The Closer Settlement Acts.

AGRICULTURAL LABOURERS' ALLOTMENTS AVAILABLE FOR APPLICATION UNDER CONDITIONAL PURCHASE LEASE.

BON VISTA ESTATE.

THE allotments mentioned in the Schedule hereunder will be available for application till 15th November, 1907. Applications must be made on the prescribed forms and lodged with the Secretary, Closer Settlement Branch, Lands Department, accompanied by the registration fee of 5s., and a deposit equal to the first half-yearly instalment for the most valuable allotment applied for, and the lease fee of £1.

All applications so lodged on or before the above-mentioned date will be deemed to have been simultaneously made.

An applicant may apply for more than one allotment, but will only be required to lodge one deposit, being the amount chargeable on the most valuable allotment applied for.

Only one allotment can be granted to any one person.

No conditional purchase lease of an agricultural labourer's allotment can be granted to any person who is already the holder of land of the value of £200 (township land excepted), or who would thereby become the holder of land exceeding such value.

Improvements must be effected as follows:—A substantial dwelling house, of the value of at least £30, must be erected within one year of the date of the lease; and the allotment enclosed by a substantial fence within two years of the date of the lease.

The lessee must reside on the allotment. (Personal residence by a wife, or any child not less than eighteen years of age of lessee, may be considered personal residence by the lessee, with the approval of the Board.)

The lessee cannot transfer, assign, mortgage, or sublet the whole or any part of his allotment within the first six years of the lease.

The Crown grant may be issued to the lessee at the end of any half-year after the first twelve years have expired, on payment of the balance of purchase money.

Payments in advance may be made at any time at the option of the lessee, and proportionate reduction of interest secured thereby.

The purchase money, with interest at 4½ per cent, must be paid by 63 or a lesser number of half-yearly instalments (including deposit), calculated according to any of the tables under Division 3 of Part I. of the Savings Banks Act 1890 Amendment Act 1896. Each instalment will include interest upon the balance of the purchase money remaining unpaid.

Plans and further information may be obtained from the Closer Settlement Branch, Crown Lands Office.

BOROUGH OF STAWELL.

BY-LAW No. 20.

A By-law of the Borough of Stawell, made under subsection 29 of section 197 of the *Local Government Act* 1903, for prohibiting or regulating the use on any public highway of traction engines or other vehicles having projections on their wheels and under section 594 of the said Act for regulating the conditions on which traction engines may proceed over any public highway.

IN pursuance of the powers conferred by the *Local Government Act* 1903, the Mayor, Councillors, and Burgesses of the Borough of Stawell, order as follows:—

1. No person shall use or cause or procure any other person to use on any public highway any traction engine or other vehicle having on its wheels any bars, spikes, grips, or other projections:

This prohibition, however, shall not apply to

(a) Any traction engine, used only for hauling agricultural machinery, or hauling a vehicle containing such machinery only if the projections on the driving wheels of such engine consist only of bars at least two and three-quarter inches in width and not more than one and one-sixteenth of an inch in thickness, and the space intervening between such bars does not exceed five inches; or,

(b) Any traction engine the driving wheels of which are cylindrical and smooth soled, and having no projections thereon other than diagonal bars of not less than three inches in width nor more than three-quarters of an inch in thickness, and extending the full width of the tire, and the space intervening between such cross bars not exceeding three inches; provided in such last mentioned case—

(i) That the owner of such engine has previously obtained from the Council or an officer of the Council duly authorized in that behalf a permit in writing specifying the public highways on which it may be used, and that the engine is being used on one of the highways so specified.

(ii) That the owner has agreed in writing to pay to the Council the cost of making good any damage done to any roadway, bridge, or culvert by such engine or any vehicle drawn by it.

(iii) That such engine is not being used (unless with the written consent of the Council or an officer of the Council duly authorized in that behalf) to haul more than two vehicles, exclusive of any vehicle solely used for carrying water for such engine.

(iv) That the loading of any vehicle drawn by such engine does not exceed nine tons in weight, including the weight of such vehicle.

(v) That the weight carried by any vehicle drawn by such engine (including the weight of such vehicle) does not exceed three hundredweight for each half-inch of bearing surface of the tire or felloe of each wheel of such vehicle.

2. Every owner of a traction engine shall cause to be painted in legible letters not less than one inch long on a plate attached to the engine, or on a conspicuous place on the engine, the exact and true weight thereof, and the maximum weight of water and fuel necessary for its propulsion.

3. So long as the fires of a traction engine are alight, or the traction engine contains in itself sufficient motive power to move it, one person shall remain in attendance whilst it is on any public highway, although it is stationary.

4. No person shall take any traction engine across or along any bridge, culvert, or embankment so as to meet or pass thereon any other traction engine or any person with a horse or a vehicle drawn by a horse.

5. No person shall halt (unless through unforeseen circumstances, or unless actually engaged in loading or unloading) in any part of a road where the traffic way is narrowed by fences, excavations, embankments, dangerous depressions, or such like, but shall draw off at least twenty feet from the middle of the formation in the case of a made road, or the middle of the surveyed road if unmade.

6. No person shall permit any traction engine or any vehicle attached to or drawn thereby to stop on any bridge or culvert for the purpose of drawing water, or for any other purpose whatever.

7. No person shall drive any traction engine between sunset and sunrise, unless by written permission of the Council or an officer of the Council duly authorized in that behalf, defining the route to be travelled and the extended hours during which such travelling is permissible, such permission to be withdrawable at any time upon written notice to that effect being served on the owner or driver of the engine or being forwarded to him by registered letter. No person who has received such written permission shall drive any traction engine between sunset and sunrise, unless there shall be exhibited on such engine proper and sufficient carriage or other approved lights, one at each side on the front and one in the rear, or when a vehicle or vehicles are being drawn by such engine, then in the rear of the last vehicle.

8. No person shall drive a traction engine over any street, road, or highway in the more populous part of the town without a man going at least one hundred yards in front of the engine to warn persons of the approach of such engine.

9. No person shall use or cause or procure to be used on any public highway any traction engine unless there is carried on such engine or some vehicle drawn by the same at least four wooden planks twelve inches in width, four inches in thickness, and at least twelve feet in length, and when crossing any bridge or culvert the driver or person in charge of such engine shall lay down such planks, and no engine shall be permitted to cross over any bridge or culvert except on such planks.

10. The driver of a traction engine shall shut off steam immediately the driving wheels of the engine commence to skid, and he shall not start the engine again until he has taken all necessary and proper means to prevent damage being done to the highway by the skidding of the wheels.

11. Any person shall for any wilful act or default contrary to this By-law be liable to the following penalty:

(a) For the first offence, a fine not exceeding Three pounds.

(b) For the second offence, a fine not exceeding Five pounds.
