REGULATIONS.

THE LICENSING OF SAILING AND MOTOR BOATS AND OF PERSONS IN CHARGE THEREOF, AND FOR THE EQUIPMENT THEREOF WHEN PLYING FOR HIRE OR LET OUT ON HIRE FOR THE CARRIAGE OF PASSENGERS.

IN pursuance of the powers conferred upon it by the *Marine Act 1890*, and the Acts amending the same, the Marine Board of Victoria, with the approval of His Excellency the Governor of Victoria, acting by and with the advice of the Executive Council thereof, do hereby make the Regulations following, that is to say:—

GENERAL.

1. *Short Title.*—These Regulations may be cited as "The Passenger (Sailing and Motor) Boat Regulations 1908."

2. *Commencement and Repeal.*—These Regulations shall come into operation on the first day of November, 1908, on which date all previous regulations relating to the licensing of boats and boatmen and the equipment of boats plying for hire for the carriage of passengers shall be and stand repealed: Provided, however, that such repeal (except as regards a licence of a sailing boat which since the issue of any licence has been fitted with a motor engine, as regards which sailing boat any licence heretofore issued with respect to it shall forthwith determine) shall not affect any licence issued under the regulations referred to, or any of them, before the commencement of these regulations, but these regulations shall be construed to apply to such licences and the holders thereof to the same extent as if such licences had been issued hereunder.

3. *Definitions.*—For the purposes of these regulations, the words following shall have the meanings set opposite to each:—

"Boat" shall include any craft or vessel of any kind whatsoever which may be used for or engaged in the carriage of any passenger or passengers for hire or reward of any kind, but shall not include a boat exclusively propelled by oars, or by steam power, and for the purposes of these regulations the boats to which such regulations apply shall be divided into three classes, namely:—

(a) Boats propelled by sails only hereinafter referred to as "Sailing Boats."

(b) Boats propelled only by power generated by gas, oil, fluid, electricity, or other mechanical power other than steam, hereinafter referred to as "Motor Boats."

(c) Sailing Boats fitted with auxiliary motor engines hereinafter referred to as "Motor Sailing Boats."

"Boatman" shall mean any person who may be engaged in the navigation of any sailing boat.

"Motor Boatman" shall mean any person having the control and management of a Motor Boat not exceeding fifteen (15) tons gross tonnage.

"Marine Motor Driver" shall mean any person having charge of the propelling machinery of any Motor Boat or Motor Sailing Boat.

4. *Licence Fees.*—Every application for any licence to be granted under these regulations shall be accompanied by the amount of the appropriate fee as prescribed by Schedule I. hereto.

5. *Licences.*—Licences issued under these regulations shall be in the forms respectively prescribed in Schedules XIV. to XIX. hereto inclusive.

6. *Refusal of Licence.*—The Board may refuse to issue a licence under these regulations without assigning any cause for such refusal.

7. *Cancellation of Licence.*—The Board may at any time cancel any licence issued under any regulations heretofore in force or under these regulations without assigning any cause for such cancellation, and when such cancellation is in respect of any boat licensed under these regulations, or under regulations repealed, as hereinbefore provided, the owner thereof shall forthwith remove from the boat any marks purporting to imply that such boat is licensed.

8. *Licence Lost or Destroyed.*—When any licence issued by the Board has been lost or destroyed, and satisfactory proof of such loss or destruction has been furnished, a duplicate may be issued on payment of a fee of One shilling. A statutory declaration as to such loss or destruction must be made by the applicant, and forwarded to the Secretary to the Marine Board.

9. *Penalty.*—Any breach of these regulations shall be punishable by a fine not exceeding Fifty pounds.

BOATS.

10. *Boat to be Licensed.*—No boat in Victoria outside the Port of Melbourne, as defined in the Second Schedule to the *Melbourne Harbor Trust Act 1890*, or outside the Port of Geelong, as defined in the First Schedule (Part I.) of the *Geelong Harbor Trust Act 1905*, shall in any waters ply for hire for the carriage of passengers, or shall be let out on hire unless such boat be duly licensed by the Board in accordance with these regulations to ply or be let out within such waters.

11. *Duration of Licence.*—A licence issued in respect of a Motor Boat or of a Motor Sailing Boat shall, unless sooner cancelled by the Marine Board, continue in force from the date of issue of the same until the 30th day of September then next and no longer; a licence issued in respect of a Sailing Boat shall continue in force only so long as any such boat shall be maintained and equipped in every respect as required by these regulations.

12. *Application for Licence.*—Any person desiring to obtain a licence under these regulations for any boat shall make application to the Secretary to the Board on the form appropriate thereto as prescribed in Schedules II., IV., and X. to these regulations, as the case may be.

13. *Inspection of Boat before Issue of Licence.*—Before any boat can be licensed, the same must be inspected by such officer or person as the Board may appoint for the purpose, and such officer or person shall, if he considers any boat suitable for the purpose of carrying passengers, within the port or limits named, and properly equipped therefor, give his certificate accordingly in the form appropriate thereto, as provided in Schedules III., V., and XI. to these regulations, as the case may require.

14. *Inspection of Boat from time to time.*—Any officer or person appointed by the Board for that purpose may, from time to time, inspect any boat licensed under any regulations heretofore in force or under these regulations, and shall be afforded every facility by the owner or person in charge to make such inspection.

15. *Number of Passengers—How Determined.*—Before being licensed every boat shall be measured by an officer of the Board or person appointed for the purpose, and the number of adults which the said boat may carry shall be determined as follows:—

(1) Sailing Boats, Motor Sailing Boats, and Motor Boats, the latter being open boats or partially decked and fitted with cockpits, shall be permitted to carry adults in the proportion of one to each eighteen (18) inches of seating accommodation furnished, provided that such seating accommodation shall be clear of all interference with the proper working of the boat.

(2) Motor Boats which are entirely decked—

(a) If plying on rivers or land-locked lakes only shall be permitted to carry adults in the proportion of one for every three (3) square feet of the clear deck area and one for every nine (9) feet of the superficial area of the tops of saloon houses or of bridge decks, or of any one saloon or cabin under the main deck.

(b) If plying in waters other than on rivers or land-locked lakes only, the number of adults which may be carried shall be ascertained in the same manner as prescribed in (a) hereof, with the exception that the divisor for ascertaining the number of adults in respect of the clear deck area shall be six (6) instead of three (3).

The foregoing procedure is subject to the measuring officer or other person as aforesaid being satisfied that the boat will be sufficiently stable with the full number of passengers on board; if the officer or such other person has any doubt on this point he shall submit full particulars in writing, to the Board, which may determine the number of passengers in respect of which a licence may be issued; for the purpose of this regulation two (2) children under twelve (12) years of age shall be reckoned as equal to one (1) adult.

16. *Particulars to be Painted on Boat.*—Each boat licensed under these regulations shall be assigned a number by the Secretary, which number the owner of such boat shall cause to be painted upon the bows thereof in figures of not less than 4 inches in height. Each boat, whether licensed under any regulations heretofore in force or under these regulations, shall have the name thereof painted plainly on the outside of the stern, and, subject to the exception hereinafter contained, on the inside thereof there shall be painted in letters or figures of not less than 2 inches in height the maximum number of passengers such boat is licensed to carry. Provided that where the number of passengers which may be carried cannot be conveniently painted on the inside of the stern, then in lieu thereof the licence issued by the Board shall be put

up by the owner or person in charge in some conspicuous part of the boat where it will be visible to all persons on board, and such licence, being a licence then in force, shall be so exhibited at all times when carrying passengers; provided that in the case of a double-ended boat the name thereof shall be painted on each side of the outside of the stern; the particulars herein required shall not be altered during the currency of any licence except with the sanction of the Marine Board duly applied for and obtained.

17. *Particulars—How to be Painted.*—All letters or figures required to be painted shall be painted in white paint on a dark ground, or in black paint on a light ground.

18. *Certificate of Officer.*—No licence in respect of any boat shall be issued until a certificate appropriate thereto as prescribed in Schedules III., V., and XI. to these regulations, as the case may require, has been forwarded to the Board by the proper officer, that the requirements of these regulations have been fully complied with.

19. *Condition of Boats.*—If any owner or person having charge of any boat shall permit such boat to be used in the conveyance of any passengers for hire or reward of any kind, or to be let out on hire, such boat not being in good order and condition in respect of hull or hull and machinery, as the case may be, or without being properly fitted or equipped in every respect for the carriage of passengers as required by these regulations, he shall be deemed guilty of a breach of these regulations, and punishable accordingly, and the licence for such boat may be cancelled.

20. *Boat to be in Charge of Licensed or Certificated Person.*—Every boat used in the conveyance of passengers for hire or reward of any kind must be in charge of a duly licensed or certificated person, as follows:—

(a) A Sailing Boat in charge of a boatman.

(b) A Motor Sailing Boat in charge of a boatman, who must also be in possession of a licence as a motor boatman appropriate to the class of engine installed in such boat, provided that if the boatman-in-charge be not also the holder of such a licence then the machinery of any such boat shall be in charge of a person possessing the requisite licence.

(c) A Motor Boat not exceeding fifteen (15) tons gross tonnage in charge of a motor boatman holding a licence appropriate to the class of engine installed in any such boat, and when carrying passengers in excess of fifteen (15) a competent assistant must also be on board, whose age must not be less than fifteen (15) years on his last birthday.

(d) A Motor Boat exceeding fifteen (15) tons gross tonnage in charge of a duly certificated master in accordance with the provisions of sub-section 2(a) of section 65 of the *Marine Act 1890*, and for the purpose of these regulations the holder of a certificate of competency as a master applicable to steam-ships in the river and bay service shall be deemed to be duly certificated; in addition, the propelling machinery thereof must be in charge of a marine motor driver.

21. *Exemption.*—The regulation next preceding (No. 20) shall not apply in cases where a boat, being a boat not exceeding fifteen (15) tons gross tonnage, is specially engaged by one or more persons who is or are willing to undertake the whole charge and responsibility of the same; provided that no owner or other person in charge shall let any boat out for hire unless he is satisfied that the applicant or applicants is or are capable of navigating or controlling the said boat, either as a sailing boat or as a motor boat, as the case may be. A book is also to be kept, in which is to be recorded the name and address of the hirer.

22. *Equipments.*—No boat shall be licensed under these regulations unless such boat is furnished to the satisfaction of the certifying officer with the equipments appropriate thereto, as set out hereunder, that is to say:—

(a) A Sailing Boat or a Motor Sailing Boat must be furnished with an approved life belt for every person licensed to be carried on board, a full complement of masts, sails, oars, seats, and all other gear necessary for the safe navigation of the boat, including a lantern with a green glass on one side and a red glass on the other for exhibition in sufficient time to prevent collision on approaching or being approached by another vessel, so that the green light shall not be seen on the port side nor the red light on the starboard side.

(b) A Motor Boat plying on any river or on any land-locked lake only must be furnished with two (2) approved life buoys, and with a lantern similar to that described in sub-division (a) hereof.

(c) A Motor Boat plying in waters other than on rivers or land-locked lakes only must be furnished with an approved life belt for every person licensed to be carried on board, two (2) approved life buoys, a suitable anchor and cable, a sea anchor with fifteen (15) fathoms of line attached thereto, one (1) oil bag, and one (1) gallon of oil for same, one (1) light inextinguishable in water, one (1) foghorn, one (1) efficient bell, four (4) approved oars, four (4) rowlocks, apparatus necessary for the proper exhibition of lights between sunset and sunrise in accordance with the requirements of Article 7 of the "Regulations for Preventing Collisions at Sea" for the time being in force under the provisions of section 133 of the *Marine Act 1890*, and with one (1) boat, which may be towed astern; provided that the Marine Board may, upon the recommendation of an officer of the Board, in any case wherein they think it expedient so to do, relieve any such motor boat from compliance with the requirements of this sub-clause in respect of oars, rowlocks, or a boat towed astern.

No owner or person in charge of any licensed boat shall allow her to be used in the carriage of passengers, or be let out for hire or valuable consideration when not carrying the furniture and equipment required by these regulations.

23. *Extinguishing Fire.*—Every Motor Boat and every Motor Sailing Boat fitted with an engine generating power by petrol or other oil, and in respect of which application is made for the granting of a licence under these regulations, shall be furnished with and at all times carry a proportionate quantity of dry sand, equal to one-half of a cubic foot for every complete twelve feet in length of the hull; such sand together with a suitable scoop or shovel shall be kept in a box readily accessible for the purpose of extinguishing fire.

24. *Position of Life Buoys and Life Belts.*—All life buoys and life belts shall be so placed as to be readily accessible to all persons on board, so that their position may be known to those for whom they are intended in case of emergency.

25. *Boat, &c., to be Maintained in Good Order.*—The hull, gear, equipments, and machinery, if any, of every licensed boat shall, while she continues to be licensed, be kept in good order and condition by the owner or person in charge thereof; and if at any time, the officer appointed by the Board to make an inspection of such boat shall report to the Board that this regulation has not been complied with, the licence may be immediately withdrawn and cancelled.

26. *Boat to be Ballasted.*—Every boat in respect of which application may be made for the granting of a licence under these regulations shall, as a condition precedent to the issue of such licence, be ballasted to the satisfaction of the officer or person appointed by the Board for that purpose, and such ballast shall be properly secured to prevent the same from shifting, and shall be maintained in position whenever such boat is engaged in the carriage of any passenger or passengers.

27. *Property of Passengers left in Boat.*—All goods and property left in any licensed boat shall be handed over by the person in charge thereof, to the nearest officer of police as soon as practicable after such has been found.

28. *Care of Boats let out on Hire.*—The person or persons to whom a boat licensed under any regulations heretofore in force or under these regulations is let on hire shall be held responsible for such boat, and also for the observance of these regulations until such boat is taken back and returned to the owner or other person from whom hired.

TENDERS will be received up to One p.m. on Wednesday, 7th October, 1908, for the right to depasture stock for a term of three years, on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined special conditions. The licence will be renewable annually to 31st October, 1911, and in the event of any application for renewal for a further term being made, the manner in which the area has been protected from injury by fires during the term of the licence and the conditions thereof have been observed will be fully considered.

Every licence granted under section 187 of the Land Act 1901 shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Conditions.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the Land Acts, except under the 187th section of the Land Act 1901, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the Land Act 1901, or for mining purposes.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the Land Acts may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 189 of the Land Act 1901 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act 1890* in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. In the event of the area being damaged by fire, the licence may be forfeited unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants were in any way responsible therefor.

Special Conditions.

1. The period of occupation will be for twelve months—from 1st November, 1908, to 31st October, 1909, with a licence renewable for two years thereafter.

2. The fee for the period from 1st November, 1908, to 31st October, 1909, for which the licence will be issued, and fee for licence—must accompany the tender, otherwise the offer of the next highest tenderer who complies with this condition may be accepted.

4. Separate tenders must be lodged for each block.

5. *Tenders to be addressed to the Secretary for Lands (Tender Box), Melbourne.*

Plans can be seen and information may be obtained in this office.

Section 13, *Land Act 1904*, provides:—

1. Where a licensee under section 187 of the *Land Act 1901* has, with the consent of the Minister, enclosed with a substantial fence the land which is the subject of his licence, he may impound any cattle, sheep, or other animals found trespassing thereon.

2. Where the licensee holds land under the said section which is unfenced, he may, in any Court of competent jurisdiction, sue the owner of any cattle, sheep, or other animals for damages arising from trespass by such cattle, sheep, or other animals.

Plans will be posted for inspection at Inquiry Room, Lands Department, Melbourne, at the principal Post Offices throughout the districts, and at the Land Offices at Bairnsdale Sale, Omeo, Beechworth, Benalla, Alexandra, Seymour, Bendigo, Geelong, Ballarat, Ararat, Stawell, Horsham, Hamilton, Warracknabeal, St. Arnaud.

Tenders should be placed in the Crown Lands Office Tender-box not later than One p.m. on Wednesday, 21st October, 1908.

NOTE.—No tender will be accepted unless the fee for the period from 1st November, 1908, to 30th September, 1909, and fee of Five shillings for licence, are forwarded.

TENDERS will be received up to One p.m. on Wednesday, 21st September, 1908, for the right to depasture stock for a term of three years, on the following unappropriated portions of land subject to the Regulations approved by the Governor in Council and also the subjoined special conditions. The licence will be renewable annually to 30th September, 1911, and in the event of any application for renewal for a further term being made, the manner in which the area has been protected from injury by fires during the term of the licence and the conditions thereof have been observed will be fully considered.

Every licence granted under section 187 of the Land Act 1901 shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Conditions.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any of the provisions of the Land Acts, except under the 187th section of the Land Act 1901, or being resumed by order of the Governor or Administrator of the Government of Victoria, with the advice of the Executive Council, for any of the purposes for which land may be reserved under section 10 of the Land Act 1901, or for mining purposes.

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the Lands Acts may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land, for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 189 of the Land Act 1901 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licence shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the Government Gazette, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

Every licence granted under section 187 of the Land Act 1901 shall be subject to the conditions set forth in the schedule hereto and to such special conditions and payment in advance of such fee as the Minister may determine, and shall be issued by an officer of the Department of Lands and Survey duly authorized in that behalf.

Conditions.

1. 2. 3. This licence is subject to the rights of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without authority in writing by the Minister, is forbidden.

8. That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 189 of the Land Act 1901 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licence shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the Government Gazette, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring-barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling and other stock, and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the Thistle Act 1890 in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of sawmillers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. In the event of the area being damaged by fire, the licence may be forfeited unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants were in any way responsible therefor.
