Melbourne District will include a radius of six miles from the General Post Office. The Williamstown District will include the Borough and the Sanatorium.

Tenders for each service can be tendered for and may be accepted separately.

Unless otherwise specified in the schedule the firewood tendered for must consist of either box, red, or white gum, or peppermint, or proportions of each. Tenderers to specify in their tenders the kind or kinds of these woods, and the proportions of each kind tendered for.

The firewood for Yarra Bend is to be tendered for at per ton weight of 2,240 lbs.

Printed forms of tender, giving estimates of the probable requirements, may be obtained from the Secretary to the Tender Board, Melbourne, the Receivers and Paymasters at Ararat, Ballarat, Beechworth, Bendigo, Castlemaine, Geelong, and Maryborough, and the Medical Superintendent, Sunbury Asylum, by whom also any information or explanation will be afforded to persons tendering.

Security will be required, either in Victorian Government debentures, Bank Deposit Receipt, or Savings Bank Deposit Book, in favour of the Secretary to the Tender Board, or cash deposit, as the tenderer may elect.

Tenders must be accompanied by the preliminary deposit above mentioned in bank notes, or a bank draft payable to the order of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

Tenders must express the prices in words as well as in figures, and without alterations or erasures.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders, enclosed in a separate envelope, and having the words "Tender for Firewood at" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. As the exact quantity of firewood which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.

2. All the firewood supplied under these contracts must be split out of large timber, and of the kind or kinds specified in the schedule, and must be dry, perfectly sound, and of good burning quality, and cut into billets of the lengths stated in the schedules, such billets to be not less than four inches nor more than six inches in any diameter. The long wood to be not less than nine inches nor more than eighteen inches in any diameter. Neither burnt wood, heart wood, small branches, nor outside pieces of bark, or pieces of wood with bark adhering will be received. If the firewood is obtained from a State forest timber reserve or ordinary Crown lands, persons cutting and removing same must be provided with proper Crown licences for the particular area concerned.

3. The orders will be issued by the departments requiring the supplies, and the firewood shall be delivered as may be directed by the officer ordering the supply. Should an order not be complied with within forty-eight hours it will be competent for the department concerned to purchase the firewood at the contractor's risk, and the extra expense (if any) over and above the contract price will be deducted from the contractor's account or from the security money.

4. The contractor will be bound to place the firewood in stacks for measurement on such ground as may be pointed out. The stacks are to be five feet high, and of the width specified in the various schedules, with space between each stack for measuring; and the billets or lengths are all to lie the same way, viz., cross-ways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack, and to the satisfaction of the officer receiving the supply. Firewood for the Yarra Bend need not be stacked, but must be weighed on the Asylum weighbridge.

5. The acceptance of the firewood shall be subject to the approval of the officer authorized to take delivery, or such other officer as shall be named by him. If after the delivery of the firewood has been taken any deficiency or defect is discovered therein, such firewood may be returned to the contractor. In case of the rejection or return of any firewood, the contractor shall bear the whole cost of replacing the wood so rejected or returned.

6. As soon as the orders shall have been completed the contractor will be required to furnish to the department supplied his account in the prescribed form, with the receipted delivery order attached thereto. Accounts will be payable at any Receipt and Pay Office that the contractor may desire.

7. In the event of a difference of opinion between the contractor and the officer receiving the firewood as to the quality the same shall be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered as final.

8. If the board shall decide that the wood is not of proper quality it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted as in condition No. 3.

9. If from any cause injury would accrue to the public service by waiting for a board of survey, the head of the department or officer in charge will have the power to reject such wood as is obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected wood, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 3.

10. A refusal to execute orders, irregularity in the quality or quantity of the firewood, or delay in delivering or replacing it when required, will subject the contractor to such mulct, not exceeding £50, as the Treasurer of the Colony for the time being may direct; and the amount may be deducted as in condition 3. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith.

11. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

12. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract the contract security money will in that case be absolutely forfeited, and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

13. No subletting will be allowed; all work must be carried out by the contractor, and the hours of employment of any person engaged therein are not to exceed forty-eight per week, and every such person shall be paid at a minimum wage of not less than 6s. per day; and a copy of these conditions shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor. Any infringement of this condition, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted as in condition 3, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement, and in all other respects.

Melbourne District will include a radius of six miles from the General Post Office.

Tenders for each service can be tendered for and may be accepted separately.

Tenderers are to specify the kind of coal tendered for delivery by them.

Printed forms of tender, giving estimates of the probable requirements, may be obtained from the Secretary to the Tender Board, Melbourne, from the Receivers and Paymasters at the respective places, and for Queenscliff from the Officer Commanding Victorian Artillery, Queenscliff, by whom also any information or explanation will be afforded to persons tendering.

Security will be required in cash, Savings Bank Deposit Book, or Bank deposit receipt, in favour of the Secretary to the Tender Board, or Government debentures.

Tenders must be accompanied by the preliminary deposit above mentioned in bank notes, or a bank draft payable to the order of the Secretary of the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

Tenders must express the prices in words as well as in figures, and without alterations or erasures.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders, enclosed in a separate envelope, and having the words "Tender for Victorian House and Smiths' Coal, Victorian Coke, or Steam Coal" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. As the exact quantity of coal which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.

2. The coal supplied must have been screened at the pit's mouth, and must be the best of its kind. The house coal must be free from shale, small coal, dust, ashes, or other impurities, and the smiths' coal must be free from dust, ashes, shale, or other impurities. No other coal will be received. In case of the rejection or return of any supplies the contractor shall bear the whole cost of replacing the coal so rejected or returned.

3. The orders will be issued by the departments requiring the coal.

4. Coal shall be delivered as may be directed by the officer ordering the supply.

5. At the time of delivering the coal the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the coal accepted and shall return the order to the contractor.

6. If after the delivery of the coal has been taken any deficiency or defect is discovered therein, such coal may be returned to the contractor.

7. The contractor must produce the pit certificate if requested to do so by the officer receiving the coal.

8. The contractor will be bound to weigh the house coal and coke on delivery at such establishments as are provided with weighbridges. In other cases the tickets of the public weighbridges are to be accepted as the weight to be charged for. Coal to be delivered in the places set apart therefor.

9. The contractor will be bound to deliver coal for vessels, except in the case of dredges, into the vessels' bunkers.

10. When baskets are used in the delivery of coal they are all to be of one size, and the contractor will be bound to tare the baskets when so required by the officer taking delivery. In other cases the contractor will be bound to satisfy the officer receiving that the weight or quantity is correct.

11. Coal must be put on board at a rate of not less than ten (10) tons per hour.

12. In the event of the officer ordering the coal not requiring the same to be put into the vessel's bunkers, as required by condition No. 8, a rebate of 1s. per ton to be made by the contractor.

13. Should an order not be complied with within forty-eight hours it will be competent for the department concerned to purchase, at the contractor's risk, and the extra expense (if any) over and above the contract price may be deducted from the contractor's account or the security money, but coal for steam vessels must be supplied on demand. No more delay will be allowed than is sufficient to give the necessary orders and get the hulk or vessel alongside. Bad weather to be the only excuse.

14. As soon as the orders shall have been completed the contractor will be required to furnish to the department supplied his account in the prescribed form, with the receipted delivery order attached thereto. Accounts will be payable at any Receipt and Pay Office that the contractor may desire.

15. In the event of a difference of opinion between the contractor and the officer receiving the coal as to the quality the same is to be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered final.

16. If the board shall decide that the coal or coke is not of proper quality it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted as in condition 13.

17. If from any cause injury would accrue to the public service by waiting for a board of survey the head of the department, or officer in charge of station, will have the power to reject such coal or coke as is obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected coal or coke and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition No. 13.

18. A refusal to execute orders, irregularity in the quality or quantity of the coal, &c., or delay in delivering or replacing the coal when required, will subject the contractor to such mulct, not exceeding £50, as the Treasurer of the Colony for the time being may direct; and the amount may be deducted as in Condition 13. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith and forfeit the whole or any portion of the security money.

19. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

20. In the event of a general strike occurring at the collieries, any contract entered into under these conditions after the expiry of one calendar month from notice being given may be suspended, such contract to come into full force and effect again ten (10) days after such cause of suspension shall be discontinued.

21. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by any purchase of any other coal by the Defence Department for the use of torpedo boats and the *Cerberus*.

22. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract the contract security money will in that case be absolutely forfeited, and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

23. No subletting will be allowed; all work must be carried out by the contractor, and the hours of employment of any person engaged therein are not to exceed forty-eight per week, and at a minimum wage of 7s. 6d. (clear of all deductions) per day of eight hours for miners, and 6s. per day for labourers; and a copy of these conditions shall be kept conspicuously and continually posted, in legible Roman characters, in the colliery. Any infringement of this condition, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money; and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

CONDITIONS OF CONTRACT.

1. Where samples are provided for, the supplies are to be equal in quality and colour to the contract sample, but as to weight and otherwise are to conform to the specification. In cases where supplies of a particular maker or of a particular brand or trade mark or of a particular distinguishing mark of such maker, brand, or trade mark are required, the supplies shall conform in all respects with the specified requirements. All supplies are to be delivered as directed by the Government Printer, either at the Government Printing Office or at a store situate in the city of Melbourne, but delivery will not be deemed to have been made until the goods have been approved of.

2. The quantity mentioned in the schedules will be required from the contractor, who will be bound, however, to supply any further quantities, at the scheduled price, that may be ordered by the Government Printer during the currency of the contract. Four (4) months' notice of the ADDITIONAL REQUIREMENTS will be given to the contractor by the Government Printer.

3. In the event of the supplies not being delivered by the time specified in the schedule or order as the case may be, it will be competent for the Government Printer to purchase the same, or such articles as may be suitable for the service, at the risk of the contractor, from whose account any expense that may be incurred over and above the contract price will be deducted.

4. The supplies on delivery will be surveyed by a board appointed by the Government for that purpose, and the decision of the board is to be considered as final. Payment will be made on the board's certificate that the goods are of contract quality and in good order and condition.

5. If the board of survey shall decide that the goods are not of contract quality, the contractor must in that case remove the goods objected to and supply others in their stead, failing which the supplies may be purchased as in condition 3.

6. All rejected goods must be removed by the contractor within forty-eight hours after notice has been given to him by the Government Printer of such rejection, and if not so removed the Government Printer is hereby empowered to send same to any store in Melbourne, there to be stored at the contractor's risk and expense.

7. A repetition of irregularity in the quantity or quality of the supplies, or delay in delivering or replacing them when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding One hundred pounds, as the Government may direct, and the amount may be deducted as in condition 3, or from the contractor's security. It will also be in the power of the Government, upon such repetition, to terminate the contract forthwith and forfeit the security.

8. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise, and no such transfer will be recognised by the Government.

9. In the event of the contractor failing to carry out the contract, the contract security money will be absolutely forfeited, and the contractor disqualified from tendering for a period of twelve months.

10. The packages, cases, &c., will become the property of the Government without extra charge.

11. In the event of any alteration in the Tariff affecting any of the items included in these contracts, the Government or the contractor, as may be the case, will make a proportionate allowance by way of deduction from or increase of the price of the item so affected, provided that the duty on such item has actually been paid.
