No. 165.—DECEMBER 27, 1907.—16075.—2.

TOWN OF GEELONG.

BY-LAW NO. 71.

Being No. 7, made under the provisions of the Health Acts.

A By-law under the *Health Act 1890* for the regulation of certain Noxious or Offensive Trades or Businesses, viz.:—

Trades.—The trades or businesses of—

Blood boiling.
Blood drying.
Blood albumen manufacture.
Bone boiling.
Bone grinding or bone milling.
Bone manure depôt.
Dealing in bones, hides, horns, hoofs or skins, whether for storage, drying, preservation or conversion of such articles.
Fat rendering.
Fat extracting.
Fat melting.
Tallow melting.
Fish curing.
Gut cleaning, gut scraping, sausage skin, catgut or fiddlestring manufacture.
Glue manufacture.
Knackery.
Manure manufacture.
Soap manufacture.
Fellmongering.
Tanning.
Wool scouring or wool washing.

IN pursuance of the powers conferred by the *Health Act 1890*, and of every other power enabling it in that behalf and for the purpose of carrying the said Act into execution, the Council of the town of Geelong, in the name and on behalf of the Mayor, Aldermen, Councillors, and Burgesses thereof, hereby orders and enacts that from and after the date of this By-law coming into operation:—

GENERAL PROVISIONS.—DEFINITIONS.

Noxious or Offensive Matter.—In the construction of this By-law "Noxious or Offensive Matter" means any matter manufactured, product, residue, garbage, refuse, in whatever state, whether solid, liquid, or gaseous, from which any effluvia, offensive fumes, vapour, gas, dust, or other impurity may be or is liable to be emitted.

Premises.—"Premises" means lands, buildings, out-buildings, yard or enclosure used or intended to be used for the reception, treatment, disposal, production, manufacture, or storage of any articles or material used or intended to be used in one or more of the noxious or offensive trades or businesses hereinbefore mentioned.

Owner.—"Owner" means the owner or owners for the time being of the premises aforesaid.

Occupier.—"Occupier" includes any person or persons in actual occupation of or entitled to occupy and use the premises aforesaid.

1. *Covers for Receptacles.*—The owner or occupier of the premises shall cause every boiler, digester, drier, mixer, vat, pan, tank, trough, tub, vessel, vehicle, and other receptacle therein containing noxious or offensive matter to be provided with a cover fitting fixedly, and in an air-tight manner, and to be in other respects so constructed and placed that when such receptacle is in use the escape of noxious or offensive effluvia, vapour, gas, dust, liquid, or fumes into the external atmosphere will be prevented as far as practicable.

2. *Construction of Buildings.—General.*—He shall on the premises cause every room, chamber, or place, that is used for the purpose of receiving, storing, boiling, drying, reducing, crushing, disintegrating, pulverising, grinding, or otherwise treating noxious or offensive matter, to be constructed in such a manner and furnished with such appliances that when such room, chamber, or place and such appliances are in such use escape of noxious or offensive effluvia, vapour, gas, dust, liquid, or fumes into the external atmosphere will be prevented as far as practicable.

3. *Reception, Treatment, and Storage of Noxious or Offensive Matter.*—He shall on the premises cause all noxious or offensive matter that is taken to such premises, or that results from trade processes at such premises, to be received, treated and stored, while on the premises, in a room, chamber, or place constructed in such a manner and furnished with such appliances that when such room, chamber, or place, or such appliances are in use escape of noxious or offensive effluvia, vapour, gas, dust, liquid, or fumes into the external atmosphere will be effectually prevented, provided always that noxious or

offensive waste matters other than drainage and resulting from the trade processes conducted by him and no longer required by him for conducting these processes shall—

- (a) At least daily be placed in a receptacle or receptacles formed of non-absorbent and durable material and furnished with a cover of such material and capable of being fitted quickly, fixedly, and in air-tight manner to such receptacle, and
- (b) At least once weekly be either removed from the premises in receptacles of the description already mentioned in 3 (a) or be burnt or otherwise rendered inoffensive and innocuous by means of an appliance by which escape of offensive or noxious fumes, gas, dust, vapour, or liquid into the external atmosphere will be prevented as far as practicable.

4. *Transport of Noxious or Offensive Matter on Premises.*—He shall when removing noxious or offensive matter from one part of his premises to another part thereof, remove the same in a receptacle of the description mentioned hereinbefore in 3 (a) or by some other appliance by which escape of offensive or noxious effluvia, vapour, gas, dust, liquid, or fumes into the external atmosphere will be prevented as far as practicable.

5. *Use of Receptacles, Appliances, and Apparatus—Treatment of Noxious and Offensive Vapours, &c., by Fire or Condensation or by both.*—He shall cause every part of his premises and every boiler, digester, drier, mixer, vat, pan, tank, trough, tub, vessel, receptacle, appliance, and apparatus used on such premises to be so used that escape of noxious or offensive effluvia, vapour, gas, dust, liquid, or fumes into the external atmosphere will be prevented as far as practicable, and he shall in every case cause all noxious or offensive vapours, gas, dust, or fumes therefrom to pass through a fire or into a suitable condensing apparatus, or through such apparatus and then through a fire, in such a manner as to deprive such vapours as far as practicable of all noxious and offensive properties.

In the boiling of blood steam must be used instead of the direct action of fire on the pan or other receptacle containing blood. The addition of acid to blood or blood clot shall be effected only in closed vessels formed of non-absorbent material.

Bone milling processes shall be conducted only in air-tight casings, and the products of the milling shall be conveyed to air-tight receivers or to sound bags through air-tight shoots or conveyors enclosed in air-tight casings.

6. *Import or export of Noxious or Offensive Matter to or from Premises.*—He shall cause all noxious or offensive matter that is taken to the premises or that results from the trade processes at such premises to be brought to or removed from such premises only in a receptacle which or in a vehicle the receptacle of which is of the description mentioned hereinbefore in 3 (a).

7. *Certain details of Construction.*—He shall on the premises cause every floor and to a height of six feet from the floor, each wall, post, column, pier, or other upright support of every chamber, room, or place containing noxious or offensive matter, to be constructed of durable non-absorbent material closely joined and as far as practicable finished internally with smooth surfaces and with angles and corners rounded off and out sufficiently to prevent the lodgment of filth, provided that in the case of blood boiling, blood drying, and fat rendering establishments and of bone mills and bone manure depôts, the walls to their full height and extent of every such chamber, room, or place shall be also constructed of the aforesaid material.

In the case of proposed new premises, the site thereof must be raised above the levels of adjoining roadways and pathways.

8. *Disposal of Drainage of Premises.*—He shall on the premises cause every chamber, room, or place containing any noxious or offensive matter to be effectually drained by means of a closed drain trapped and ventilated and covered at every inlet with a fixed grating formed of wrought iron bars not less than $\frac{1}{2}$ inches in diameter and placed not more than $\frac{1}{2}$ inches apart, such drain discharging—

- (a) into a public sewer the sewage from which is dealt with so as to be innocuous and inoffensive, or, in case such a sewer is not available,
- (b) on to land situated at such distance from any human habitation as shall be determined by the Council and used in such a manner as to effectually render the drainage matter innocuous and inoffensive, or, where not otherwise forbidden,
- (c) into a suitably covered and ventilated receptacle situated on the premises and so formed, constructed and placed as to admit of its being readily and effectually removed, or

- (d) to some apparatus approved by the Council, and by which the drainage matters shall in an innocuous and inoffensive manner be rendered innocuous and inoffensive as far as practicable.

Grease traps shall be provided wherever required by the Council.

9. *Internal Drainage of Premises.*—He shall on the premises cause all drainage from every chamber, room, or place containing any noxious or offensive matter to flow as provided for in accordance with the provisions of the last preceding clause (8), and in the event of the receptacle mentioned in sub-clause (c) and of that clause being used, he shall at least twice weekly in the months of October, November, December, January, February, and March, and once weekly in the remaining months, effectually remove the contents by means of a receptacle which, or if a vehicle the receptacle of which can be fixedly closed so as to be air-tight as described in 3 (a), and shall dispose of them in an innocuous and inoffensive manner, and shall on the occasion of such removal effectually cleanse the drainage receptacle, and in the event of this drainage being made to flow to an apparatus of the description mentioned in 8 (d), he shall cause such apparatus to be used in such a way as shall not give rise to offensiveness or injury to health.

10. *Receptacles, Appliances, and Apparatus in state of good repair.*—He shall on the premises cause every boiler, digester, drier, mixer, vat, pan, tank, trough, tub, vessel and other receptacle, apparatus, and appliance with which and every drain, floor, wall, and ceiling, or roof lining, or roof of every room, chamber, and place in which any process of his business is carried on that may give rise to any noxious or offensive effluvia, vapour, gas, dust, liquid, or fumes to be at all times maintained in a state of good repair.

11. *Cleansing of Premises.*—He shall on the premises cause the floor, internal surface of each wall and the lower surface of the ceiling or roof lining or roof of every chamber, room and place containing any noxious or offensive matter to be at all times as clean as practicable, and, except in the case of a room, chamber, or place used solely for the purpose of drying albumen, shall cause to be washed with hot limewash, the internal and lower surfaces aforesaid, at least four times in every year, that is to say, at least once in each of the months of February, May, August, and November, and, in addition, as often as may be necessary for the purpose of keeping such surfaces clean and wholesome as far as practicable.

12. *Cleansing of Receptacles, Appliances, and Apparatus.*—He shall on the premises cause every boiler, digester, drier, mixer, vat, pan, tank, trough, tub, vessel, receptacle, utensil, apparatus and appliance provided, used upon or in connexion with such premises, to be kept when not actually in use, at all times in a thoroughly clean condition, and shall cause all noxious or offensive matter that has been littered or spilled or splashed on such premises, to be collected at least at the close of every working day.

13. *Water for Cleansing.*—He shall cause the premises to be constantly supplied with clean water and appliances sufficient for thoroughly cleansing the premises and all articles, appliances, and apparatus hereinbefore required to be cleaned.

14. *Penalties.*—Every person who shall commit a breach of this By-law, shall, for every such breach, be liable to a penalty of Ten pounds, provided nevertheless that the Justices or Court before whom any complaint may be made or any proceedings may be taken in respect of any such breach, may, if they think fit, order the whole or part only (not being less than Five shillings) of the penalty imposed by this By-law to be paid.

SECTION NO. 1.

Bone Mills and Bone Manure Depôts.

1. *Interpretation.*—In the construction of this section of this By-law, unless the context otherwise requires—

- (a) "Bone Mill" shall mean the building and the appliances used for receiving, storing, crushing, disintegrating, pulverizing, grinding, or otherwise reducing or treating bones for conversion into bone manure, and shall include all buildings and land that may be appurtenant to such premises.
- (b) "Bone Miller" shall mean the person or persons occupying a bone mill.
- (c) "Bone Manure" shall mean bones or bone-dust whether mixed or unmixed with any other ingredient.
- (d) "Bone Manure Depôt" shall mean the building in which bone manure is kept or stored, and shall include all buildings and land that may be appurtenant to such premises.

2. *Construction of Buildings.*—(a) A bone miller or owner or occupier of a bone mill shall not suffer or permit any bones to be received, stored, crushed, disintegrated, pulverized, ground, or otherwise reduced or treated in a bone mill unless such processes are wholly conducted within a building or buildings, the walls, floors, and ceilings, or underside of the roof whereof are constructed of durable and non-absorbent materials, finished internally with smooth surfaces and in other respects constructed and maintained as prescribed in clauses 2, 7, and 10 of the General Provisions of this By-law.

Storage of Bones and Bone Manure.—(b) The owner or occupier of a bone manure depôt shall not suffer or permit any bones or bone manure to be kept or stored in such bone manure depôt, except in a building or buildings whose walls, floors, and ceilings, or the underside of the roofs of which are constructed as hereinbefore described in clauses 2, 7, and 10 of the General Provisions of this By-law.

3. *Milling Processes in Air-tight Receptacles.*—(a) Every bone miller or owner or occupier of a bone mill shall cause all milling processes therein to be conducted in air-tight casings, and the products of the milling to be conveyed to air-tight receivers or sound bags through air-tight shoots.

Control of Noxious or Offensive Effluvia or Dust.—(b) Every bone miller or owner or occupier of a bone mill and every owner or occupier of a bone manure depôt shall adopt the best means practicable for preventing at all times the emission of dust or offensive or noxious effluvia from every part of the bone mill and bone manure depôt respectively.—*Vide* also clauses 1 and 3 of the General Provisions of this By-law.

4. *Transport of Bones and Bone Manure.*—Every bone miller or owner or occupier of a bone mill or owner or occupier of a bone manure depôt shall cause all bones or bone manure received into or despatched from such bone mill or bone manure depôt, as the case may be, to be previously packed in such a manner as to prevent any nuisance arising therefrom during transit.—*Vide* also clauses 4, 6, and 12 of the General Provisions of this By-law.

5. *Maintenance and Cleansing.*—Every bone miller or owner or occupier of a bone mill or owner or occupier of a bone manure depôt shall, to the satisfaction of the Council, cause all buildings upon the premises where his trade is carried on, and all appliances, vessels, utensils, and implements used in connexion therewith, to be at all times maintained in good repair and kept clean, in accordance with clauses 10, 11, 12, and 13 of the General Provisions of this By-law.

SECTION NO. 2.

Places for Storing, Drying, or Preserving Bones, Hides, Horns, Hoofs, or Skins.

1. *Construction of Buildings.*—Every owner or occupier of premises in which bones, hides, horns, hoofs, or skins are received in order to be stored, dried, or preserved shall, to the satisfaction of the Council—

(a) Cause all such bones, hides, horns, hoofs, or skins to be stored in a building properly paved with asphalt, concrete, or other approved durable, impervious, and jointless material, and otherwise constructed as prescribed in clauses 2, 7, and 10 of the General Provisions of this By-law, and the floor to be properly graded to an impervious drain, which shall have an approved gradient, and discharge into a trapped drain inlet or other approved impervious receptacle.

(b) *Storage of Materials.*—Cause all materials which have been received upon the premises where his trade is carried on to be stored in such a manner and in such a situation as to prevent as far as practicable the emission of noxious or offensive effluvia from such premises.—*Vide* also clauses 2 and 3 of the General Provisions of this By-law.

2. *Daily Cleansing.*—Every owner or occupier of premises in which bones, hides, horns, hoofs, or skins are received shall, to the satisfaction of the Council, at the close of every working day—

(a) Cause every floor and pavement and every drain upon his premises to be thoroughly cleansed, and

(b) *Collection, Storage, and Disposal of Litter, Filth, &c.*—He shall also at the close of every working day cause all litter, filth, or refuse or decomposed or noxious matters that may be upon his premises to be collected and placed in properly constructed durable galvanized iron or other non-absorbent vessels or other suitable receptacles furnished with air-tight covers, and he shall cause the several vessels or receptacles then to be covered, and shall cause such vessels

or receptacles, with the contents thereof, to be forthwith removed, and the contents thereof to be either burnt on the premises if such course be approved by the Council, or else removed from the premises and disposed of to the satisfaction of the Council, and

(c) *Periodic Cleansing and Lime-whiting.*—He shall also cause every part of the interior, above the floor or pavement of every building upon such premises, to be thoroughly cleansed at least four times in every year, and at the same time thoroughly washed with hot limewash, that is to say at least once during the periods between the first and twenty-first days of February, the first and twenty-first days of May, the first and twenty-first days of August, and the first and twenty-first days of November respectively.

3. *Maintenance of Buildings, Drains, and Filth Receptacles.*—Every owner or occupier of premises at which bones, hides, horns, hoofs, or skins are received in order to be stored, dried, or preserved shall, to the satisfaction of the Council—

(a) Cause every part of the internal surfaces of the walls of every building and every floor or pavement upon the premises where his trade is carried on to be kept at all times in good order and repair so as to prevent the absorption thereinto of any liquid, filth, or any noxious matter which may fall or be splashed or deposited thereon, and

(b) Cause every drain or means of drainage upon or in connexion with his premises to be maintained at all times in good order and effective condition, and

(c) Cause every receptacle for filth or noxious matters to be maintained complete and in good repair and kept clean.—*Vide* also clauses 10, 11, 12, and 13 of the General Provisions of this By-law.

SECTION NO. 3.

Fat Melting, Fat Extracting, Fat Rendering, and Tallow Melting.

1. *Construction and Drainage of Buildings.*—Every fat renderer, fat extractor, fat melter, or tallow melter, or owner or occupier of premises where such processes are respectively carried on shall cause every floor upon which any process of his business is carried on in any part of his premises, to be properly covered with a layer of concrete or other approved durable jointless impervious material, laid upon a firm foundation. He shall cause every such floor to have a self-draining slope towards a channel or gully, and shall cause every part of his premises wherein any such floor may be constructed to be effectually drained by adequate drains constructed of hard, durable, and impervious material, and communicating with a public sewer or other receptacle approved of by the Council. He shall cause every drain to be trapped (grease traps being provided where required by the Council), and the entrance thereto to be covered with a fixed grating, the bars of which shall not be more than three-eighths of an inch apart.—*Vide* also clauses 2, 7, and 10 of the General Provisions of this By-law.

2. *Appliances for treating Noxious or Offensive Effluvia.*—Every fat renderer, fat extractor, fat melter, or tallow melter, or owner or occupier of premises where such processes are respectively carried on shall cause his premises to be provided with appliances capable, as far as practicable, of rendering innocuous and inoffensive all noxious or offensive effluvia, vapours, or gases arising in any process of his business, or from any matter which may be kept or stored upon his premises.

3. *Control of Noxious or Offensive Effluvia.*—Every fat renderer, fat extractor, fat melter, or tallow melter, or owner or occupier of premises where such processes are respectively carried on shall adopt the best practicable means for insuring that every process of his business in which any noxious or offensive effluvia, vapours, or gases are generated shall be conducted in such a manner that all noxious or offensive effluvia, vapours, or gases shall be effectually intercepted on the premises and rendered innocuous and inoffensive.

4. Every fat renderer, fat extractor, fat melter, or tallow melter, or owner or occupier of premises where such processes are respectively carried on shall, to the satisfaction of the Council, cause all material used, or offensive material or refuse from the boiling pans, and all refuse, residue, or other matters from which noxious or offensive effluvia, vapours, or gases are evolved, or are liable to be evolved, to be placed in properly closed receptacles, or to be otherwise dealt with in such a manner as to prevent, as far as practicable, any noxious or offensive effluvia, vapours, or gases therefrom escaping into the external atmosphere.—*Vide* also clauses 1 and 3 of the General Provisions of this By-law.

5. *Collection and Storage of Scraps, &c.*—Every fat renderer, fat extractor, fat melter, or tallow melter, or owner or occupier of premises where such processes are respectively carried on shall, to the satisfaction of the Council, cause all scraps, litter, refuse, or residue composed of matters liable to become decomposed on his premises to be constantly gathered or swept up and placed in properly closed receptacles.

6. Every fat renderer, fat extractor, fat melter, or tallow melter, or owner or occupier of premises where such processes are respectively carried on shall, to the satisfaction of the Council, cause—

- (a) *Cleansing of Floors.*—The floor of every place in which any process of the business is carried on to be kept thoroughly cleansed, and he shall cause the premises to be constantly provided with an adequate supply of water for the purpose, and
- (b) *Periodic Cleansing of Walls.*—Cause the internal face of every wall of any building upon the premises where his trade is carried on to be thoroughly cleansed, and, after being so cleansed, to be thoroughly washed with hot limewash four times at least in every year, that is to say, at least once during the periods between the first and twenty-first days of February, the first and twenty-first days of May, the first and twenty-first days of August, and the first and twenty-first days of November respectively, and
- (c) *Daily Removal of Filth.*—At the close of every working day, cause all fat, tallow, grease, refuse, or filth which has been spilled or splashed or has fallen or been deposited upon any floor or pavement or elsewhere upon the premises where his trade is carried on, to be removed therefrom by scraping or by some other effectual means of cleansing, and
- (d) *Maintenance of Floors, Pavements, and Walls.*—Cause every part of the internal surface of the walls of every building, and every floor or pavement upon such premises, to be kept at all times in good order and repair, so as to prevent the absorption therein of any liquid, filth, refuse, or any noxious matter which may be splashed, or may fall, or be deposited thereon, and
- (e) *Maintenance of Drains.*—Cause every drain or means of drainage upon or in connexion with such premises to be maintained at all times in good order and efficient action, and
- (f) *Maintenance and Cleanliness of Receptacles.*—Cause all receptacles, apparatus, boilers, and implements used upon his premises to be kept clean and maintained in good order and repair.

SECTION NO. 4.

Blood Drying and Blood Boiling.

1. Every blood drier or blood boiler or owner or occupier of premises where such processes are respectfully carried on shall—

- (a) *Transport of Blood.*—Cause all blood brought to or from his premises to be brought thither or thence in properly closed vessels or receptacles constructed of galvanized iron or other non-absorbent material.—*Vide* also clauses 4, 6, and 12 of the General Provisions of this By-law.
- (b) *Storage of Blood.*—Cause all the blood which has been received upon the premises where his trade is carried on, and which is not required for immediate use, to be stored in such a manner and in such a situation as to prevent as far as practicable the emission of offensive or injurious effluvia therefrom, and
- (c) *Construction of Buildings.*—Cause every process of his business to be carried on in a building properly paved with asphalt, concrete, or other approved impervious material, and having walls covered to a height of at least six feet with hard, smooth, and impervious material, and otherwise constructed and maintained as prescribed in clauses 2, 7, and 10 of the General Provisions of this By-law.

2. Every blood drier or blood boiler or owner or occupier of premises where such processes are respectfully carried on shall, to the satisfaction of the Council, at the close of every working day—

- (a) *Daily Cleansing of Floors and Pavements.*—Cause every floor or pavement and up to a height of six feet the walls on his premises elsewhere than in that part of the premises where the processes of drying and packing are carried on, to be thoroughly cleansed, and

(b) *Daily Cleansing of Utensils.*—Cause every vessel or utensil and every implement which has been in use during the day upon the premises where his trade is carried on, or which is in a foul or offensive condition, to be thoroughly cleansed, and shall provide an adequate supply of water for cleansing purposes.

3. Every blood drier or blood boiler or owner or occupier of premises where such processes are respectively carried on shall, to the satisfaction of the Council—

- (a) *Maintenance of Walls and Floors.*—Cause every part of the internal surface of the walls and every floor or pavement of any building upon the premises where his trade is carried on, to be kept at all times in good order and repair, so as to prevent the absorption thereof of any liquid, filth, or refuse, or any noxious or injurious matter which may fall or be splashed, spilled, or deposited thereon.—*Vide* also clauses 10, 11, 12, and 13 of the General Provisions of this By-law.
- (b) *Maintenance of Drains.*—Also cause every drain or means of drainage upon or in connexion with such premises to be maintained at all times in good order and efficient action.

4. *Storage of Decomposable Matter. — Control of Noxious or Offensive Effluvia.*—Every blood drier or blood boiler or owner or occupier of premises where such processes are respectively carried on shall, to the satisfaction of the Council, cause all blood, blood clots, or any refuse, residue, or other matter from which noxious or offensive effluvia or vapours are evolved, or are liable to be evolved, to be placed in properly closed receptacles formed of non-absorbent material, or to be otherwise dealt with in such a manner as to prevent as far as practicable any noxious or offensive effluvia or vapours therefrom escaping into the external atmosphere.—*Vide* also clauses 1 and 3 of the General Provisions of this By-law.

5. *Treatment of Noxious or Offensive Effluvia.*—Every blood drier or blood boiler or owner or occupier of premises where such processes are respectively carried on shall, to the satisfaction of the Council—

- (a) Adopt the best practicable means of rendering innocuous and inoffensive all vapours emitted during the process of drying or boiling from the contents of any pan or other receptacle, or from any kiln or drying floor upon the premises where his trade is carried on. The boiling of blood shall be effected by means of steam and not by the direct action of fire on the pan or other receptacle containing blood. The addition of acid to blood or blood clot may be effected only in a closed non-absorbent vessel which shall be connected with apparatus of the kind mentioned in clause (b) next following—
- (b) In every case cause the vapours to pass directly from the pan or receptacle, or from the kiln or drying floor through a fire, or into a suitable condensing or absorbing apparatus or through a suitable condensing or absorbing apparatus and then through a fire in such a manner as to effectually consume the vapours, or deprive the same as far as practicable of all offensive or injurious properties.

6. *Periodic Cleansing of Building.*—Every blood drier or blood boiler or owner or occupier of premises where such processes are respectively carried on shall, to the satisfaction of the Council, cause every part of the internal surface above the floor or pavement of every building used for any process of his trade to be thoroughly cleansed, and at the same time washed with hot limewash at least four times in every year, that is to say, at least once during the periods between the first and tenth days of February, the first and tenth days of May, the first and tenth days of August, and the first and tenth days of November respectively.

| Mr. Bent | Mr. McLeod |
| Mr. Davies | Mr. Swinburne |
| Mr. Cameron | Sir A. J. Peacock |
| Mr. Sachse | Mr. Pitt. |

WHEREAS by section 87 of the *Water Act 1905* it is enacted that the Governor in Council may from time to time after any Waterworks Trust has been duly constituted make additional Orders in Council not inconsistent with the provisions of the said Act relating to such Waterworks Trust, and that the Governor in Council may in such Order, amongst other things—

- Make any order which might have been made in the original Order in Council constituting such Waterworks Trust;
- Repeal any of the provisions of any previous Order in Council relating to such Waterworks Trust;

And whereas by an Order in Council bearing date the 2nd day of November, 1891, a Trust known as the Dandenong Waterworks Trust was duly constituted, and by clause 2 of such Order it was provided that the Municipal Council of the Shire of Dandenong for the time being and one other Commissioner should be the Waterworks Trust for such Waterworks District: And whereas it is deemed necessary to alter the constitution of such Trust: Now therefore His Excellency the Governor of the State of Victoria, by and with the advice of the Executive Council of the said State, and in pursuance of the provisions of the said Act, doth hereby repeal the said clause 2 of the

Order in Council dated as aforesaid, and in lieu thereof doth hereby order that the following shall be and be deemed to be clause 2 of the said Order in Council:—

- The Councillors for the Centre Riding of the Shire of Dandenong for the time being so long as they remain such Councillors, together with three other persons, to be the Commissioners of the Waterworks Trust for such Waterworks District.

And the Honorable George Swinburne, His Majesty's Minister of Water Supply for the State of Victoria, shall give the necessary directions herein accordingly.

ROBERT S. ROGERS,
Clerk of the Executive Council.

W. eight chains seventy-four links, N. 53 deg. 15 min. W. ten chains forty-four links, N. 47 deg. 11 min. W. seven chains seventy links, and N. 60 deg. 30 min. W. four chains fifty-eight links; and thence again by the before-mentioned road bearing S. 33 deg. 9 min. E. two chains eighty-two links to the point of commencement,

in lieu of an existing road in the same parish, defined in the following description (that is say):—

County of Evelyn, parish of Nangana: Commencing at a point bearing S. 33 deg. 9 min. E. eleven links from the most northerly angle of allotment 71; bounded thence by the said allotment bearing S. 33 deg. 9 min. E. twelve chains forty-two links, S. 46 deg. 6 min. E. four chains thirty links, S. 67 deg. 4 min. E. five chains forty links, and S. 38 deg. 16 min. E. seven chains seventy links, by that allotment and allotment 34 bearing N. 87 deg. 39 min. E. six chains eighty links, and by the last-mentioned allotment bearing S. 70 deg. 46 min. E. nine chains forty-nine links; and thence by lines bearing respectively N. 26 deg. 6 min. W. one chain forty-three links, N. 70 deg. 46 min. W. eight chains sixty-four links, S. 87 deg. 39 min. W. six chains fifty links, N. 38 deg. 16 min. W. seven chains fifty links, N. 67 deg. 4 min. W. five chains fifty links, N. 46 deg. 6 min. W. fourteen chains, N. 33 deg. 9 min. W. nine chains seventy-three links, and N. 54 deg. 22 min. W. two chains seventy-six links to the point of commencement.—(77 G. 18875.)

And the Honorable John Emanuel Mackey, His Majesty's Commissioner of Crown Lands and Survey for the State of Victoria, shall give the necessary directions herein accordingly.

* Six months in the year only.

Tenders for supply of forage to more than five separate stations in any one district must be accompanied by a preliminary deposit of 10s. for each and every station over and above five, except in the case of the Melbourne District, the preliminary deposit for which shall be £25 with each tender, irrespective of the number of stations tendered for, in bank notes, or a bank draft payable to the order of the Secretary to the Tender Board (cheques will in no case be received), which will be returned within ten days to unsuccessful tenderers on their application. Such deposit to be forfeited in the event of the successful tenderer failing to complete the necessary bond within a reasonable time after the acceptance is notified.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to hold contracts for Government supplies for a period of two years.

The price must include delivery at the stations, and all charges except the bags, which will remain the property of the contractor. At stations where the bags can be at once emptied the contractor will be required to remove them when delivery is taken. At other stations, notice will be sent to the contractor when the bags are empty. Bags to be removed at contractor's expense.

For police stations, excepting the depot and institutions other than police, the successful tenderer will be required to enter into a bond for the sum of £5 per horse per station, and for the depot and other institutions a bond based on one-quarter of the total amount of the tender accepted, such bonds to be entered into within a reasonable time after the acceptance is notified. Two approved sureties are required for contracts where the sum stated in the bond is £50 and upwards, and one surety where the sum stated is under £50.

CONDITIONS OF CONTRACT.

1. The hay to be good, sound, and sweet, and properly trussed except when otherwise specified in the contract; the straw to be wheaten or oat, and both to be in all respects of the best quality; oats, white or Algerian (Victorian grown), of the best description, full kernel, clean, and free from wild oats or other objectionable seeds; bran to be sound and sweet, and of the best description; chaff to be made from oat hay of the best quality. As much forage as can be stored at any station where the storage is small will, for the convenience of the contractor, be ordered at one time.

2. The quantities stated in the schedule are only approximate, and the Government may draw either more or less than those mentioned. Should new telegraph stations be formed or additional horses be required at any station, the contractor will be required to supply the extra forage. Should the additional number of horses, however, exceed two, the contractor may, if he desires it, terminate the contract by supplying at once the whole quantity due at the station.

3. Notwithstanding anything contained in the preceding condition, the contractors for the supply to the Police Depot may be called upon to supply any Government Departments within a radius of six miles from Melbourne, for which no contracts have been taken, and also forage for any extra horses that may be at any time stabled at the depot for police purposes, at the same rates. The contract for the supply of forage to the Military Barracks may be terminated by three months' notice being given by the Secretary to the Tender Board to the contractor of such determination.

4. Should forage duly ordered under these contracts not be delivered within forty-eight hours of the time specified in the order for delivery, it will be competent for the department to purchase the same at the risk of the contractor, from whose account any expense over and above the contract price is to be deducted.

5. In the event of a difference of opinion between the contractor and the officer receiving the forage as to the quality of the same, it is to be decided by a board of survey, composed of persons named by the head of the department ordering the supply, and the decision of the Board is to be considered final.

6. If the Board shall decide that the forage is not of proper quality, it must be immediately replaced, failing which it will be procured elsewhere, and the extra cost, if any, will be charged as in clause 4.

7. When a board of survey cannot be conveniently assembled, or when, from some other cause, injury would accrue to either party by waiting for a board of survey, the officer in charge will have the power to reject such supplies as are obviously of inferior quality, but he will be responsible to the Government for so doing; and the contractor must take back the rejected forage, and supply good in its stead, failing which it will be obtained by the officer requiring it, and the expense will be charged as in clause 4.

8. A refusal to execute orders, irregularity in the quantity or quality of the forage, or delay in delivering or replacing it when required, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding £20, as the Treasurer of the State for the time being may direct. It will also be in the power of the said Treasurer, upon such refusal, irregularity, or delay, to terminate the contract forthwith.

9. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

10. Under no circumstances will a contractor be permitted to abandon his contract, and in the event of his failing to carry on his contract he will be held liable for any loss which the Government may sustain in consequence of such failure. In the event of a station being discontinued or any change in the supplies required, the contractor will receive the earliest possible intimation.

11. The contracts entered into under this notice are not to be considered as broken, infringed, or vitiated by the purchase by any Department of forage grown at any Government establishment.

Treasury,

BY-LAW NO. 113.

Traction Engines.

A By-law of the Council of the Municipality of the City of Prahran, made under sub-section 29 of section 197 of the *Local Government Act 1903*, for prohibiting or regulating the use on any public highway of traction engines or other vehicles having projections on their wheels, and under section 594 of the said Act for regulating the conditions on which traction engines may proceed over any public highway.

IN pursuance of the powers conferred by the *Local Government Act 1903*, the Mayor, Councillors, and citizens of the City of Prahran order as follows:—

Bars, Spikes, Grips, or other Projections on Wheels.

1. No person shall use or cause or procure any other person to use on any public highway any traction engine or other vehicle having on its wheels any bars, spikes, grips, or other projections. This prohibition, however, shall not apply to:—

(a) Any traction engine used only for hauling agricultural machinery or hauling a vehicle containing such machinery only, if the projections on the driving wheels of such engine consist only of bars at least two and three-quarter inches in width, and not more than one and one-sixteenth of an inch in thickness, and the space intervening between such bars does not exceed five inches; or

(b) Any traction engine, the driving wheels of which are cylindrical and smooth soled, and having no projections thereon other than diagonal bars of not less than three inches in width nor more than three-quarters of an inch in thickness, and extending the full width of the tire, and the space intervening between such cross bars not exceeding three inches; provided in such last-mentioned case—

(i.) That the owner of such engine has previously obtained from the Council or an officer of the Council duly authorized in that behalf a permit, in writing, specifying the public highways on which it may be used, and that the engine is being used on one of the highways so specified.

(ii.) That the owner has agreed, in writing, to pay to the Council the cost of making good any damage done to any roadway, bridge, or culvert by such engine or any vehicle drawn by it.

(iii.) That such engine is not being used (unless with the written consent of the Council or an officer of the Council duly authorized in that behalf) to haul more than two vehicles, exclusive of any vehicle solely used for carrying water for such engine.

(iv.) That the loading of any vehicle drawn by such engine does not exceed nine tons in weight, including the weight of such vehicle.

- (v.) That the weight carried by any vehicle drawn by such engine (including the weight of such vehicle) does not exceed three hundredweight for each half-inch of bearing-surface of the tire or felloe of each wheel of such vehicle.

Weight of Engine, &c., to be Painted thereon.

2. Every owner of a traction engine shall cause to be painted in legible letters not less than one inch long on a plate attached to the engine, or on a conspicuous place on the engine, the exact and true weight thereof, and the maximum weight of water and fuel necessary for its propulsion.

Person to be in Attendance whilst Engine contains in itself sufficient Motive Power to move it.

3. So long as the fires of a traction engine are alight, or the traction engine contains in itself sufficient motive power to move it, one person shall remain in attendance whilst it is on any public highway, although it is stationary.

Taking Engine across or along Bridges, Embankments, &c.

4. No person shall take any traction engine across or along any bridge, culvert, or embankment so as to meet or pass thereon any other traction engine or any person with a horse or a vehicle drawn by a horse.

Engines not to Halt in certain parts of Highway.

5. No person shall halt (unless through unforeseen circumstances, or unless actually engaged in loading or unloading) in any part of a road where the traffic way is narrowed by fences, excavations, embankments, dangerous depressions or such like, but shall draw off at least twenty feet from the middle of the formation in the case of a made road, or the middle of the surveyed road if unmade.

Engines not to Halt on Bridges or Culverts.

6. No person shall permit any traction engine or any vehicle attached to or drawn thereby to stop on any bridge or culvert for the purpose of drawing water, or for any other purpose whatever.

Driving Engine between Sunset and Sunrise.

7. No person shall drive any traction engine between sunset and sunrise, unless by written permission of the Council or an officer of the Council duly authorized in that behalf, defining the route to be travelled and the extended hours during which such travelling is permissible, such permission to be withdrawable at any time upon written notice to that effect being served on the owner or driver of the engine or being forwarded to him by registered letter. No person who has received such written permission shall drive any traction engine between sunset and sunrise unless there shall be exhibited on such engine proper and sufficient carriage or other approved lights, one at each side on the front and one in the rear, or when a vehicle or vehicles are being drawn by such engine, then in the rear of the last vehicle.

Wooden Planks to be carried on Engine, &c.

8. No person shall use or cause or procure to be used on any public highway any traction engine unless there is carried on such engine or some vehicle drawn by the same at least four wooden planks twelve inches in width, four inches in thickness, and at least twelve feet in length, and when crossing any bridge or culvert the driver or the person in charge of such engine shall lay down such planks, and no engine shall be permitted to cross over any bridge or culvert except on such planks.

Skidding of Wheels of Engine.

9. The driver of a traction engine shall shut off steam immediately the driving wheels of the engine commence to skid, and he shall not start the engine again until he has taken all necessary and proper means to prevent damage being done to the highway by the skidding of the wheels.

Penalties.

10. Any person shall for any wilful act or default contrary to this By-law be liable to the following penalty:—

- (a) For the first offence, a fine not exceeding Three pounds.
- (b) For the second offence, a fine not exceeding Five pounds.
- (c) For any subsequent offence, a fine not exceeding Ten pounds.

Extent of Operation of By-law

11. This By-law shall apply to and have operation throughout the whole of the municipal district of the City of Prahran.

We hereby certify that the foregoing By-law was duly made and passed by the Council of the City of Prahran upon the 14th day of October, 1907, and that the same was duly confirmed by the said Council upon the 9th day of December, 1907.

(SEAL) HENRY UPTON, Mayor,

Local Government Act 1903.

CITY OF PRAHRAN.

WHEREAS, in pursuance of the powers conferred by the above Act, the Council of the Municipality of the Mayor, Councillors, and Citizens of the City of Prahran deems it expedient to—

(a) provide pleasure grounds adjoining the Council's Depot between Raleigh-grove and Demurska-street, Windsor; and

(b) provide machinery for the treatment of refuse and site for same in Surrey-road, South Yarra, for which, in its opinion, the exercise of the compulsory power of taking land is necessary, and has instructed its surveyor to prepare maps and plans of such proposed undertakings in compliance with the provisions of Division 3 of Part XVII. of the above Act. Notice is hereby given that maps and plans showing the nature and extent of the proposed undertakings and the exact site and admeasurements thereof, and the lands on which the same is proposed to be placed, with the names of the owners or reputed owners, lessees or reputed lessees, and the occupiers thereof so far as such names can be ascertained by the Council, have been approved by the Council, and are deposited at the offices of the Council, Chapel-street, Prahran, and are open for inspection by all persons interested between the hours of Ten o'clock in the forenoon and Four o'clock in the afternoon on all week days except Saturday, and on Saturday between the hours of Ten o'clock in the forenoon and Twelve o'clock noon.

All persons affected by the proposed undertakings are hereby required, within Forty clear days from the publication of this notice in the *Government Gazette*, to set forth, in writing, addressed to the said Council or the Municipal Clerk, all objections which they may have to the proposed undertakings.

Dated this nineteenth day of December, 1907.

523

JOHN ROMANIS, Acting Town Clerk.

NOTICE is hereby given that the Council of the Borough of Castlemaine, by resolution passed on 29th November, 1907, abolished the pound situated at the south-west corner of section 20, and appointed all that piece or parcel of land being allotments 9 and 10 of section 84, within the said Borough, to be a pound.
