ADDITIONAL REGULATION RELATING TO THE EXAMINATION OF MASTERS AND MATES.

THE Marine Board of Victoria, under the powers conferred upon it by the *Marine Act 1890* to make Regulations for the conduct of the examination of persons desiring to obtain Certificates of Competency as Masters and Mates, and as to the qualifications to be possessed by such persons, doth hereby, with the consent of the Governor in Council, make the following additional Regulation, that is to say:—

ADDITIONAL REGULATION.

Every candidate for a Certificate of Competency for the grade of Master or Mate of a foreign-going ship, or of a home-trade ship, exceeding 100 tons gross registered tonnage, will be required to show that he possesses a knowledge of First Aid to the Injured, and proof thereof must be given by means of a certificate to such effect granted by either the St. John Ambulance Association or the St. Andrew's Ambulance Association.

This Regulation shall form portion of "The Regulations for the Examination of Masters and Mates" made by the Board on the 28th day of August, 1903, and published in the *Government Gazette* on the 16th day of September, 1903, and shall be read in connexion therewith, and shall come into operation on the 1st day of January, 1909.

The foregoing additional Regulation was made and passed at a meeting of the Marine Board of Victoria, held this 7th day of August, in the year of our Lord One thousand nine hundred and eight.

ARCHD. CURRIE, President.

Approved by the Governor in Council

Clerk of the Executive Council.

AMENDED REGULATIONS RELATING TO THE PORT PHILLIP PILOT SICK AND SUPER-ANNUATION FUND.

UNDER the powers in that behalf conferred by section 96 of the *Marine Act 1890*, the Pilot Superannuation Board doth make the Regulations following amending the Regulations heretofore made for the maintenance of the Port Phillip Pilot Sick and Superannuation Fund, and for the distribution of the annual income thereof (that is to say):—

1. These Regulations shall form portion of the Regulations relating to the Port Phillip Pilot Sick and Superannuation Fund made by the Board on the 3rd day of July, 1895, and shall be read in connexion with the same, and shall come into operation on the date of publication hereof in the *Government Gazette*, on which date certain amended Regulations made on the 28th day of May, 1902, shall be repealed.

2. *Superannuation.*—Pilots who have served ten years and upwards, and who have been permitted to retire from the Pilot Service in accordance with the Regulations of the Marine Board, shall be entitled to an annual pension from the Sick and Superannuation Fund, according to the scale of pensions set forth in Schedule (1) hereto, provided that no pension shall be granted for more than thirty-five years' service.

3. *Lump sum in lieu of Pension or on Resignation after Ten Years' Service.*—Where any pilot shall have become entitled to a pension, as provided in the foregoing Regulation, and he is desirous of accepting a lump sum in lieu thereof, or where any pilot who has served as such for not less than ten years is permitted to resign, he shall be entitled to be paid a sum calculated at the rate of £35 for the first year of completed service, £36 for the second year of such service, £37 for the third year of such service, and so on increasing One pound for each additional year of completed service up to thirty-five years, provided that such pilot grants a release to the Board from all future claims against the Fund on behalf of himself and of his wife and of his children (if any), and provided further that no payment shall be made for a greater length of service than thirty-five years.

4. *Provision for Widows of Pilots.*—On the decease of a pilot in the exercise of his calling after having served ten years and upwards, or subsequent to his being placed on the superannuation list, and leaving a widow him surviving, the said widow shall be entitled to receive a pension from the Sick and Superannuation Fund, in accordance with the scale prescribed in Schedule (2) hereto, subject to the proviso that the pension to the widow of any pilot shall in no case exceed £45 per annum, unless she shall have been married to him ten years or upwards

at the time of his death or superannuation, whichever may first have happened, and shall in no case exceed £55 per annum, unless she shall have been married to him at least fifteen years at the time of such decease or superannuation, whichever may first have happened, and shall in no case exceed the amount specified as pension for the widow of a pilot who has served thirty-five years.

5. *Increase or Reduction of Pensions.*—If at any time after the granting of any pension the particular scale on which the same was originally computed or is, for the time being, paid (hereinafter referred to as the "old scale") be superseded or altered, with the result that the pension of a person whose claim to a grant arises subsequently to such supersession or alteration (with, for computation purposes, identical or like services to that of the pilot incidental to whose services the pension was granted at the date when the right to a pension accrued), will, under the new scale, be computed and allowed at a different amount, either higher or lower, than is or would be payable in like case under the old scale; then, and in every such case (to take effect from the date when the new scale came into force) every pension theretofore granted to which this clause has application shall thereupon be and be deemed to be increased or reduced, as the case may be, by an amount representing the difference between the rate the pensioner was in law entitled to be paid immediately prior to the new scale coming into force and the rate which the pensioner would receive under the new scale had the same been in force at the date when his claim to the grant of a pension originally arose, and shall so continue raised or reduced until the new scale is in its turn superseded or altered (if at all), and so on from time to time.

The foregoing amended Regulations were made and passed at a meeting of the Pilot Superannuation Board held this tenth day of August, in the year of our Lord One thousand nine hundred and eight.

ARCHD. CURRIE, Chairman.
HENRY G. TURNER, Member.
J. GEO. MCKIE, Secretary.

5. Every application must be made on the prescribed form, and be accompanied by the registration fee of 5s., and by a deposit equal to the first instalment of the purchase money prescribed for the most valuable allotment applied for and the lease fee (£1).

6. Advances will only be paid on the certificate of the Architect that the conditions of contract have been complied with in every particular.

10. The lessee must, within four months, enter into *bond fide* occupation of his allotment and reside there permanently. Substituted residence may be arranged in special cases with the approval of the Board.

2. No person shall depasture on the Common stock of which he is not the *bona fide* owner.

3. The fees for depasturing on the Common shall be as follow, and shall be paid half-yearly, in advance, on the first day of January and the first day of July in every year:—For every horse, gelding, mare, colt, or filly, Ten (10) shillings per annum; for every head of other large cattle, Eight (8) shillings per annum; for every head of small cattle, Three and fourpence per annum.

4. No bull or entire horse over the age of nine months shall be allowed to depasture on the Common without permission, in writing, of the managers, who may refuse to allow thereon any animal which, in their opinion, is likely to prove a nuisance.

5. The managers of the Common shall appoint certain times and places for registering and branding stock, and shall give due notice thereof; and the managers or herdsman shall attend at such times and places for the purpose aforesaid. All persons desirous of depasturing on the Common shall be in attendance therewith at the times and places appointed, for the purpose of giving a full and correct description of such stock and assisting to brand the same, and shall pay the prescribed fees for such stock before the same are registered or branded with the Common brand.

6. All stock depastured on the Common and registered the previous half-year, on which the prescribed fees shall remain unpaid for a period of six days after the commencement of each half-year, shall be liable to be treated as trespassers, and all other stock found on the Common and not registered the previous half-year shall forthwith be treated as trespassers.

7. Neither the managers nor the herdsman shall be responsible for the loss of, or injury to, any stock depasturing on the Common.

8. No person shall remove registered stock from the Common without the consent, in writing, of the managers or the herdsman, and the herdsman shall assist the owners to separate any stock they may require to remove.

9. No stock affected with any contagious disease shall be allowed to depasture on the Common.

10. No dead animal shall be allowed to remain on the Common, and if a carcass be not removed after six (6) hours' notice has been given to the owner thereof, the managers shall be at liberty to cause such carcass to be removed and buried or destroyed (if necessary) at the expense of the owner thereof, and to refuse the registration of any other stock of such owner until the expense so incurred has been paid.

Every person offending any of the foregoing Regulations shall, on conviction before any justice, forfeit and pay a penalty not exceeding Twenty pounds (£20) for each offence.

Printed forms of tender, showing estimates of requirements and conditions of contract, may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge of police at any of the above-mentioned places, by whom also any information or explanation will be afforded to persons tendering.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per ton of 40 cubic feet for firewood, including delivery at the offices and all charges. Prices should only be quoted for requirements where estimates are shown above.

Tenders, which should be upon the printed form, will be received for either one or more of the above-mentioned places, and tenders for such places may be accepted or rejected separately; but if all lengths of firewood be included in one tender it may be accepted for one length only, if advisable.

Where the kind or kinds of wood is not mentioned in the tender form, tenderers must specify the kind or kinds of firewood they offer to supply.

Telegrams, or tenders not complying with the terms of advertisement, will not be entertained.

The successful tenderer will be required to enter into a bond for £10, with two approved sureties for the due performance of the contract, within ten days after the acceptance is notified.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Firewood at ..." as the case may be, and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by Gazette notice, and by letter to accepted tenderers.

CONDITION OF CONTRACT.

1. As the exact quantity of firewood which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.

2. All the firewood supplied under these contracts must be split out of large timber, and must be perfectly sound, dry, and of the kind or kinds specified in the tender; neither birch wood, heartwood, small branches, nor outside pieces of bark will be received. The billets must be not less than 4 inches nor more than 6 inches in diameter. The long wood to be not less than 9 inches nor more than 18 inches in diameter. Delivery to be made on the written order of the chief officer of the Department requiring the supply. The ton of firewood consists of 40 cubic feet. If the firewood is obtained from a State forest timber reserve, or ordinary Crown lands, persons cutting and removing same must be provided with proper Crown licences for the particular areas concerned.

3. Orders will be issued half-yearly (except in cases where the storage is small, when they will be issued quarterly); but the contractor must have 24 hours' notice before purchases are made at his risk.

4. The contractor will be bound to place it in stacks for measurement on such ground as may be pointed out. The stacks are to be 2 feet wide (or 4 feet 6 inches for long wood) by 5 feet high, with space between each stack for measuring; and the billets (or lengths) are all to lie the same way, viz., crossways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack and to the satisfaction of the officer receiving the supply. In the event of any inconvenience being felt, either through delay in delivery or of stacking the wood, the Department concerned will purchase the same or re-stack that delivered, at the contractor's risk, from whose account any expense incurred thereby will be deducted.

5. The officer receiving the supply shall have full power to reject any wood which he may consider not in accordance with the contract, notice of which will be given to the contractor in writing, stating the reason. The contractor may, however, claim a survey; but in that case he must, within 48 hours after objection is made, give notice thereof in writing to the officer rejecting the wood.

6. The board of survey will be composed of persons appointed by the Honorable the Treasurer, and the decision of the board of survey is to be considered as final.

7. If the board of survey shall decide that the supply is not of proper quality, it must be immediately replaced by the contractor; failing which, it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 4.

8. Accounts for firewood to be rendered to the Department receiving the supply immediately upon completion of the order, which must be attached to the accounts. Payment will be made at the receipt and pay office of the district, or at the Treasury, Melbourne, as the contractor may require.

9. In the event of any irregularity on the part of the contractor being repeated, it will be competent for the Government, in case such irregularity should be established to the satisfaction of the Tender Board, to cancel the contract forthwith.

10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

11. Under no circumstances will a contractor be permitted to abandon his contract.

12. No subletting will be allowed; all work must be carried out by the contractor, and the hours of employment of any person engaged in cutting or supplying the firewood tendered for in this schedule are not to exceed 48 per week, and every such person shall be paid at a minimum wage of not less than 6s. a day; and a copy of these conditions shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from any accounts which are or may be due to the contractor, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

Treasurer.

The general conditions hereunder will apply in every case where not expressly stated to the contrary, and special conditions will also apply where provided. Full particulars may be obtained from the officer in charge in each case or on application to this Department.—(F.59111.)

GENERAL CONDITIONS.

1. No tender will necessarily be accepted.
2. The deposit mentioned in each case must accompany each tender.
3. Tenders must be at a price per ton, irrespective of the species of wattle, and the bark must be weighed at the weighbridge named in each case, or at a weighbridge approved by the officer in charge and at the expense of the licensee. Duplicate weighbridge tickets must be provided, and, if so directed by him, the bark must be weighed in the presence of the officer in charge.
4. Royalty must be paid in two instalments, the first payment covering all bark removed by 2nd December, 1908, and the second payment covering all bark removed by 28th February, 1909, by which latter date all work must cease, and all bark, stripped or otherwise, remaining on the area after that date shall be the property of the Crown.
5. No tree shall be felled or stripped on any beauty spot, picnic ground, or on any portion of any area which the officer in charge points out as not to be operated upon, and no particular tree, specially marked by him to remain standing, shall be felled or stripped, wherever situated.
6. No tree shall be felled so as to fall into any water-course, or so as to obstruct any road or track.
7. No tree of less than 5 inches diameter at a height of 2 feet from the ground shall be stripped when of the black or feather-leaved variety, or less than 2½ inches in diameter at a height of 2 feet from the ground, when of the broad-leaved species, unless otherwise stated herein, and wherever a size limit is mentioned it shall be at a height of 2 feet from the ground. Notwithstanding this, trees of any diameter may be stripped with the express permission of the officer in charge, if diseased, or for other, in his opinion, valid reason.
8. The whole work to be done under the supervision of the officer in charge, and in accordance with his instructions.

9. Bark must be properly bundled, securely tied, and stacked in heaps of not less than 10 cwt., in clear places only, and the licensee must take every reasonable precaution against fire. A space of at least 40 feet round each stack must be cleared of grass and rubbish.

10. No bark must be removed without the express permission of the officer in charge.

11. Camps must be pitched and fires lighted only in such places as shall be pointed out by the officer in charge, and the licensee shall, on demand of that officer, instantly dismiss from his employ any person or persons who shall carelessly use, leave, or light any fire, whether by smoking, cooking, or other operations, or who shall otherwise act in contravention of these conditions.

12. No live tree, other than wattle, must be cut or broken, or firewood used, without the express permission of the officer in charge.

13. The violation of any of the above or following conditions will render the licence null and void, and the Honorable the Minister of Forests shall have power to confiscate to the Crown all bark stripped to date of violation. The officer in charge, in his discretion, shall have power to instantly suspend operations pending the decision of the Honorable the Minister of Forests being made known.
