London, S.W.,

13th July, 1904.

Sir,

With reference to previous correspondence respecting the re-measurement of French ships in British ports, I am directed by the Board of Trade to state, for the information of Mr. Secretary Lyttelton, that the French Government have recently altered their tonnage measurement regulations so as to assimilate them to the Regulations in force in this country, and that since the 1st instant these new regulations have been in operation in France.

No. 128.—SEPTEMBER 28, 1904.—10363.—1.

The French Government have therefore requested that the Order in Council of the 29th January last, making provision for the re-measurement of French ships in British ports, should be withdrawn, and a new Order in Council issued recognising in this country the tonnage denoted on the national papers of French ships.

The Board have accordingly given directions for such an Order in Council to be prepared, and in the meantime they have issued instructions for the tonnage of French ships, shown upon their national papers, dated on or after the 1st instant, to be accepted for the payment of dues, &c.

I have, &c.,

2. The owner and all persons employed at any abattoir shall forthwith comply with any directions given by the meat inspector for the purpose of carrying into effect any of the provisions of this regulation.
