        employed in making paint brushes
                                                      60
                                                      50
        employed in finishing brushes
        using a sand-papering machine
        making bottle or flue brushes
        employed in finishing work after the machine
                                                      48
        making steel wire brushes
                                                      48
        employed in drawing bass brooms...
        employed in dressing material ....
                                                      48
        employed in hair pan or bass pan work
                                                      45
        employed in bench drawing work
                                                      21
        working treadle knot-sizing machines
                                                 for
                                                      21
                                                          O
          drawn work...
        employed in boring drawn work ...
                                                      48
```

MALE APPRENTICES OR IMPROVERS .- NUMBER.

2. That the number of male apprentices or improvers who may be employed within any factory or work-room or shop or place shall be as follow :-

```
1 such apprentice or improver to 2 men or fraction thereof
  " apprentices or improvers to 3 men
                                                            Receiving the minimum
                                                            wage or full piece-work
   "
                                                            rates.
                                12
5
                                    "
                                15
6
                                18
```

and thereafter 1 such apprentice or improver to every additional 3 such men.

MALE APPRENTICES .- WAGES.

3. That the lowest prices or rates of payment payable to male apprentices employed in the process, trade, or business of a brushmaker, shall be the following :-

```
For the 1st year's experience, 5s. per week of 48 hours
                 2nd
                                        7s. 6d.
                 3rd
                                          his earnings on piece
                 4th
                                                                        At rates fixed by the Board.
           ,,
                 5th
           ,,
                 6th
and thereafter either the minimum wage or full piece-work rates.
```

MALE IMPROVERS .- WAGES.

4. That the lowest prices or rates of payment payable to male improvers employed in the process, trade, or business of a brushmaker, shall be the following :-

```
0 per week of 48 hours
For the 1st year's experience,
        2nd
        3rd
        4th
                                   6
        5th
                                   6
                               27
        6th
```

and thereafter the minimum wage or full piece-work rates.

FEMALE APPRENTICES OR IMPROVERS .- NUMBER.

5. That the number of female apprentices or improvers who may be employed within any factory or work-room or shop or place shall be one such apprentice or improver to every four females, or fraction of four females employed in the process, trade, or business of a brushmaker, and receiving either the minimum wage or full piece-work rates.

FEMALE APPRENTICES.-WAGES.

That the lowest prices or rates of payment payable to female apprentices employed in the process, trade, or business of a brushmaker, shall be the following :-

For the 1st six months' experience, 5s. per week of 48 hours 7s. 6d. 2nd

and thereafter the minimum wage or full piece-work rates.

7. That any male person over the age of sixteen years, engaged in the process, trade, or business of a brushmaker, who works for more than 48 hours per week, shall be paid for such extra time at pro rata rates, and, in addition the sum of id. per hour.

PIECE-WORK RATES.

8. That the lowest price, or rate of payment, payable to any person for wholly or partly preparing or manufacturing any article of the description referred to in the following schedule of rates shall be the price or rate fixed by such schedule in respect of such article.
