A By-law of the Shire of Ararat, made under the provisions of the *Health Act* 1890, and numbered 3, for regulating the removal and disposal of night-soil, closet pans, refuse, and all other rubbish and matter.

IN pursuance of the powers conferred by the *Health Act* 1890, the President, Councillors, and Ratepayers of the Shire of Ararat order as follows:—

1. This By-law shall come into force and operation on its confirmation by the Board of Public Health and immediately after its publication in the *Government Gazette*.
2. This By-law shall apply to and have operation throughout the whole of the Shire of Ararat.

3. The Council may upon the recommendation of the Health Officer and the Inspector of Nuisances exempt any premises within the above-named area from the operation of this By-law.

4. Every occupier or person or persons having the management or control of any premises shall cause the same to be kept in such a state as not to be a nuisance or injurious to health.

5. The ordinary system of receptacles for and removal of night-soil shall be and is hereby abolished.

6. Instead thereof every closet shall be furnished with a double pan service to be provided by the Council, such pans to be the property of and to be paid for by the occupier of the premises supplied.

7. The occupier of any premises which by the provisions of the Health Act or by this By-law should be provided with a privy shall erect a substantial building suitable for the pan system hereby adopted: the floor of such building shall at no point be less than three inches above the surface of the adjoining ground, and every such building shall be constructed with proper openings or flues to provide sufficient means of ventilation, and shall be constructed and placed so as to afford an easy means of access for the purpose of removing the pan or receptacle and the contents thereof.

8. Every occupier of any premises shall cause to be kept in every privy belonging thereto a supply of such disinfectants or deodorants as the Council may from time to time direct.

9. At least once a week, or so much more frequently as the Council may from time to time direct, the pan in use shall be closed with a tight-fitting lid and removed during the day-time in a suitable cart, and removed to such place as the Council may have appointed; a pan closed by superheated steam or some equally efficient means approved by the Council shall be left in the place of the pan removed, and the night-soil removed shall be either rendered inoffensive or treated in a destructor, desiccator, or incinerator provided by the Council, or be trenched or ploughed into the ground in such locality as may be provided by the Council; no one except the person or persons authorized by the Council shall be employed to carry out the above work.

10. Stringent supervision shall be exercised by the Council over all depôts or places of deposit.

11. The occupier of any land within the area mentioned on which there shall be erected any stable, cow-yards, cattle shed, or pig-stye, shall cause such premises to be kept in such a state in respect of cleanliness as not to be a nuisance or injurious to health, and shall cause all soil, dung, or other manure produced or accumulated therein to be from time to time removed from such premises as often as the quantity of the same so produced or accumulated shall amount to one cubic yard, and if at any time the occupier of such premises shall neglect or fail to have such dung, soil, or other manure removed therefrom as aforesaid the same may be removed by order of the Shire Council at the expense of such occupier.

12. No such occupier or person shall use a closet pan for depositing any house or yard rubbish or any other material (except for deodorizing) other than night-soil, or shall damage such pans and lids in any manner whatsoever.

13. Stringent supervision shall be exercised by the Council over all premises within the area subject to this By-law, which may be inspected by the Council or its officer, and by any person duly authorized by the Council.

14. The Council shall have power, in lieu of making a rate for the removal of night-soil, refuse, and other rubbish, to make a charge on each occupier of the premises for such service, and for pans supplied, the amount in default of payment to be recovered in any Court of Petty Sessions.

At the Executive Council Chamber, Melbourne the thirteenth day of March, 1905.

Mr. Bent	Mr. Sachse
Mr. Davies	Mr. Pitt
Sir Samuel Gillott	Mr. Mackey.

WHEREAS by section 222 of the *Water Act 1890*, No. 1156, it is enacted that the Governor in Council may, subject to the provisions of the said Act, make, alter, and repeal Regulations relating to any Trust appointed under the said Act for the purposes, among others, following:—

For determining the period for which Commissioners of any Trust shall hold office, the time and manner of election, and the order of their retirement from office.

Now therefore His Excellency the Governor of the State of Victoria, acting by and with the advice of the Executive Council thereof, and in pursuance of the said provisions of the now in part recited Act, doth order—

Education Act 1901, Sections 10 and 11.

REGULATIONS RESCINDED.—NEW REGULATIONS MADE.

At the Executive Council Chamber, Melbourne, the
thirteenth day of March, 1905.

PRESENT:

His Excellency the Governor of Victoria.	
Mr. Bent	Mr. Sachse
Mr. Davies	Mr. Pitt
Sir Samuel Gillott	Mr. Mackey.

WHEREAS by section 23 of the *Education Act 1890* (54 Vict. No. 1086) it is enacted that the Governor in Council may from time to time make and rescind regulations for all or any of the purposes therein mentioned, and generally for carrying the said Act into effect: Now therefore His Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council thereof, doth hereby rescind Regulations

No. III.—PAYMENTS BY WAY OF RESULTS,
No. IV.—FEES FOR EXTRA SUBJECTS,
No. VII.—NIGHT SCHOOLS, AND
No. XIV.—DISCIPLINE

of the Regulations made under the *Education Act 1890*, and doth make the Regulations following in lieu thereof, that is to say:—

REGULATION III.—INSPECTION AND EXAMINATION.

1. If possible, at least two visits will be paid to each school during the year, one of inspection and the other of examination.

2. As a general rule, the examinations of schools by Inspectors will not take place before the 1st April.

3. The annual examinations of any school will be held as nearly as possible in the same month of each year.

4. No teacher will be held fully responsible for the results of an examination unless he has been in charge of the school or class for at least six months.

5. The Director may exempt any school from examination in recognition of efficient work, or for other satisfactory reason.

6. The District Inspector will, from time to time, furnish a list of the schools which he thinks it desirable to exempt from examination, and the teachers of schools to be exempted from examination will be notified of such exemption by letter as soon as practicable.

7. As a general rule, no school will be exempted from examination for more than two years in succession.

8. Exemption from examination will not apply—

(a) If the Head Teacher desires examination by an Inspector, or

(b) If the District Inspector reports at his visit of inspection that the school is not sustaining its character for efficient work.

9. Schools exempted from examination or not fully examined by an Inspector must be examined in detail at the customary time by the Head Teacher, who will fully record the results in the *Examination Register*, make the annual promotions, and begin the next year's work.

10. From two to four weeks before the time for the annual examination, the Inspector may require the Head Teacher of any school to examine the whole school fully, in accordance with the instructions issued for conducting Departmental examinations. The Head Teacher will record in detail the results of the examination in the *Examination Register*, and will also indicate which pupils he intends to promote.

11. Notwithstanding that any school is recorded as exempt from examination for any year the District Inspector shall be at liberty to examine any class in the school in order to satisfy himself as to the quality of the instruction given in any or all of the subjects of the programme.

12. The result of an examination will not be held to be satisfactory unless the Inspector is satisfied with the classification of the children; and, in judging of the classification, due regard will be had to the percentage of promotions since the last annual examination. The progress will not be deemed satisfactory unless of the children presented for examination, exclusive of those in the Infant Class and of those previously examined in the Sixth Class, not less than 60 per cent. are presented in a higher class than that in which they were examined in the preceding year. In calculating the percentage of promotions, however, the average percentage for two years (viz., for the year of examination and the preceding year) may be taken.

No. 35.—MARCH 22, 1905.—2734.—2.

13. In the case of children presented for examination in a lower class than that in which they have been previously placed in another school, a special note must be made for the information of the Inspector, and the grounds for reducing each child in classification must be clearly stated.

14. Except in cases provided for in the next section, all children who have attended during any part of the fortnight preceding the day of examination must be presented for examination. Provided that the Inspector is satisfied with their classification, children who have been less than six months in their class, or have made less than half the number of possible attendances during the six months preceding the examination, need not be taken into account in calculating the class-mark.

15. The Inspector may exempt from attendance at examination any children due under the preceding clause, if satisfactory evidence be forthcoming that absence is attributable to some cause beyond the teacher's control. He may also exempt from ordinary examination any child who is mentally or physically deficient.

16. For the purposes of examination by the Inspector, subjects will, ordinarily, be divided into two groups—

(a) Subjects for individual examination, namely, reading, spelling, composition, arithmetic, writing, and grammar, and

(b) Subjects for class examination and observation, namely, the other subjects of the programme.

At the Inspector's discretion individual examination may be substituted for, or supplemented by, class examination in any subject.

17. For the purpose of estimating the proficiency of a class in the whole programme of subjects, marks will be allotted to each subject examined, in accordance with a scale to be fixed from time to time by the Director. The Inspector's examination will be directed towards estimating the class-mark or proportion of the maximum number of marks which the class as a whole merits in each subject.

18. At the Inspector's discretion, groups from a class may be tested in all subjects, and the mark awarded to the group may be taken as the class-mark of the class. Subject to the approval of the Inspector, the selection of the groups will be made by the Head Teacher. The Inspector may also elect to examine only upon a certain number of the subjects of the class. In all cases, however, where the Inspector proposes to examine only portions of classes, or upon a limited number of subjects, he will previously send notice to the Head Teacher, requiring him to examine in full all such classes, and to record in detail, as directed in section 10 above, the results of his examination. Although the Inspector may omit to examine a subject in a certain class, he will be careful that this subject is fully tested in other classes of the school. Candidates for the Merit Certificate will be examined individually in the subjects in which they must pass in order to obtain such certificate.

19. Children who are at least eleven and a half years of age at the date of examination, who are classified in the Fourth or higher class, and whose parents make application in writing for such examination, may be examined for a Certificate of Exemption from Compulsory Attendance, and the Inspector will record fully the result of such examination. It will be the duty of the teacher to give due notice of the date of examination to the children of the Fourth and higher classes.

20. Except in the subjects of the Merit Certificate and the Certificate of Exemption from Compulsory Attendance, the Inspector, in the case of schools previously examined in detail by the Head Teacher, need not record individual passes or individual marks in the *Inspector's Register*.

21. In all subjects in which discretion in selecting matter is allowed to the teacher, the examination must be upon the work set out in the work programme. In awarding the class-mark, however, the Inspector will take into account the amount, the connexion, and the character of the work presented.

REGULATION IV.—EXTRA SUBJECTS.

1. Subjects not included in the First Schedule to the *Education Act 1901*, may, with the written consent of the Director, be taught in State Schools as extra subjects.

For such extra subjects fees may be charged at weekly rates not exceeding the sums mentioned in the following scale:—

Latin	...	One shilling.
French	...	One shilling.
German	...	One shilling.
Geometry	...	Sixpence.
Algebra	...	Sixpence.
Trigonometry	...	Sixpence.
Shorthand	...	Sixpence.
Typewriting	...	Sixpence.
Bookkeeping	...	Three pence.

For any approved subject not included in the above list the fee to be charged will be at the discretion of the teacher, but must not, in any case, exceed One Shilling per week.

2. It will be the duty of the District Inspector to report annually upon the teaching of extra subjects in schools. Ten per cent. of all moneys collected as fees for extra subjects since the date of the last report by the District Inspector will be retained by the Head Teacher until the Inspector gives his certificate. If the Inspector is satisfied that the work has been efficiently performed, the money will be returned to the teachers of extra subjects; otherwise it must be remitted to the Department, and be paid into the Consolidated Revenue.

3. Instruction in extra subjects must not be given during the hours fixed for ordinary school instruction in Regulation XII. (1), and must not be associated in any way with any special instruction in the subjects of the free course, or with special classes for the preparation of candidates for scholarships.

4. The time devoted to any extra subject taught under this regulation shall be not less than one hour per week, and, in the case of any language, not less than two hours per week.

5. The Head Teacher shall forward to the Secretary at the end of each quarter, upon a prescribed form, the names of all children instructed in extra subjects, the fees charged, and the arrangements made for their instruction.

6. No teacher whether employed by the Education Department or not will be allowed after the 1st July, 1905, to teach extra subjects in a State School unless the consent, in writing, of the Director has been first obtained. Permits to teach extra subjects will not be granted to persons other than State School teachers unless under very exceptional circumstances.

REGULATION VII.—NIGHT SCHOOLS.

1. Night schools will be established by the Minister as necessity may arise.

2. All night schools must be held in State School buildings, but they will not necessarily be conducted by the teacher of the day school held in the same building.

3. In every night school three meetings, of not less than two hours each, must be held weekly, and the instruction must comprise at least the following subjects, as set forth in Regulation I, viz.:—Reading, spelling and explanation, dictation, composition, writing, and arithmetic.

4. No teacher will be allowed to conduct a night school unless he shall have been reported by an Inspector to be qualified to undertake such duty.

5. In every night school in which the average attendance exceeds 50, the teacher will be required to maintain a staff of approved assistants at least equivalent to that allotted to a day school of a similar size. The Head Teacher shall report on the monthly return the names and qualifications of all assistants employed.

6. An allowance (determined upon the basis of the average attendance, according to the scale in force on the 28th February, 1903), will be made to teachers of night schools for cleaning, providing fuel, light, and such other articles as may be required; and the allowance for each school shall not be altered, unless and until the Minister shall direct, upon the recommendation of the District Inspector of Schools approved by the Director of Education, that in any particular case the allowance be increased or reduced.

7. In estimating the average attendance, only such scholars shall be reckoned as are above thirteen years of age, and are not in attendance at, or employed as teachers, pupil teachers, or monitors in a State School.

8. All other regulations and rules relative to examination and inspection of schools will, so far as they are applicable, affect night schools.

XIV.—DISCIPLINE.

1. Teachers are required to do all in their power to form habits of right conduct in their pupils. They should inculcate the principles of morality, truth, and justice; should encourage and judiciously enforce personal neatness and cleanliness; and should train the children to habits of modest, orderly, and polite behaviour.

2. In the government of his school, the teacher must avoid all degrading punishments or such as are likely to produce bodily harm to the children. His aim should be to prevent the necessity for punishment by effecting the improvement of the offender. The Head Teacher will be held responsible for the nature and extent of the punishment inflicted in the State School under his charge.

3. Corporal punishment shall be administered only by the Head Teacher, and by such teachers holding the rank of assistant as he may authorize. Corporal punishment by pupil teachers and monitors is strictly prohibited.

4. When more than one stroke is given, an entry, giving the date, the name, class, and age of the pupil, the nature of the offence, and the extent of the punishment, shall be made in a book kept for the purpose, entitled the "Register of Corporal Punishment." Entries may be removed from such register two years after the date of entry.

5. The names of the assistant teachers authorized by the Head Teacher to inflict corporal punishment shall be entered from time to time by the Head Teacher on the first page of the "Register of Corporal Punishment."

6. The instrument employed shall be a strap. Boxing ears or striking on the head is strictly prohibited.

7. Corporal punishment shall be inflicted upon boys only.

8. For the purposes of discipline, a pupil may be detained for short periods after school hours, but no child may be detained more than three-quarters of an hour at any time, and no child shall be given less than one clear hour for dinner recess.

9. No pupil shall be refused admission to, and no pupil shall be expelled from, a State School except with the express sanction of the Minister. In extreme cases, e.g., want of cleanliness, immoral or disgraceful conduct, a Head Teacher may suspend the attendance of a pupil, at once reporting the matter to the Minister and the Board of Advice. If, after inquiry, the circumstances seem to call for expulsion, the Minister may so order. Otherwise the pupil shall be re-admitted.

And the Honorable Arthur Otto Sachse, His Majesty's Minister of Public Instruction for the State of Victoria, shall give the necessary directions herein accordingly.

REGULATION NO. XXVII.—HOME LESSONS.

1. Subject to due regard being paid to the reasonable wishes of the parents, head teachers are authorized to require the preparation of lessons at home by the pupils. These lessons must, however, be within the power of the pupils to perform without assistance, and should, as a rule, consist of a reproduction of the subject-matter of lessons previously treated in school.

2. Home lessons should not be given to children below the second class. The home lessons of children in the second class should not take up more than half-an-hour each evening. The home lessons of children in the third, fourth, and fifth classes should not ordinarily take up more than one hour each evening.

TENDERS FOR GRAZING LANDS.

Tenders must be sent in on proper form, which can be obtained on application to the Lands Department Melbourne, or any of the Survey Offices in the country.

Tenders must be placed in the Crown Lands Office Tender-box not later than Twelve noon on Thursday, 30th March, 1905.

NOTE.—No tender will be accepted unless the fee for the period from 1st April, 1905, to 30th June, 1906, and fee of Five shillings for licence, are forwarded with the tender.

TENDERS will be received up to Twelve noon on Thursday, 30th March, 1905, for the occupation, for grazing purposes only, of the following unappropriated portions of land, subject to the Regulations approved by the Governor in Council and also the subjoined special conditions.

Every licence granted under section 187 of the Land Act 1901 shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Conditions.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the Land Acts, except under the 187th section of the Land Act 1901, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the Land Act 1901, or for mining purposes.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the Land Acts may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate, or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

6A. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

That where improvements are authorized under section 189 of the Land Act 1901 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

7. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

8. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

9. The publication of a notice in the Government Gazette, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

10. The ridding of the timber upon the land by the licensee is expressly forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

11. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

12. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the Thistle Act 1890 in like manner as holders of freehold lands.

13. The licensee shall keep the land free from vermin, and should he fail to do so, the licence shall be liable to forfeiture.

14. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

Special Conditions.

1. The period of occupation will be for fifteen months—from 1st April, 1905, to 30th June, 1906.

2. The fee for the period from 1st April, 1905, to 30th June, 1906—for which the licence will be issued, and fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

3. Tenders to be for so much per lot and block per annum.

4. Separate tenders must be lodged for each block.

5. Tenders to be indorsed—"Tender for Lot 1, Block 884," or "Lot 2, Block 3800," or "Lot 3, Block 4004" as the case may be, and addressed to Secretary for Lands Melbourne.

6. The highest or any tender not necessarily accepted.

7. Tenderers must give their full name and ordinary postal address.

8. The areas are given as more or less, and all appropriated, alienated, or licensed land (if any) within the boundaries is excluded.
