IN pursuance of the powers conferred by the *Local Government Act 1903*, the President, Councillors, and Ratepayers of the Shire of Buninyong order as follows:—

*Bars, Spikes, Grips, or other Projections on Wheels.*

1. No person shall use or cause or procure any other person to use on any public highway any traction engine or other vehicle having on its wheels any bars, spikes, grips, or other projections. This prohibition, however, shall not apply to—

(a) Any traction engine used only for hauling agricultural machinery, or hauling a vehicle containing such machinery only, if the projections on the driving wheels of such engine consist only of bars at least two and three-quarter inches in width, and not more than one and one-sixteenth of an inch in thickness, and the space intervening between such bars does not exceed five inches; or

(ii.) That the owner has agreed, in writing, to pay to the Council the cost of making good any damage done to any roadway, bridge, or culvert by such engine or any vehicle drawn by it.

(iii.) That such engine is not being used (unless with the written consent of the Council or an officer of the Council duly authorized in that behalf) to haul more than two vehicles, exclusive of any vehicle solely used for carrying water for such engine.

(iv.) That the loading of any vehicle drawn by such engine does not exceed nine tons in weight, including the weight of such vehicle.

(v.) That the weight carried by any vehicle drawn by such engine (including the weight of such vehicle) does not exceed three hundredweight for each half inch of bearing surface of the tire or felloe of each wheel of such vehicle.

2. Every owner of a traction engine shall cause to be painted in legible letters not less than one inch long on a plate attached to the engine, or on a conspicuous place on the engine, the exact and true weight thereof, and the maximum weight of water and fuel necessary for its propulsion.

*Person to be in Attendance whilst Engine contains in itself sufficient Motive Power to move it.*

3. So long as the fires of a traction engine are alight, or the traction engine contains in itself sufficient motive power to move it, one person shall remain in attendance whilst it is on any public highway, although it is stationary.

*Taking Engine across or along Bridges, Embankments, &c.*

4. No person shall take any traction engine across or along any bridge, culvert, or embankment so as to meet or pass thereon any other traction engine or any person with a horse or a vehicle drawn by a horse.

*Engines not to Halt in certain parts of Highway.*

No person who has received such written permission shall drive any traction engine between sunset and sunrise unless there shall be exhibited on such engine proper and sufficient carriage or other approved lights, one at each side on the front and one in the rear, or when a vehicle or vehicles are being drawn by such engine, then in the rear of the last vehicle.

*Wooden Planks to be carried on Engine, &c.*

8. No person shall use or cause or procure to be used on any public highway any traction engine unless there is carried on such engine, or some vehicle drawn by the same, at least four wooden planks twelve inches in width, four inches in thickness, and at least twelve feet in length, and when crossing any bridge or culvert the driver or the person in charge of such engine shall lay down such planks, and no engine shall be permitted to cross over any bridge or culvert except on such planks.

*Skidding of Wheels of Engine.*

9. The driver of a traction engine shall shut off steam immediately the driving wheels of the engine commence to skid, and he shall not start the engine again until he has taken all necessary and proper means to prevent damage being done to the highway by the skidding of the wheels.

*Penalties.*

10. Any person shall for any wilful act or default contrary to this By-law be liable to the following penalty:—
