The firewood for Yarra Bend is to be tendered for at per ton weight of 2,240 lbs.

Printed forms of tender, giving full particulars, may be obtained from the Secretary to the Tender Board, Melbourne, the Receivers and Paymasters at Ararat, Ballarat, Beechworth, Bendigo, Castlemaine, Geelong, and Maryborough, and the Medical Superintendent, Sunbury Asylum, by whom also any information or explanation will be afforded to persons tendering.

Security will be required in cash, Savings Bank Deposit Book, or Bank deposit receipt, in favour of the Secretary to the Tender Board, or Government debentures.

Tenders must be accompanied by the preliminary deposit above mentioned in bank notes, or a bank draft payable to the order of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders, enclosed in a separate envelope, and having the words "Tender for Firewood at —" (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. As the exact quantity of firewood which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.

2. All the firewood supplied under these contracts must be split out of large timber, and of the kind or kinds specified in the schedule, and must be dry, perfectly sound, and of good burning quality, and cut into billets of the lengths stated in the schedules, such billets to be not less than four inches nor more than six inches in any diameter. The long wood to be not less than nine inches nor more than eighteen inches in any diameter. Neither burnt wood, heart wood, small branches, nor outside pieces of bark, or pieces of wood with bark adhering will be received. If the firewood is obtained from a State forest timber reserve or ordinary Crown lands, persons cutting and removing same must be provided with proper Crown licences for the particular area concerned.

3. The orders will be issued by the departments requiring the supplies, and the firewood shall be delivered as may be directed by the officer ordering the supply. Should an order not be complied with within forty-eight hours it will be competent for the department concerned to purchase the firewood at the contractor's risk, and the extra expense (if any) over and above the contract price will be deducted from the contractor's account or from the security money.

4. Melbourne District will include a radius of six miles from the General Post Office. The Williamstown District will include the Borough.

5. The contractor will be bound to place the firewood in stacks for measurement on such ground as may be pointed out. The stacks are to be five feet high, and of the width specified in the various schedules, with space between each stack for measuring; and the billets or lengths are all to lie the same way, viz., cross-ways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack, and to the satisfaction of the officer receiving the supply. Firewood for the Yarra Bend need not be stacked, but must be weighed on the Asylum weighbridge.

6. The acceptance of the firewood shall be subject to the approval of the officer authorized to take delivery, or such other officer as shall be named by him. If after the delivery of the firewood has been taken any deficiency or defect is discovered therein, such firewood may be returned to the contractor. In case of the rejection or return of any firewood, the contractor shall bear the whole cost of replacing the wood so rejected or returned.

7. As soon as the orders shall have been completed the contractor will be required to furnish to the department supplied his account in the prescribed form, with the receipted delivery order attached thereto. Accounts will be payable at any Receipt and Pay Office that the contractor may desire.

8. In the event of a difference of opinion between the contractor and the officer receiving the firewood as to the quality the same shall be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered as final.

9. If the board shall decide that the wood is not of proper quality it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted as in condition No. 3.

10. If from any cause injury would accrue to the public service by waiting for a board of survey, the head of the department or officer in charge will have the power to reject such wood as is obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected wood, and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition 3.

11. A refusal to execute orders, irregularity in the quality or quantity of the firewood, or delay in delivering or replacing it when required, will subject the contractor to such mulct, not exceeding £30, as the Treasurer of the State for the time being may direct; and the amount may be deducted as in condition 3. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith.

12. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

13. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by any purchase of firewood by the Federal departments.

14. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract the contract security money will in that case be absolutely forfeited, and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

15. No subletting will be allowed; all work must be carried out by the contractor, and the hours of employment of any person engaged therein are not to exceed forty-eight per week, and every such person shall be paid at a minimum wage of not less than 6s. per day; and a copy of these conditions shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor. Any infringement of this condition, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50) as the Treasurer may direct, and the amount will be deducted as in condition 3, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

Security will be required in cash, Savings Bank Deposit Book, or Bank deposit receipt, in favour of the Secretary to the Tender Board, or Government debentures.

Tenders must be accompanied by the preliminary deposit above mentioned in bank notes, or a bank draft payable to the order of the Secretary of the Tender Board (cheques will in no case

be received), which will be returned within ten days to unsuccessful tenderers. Such deposit to be forfeited in the event of the successful tenderer failing to complete the security within the prescribed period.

The security must be completed and contract signed within ten days of acceptance of the tender, failing which the contract may be again advertised or another tender accepted.

Tenderers failing to take up their accepted tenders will be disqualified from tendering for Government supplies for a period of twelve months.

The Government will not necessarily accept the lowest or any tender.

Tenders, enclosed in a separate envelope, and having the words "Tender for Coal or Coke at ..." (as the case may be) written thereon, must be deposited in the Tender-box at the Pay Office, Treasury, Melbourne.

CONDITIONS OF CONTRACT.

1. As the exact quantity of coal which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated in the schedule, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.

2. The coal supplied must have been screened at the pit's mouth, and must be the best of its kind. The house coal must be free from shale, small coal, dust, ashes, or other impurities, and the smiths' coal must be free from dust, ashes, shale, or other impurities. No other coal will be received. In case of the rejection or return of any supplies the contractor shall bear the whole cost of replacing the coal so rejected or returned.

3. The orders will be issued by the departments requiring the coal.

4. Coal shall be delivered as may be directed by the officer ordering the supply.

5. Melbourne District will include a radius of 6 miles from the General Post Office.

6. At the time of delivering the coal the contractor shall produce the order for the same to the officer authorized to accept delivery, and such officer shall acknowledge thereon the receipt of the coal accepted and shall return the order to the contractor.

7. If after the delivery of the coal has been taken any deficiency or defect is discovered therein, such coal may be returned to the contractor.

8. The contractor must produce the pit certificate if requested to do so by the officer receiving the coal.

9. The contractor will be bound to weigh the house coal and coke on delivery at such establishments as are provided with weighbridges. In other cases the tickets of the public weighbridges are to be accepted as the weight to be charged for. Coal to be delivered in the places set apart therefor.

10. The contractor will be bound to deliver coal for vessels, except in the case of dredges, into the vessels' bunkers.

11. When baskets are used in the delivery of coal they are all to be of one size, and the contractor will be bound to tare the baskets when so required by the officer taking delivery. In other cases the contractor will be bound to satisfy the officer receiving that the weight or quantity is correct.

12. Coal must be put on board at a rate of not less than ten (10) tons per hour.

13. In the event of the officer ordering the coal not requiring the same to be put into the vessel's bunkers, as required by condition No. 10, a rebate of 1s. per ton to be made by the contractor.

14. Should an order not be complied with within 48 hours it will be competent for the department concerned to purchase, at the contractor's risk, and the extra expense (if any) over and above the contract price may be deducted from the contractor's account or the security money, but coal for steam vessels must be supplied on demand. No more delay will be allowed than is sufficient to give the necessary orders and get the bulk or vessel alongside. Bad weather to be the only excuse.

15. As soon as the orders shall have been completed the contractor will be required to furnish to the department supplied his account in the prescribed form, with the receipted delivery order attached thereto. Accounts will be payable at any Receipt and Pay Office that the contractor may desire.

16. In the event of a difference of opinion between the contractor and the officer receiving the coal as to the quality the same is to be decided by a board of survey, composed of persons named by the head of the department, and the decision of the board is to be considered final.

17. If the board shall decide that the coal or coke is not of proper quality it must be immediately replaced by the contractor, failing which it will be procured elsewhere, and the extra expense (if any) will be deducted as in condition 14.

18. If from any cause injury would accrue to the public service by waiting for a board of survey the head of the department, or officer in charge of station, will have the power to reject such coal or coke as is obviously of inferior quality, it being understood that he will be responsible to the Government for so doing; and the contractor must take back the rejected coal or coke and supply good in its stead, failing which it will be procured elsewhere, and the extra expense (if any) will be charged as in condition No. 14.

19. A refusal to execute orders, irregularity in the quality or quantity of the coal, &c., or delay in delivering or replacing the coal when required, will subject the contractor to such mulct, not exceeding £50, as the Treasurer of the State for the time being may direct; and the amount may be deducted as in condition 11. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith and forfeit the whole or any portion of the security money.

20. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

21. In the event of a general strike occurring at the colliery or collieries, any contract entered into under these conditions after the expiry of fourteen days' notice being given may be suspended, such contract to come into full force and effect again ten (10) days after such cause of suspension shall be discontinued.

22. The contracts entered into under this notice are not to be considered as being broken, infringed, or vitiated by any purchase of coal by the Federal Department.

23. Under no circumstances will a contractor be permitted to abandon his contract. In the event of the contractor failing to carry on the contract, the contract security money will in that case be absolutely forfeited, and in addition the contractor will be held liable for any loss which the Government may sustain in consequence of such failure.

24. No subletting will be allowed; all work must be carried out by the contractor; and the hours of employment of any person engaged therein are not to exceed 48 per week, and at a minimum wage of 7s. 6d. (clear of all deductions) per day of eight hours for miners, and 6s. per day for labourers; and a copy of these conditions shall be kept conspicuously and continually posted, in legible Roman characters, in the colliery. Any infringement of this condition, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

Conditions.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the Land Acts may think fit.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the Land Acts may think fit.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. 7. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

8. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

9. The publication of a notice in the Government Gazette, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.
