4. A certificate of insurance must always be obtained by the sender of an insured parcel. The necessary particulars must, as far as practicable, be inserted in the form of certificate by the sender or his representative. No charge will be made for the issue of such certificate.

5. No parcel may be insured for a sum in excess of the real value of the contents; an invoice or description of contents, and the value of each article contained in the parcel, must be enclosed therein. Over-insurance is a bar to compensation.

6. Parcels containing any of the following articles are excluded from insurance, viz., liquids or semi-liquids; perishable articles, such as eggs, butter, fruit, flowers, confectionery, &c.; fragile articles, such as glassware, &c.

Under no circumstances will compensation be given for the loss of or damage to a parcel containing any of the above-mentioned articles.

7. Every parcel intended to be insured must be carefully and substantially packed with due regard to the nature of the contents and the length of the journey. The cover of the parcel must be of strong brown paper or other substantial material, securely closed and sealed at intervals not exceeding 3 inches along each fold or seam. All the seals must be of the same kind of wax and must bear distinct impressions of the same device, which must not be that of a current coin.

8. Parcels containing watches, jewellery, or any article of gold or silver must be enclosed in strong boxes or cases, which must be securely fastened in wrappers of linen, canvas, strong paper, or other substantial material.

9. If a parcel tendered for insurance does not, in the opinion of the officer to whom it is tendered, fulfil the foregoing conditions as to packing and fastening, it is his duty to refuse to insure it; but the onus of properly packing and fastening the parcel lies upon the sender; and the Postmaster-General assumes no liability for loss or damage arising from defects of packing or fastening which may not be observed at the time of posting.

10. Unless parcels containing watches, jewellery, or any article of gold or silver, be insured for at least part of their value, they cannot be sent by parcel post to the United Kingdom. Any such parcels addressed to the United Kingdom, posted uninsured, will, if practicable, be returned to the sender, on payment of a fee of 6d. per parcel.

A fee of 6d. will be collected on the delivery of every uninsured parcel received from the United Kingdom and found to contain watches, jewellery, or any article of gold or silver.

11. When an insured parcel is re-directed from one country or colony to another, a fresh insurance fee becomes payable for each such transmission; if this fee be not prepaid it will be collected before delivery of the parcel. Insured parcels can be re-directed only to places within Victoria or to countries or colonies with which the system of insurance is in operation.

12. In the event of the contents of a parcel being damaged, the parcel should, as far as practicable, be retained in the condition in which it was received from the office of delivery, and be submitted, when required, to the examination of a responsible officer.

13. Compensation for a parcel lost or damaged in the post will not exceed the amount of the actual loss or damage, but no compensation will be paid for a parcel containing any prohibited article, or which has been delivered without external trace of injury, and has been accepted without remark by the addressee; or when loss or damage arises from flood, tempest, shipwreck, earthquake, war, or other causes beyond control.

14. No application for compensation will be entertained unless made within three (3) months from date of posting of an inland or intercolonial parcel, or within (6) months from date of posting

of a parcel addressed to the United Kingdom or any country with which the system of insurance is in operation. Such application may be made to the Postal Administration of either country or colony of origin or delivery, but the certificate of posting and insurance must be produced when required.

15. No legal liability to give compensation in respect of any parcel for which an insurance fee has been paid attaches to the Postmaster-General, either personally or in his official capacity. The final decision upon all questions of compensation rests with the Postal Administration of the country or colony in which the loss or damage has taken place.

16. Any insurance effected contrary to the foregoing provisions is invalid.

GENERAL.

17. Where not repugnant to the foregoing rules, the general regulations relating to uninsured parcels apply also to insured parcels.

Postmaster-General.

PRESENT:

His Excellency the Governor.

Sir George Turner	Sir Henry Cuthbert
Mr. Isaacs	Mr. Williams
Mr. Peacock	Mr. McCulloch
Mr. Gavan Duffy	Mr. Williamson.
Mr. Best	

WHEREAS by section 222 of the *Water Act 1890* (No. 1156) it is enacted that the Governor in Council may, subject to the provisions of the said Act, from time to time make, alter, and repeal regulations relating to any Irrigation and Water Supply Trust appointed and created under the said Act for the purposes, among others, following:—

(a) For determining the period for which the commissioners of any Trust shall hold office, the time and manner of election, and the order of their retirement from office.

- (b) For determining the manner in which elections of any such commissioners shall be held, and the manner of voting thereat.
- (c) For determining the manner in which any vacancies in the office of any such commissioners shall be filled up, and
- (d) For determining questions as to the due election of any such commissioner.

Now therefore His Excellency the Governor, acting by and with the advice of the Executive Council, and in pursuance of the said provisions of the now in part recited Act, doth for the purposes aforesaid; so far as these may relate to a certain Irrigation and Water Supply Trust duly appointed and created under the said Act, and known as the Gunbower West Irrigation and Water Supply Trust, make the regulations following, viz:—

1. Interpretation of terms.—In these regulations "the Minister" shall mean the Minister of Water Supply; "the Trust" or "the said Trust" shall mean the Gunbower West Irrigation and Water Supply Trust; and "the district," "the said district," or "the irrigation district" shall mean the lands as defined by the Order in Council appointing and creating the said Trust wherein the Trust shall have authority.

2. Period for which commissioners shall hold office.—Subject to the provisions in reference to the first election of commissioners hereinafter contained, for securing the annual retirement of two commissioners, the period during which the commissioners of the said Trust shall hold office shall be three years.

3. Annual retirement of commissioners.—Commissioners shall retire annually, but the retiring commissioners shall, subject to the provisions of the said Act, be eligible for re-election.

4. Term of office of persons elected commissioners at first election.—At the first election of commissioners two of the persons elected commissioners shall hold office as such commissioners for the term of three years, two others of such persons shall hold office for the term of two years, and the remaining two persons elected as such commissioners shall hold office for the term of one year, and the particular term for which each such person so elected a commissioner shall hold office shall be determined in manner following (that is to say):—

(a) How term of office is ascertained when no poll taken.—

If the first election is made without a poll, as in the case in these regulations provided, then the particular term for which each candidate elected as a commissioner shall hold office shall, immediately upon such election, be publicly determined by lot by the returning officer in such manner as to him may seem fit, and the returning officer shall thereupon immediately and publicly announce the term for which each individual candidate elected as a commissioner shall hold office as so determined, and shall report the same to the Minister.

(b) How term of office ascertained when poll taken.—If at

the first election a poll shall be held as in these regulations provided, then of the six candidates elected as commissioners the two candidates who shall have received the highest number of votes shall hold office as commissioners for the term of three years, and the two candidates who shall have received the next highest number of votes shall hold office for the term of two years, and the remaining two candidates who shall have been elected shall hold office for the term of one year; and if two or more candidates elected shall have obtained the same number of votes, then the returning officer shall determine by lot (as hereinbefore provided in the case of the first election if decided without ballot) the term or terms of three, two, or one year or years during which such candidates shall respectively hold office. But so that no candidate elected shall hold office for a shorter time than the term during which any other candidate who shall have obtained a less number of votes shall hold office. And the returning officer shall publicly declare the respective terms during which the several candidates shall hold office as so determined, and shall report the same to the Minister.

5. Extraordinary vacancies, how filled, and term of office.—Should any vacancy in the office of commissioner be occasioned by death, resignation, removal, disqualification, or any other cause whatever, an election shall forthwith be held to fill such vacancy, and the provisions contained in these regulations as to the nomination of candidates, the manner in which elections shall be held, and the mode of voting thereat, shall apply to any election in respect of such vacancy, and the person elected to fill such vacancy shall hold the office of commissioner during the unexpired portion of the term of office of the commissioner whose seat shall have become vacant.

of each such person, and shall state the number of votes to which, under the provisions of the said Act, each such person is entitled.

9. Voting in respect of lands jointly owned or leased.—In the case of joint owners of land or in the case of joint lessees of land, the name of any one of such owners or lessees, as the case may be, shall, subject to the provisions of the said Act and of these regulations, be placed in respect of such land upon the voters' list in like manner as if such land were owned or leased solely by such one owner or lessee, and the owner or lessee so placed upon the said list or lists shall alone be entitled to vote accordingly. Provided always that if such owners or lessees jointly, by notice in writing, desire that the number of votes to which, under the said provisions, any one of such owners or lessees is so entitled to give as aforesaid may be allotted between such owners or lessees, in any manner they may jointly indicate, the alteration or alterations so desired to be made in the said list shall, if the same be consistent with the said provisions, be made when the list shall be revised as hereinafter provided, and such owners or lessees shall be entitled to vote accordingly.

10. Copy of voters' list to be available for inspection.—Second Schedule.—Objections to list to be in writing and forwarded to Minister.—A copy of such voters' list shall be available for inspection, without payment of any fee or charge, at all reasonable hours in the day time, in some convenient place within or near to the district of the Trust for a period of seven clear days; and a notice in the form, or to the like effect, of the Second Schedule hereto, setting forth the times and place at which such voters' list may be so inspected, shall be published in some newspaper ordinarily circulating within the said district, and such notice shall state that all objections to the said list must be forwarded in writing to the Minister within the time mentioned in the said notice.

11. Grounds of objection to be stated.—All objections to the said list shall be forwarded in writing to the Minister within ten days after the first day of the publication of such notice, and the ground or grounds of objection must be clearly set forth.

12. Minister to revise and certify lists.—The Minister shall revise the said list and consider all objections thereto, and make such alterations and amendments therein as to him may seem just, and shall certify the list under his hand as correct, and no objection to the list when so certified shall be allowed.

13. Certified list to be voters' roll.—The list so revised and certified shall be the voters' roll for the purposes of the first election of commissioners of the Trust, but shall also be available for any election in respect of any extraordinary vacancy occurring within twelve months next after the date of the said first election.

14. Voters' list to be prepared yearly.—Before the first day of March in each year the officers of the Trust shall prepare a voters' list in the form of the First Schedule hereto, and such list shall contain, in regular numerical sequence and in alphabetical order of surname, the christian name or names, surname and address (so far as these may be known) of each person entitled to vote under the provisions of the *Water Act 1890*, or under the provisions of any Act amending the same, and shall also specify the extent of and indicate with reasonable certainty the land of each such owner, and shall state the number of votes to which, under the provisions of the said Act, each such owner is entitled.

15. Voting in respect of lands jointly owned or leased.—In the case of joint owners of land, or in the case of joint lessees of land, the name of any one of such owners or lessees, as the case may be, shall, subject to the provisions of the said Act and of these regulations, be placed in respect of such land upon the voters' list in like manner as if such land were owned or leased solely by such one owner or lessee, and the owner or lessee so placed upon the said list shall alone be entitled to vote accordingly. Provided always that if such owners or lessees jointly, by notice in writing, desire that the number of votes to which, under the said provisions, any one of such owners or lessees is so entitled to give as aforesaid may be allotted between such owners or lessees in any manner they may jointly indicate, the alteration or alterations so desired to be made in the said list shall, if the same be consistent with the said provisions, be made when the list or lists shall be revised as hereinafter provided, and such owners or lessees shall be entitled to vote accordingly.

16. Copy of list to be available for inspection.—Third Schedule.—A copy of such voters' list shall be available for inspection, without payment of any fee or charge, at all reasonable hours in the day time, at some convenient place within or near to the district of the Trust for a period of seven clear days; and a notice in the form, or to the like effect, of the Third Schedule hereto shall be published in some newspaper ordinarily circulating within the said district, and such notice shall state that all objections to the said list must be forwarded in writing to the chairman of the Trust within the time mentioned in the said notice.

17. Grounds of objections to list to be forwarded in writing to the chairman of Trust.—All objections to the said list shall be forwarded in writing to the chairman of the Trust within the time mentioned in the said notice, and the ground or grounds of objection must be clearly set forth.

18. Special meeting of Trust to be held to revise list.—List to be certified.—In the month of March in each year a special meeting of the Trust shall be held for the purpose of revising the said list; and all objections which may have been forwarded to the chairman under the preceding clause shall be considered by the commissioners then present; and the chairman may make such alterations and amendments in the said list as the commissioners or a majority of the commissioners present may determine to be just and necessary, or such as by these regulations are required to be made; and the list, when so revised, altered, and amended, shall be certified as correct under the hand of the chairman, and no objection to the list when so certified shall be allowed.

19. Revised and certified list to be voters' roll.—The list so revised and certified shall be the voters' roll for the purposes of

any election (whether ordinary or extraordinary) of Trust commissioners to be held within one year from the tenth day of May then next, the said day inclusive.

20. Minister may appoint returning officer for first election.—Chairman of Trust to be returning officer at subsequent elections.—For the purposes of the first such election, the Minister may appoint some fit and proper person to be returning officer; but for every subsequent election, whether ordinary or extraordinary, the chairman of the Trust for the time being shall be the returning officer; but if at the time of any election the office of chairman of the Trust should be vacant, the commissioners of the Trust may by resolution appoint one of their number to be returning officer until the office of chairman shall again be filled; and the returning officer may appoint a deputy to assist him or to act in his room at any election, and such deputy may do all or any of the acts or things which the returning officer is hereby authorized or required to do.

21. Notice of election.—Nomination of candidates.—Fourth Schedule.—Fourteen clear days before any election of commissioners under these regulations, the returning officer shall give public notice of such election by advertisement inserted in some newspaper generally circulating in the said district, and by such notice shall require all candidates at such election to be nominated at some place within the said district to be named in such notice, in manner hereinafter mentioned, between the hours of Ten o'clock in the forenoon and Four o'clock in the afternoon, on some day before a day (hereinafter called the day of nomination) not less than four nor more than seven days after the time of giving such notice, and named therein; and any person desirous of nominating a candidate shall, before Four o'clock in the afternoon of the day next preceding the nomination day cause to be delivered at the place aforesaid to the returning officer a nomination paper in the form of the Fourth Schedule, or to the like effect, stating therein the christian name and surname of such candidate, together with the other particulars required in and by the said schedule; and such nomination paper shall be signed by not less than five persons duly qualified to vote at such elections, and also signed by the person named therein as a candidate in token of his assent to being so named, and such candidate or some person on his behalf shall at the time when such nomination paper is delivered to the returning officer pay into the hands of the said returning officer the sum of Ten pounds sterling to be dealt with as by law provided, and no person who shall not have been so nominated and by whom or on whose behalf such payment shall not have been so made shall within the subsequent provisions of these regulations be deemed to be a candidate at any election of commissioners.

22. Where number of candidates does not exceed number of commissioners to be elected.—If at the expiration of the time limited as hereinbefore provided for the nominations of candidates the number of persons who have become candidates as aforesaid does not exceed the number of commissioners to be elected, the returning officer shall then declare such candidates to be duly elected, and they shall be deemed to be then duly elected accordingly.

23. Where number of candidates exceeds number of commissioners to be elected.—Fifth Schedule.—Notice of poll.—Hours of polling.—If at the expiration of the time limited for the nomination of candidates the number of candidates exceeds the number of commissioners to be elected, then the returning officer shall forthwith cause ballot-papers to be printed, with the christian names and surnames of all the candidates in full, in the form of the Fifth Schedule hereto, and shall also forthwith give public notice by advertisement in some newspaper generally circulating in the district stating the names of the persons so nominated, and that a poll will be taken for the election of such commissioners upon the day named in such notice, at such place within the said area as the returning officer shall in and by such notice appoint, and such poll shall take place accordingly, and shall commence at Ten o'clock in the forenoon and close at Four o'clock in the afternoon.

24. Retirement of candidates before polling-day.—If at any election after a poll shall have been appointed as aforesaid any candidate for such election and two of the persons having signed the paper nominating him as aforesaid are desirous that he should retire from such candidature, such candidate and the persons aforesaid may sign and deliver to the returning officer not later than four clear days before the day of polling a notice in the form of the Sixth Schedule hereto, stating that such candidate so retires, and the said candidate or his agent shall thereupon publish in some newspaper generally circulating in the district a copy of such notice, and the returning officer, on sufficient proof of such publication aforesaid, if the number of candidates is by such retirement reduced to the number of persons to be elected at such election, shall on the day appointed for the election declare the remaining candidates duly elected, and if the said number is not so reduced, shall omit the name of the person so retiring from the ballot-papers to be used at the said election, and if such papers are already printed shall erase such name therefrom, and such person shall not be capable of being elected at such election.

25. Polling-booth may be hired.—At such election the returning officer shall provide a suitable place for taking a poll, and may, if necessary, cause to be hired and used as a polling-booth any room which he may deem to be suitable at the place appointed for taking the poll, and may divide such room into compartments as to him may seem most convenient.

26. Returning officer to preside at polling-booth.—The returning officer, or his deputy, shall preside at the polling-booth for taking the poll.

27. Scrutineers may be appointed.—Each candidate shall be entitled to appoint, in writing, one scrutineer to be present in the polling-booth, and the said returning officer, or his deputy, and the said scrutineers, and any voters, not exceeding four in number, actually engaged in voting, shall alone be permitted at any one time to enter or remain in the polling-booth.

23. Pencils to be provided.—The returning officer, or his deputy, shall provide pencils in the polling-booth for the use of the voters, and also a locked box, to be called the ballot-box, with a cleft or opening therein capable of receiving the ballot-papers, and such box shall be opened and exhibited to the scrutineers before the polling begins, and the box shall then be locked, and shall stand on a table opposite the returning officer, or deputy returning officer, who shall keep the key of such box.

29. Mode of voting.—Where voter is illiterate.—The returning officer shall deliver to every voter who requires the same a ballot-paper, or if such voter appears by the roll to be entitled to give more votes than one, then so many ballot-papers as may be equal to the number of votes which such voter so appears to be entitled to give, such ballot-papers being in the form of Schedule Five hereto, and initialed by the returning officer; and every such voter shall, without leaving the booth, strike out from all or any of such papers the name of every candidate for whom he does not intend to vote. And in case any voter is unable to read or write, the returning officer, or his deputy, if so required, shall, in view of such one of the scrutineers as the voter may desire, strike out the name or names of such candidate or candidates as such voter may designate, and after such name or names have been so struck out, the ballot-paper or ballot-papers, as the case may be, shall forthwith be deposited in the said box. Provided that all the ballot-papers to which any person may be entitled at the polling-booth shall be demanded and received by him at one and the same time, and no person having once demanded and received any such ballot-paper or papers, and voted by the same, shall at the same election receive any further ballot-papers, or exercise any further right of voting.

30. Ballot-papers to be numbered.—Before delivering any ballot-paper to the voter, the returning officer or his deputy shall write upon the back of each such ballot-paper, as near as practicable to the lower edge thereof, the number set opposite to the voter's name in the roll, and shall thereon, upon a copy of such roll, check off such voter's name as having voted, and mark against such name the number of ballot-papers delivered to such voter.

31. Informal ballot-papers.—If any voter suffer to remain upon his ballot-paper a greater number of names not struck out than the number of commissioners to be elected, the vote given on and by such paper shall be void and of no effect.

32. What question may be asked.—At any election of commissioners, the returning officer may, if he see fit, or if required to do so by any candidate or scrutineer, put to any person tendering his vote the question following:—

"Are you the person whose name appears as (A.B.) in the roll now in force for this Trust, being enrolled therein in respect of land in the parish of _____, being (here specify land as described in the roll)?"

And no other question shall be put to any person tendering his vote; and no person who shall refuse to answer such question, or who shall not answer the same absolutely in the affirmative, shall receive a ballot-paper or be permitted to vote.

33. False answer, polling twice, and personation.—Every person who shall wilfully make a false answer to the question aforesaid, or who shall poll more than once, or offer to poll more than once at the same election, or who shall depart or attempt to depart from any polling-booth after having received a ballot-paper without having deposited the same in the ballot-box as hereinbefore provided, or who shall personate any other person for the purpose of polling at such election, shall be guilty of a breach of these regulations; but nothing contained in this clause shall apply to any person only by reason of his exercising the right of voting as often as it appears by the roll he is entitled so to do.

34. Result of polling, how ascertained.—Returning officer to have casting vote.—Immediately upon the close of the poll, the returning officer shall, in the presence of and subject to the inspection of so many of the scrutineers of the candidates as please to be present, proceed to ascertain the number of votes for each candidate; and such returning officer shall abstain from inspecting the number written as aforesaid on any ballot-paper, and take care that the same is not seen by any person before being sealed up as herein provided; and the returning officer shall seal up the ballot-papers deposited in the booth, and as soon as conveniently may be on or after the day of the poll publicly declare the candidates not exceeding the number of vacancies to be filled up who have received the greatest number of votes to have been duly elected commissioners of the Trust; and if two or more candidates have received an equal number of votes, the returning officers shall in each case have the casting vote.

35. Ballot-papers, how disposed of.—The returning officer shall, in the case of the said first election of commissioners, forthwith after the declaration of the poll indorse with a description of the contents thereof and sign the sealed parcel of ballot-papers, and forward the same to the Minister, who shall, as soon as may be after the first meeting of Trust commissioners shall have been held, forward such sealed packet to the secretary of the Trust, to be by him safely and secretly kept for six months then next ensuing, and then by him caused to be destroyed in the presence of three commissioners of the Trust; but in all subsequent elections the parcel of ballot-papers so sealed, indorsed, and signed, shall be delivered by the returning officer to the said secretary, to be by him safely and secretly kept for six months after such delivery, and then by him caused to be destroyed in the presence of three of the commissioners of the Trust.

36. Minister to determine questions arising upon first election.—If any question arise as to the due election of any commissioner at the first election, the returning officer shall, at the request of any voter or candidate, submit such question in writing to the Minister, who shall decide the same, and such decision shall be final and binding.

37. Questions arising upon subsequent elections to be determined by Trust.—If any question arise as to the due election of

any commissioner at any subsequent election, whether ordinary or extraordinary, such question shall be determined by the commissioners of the Trust at the first ordinary meeting held after the election; but no commissioner in respect of whose election such question shall have arisen shall act as a commissioner at such meeting, or be entitled to take any part in the proceedings thereof, or in any manner or at any time to act as a commissioner until such question shall have been so determined, and the majority of the commissioners whose election is not in dispute shall form a quorum.

Mallee Lands Act 1896 and the Land Act 1898.

MALLEE LANDS AVAILABLE FOR SELECTION AS AGRICULTURAL ALLOTMENTS UNDER SECTION 7, EITHER UNDER LICENCE OR PERPETUAL LEASE.

EXTENSION OF TIME FOR RECEIVING APPLICATIONS FOR MALLEE ALLOTMENTS WEST OF LAKE ALBAUTYA.

THE Government having made arrangements for the redemption of parts of The New Zealand Loan and Mercantile Agency Company's Mallee blocks 41, 42, and 70, in the county of Weeah, applications will now be received for allotments within the proposed subdivision of such areas.

The situation of the land is north of the Government vermin-proof fence, and on the west side of Outlet Creek between Lakes Hindmarsh and Albaautya. Its nearest point from the proposed terminus of the Jeparit extension railway is about 6 miles distant, and the farthest point about 15 miles.

Applications, accompanied by the registration fee of £1, must be made on the usual form, addressed to the President of the Board of Land and Works, and lodged at any Crown Lands Office or Receipt and Pay Office in the colony before Friday, the 7th APRIL, 1899.

The number of allotments available will be about 62, in areas not exceeding 640 acres.

The land hereby made available shall be, and be deemed to be, first-class land for purposes of Land Acts.

One application by each applicant is sufficient, and will be considered as being made for any one of the allotments available, and not for any particular area; it must be filled in "Application for mallee allotments at Outlet Creek."

The applications received will be dealt with by a Special Local Land Board, the date and place of sitting will be hereafter notified. All applicants considered likely to prove suitable and *bona fide* settlers will be afforded an equal chance in the ballot which will be taken to determine to whom the various allotments will be granted.

NOTE.—In event of there being an excess of applications for the land available, eligible persons, who have never selected and do not hold land, will have the preference.

Not more than one allotment will be granted to any one person, and no person who already holds 640 acres of mallee lands will be eligible to select, but holders of less than 640 acres will be entitled to apply for the difference between 640 acres and the area held.

Married women are eligible to select.

The Crown reserves to itself the right to withdraw any area which may be required for timber, water supply, or any other purposes, and when subdividing the area will make such reservations as may be deemed necessary for future requirements and the protection of existing tanks or other improvements.

The rent payable under agricultural allotment licence is 1s. or 6d. (as the licensee may elect) per acre per annum, and at the end of six years, if conditions with regard to residence, cultivation, improvements, and all other usual conditions have been complied with, a lease for fourteen years or 34 years, as the case may be, will be granted at the same rental, and a Crown grant will issue when such payments amount to £1 per acre, or, if desired, on the expiry of the licence a Crown grant will be issued on payment of 14s. per acre, or 17s. per acre, as the case may be.

Rent payable under perpetual lease will not exceed 2d. per acre per annum until 1903, after which, and at every successive period of ten years, the rent is calculated at 25s. per cent. on the unimproved value of the land.

The survey fees must be paid within seven days after an allotment has been granted.

The price payable for the resumption of the land is One shilling and threepence (1s. 3d.) per acre, as representing the value of the outgoing tenant's interest; this amount must be paid by the applicant either in cash within one month from the date of allotment or by half-yearly instalments, of such sums extending over the whole or any part of the licence, or over so many years of the perpetual lease not exceeding six (6), as the Board of Land and Works may determine, with interest at the rate of 4 per cent. per annum added.

Fencing, water, or other improvements on the allotments granted must be paid for in like manner.

Lessees must either reside on or within 5 miles of their land or else cultivate up to one-half of the area of their allotment before the end of the fourth year.

Permits will be issued to occupy land until 1st July next, on which date the new Land Act comes into operation, under the provisions of which licences or perpetual leases will be issued.

Any further information required will be supplied at the following Crown Lands Offices:—Melbourne, Bendigo, Warracknabeal, Horsham, and St. Arnaud; also on application to the postmaster at Jeparit, and the Crown lands bailiffs at Horsham, Swan Hill, and Charlton, where forms of application for licence or perpetual lease can be obtained.

Care should be taken by the applicant that he secures the correct form, and that it is properly filled up.

THOS. F. MORKHAM,
Secretary for Lands.

Department of Lands and Survey,

TENDER FOR ELECTRIC TELEGRAPH SERVICE.

CONDITIONS OF CONTRACT.

1. The Postmaster-General will not be bound to issue orders upon the contractors for all the articles enumerated in the schedules, but only for such articles and such quantities of those articles as the Postmaster-General may order from time to time; neither will the Postmaster-General be bound to take from the contractors any larger supply of any of the articles than may be shown upon the orders which have been issued during the year, nor will he be bound to take any of the articles enumerated in the schedules for which orders have not been issued. Should the Postmaster-General require a larger supply of any article than the quantity stated in the schedules, the contractor will be bound to supply the same at the contract rate.

2. The supplies are to be according to sample, and of the particular manufacture indicated in the schedule of tenders. In the case of different makers' goods, the contractor will be required to supply the kind ordered. In other cases the supplies are to be the best quality of their several kinds of manufacture. A preference will, however, be given to goods of Victorian manufacture, provided the quality be equal to the particular manufacture indicated in the schedule.

3. All orders must accompany the goods on delivery, otherwise the goods will not be received. Delivery, as a rule, is to be of the full quantity ordered.

4. Supplies ordered for delivery in Melbourne to be delivered free of all charges (whether cartage, freight, &c.) within a radius of six miles from the General Post Office.

5. Arrangements as to time of delivery and inspection of goods will be made by the Controller of Stores, General Post Office.

6. Orders must receive prompt execution; and in the event of the goods not being delivered within forty-eight hours after the contractor shall have received the order, or within such other time as the order may specify for delivery, it will be competent for the officer named in condition 5, or the head of the department, on giving the contractor twenty-four hours' notice, to purchase the supplies, or any like supplies that are suitable for the service, at the contractor's risk, and the extra expense incurred over and above the contract price (if any) will be deducted from the contractor's account.

7. The contractor will be required to furnish his account in the prescribed form simultaneously with delivery of the full quantities of goods ordered, the account being rendered with order to which it relates. The prices quoted in the orders cannot be increased.

8. The acceptance of the supplies shall be subject to the approval of the officer named in condition 5. The contractor may, however, claim a survey on any goods objected to; but in that case he must, within twenty-four hours after objection is made, give notice thereof in writing to the officer rejecting the goods.

9. Delivery will not be deemed to have been made until the goods have been approved of. All articles rejected must be immediately replaced by the contractor, otherwise purchases will be effected at the contractor's risk, and the extra expense deducted as in condition 6.

10. The members of boards of survey will be appointed by the Government, and the decision of the board is to be considered as final. If the board shall decide that the article is not of proper quality it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the survey fees and extra expense (if any) will be charged as in condition 6.

11. A repetition of irregularity in the quantity or quality of the supplies, or of a delay in delivering or replacing them when required, will subject the contractor, upon report, to such mulct, not exceeding fifty pounds, as the Postmaster-General may direct, and the amount may be deducted as in condition 6 or from the contractor's security. It will also be in the power of the Postmaster-General, upon such repetition, to terminate the contract forthwith.

12. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised.

13. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited; and, in addition, the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

14. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Postmaster-General will neither claim any decrease upon the contract price nor entertain any application from a contractor for any increase to it.

15. The contracts entered into under this notice are not to be considered as being broken, infringed, or violated by the importation of stores for the Electric Telegraph Service, or by any contracts made by the Imperial Commissariat or the Agent-General for Victoria, or by any contracts or agreements made for any works or supplies by the Department of Public Works or the Tender Board, or on account of other Governments; or by any article being made at and supplied for the use of any Government establishment; or by the consumption of the surplus stock of any Government establishment.

WRITING PAPERS, PARCHMENT, AND ENVELOPES, ETC.

TENDERS will be received until Eleven o'clock a.m. on Wednesday, the 29th March, 1899, from persons willing to supply to the Government Printer Writing Papers, Parchment, and Envelopes, as per schedule, in the quantities and on the time stated therein.

Printed forms of tender, the schedules, and conditions of contract, &c., may be obtained at the office of the Secretary to the Tender Board, where the samples may also be inspected.

Ditto No. 30. Vegetable parchment ...	1	5
Ditto No. 31. Parchment ...	2	10
Ditto No. 32. Envelopes ...	5	25

Each schedule can be tendered for, and will be dealt with, separately.

The price must be expressed without alterations or erasures, and the total amount of the tender must be stated.

Tenders must be accompanied by a preliminary deposit, as shown above, in bank notes or a bank draft payable to the order of the Secretary of the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

Security will be required either in Government debentures, Savings Bank Deposit Book, or Bank Deposit Receipt (in favour of the Secretary to the Tender Board), or cash deposited, as the tenderer may elect.

The security must be completed within five days of acceptance of the tender, failing which the contract may be again advertised, or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified for tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders must be enclosed in a separate envelope, marked "Tender for Writing Papers, &c.," and be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. The supplies are to be equal in quality and colour to contract sample, but as to weight and otherwise are to conform to the specification, and are to be delivered as directed by the Government Printer, either at the Government Printing Office or at a store situate in the city of Melbourne, but delivery will not be deemed to have been made until the goods have been approved of.

2. In the event of the supplies not being delivered by the time specified in the schedule, it will be competent for the Government Printer to purchase the same, or such articles as may be suitable for the service, at the risk of the contractor, from whose account any expense that may be incurred over and above the contract price will be deducted.

3. The supplies on delivery will be surveyed by a board appointed by the Government for that purpose, and the decision of the board is to be considered as final. Payment will be made on the board's certificate that the goods are of contract quality and in good order and condition.

4. If the board of survey shall decide that the goods are not of contract quality, the contractor must in that case remove the goods objected to and supply others in their stead, failing which the supplies may be purchased as in condition 2.

5. All rejected goods must be removed by the contractor within forty-eight hours after notice has been given to him by the Government Printer of such rejection, and if not so removed the Government Printer is hereby empowered to send same to any store in Melbourne, there to be stored at the contractor's risk and expense.

6. A repetition of irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding One hundred pounds, as the Government may direct, and the amount may be deducted as in condition 2, or from the contractor's security. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith and forfeit the security.

7. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

8. In the event of the contractor failing to carry out the contract, the contract security money will be absolutely forfeited, and the contractor disqualified from tendering for a period of twelve months.

9. The packages, cases, &c., will become the property of the Government without extra charge.

10. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government or the contractor, as may be the case, will make a proportionate allowance by way of deduction from or increase of the price of the item so affected, provided that the duty on such item has actually been paid.
