CONTRACT No. 1902/482.

Schedule No. 12.

DRUGS, MEDICINES, ETC.

1902/482—Rocke, Tomsitt, and Co.—Deposit £120.

Contract from 1st July, 1902, to 30th June, 1905.

Oils, tinctures, decoctions, infusions, and liquid preparations generally must be delivered in oval glass bottles. Fuming and other acids, spirits of ammonia, and deliquescent salts must be delivered in bottles having ground-glass stoppers when so ordered.

In cases where special manufactures are mentioned in the schedule, the contractor will be bound to supply the goods in the original packages, having thereon the maker's label or other trade mark, as a guarantee of the genuineness of the goods so supplied.

All articles must be of the best quality of the several kinds, and all preparations and compounds are to be those of the new "British Pharmacopœia," unless otherwise specially ordered.

No subletting will be allowed. All work must be carried out in the factory of the contractor; the hours of employment of any person engaged in the manufacture of the Inks tendered for in this schedule shall not exceed 48 per week, and every such person shall be paid at a minimum wage of not less than £2 for a man and £1 for a woman per week respectively; and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory (and in each part of the factory where several rooms are in use) in which goods are prepared or manufactured under this contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects. Samples for quality at Tender Board Office.			
VICTORIAN-MADE INKS.			
All bottles supplied to be Imperial Measure. Under this schedule the Tender Board reserves to itself the right of accepting one or more of the tenders.

Articles marked Asterisk (*) to sample at Tender Board Offices.			
All oils must be of the best quality, subject to the approval of the officer ordering, and, with the exception of items 20, 27, 28, and 33, must be supplied, if so required, in 5 or 10 gallon drums, and no extra charge will be allowed for such drums. Kerosene must be supplied in cases at 8 gallons to the case, each full tin containing 4 gallons. When single tins are ordered, cases must also be provided. Kerosene for outlying districts may be purchased locally without infringing this contract. A sample of the Batching Oil intended for supply must be submitted for the approval of the Inspector-General of Penal Establishments before delivery of each consignment is made.

CONTRACT NO. 1903/565.

Schedule No. 22.

OIL—KEROSENE.

(For Light-houses only.)

Contract from 1st July, 1903, to 30th June, 1904.

1903/565—James Service and Co.—Deposit £46.

The Ports and Harbors Department reserves to itself the right to reduce the quantity it will accept from any Contractor to not less than 6,000 gallons.

The Oil must be supplied in tinned iron drums, each to hold 10 gallons, or in cases and tins similar to those used for kerosene, or in casks, as the Department may elect.

The Oil to be supplied under this schedule is to be of the best possible quality; the greatest care must be taken in its preparation, and it must be perfectly free from Sulphuric Acid.

The Oil must have a specific gravity of not less than .810 nor greater than .820 at 60° Fahrenheit, its flashing point not lower than 200° Fahrenheit.

The illuminating power of the Oil supplied must be equal to that of the best Colza Oil when consumed in a Trinity House Argand lamp.

The Oil supplied must be of a quality equal to that of the sample provided by the Ports and Harbors Department.

The Oil must be supplied and delivered in two or more shipments, but the Contractor must deliver not less than half the total quantity on or before the 30th November, 1903, and the balance on or before the 30th April, 1904.

The Oil must be delivered at the Dockyard, Williams-town, and shall be subject to the approval of the Engineer in Charge of Ports and Harbors, or any other officer whom he may authorize to accept delivery.

The Oil supplied must be strictly in accordance with the above Specification.

All Articles marked (*) to Sample at Tender Board Offices.

As regards supplies for the Defence Department, an officer may be appointed to inspect any article in process of manufacture at the factory of the Contractor. Should any emergency arise which would necessitate the Defence Department ordering a larger supply of any articles in this Schedule than the Contractor can deliver within a given time, the Department may purchase them elsewhere without infringing this Contract.

All Leather work must be of the best quality of its kind, and all stitching must be done by hand.

A.—Saddles, Bridles, &c.

No subletting will be allowed. All work must be carried out in the factory of the contractor. The hours of employment of any person engaged in the manufacture of the Saddlery, &c., tendered for in this schedule shall not exceed 48 per week, and every such person shall be paid for such work in accordance with the wages or piece-work prices or rates fixed by the Saddlery Special Board or the Leather Goods Board, as the case may be, under the Factories and Shops Act, and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory (and in each part of the factory where several rooms are in use) in which goods are prepared or manufactured. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

CONTRACT No. 1901/625.

Schedule No. 33.

SAFES, FIRE-PROOF
(Of Victorian Manufacture).

Contract from 1st July, 1901, to 30th June, 1904.

1901/625—W. Willis and Co.—Deposit £23.

No subletting will be allowed. All work must be carried out in the factory of the contractor; the hours of employment of any person engaged in the manufacture of the Fire-proof Safes, &c., tendered for in this Schedule shall not exceed 48 per week, at a minimum wage of 8s. per day; and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory (and in each part of the factory where several rooms are in use) in which goods are prepared or manufactured under this contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

All Safes and Boxes must be of the best make, subject to test.

Tenderers to insert maker's name of the safes and boxes, also the number of the maker's list they offer to supply. Safes must have $\frac{1}{2}$ -inch steel doors, No. 10-gauge steel for outside body, No. 14-gauge steel for inside lining, with bolts, Chubb's locks, and duplicate keys. The fire-proof packing to be not less than 3 inches thick, irrespective of steel plates. Locks on doors of safes must be protected by chilled-steel armour plate.

The Boxes must be made with 14-gauge steel for outside body and 16-gauge steel for inside lining, with Chubb's locks and duplicate keys. Fire-proof packing same thickness as in safes. The locks on doors of boxes must also be protected by chilled-steel armour plates as in the case of safes.

Schedule No. 26.

Contract from 1st July, 1903, to 30th June, 1906.

All Items to Sample at Tender Board Offices.

For the Hospitals for the Insane the tinware goods are to be made of D xxxx best charcoal tin, and the galvanized-iron goods of Tenax steel, Orb brand. Brass wire is to be used for the brass and tin domestics, tinned wire for the remainder of the tinware, and galvanized wire for the galvanized goods. All items, with the exception of Nos. 2, 3, 4, 23, 28, 32, 36, 41, and 42, are to sample for Hospitals for the Insane.

The contractor will be allowed one month from the receipt of each order to complete the delivery.

No subletting will be allowed. All work must be carried out in the factory of the contractor; the hours of employment of any person engaged in the manufacture of the tinware tendered for in this Schedule shall not exceed 48 per week, and every such person shall be paid at a minimum wage of not less than £2 8s. per week or such rates as may be fixed by the determination of the Tinsmiths Board under the Factories and Shops Act; and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory (and in each part of the factory where several

CONTRACT No. 1902/581.

Schedule No. 37.

VENETIAN BLINDS.

Contract from 1st July, 1902, to 30th June, 1903.

1902/581—Campbell, Johnson, and Clark—Deposit £10.

No subletting will be allowed, all work must be carried out in the factory of the contractor; the hours of employment of any person engaged in the manufacture of the Venetian Blinds, &c., tendered for in this schedule shall not exceed 48 per week, at a minimum wage of 8s. per day, and a copy of these conditions shall be kept conspicuously and continually posted in legible Roman characters in the factory (and in each part of the factory where several rooms are in use) in which goods are prepared or manufactured under this contract. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from the contractor's account or from the security money, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

In the event of the orders not receiving prompt execution, i.e., within a reasonable time from the date of the order, it shall be in the power of the Tender Board, on report from the Secretary for Public Works, to inflict such penalty per day as it may consider necessary to inflict.

All work in connexion with the Blinds must be carried out strictly in accordance with the specifications printed on the following page.

SPECIFICATION FOR VENETIAN BLINDS.

OUTSIDE VENETIAN BLINDS.

Frames.—The frames to be constructed of clear pine, wrought throughout, with 1-in. jambs and soffits, dove-tailed at joints, and $\frac{3}{4}$ -in. front and back linings, securely put together. The outside linings to be finished all round with small clear pine moulding mitred at angles, and the frames to be accurately fitted to openings with any cutting to shape required, and to be securely screwed to plugs in reveals. The head linings to be made to form casings of sufficient depth to entirely cover the blinds when drawn up, and the fronts of same to be divided into ornamental panels of approved patterns by means of selected mouldings planted on; the lower edges of outside head linings to be scalloped to approved pattern.

Blinds.—The laths, pulley bearers, and top and bottom laths of clean clear pine wrought throughout, and all laths to be $2\frac{1}{2}$ inches wide and spaced not more than 2 inches apart; pulley bearers to be $1\frac{1}{2}$ inch thick, to be properly mortised to receive pulleys, and to be nearly grooved for cords; top and bottom laths to be $\frac{5}{8}$ inch thick and intermediate laths $\frac{3}{4}$ inch thick, and all edges to be neatly rounded.

Blinds to be hung with all necessary brass pulleys, lignum vitæ or other approved drums, approved linen web ladder tapes, and 4-lb. best patent white cords, and to be provided with Young's patent cord-holders, or, when ordered, 6-in. double brass plate hooks. Blinds to be provided with brass pulleys, so that they may be raised and regulated from inside the rooms. Blinds up to 3ft. 6in. in width to have two lines of tapes and cords, and over that width three lines.

Painting.—The whole of the woodwork of blinds and frames to be primed with red lead and raw linseed oil, and to be then painted three coats of the best oil colour, composed of white lead, raw linseed oil, colour, turpentine, and dryers; the painting to be rubbed down with glass paper between the coats, and to be finished in selected tints. The last coat but one to be slightly darker than the tint selected for the finishing coat, and the last coat to be a coat of flattening. The whole to be once varnished with the best English pale copal varnish.

Repairing, &c., old blinds.—Repairing old blinds is to include taking down, washing, painting two coats of oil colour as before described and once varnishing both blinds and frames, providing and fixing approved new linen web ladder tapes and 4-lb. best patent white cords, and securely refixing and putting in working order.

INSIDE VENETIAN BLINDS.

Inside Venetian Blinds to be as above described for Outside Blinds, except that they are to be made of California red pine without frames.

Repairing, &c., old blinds.—Repairing old blinds is to include taking down, washing, painting two coats of oil colour as before described and once varnishing, providing and fixing approved new linen web ladder tapes and 4-lb. best patent cords, and securely refixing and putting in working order. Any old galvanized iron brackets to be made thoroughly secure, and new galvanized iron brackets to be supplied and fixed where required.

MATERIALS FOR ABOVE.

Materials.—The clear pine and red California pine for all blinds are to be sound, dry, and well seasoned; and the whole of the materials are to be of the best of their respective kinds, free from all defects, equal to samples to be seen at the Department of Public Works, and to be subject to the approval of the Superintending Officer. Blinds to be made generally to correspond with samples to be seen at the Public Offices.

Fitting and fixing.—Where the building for which the blinds are required is within a radius of 8 miles from the General Post Office the contractor will be required, when ordered to fix the blinds, to take his own dimensions, to properly fix the blinds either under soffits of windows or on approved galvanized-iron brackets, securely screwed, and to make good any damage done to the buildings.

Packing for transit to country.—Where the building for which the blinds are required is beyond a radius of 8 miles from the General Post Office the contractor will be required, when ordered to pack the blinds for transit to the country, to provide proper packing cases and to securely pack the blinds, and to deliver them complete and perfect and ready for fixing at such railway station or other forwarding agency in Melbourne as may be directed.

Generally.—All blinds must be examined and passed by an officer of the Public Works Department before they are paid for.

All blinds to be made and painted on the contractor's premises, which must be within a reasonable distance of the city of Melbourne; and every facility must be afforded the officers of the Public Works Department for examining the work at any time previous to its delivery.

The contract for repairing, &c., only applies to buildings within the radius above mentioned.

The Government reserves the right, when erecting new buildings or when making additions or repairs to buildings outside the radius above mentioned, of including any Venetian blinds required in the general contract for such building, additions, or repairs.
