to the contractor.

9. Supplies required for Swan Island to be delivered at tramway, and those required for vessels of the Victorian Navy to be delivered at the sea end of new pier, Queenscliff.

10. Should the contractor fail to supply any articles at the time mentioned in the order, they or any like supplies suitable for the service will be otherwise procured, and the expense over and above the contract price will be deducted from his account or from the security money.

11. In the event of a difference of opinion between the contractor and the officer receiving the supplies as to the quality, the same to be decided, in cases where the article is not of a perishable nature, by a board of survey composed of persons named by the Naval Commandant, and the decision of the board is to be considered final. In the event of the decision being against the contractor, the survey fees and expenses (if any) will be deducted as in clause 10.

12. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor; failing which, it or any like supply suitable for the service will be procured by the officer requiring it, and the expense charged as in clause 10.

13. If the officer in charge of stores be not satisfied as to the quantity or quality of the stores, or if after taking delivery of any stores or material he shall discover any deficiency or defect therein, he may return such deficient or defective stores or material to the contractor, and shall report the same to the head of his department and to the Tender Board.

14. As the exact quantity of any article of provisions which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same as ordered.

15. In cases where the article is of a perishable nature, or when from some other cause injury would be sustained either by the persons to whom the rations are due or to the contractor in waiting for a board to survey, the head of the department or officer authorized to take delivery will have power to reject such article or articles as are obviously of inferior quality, it being understood that he will be responsible to the Government for so doing, and that the contractor must take back the rejected article and supply good in its stead; failing which, it or any like supply suitable for the service will be obtained by the officer requiring it. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies so rejected or returned.

16. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £50, as the Treasurer may direct, and the amount may be deducted as in condition 10. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith and forfeit the whole or any part of the security money.

17. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

18. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government or the contractor, as the case may be, may give two months' notice of the termination of the contract to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made.

19. Under no circumstances other than those mentioned in clause 18 will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

20. Where specially indicated in the schedules no subletting will be allowed, and no delivery shall be made on Sundays. All work must be carried out by the contractor, and the hours of employment of any person engaged in the preparation or manufacture of the articles tendered for in these schedules, or engaged in the delivery of or in any other way in connexion with the supply of the articles tendered for in these schedules, are not to exceed forty-eight per week (unless otherwise stated in the schedules), and every such person shall be paid at the minimum wage specified in the schedules concerned, and a copy of the labour condition, as indorsed on the schedules affected, shall be kept conspicuously and continually posted, in legible Roman characters, in the factory, shop, or dairy (and in each part of the factory, shop, or dairy where several rooms are in use) in which goods are prepared or manufactured under these contracts. Any infringement of this condition will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £50 (Fifty pounds), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the said Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

The total amount of each tender must be stated in words as well as in figures.

Tenders having alterations or erasures therein will not be entertained.

Security will be required, either in Victorian Government debentures, Savings Bank deposit book in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders, enclosed in an envelope, and having the words "Tender for Cloth" written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne, or, if sent by post, they must be prepaid, and addressed to the Chairman of the Tender Board, Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. The Government will not be bound to order from the contractor all the articles enumerated in the schedules, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the quantity stated in the schedules, the contractor will nevertheless be bound to supply the same at contract rates.

2. The supplies are to be the same as sample where so stated, and of the particular manufacture indicated in the schedule of tenders.

3. The goods shall be delivered as may be directed by the officer ordering the supply. At the time of delivering the supplies, the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the stores accepted, and shall return the order to the contractor.

4. Arrangements as to time of delivery and inspection of goods will be made by the officers ordering the goods.

5. Orders must receive prompt execution; and, in the event of the goods not being delivered within the time allowed under the contract, or within such other time as the order may specify for delivery, it will be competent for the officers named in condition 4, or the head of the department to whom the goods are to be supplied, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account, or from the security money.

6. The contractor will be required to furnish his account in the prescribed form as soon as possible after delivery of the full quantities of goods ordered, the account being accompanied by the receipted delivery orders on which it is based. The prices quoted in the orders cannot be increased.

7. The acceptance of the supplies shall be subject to the approval of the officer authorized to take delivery of the stores, or such other officer as shall be named in the conditions. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof, in writing, to the officer rejecting the goods. If, after the delivery of the supplies has been taken, any deficiency or defect is discovered therein, such stores may be returned to the contractor.

8. Delivery will not be deemed to have been made until the goods have been approved of. In case of the rejection or return of any supplies, the contractor shall bear the whole cost of replacing the supplies rejected or returned, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in condition 5.

9. The members of boards of survey will be appointed by the Treasurer of the Colony for the time being, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality, it must be immediately replaced by the contractor, failing which it, or any like supply that is suitable for the service, will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in condition 5.

10. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the said Treasurer may direct, and the amount may be deducted as in condition 5. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith, and forfeit the whole or any portion of the security money.

11. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

12. Contractors are not at liberty to transfer their contracts under cover of power-of-attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

13. It will be competent either for the contractor, on his own behalf, or for the Secretary of the Tender Board, on behalf of the Government, to terminate the contract, by giving three full calendar months' notice, in writing, to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made, and under no other circumstances will a contractor be permitted to abandon his contract except in the event of any alteration in the Tariff affecting any of the items included in these contracts, when the Government or the contractor, as the case may be, may give two months' notice, in writing, of the termination of the contract to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made.

14. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government service, or by any contracts or purchases made by the Imperial Commissariat or the Agent-General for Victoria.

15. No subletting will be allowed. All work must be carried out in the factory of the contractor, the hours of employment of any person engaged in the preparation or manufacture of the articles tendered for in this schedule are not to exceed forty-eight per week, and every such person shall be paid at the minimum wage specified in the schedule, and a copy of the labour condition, as indorsed on the schedule, shall be kept conspicuously and continually posted, in legible Roman characters, in the factory (and in each part of the factory where several rooms are in use) in which goods are prepared or manufactured under this contract. Any infringement of these conditions, in the opinion of the Treasurer will subject the contractor, upon report from the Tender Board, to such mulct not exceeding £50 (Fifty pounds) as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

Security will be required, either in Victorian Government debentures, Savings Bank deposit book in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

The Government will not necessarily accept the lowest or any tender.

Persons failing to take up their contracts will be disqualified from tendering for Government supplies for a period of twelve months.

Tenders, enclosed in a separate envelope, and having the words "Tender for Printers' and Bookbinders' Materials" written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. The Government will not be bound to order from the contractor all or any of the articles enumerated in the schedule, but only those articles, and such quantities of those articles, as it may be found necessary to order. Should the Government, however, require a larger supply of any article than the quantity stated in the schedule, the contractor will nevertheless be bound to supply the same at contract rates.

2. The supplies are to be the same as sample (where so stated), and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds or

manufacture. A preference will, however, be given to goods of Victorian manufacture, provided the quality is equal to the particular manufacture indicated in the schedule.

3. All orders for supplies will emanate from the Government Printer. These orders must accompany the goods on delivery, otherwise the goods will not be received. Delivery, as a rule, is to be of the full quantity ordered.

4. Supplies ordered must be delivered free of all charges (whether cartage, freight, &c.). The value of all packages, cases, casks, &c., whether bulk be broken or not, must be included in the prices stated in the contractor's tender; all such packages, &c., to be considered the property of the Government, and no charges or expenses whatsoever beyond the price tendered and set out in the schedule will be allowed to the contractor for any articles or packages, cases, casks, &c. The net weight or quantity only will be paid for.

5. Arrangements as to time of delivery and inspection of goods will be made by the Government Printer.

6. Orders must receive prompt execution; and, in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the Government Printer, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account or from the security money.

7. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with the order to which it relates. The prices quoted in the orders cannot be increased.

8. The acceptance of the supplies shall be subject to the approval of the Government Printer, whose decision shall be final.

9. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in Condition 6.

10. A refusal to execute orders, irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds, as the Treasurer may direct, and the amount may be deducted as in Condition 6. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith, and forfeit the whole or any portion of the security money.

11. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

12. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by the importation of stores for the Government Printing Office; or by any article being made at any Government establishment, and supplied for use in the Government Printing Office; or by the consumption of the surplus stock of any Government establishment.

13. In the event of any alteration in the Tariff affecting any of the items included in this contract, the Government, or the contractor (as the case may be), may give two months' notice of the termination of the contract to the opposite party, it being understood that such notice can only be given from the first day of the month, and within the period for which the contract is made.

14. Under no circumstances other than those mentioned in clause 13 will a contractor be permitted to abandon his contract.
