#### THE SWAN HILL IRRIGATION AND WATER SUPPLY TRUST.

**R**EGULATION providing for the Sale and Distribution of Water for Irrigation purposes.

1. That all water supplied from the Trust works for the irrigation of land shall be paid for by measure. All measurements of water supplied shall be by such method as shall be adopted and fixed by the Trust. The registration of the area watered shall be made by the water bailiff.

2. That all pumped water shall be paid for at the rate of One shilling per inch per acre for the first watering, which shall not be less than 3 inches per acre, and One shilling per inch per acre for the second watering, which shall not be less than 3 inches per acre.

3. Gravitation water shall be supplied during each season when available at the rate of Eightpence per inch per acre for first watering, not less than 3 inches to constitute a watering; and Fourpence per inch per acre for second or subsequent watering, not less than 3 inches to constitute a watering; and Threepence per inch per acre for surplus water for grass land, 2 inches to constitute a watering.

4. Every ratepayer who has constructed a proper channel from the Trust works, on application, shall receive a stock and domestic supply of water free of charge at an interval of 60 days from the last time water was available in the Trust channel from which he usually gets his supply.

5. Every applicant for water shall enter his name in a book to be carried by the water bailiff, stating the date on which application is made, the area to be watered applied for, and paying the water bailiff the full price for such water, failing which no application will be entertained.

6. In the event of the Trust being unable (through failure of works or any other cause) to supply any person with the full area paid for, the deficiency shall be refunded; but the Trust will not be answerable for any damage caused through such deficiency.

7. Every person applying for water will receive notice from the water bailiff on the date on which such water shall be supplied, and no applicant who is the occupier of 320 acres shall (if other applicants are watering) be allowed to water, if by pumping, more than 20 acres, nor, if by gravitation, more than 40 acres, at one turn. A *pro rata* area will be allowed to be watered in the case of owners or occupiers of holdings of lesser or greater extent, provided that no one shall be limited to a lesser quantity than will water 5 acres of land. Each applicant will be given a supply of water in order of application.

8. When the water bailiff is of opinion that an applicant's channel is likely to cause delay and waste in the delivery of water, and where the land proposed to be watered is not sufficiently protected to prevent flooding the roads or adjoining lands, he may refuse to entertain any application for water, pending a reference to the Trust at its next meeting, who, if satisfied with the reason given by the water bailiff, may confirm his action, and direct him to supply no more water until the cause of complaint has been removed.

9. All outlets, whether their cost of construction has been paid for by the owner or occupier of the land to be watered by such outlet or by the Trust, shall remain under the control of the Trust.

10. The outlets for the delivery of water shall be opened only by the water bailiff, and no person other than the water bailiff shall, under any circumstances (unless with his written permission) open any such outlet or otherwise do any act that may permit of the escape of water from the channels or works of the Trust.

11. Any person who shall be guilty of an offence against these regulations shall be liable for any such offence to a penalty not exceeding the sum of Fifty pounds, which may be recovered in accordance with the provisions of the Water Acts.

12. That the Regulation providing for the sale and distribution of water, made by the Trust on the 6th day of January, 1898, and approved by the Governor in Council on the 28th February, 1898, shall be and the same is hereby repealed.

The foregoing Regulation was made by the Commissioners of the Swan Hill Irrigation and Water Supply Trust, under and by virtue of the provisions of the Water Acts, on the 1st day of May, in the year One thousand nine hundred.

## REGULATION No. 2.

ANY person not a ratepayer of the Trust or not having agreed to be supplied with water by the Trust who shall take, use, or carry away water from any stand-pipe, drinking tap, water trough, or private or public service-pipe shall be liable to a penalty not exceeding Five pounds sterling for every such offence.

2. Every house, tenement, factory, or steam boiler receiving water from the Trust shall have a separate and independent service-pipe connexion with the pipes of the Trust for every such house, tenement, factory, or steam boiler.

3. No person shall lay any pipe to communicate with the pipes of the Trust without giving two clear days' notice, in writing, to the Trust of the day and hour when such pipe is intended to be made to communicate with the pipes of the Trust, nor shall make such communication except under the superintendence and according to the directions of a duly authorized officer of the Trust appointed for the purpose; and any person committing a breach of the provisions of this clause shall be liable to a penalty not exceeding Five pounds sterling for every such breach.

4. The service-pipe for conveying water from the pipes of the Trust into the premises of the consumer shall in no case exceed the following diameters:—For the domestic supply of premises of less annual value than Twenty pounds sterling,  $\frac{1}{2}$ -inch diameter; for the domestic supply of premises of the annual value of Twenty pounds sterling and over,  $\frac{3}{4}$ -inch diameter, except where special agreement is made; for the supply of water for other than domestic purposes and for all supplies by meter, such diameter as the Trust shall authorize in each case.

5. All service-pipes, with the necessary stop-cocks, shall be supplied and fixed at the cost of the person or persons requiring the same, under the direction and supervision of such officer as the Trust may appoint. All service-pipes shall have a stop-cock at the main, with brass ferrule.

6. The Trust may contract with any owner or occupier of any lands or tenements who is entitled to be supplied with water from its works, or who is desirous of being so supplied, for the provision and laying on of a service-pipe from the pipes of the Trust to the boundary of such land or tenement abutting on the street or road in which are the pipes of the Trust.

7. No service-pipe or branch service-pipe shall be connected directly with any steam boiler for the purpose of feeding or supplying the same with water without first affixing a self-acting valve for preventing the pressure of the steam reversing or affecting the dial of the meter.

8. No person supplied by the Trust with water shall wilfully or negligently allow the same to run to waste, and any person committing a breach of the provisions of this clause shall be liable to a penalty not exceeding Five pounds sterling for any such breach.

9. If any person shall waste water of the Trust by neglecting to repair any service-pipe conveying water from the pipes of the Trust into the premises of such person after having received notice from any officer of the Trust that such service-pipes require repairing, the Trust may stop the water from flowing into such premises either by cutting off the service-pipe or otherwise, as the Trust may see fit, until the necessary repairs shall have been effected.

10. Overflow pipes to private baths will not be permitted.

11. All water troughs must be fitted with approved self-acting taps to prevent overflow.

12. The fire plugs shall not be used except for the purpose of extinguishing fires, unless any other use of them is allowed, in writing, by the Trust, and they shall at all times be under the control of the officers of the Trust.

13. If water is used by any person supplied by the Trust for any other than domestic purposes, the Trust may, if it thinks fit, require that such person shall provide a meter, and, on receiving notice from the Trust to this effect, such person shall forthwith, at his own cost, cause a proper meter to be affixed.

14. Any person who, having been served with notice to provide a meter, shall refuse or neglect to supply and affix such meter within one calendar month from the date of receiving such notice, shall be liable to a penalty not exceeding Two pounds for every day thereafter during which he refuses or neglects to comply with the terms of such notice.

15. Every meter shall be placed according to the direction of the duly authorized officer of the Trust, and so as to be open to inspection at all times, and shall be provided with means of access thereto. A meter shall not be continued to be used if it is found on being tested by the Trust's officer to be inaccurate. No meter shall be affixed unless the dial of same is capable of registering 1,000,000 gallons. The keys of the meter shall be in the possession of the Trust.

16. Before any person shall affix any service-pipes to any pipes of the Trust, or alter, or repair, or in any way interfere with any pipes or service-pipes, cocks, or fittings connected with the pipes of the Trust, he shall obtain from the Trust a licence in that behalf to execute such work, and any unlicensed person affixing, altering, or repairing or in any way interfering with such pipes, service-pipes, cocks, or fittings as aforesaid shall be liable to a penalty not exceeding Five pounds sterling for every breach of the provisions of this clause.

17. Plumbers and other persons employed to lay on service-pipes and to fix meters, or to relay or refix the same, must satisfy the Trust that they are competent to perform the same in a workmanlike manner.

(4) No service-pipe to be laid at a depth below the surface of the ground of less than 10 inches.

19. The water supplied in the waterworks district of the Trust shall be received and consumed under and in accordance with this Regulation, and not otherwise, through pipes and meters laid, placed, and being under and in accordance with this Regulation and not otherwise.

20. If any person supplied with water by the Trust does, or causes or permits to be done, anything in contravention of this Regulation, or fails to pay his rates or any lawful charge imposed by the Trust, when due, or fails to do anything which under any clause of this Regulation ought to be done, or wilfully or negligently allows water to run to waste, the Trust, in addition to prosecuting at law the offender for any such contravention of this Regulation or for the recovery of rates or charges due to it, may cut off the supply of water from the premises of such person either by cutting off the service-pipe or otherwise as to the Trust may seem fit, until such person cease to contravene this Regulation, or until he pay his rates or any lawful charge that may be due to the Trust, and the exercise of this power by the Trust shall in no wise relieve such person from paying any rates or charges made by the Trust and then due or at any time thereafter to become due on the lands, houses, or tenements from which the water has been cut off.

21. If any person throw or convey, or cause or permit to be thrown or conveyed, any stone, earth, rubbish, dirt, filth, or any foreign matter into any stream, reservoir, aqueduct, or other waterworks belonging to the Trust, or wash or cleanse therein any cloth, wool, leather, or skin of any animal, or any clothes or other thing, he shall be liable to a penalty not exceeding Five pounds sterling for every such breach of this Regulation.

22. If any person bathe in any reservoir or in any other waterworks belonging to the Trust, or wash or throw or cause to enter therein any dog or other animal, he shall, for each such offence, be liable to a penalty not exceeding Five pounds sterling.

23. Any person who shall in any way tamper with, alter, or cause injury to any pipe, lock, cock, valve, work, weir, channel, reservoir, building, or engine the property of the Trust, or who shall trespass on the Trust's works or within any fenced enclosure containing any waterworks belonging to the Trust, without leave in writing from the Trust, shall be liable, for each such offence, to a penalty not exceeding Twenty pounds sterling.

24. It shall be unlawful for any person, whether licensed or not, to open any ground so as to uncover any pipe or pipes, the property of the Trust, or a communication or service-pipe belonging to or used by the owner, occupier, or consumer, or any other person, or to make any alteration in any such communication or service-pipe, or in any apparatus connected therewith, or remove such service-pipe or apparatus, without the consent, in writing, in every such case of the Trust; and if any person act in any respect in contravention of the provisions of this clause he shall, for every such offence, be liable to a penalty not exceeding Five pounds sterling.

25. The officers of the Trust shall have power, between the hours of Ten in the forenoon and Four in the afternoon, to enter any house, building, or lands through or into which water is supplied by the Trust, by measure or otherwise, in order to inspect the meters, instruments, pipes, and apparatus for the measuring, conveyance, reception, or storage of water, or for the purpose of ascertaining the quantity of water supplied or consumed, and may from time to time enter any house, building, or land for the purpose of removing any meter, instrument, pipe, or apparatus the property of the Trust, and if any person hinder such officer from entering, or making such inspection, or effecting such removal, he shall, for every such offence, be liable to a penalty not exceeding Five pounds sterling.

Mallee Lands Act 1896 and the Land Acts 1898 and 1900.

MALLEE LANDS AVAILABLE FOR SELECTION AS AGRICULTURAL ALLOTMENTS UNDER SECTION 7, EITHER UNDER LICENCE OR PERPETUAL LEASE.

THE Government having resumed the land at Waitchie known as mallee block 25A, applications will now be received for the undermentioned allotments within the subdivision of such area.

The land is situated on the 143rd meridian, about 5 or 6 miles east of Lake Tyrrell. Its nearest point from Ultima (the present railway terminus) is 9 miles distant, and the farthest point about 35 miles.

Applications, accompanied by the registration fee of 5s., must be made on the usual form, addressed to the President of the Board of Land and Works, and lodged at any Crown Lands Office or Receipt and Pay Office in the colony before Friday, the 27th July, 1900.

One application and registration fee will only stand good for one allotment, but if an applicant desires to apply for more than one allotment he may do so.

The applications received will be dealt with by a Local Land Board, the date and place of sitting will be hereafter notified.

Married women are eligible to select.

The Crown reserves to itself the right to withdraw any area which may be required for timber, water supply, or any other purposes, and when subdividing the area will make such reservations as may be deemed necessary for future requirements and the protection of existing tanks or other improvements.

For 1st class land the rent payable under agricultural allotment licence is 1s. or 6d. (as the licensee may elect) per acre per annum, which is proportionately reduced for 2nd, 3rd, or 4th class land, and at the end of six years, if conditions with regard to residence, cultivation, improvements, and all other usual conditions have been complied with, a lease for fourteen years or 34 years, as the case may be, will be granted at the same rental, and a Crown grant will issue when such payments amount to £1 per acre, or, if desired, on the expiry of the licence a Crown grant will be issued on payment of 14s. per acre, or 17s. per acre, as the case may be. If 2nd class land, the total amount payable in order to obtain a Crown grant is 15s. per acre; if 3rd class land, 10s. per acre; and if 4th class land, 5s. per acre.

Rent payable under perpetual lease will be 1d. per acre per annum until 1903, after which, and at every successive period of ten years, the rent is calculated at 25s. per cent. on the unimproved value of the land.

The survey fees must be paid within seven days after an allotment has been granted.

The price payable for the resumption of the land is One shilling and threepence (1s. 3d.) per acre, as representing the value of the outgoing tenant's interest; this amount must be paid by the applicant either in cash within one month from the date of allotment or by half-yearly instalments, of such sums extending over the whole or any part of the licence, or over so many years of the perpetual lease not exceeding six (6), as the Board of Land and Works may determine, with interest at the rate of 4 per cent. per annum added.

Fencing, water, or other improvements on the allotments granted must be paid for in like manner.

Perpetual lessees must either reside on or within 5 miles of their land or else cultivate up to one-half of the area of their allotment before the end of the fourth year.

As soon as survey fees are paid, permits to occupy land will be issued the successful applicants.

July 6, 1900.

Any further information required will be supplied at the following Crown Lands Offices:—Melbourne, Bendigo, Warracknabeal, Horsham, and St. Arnaud; also on application to the Crown lands bailiffs at Horsham, Swan Hill, and Charlton, where forms of application for licence or perpetual lease can be obtained.

Care should be taken by the applicant that he secures the correct form, and that it is properly filled up.

THOS. F. MORKHAM,  
Secretary for Lands.
