The price must include delivery at the stations, and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied the contractor will be required to remove them when delivery is taken. At other stations, notice will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

The successful tenderer will be required to enter into a bond for the sum of £5 per horse per station, based on the estimated quarterly consumption of 8 centals of oats, 1 of bran, 12 of hay, and 3 of straw per horse, or thereabouts, within ten days after the acceptance is notified. Two approved sureties are required for contracts where the sum stated in the bond is £50 and upwards, and one surety where the sum stated is under £50.

## CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed except when otherwise specified in the contract; the straw to be wheaten or oaten, and both to be in all respects of the best quality; oats, white or Algerian (Victorian grown), of the best description, full kernel, clean, and free from wild oats or other objectionable seeds; bran to be sound and sweet, and of the best description; chaff to be made from oaten hay of the best quality. As much forage as can be stored at any station where the storage is small will, for the convenience of the contractor, be ordered at one time.

2. The quantities stated in the schedule are only approximate, and the Government may draw either more or less than those mentioned. Should new telegraph stations be formed or additional horses be required at any station, the contractor will be required to supply the extra forage. Should the additional number of horses, however, exceed two, the contractor may, if he desires it, terminate the contract by supplying at once the whole quantity due at the station.

3. Notwithstanding anything contained in the preceding condition, the contractors for the supply to the Police Depot may be called upon to supply any Government Departments within a radius of six miles from Melbourne, for which no contracts have been taken, and also forage for any extra horses that may be at any time stabled at the depot for police purposes, at the same rates.

4. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

5. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the Board is to be considered final.

6. If the Board shall decide that the forage is not of proper quality, it must be immediately replaced, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 4.

7. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue to either party by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, but he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 4.

8. A refusal to execute orders, irregularity in the quantity or quality of the forage, or delay in delivering or replacing it when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Treasurer of the State for the time being may direct. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith.

9. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

10. Under no circumstances will a contractor be permitted to abandon his contract, and in the event of his failing to carry on his contract he will be held liable for any loss which the Government may sustain in consequence of such failure. In the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.

11. The contracts entered into under this notice are not to be considered as broken, infringed, or vitiated by the purchase by any Department of forage grown at any Government establishment.

Treasury,  
Melbourne, 29th January, 1903.

WM. SHIELDS,  
Treasurer.
