BOARD OF LAND AND WORKS.

REGULATION OF THE BOARD OF LAND AND WORKS.

No. 4.

THE Board of Land and Works in pursuance of the powers conferred in that behalf by the Railways Act No. 1250 doth hereby make the following Regulation in regard to the qualifications, selection and examination of candidates for employment as Engineering Students in the service of the Board of Land and Works (Railway Construction Branch), and doth hereby repeal all previous regulations relating thereto:—

1. Every person desiring to become a candidate for employment as an Engineering Student in an advertised vacancy shall prepare in his own handwriting an application in the form prescribed, stating that he is an applicant for the position of Engineering Student, and shall enclose such application in an envelope, which must be properly addressed, duly stamped, and posted, so that it will reach the Secretary for Railways, Spencer-street, Melbourne, not later than the time and date fixed for the opening and dealing with such applications.
2. The age of every candidate for the position of Engineering Student shall not be less than sixteen years.
3. Every candidate shall forward with his application a certified extract from the register of his birth, which may be obtained from the office of the Government Statist, Melbourne, at a cost of two shillings and sixpence. In the case, however, of a candidate born outside of the State of Victoria, a statutory declaration by one of his parents or by a near relative as to the date of his birth will be accepted in lieu of such certified extract.
4. Every candidate who has at any time been employed in any capacity in the Railway Department, or in the Public Service, or in the service of the Board of Land and Works, whether as a permanent or a supernumerary employé, shall furnish particulars with his application as to the period of such employment, and the cause of his leaving such service; and any candidate who has been dismissed therefrom, either before or after selection or examination, shall not be eligible for employment in the service of the Board of Land and Works.
5. The salary of every Engineering Student shall on appointment be at the rate of £40 per annum, and thereafter at the rate of £60, £80, £100, and £120 for the second, third, fourth, and fifth years of his service respectively, subject, however, to good conduct, capacity, and industry in the service of the Board, and compliance with the conditions specified in Clause No. 6 of this Regulation.
6. Every Engineering Student shall attend the Melbourne University, and shall obtain the University degree in Engineering. Not more than two years will be allowed for the passing of each year's course; and failure to pass within such time will necessitate retirement from the service of the Board.
7. Every Engineering Student will be granted the necessary leave of absence with full pay to enable him to attend the University lectures.
8. The Secretary for Railways, hereinafter referred to as the Secretary, shall, on the day and at the hour named in the public notice, proceed to open the applications, and shall cause the name and address of the writer of each of such applications to be then and there registered in a book provided for that purpose, hereinafter called the "Register," and a consecutive number, commencing with the number one, shall be placed in the Register opposite the name of each candidate.
9. If the number of candidates for employment as Engineering Students be not more than twice the number to be employed, the candidates shall thereupon be subject to the course of procedure, and the conditions, defined in Clauses 15 to 21 inclusive of this Regulation.
10. If the number of candidates for employment as Engineering Students be more than twice the number to be employed, the number of candidates shall be reduced by a Board of Selectors (which shall be appointed within seven days prior to the date fixed for the selection) to a number equivalent to twice the number to be employed.
11. The Members of the Board of Selectors shall not be informed of, nor acquaint themselves with, the names of the applicants, or any of them, and any candidate who either directly or indirectly attempts to influence any Member of the Board of Selectors in favour of himself, or in favour of or against any other candidate, shall be for ever disqualified for employment in the service of the Board of Land and Works.
12. Every candidate shall be notified in writing by the Secretary of the place and time at which he shall present himself to the Board of Selectors.
13. Every candidate, immediately before presenting himself to the Board of Selectors, shall be furnished by the Secretary with a card bearing a number, by which number alone he shall be known to the Board of Selectors.
14. A list of the names of the candidates selected by the Board of Selectors shall be compiled and certified to by the Board of Selectors, and every candidate whose name has been enrolled on such list shall be entitled to present himself for examination by the Railways Medical Officer.
15. Every such candidate shall pass an examination by the Railways Medical Officer, and for such examination shall pay a fee of 5s.
16. Every such candidate shall, if certified as free from any physical infirmity, and as up to the standard prescribed in respect of vision, colour-sense, and hearing, present himself for an examination by the Examiners duly appointed for that purpose at such time and place as may be notified to him by the Secretary.

17. Every such candidate shall produce to the Examiners a certificate of having passed an examination qualifying him to matriculate at the Melbourne University, and shall also pass an examination in drawing.
18. Every such candidate shall produce to the Examiners satisfactory written testimony that he is of respectable character, and shall furnish the name or names of any person or persons or firm or firms with whom he may have been employed during the preceding two years.
19. The Examiners shall, immediately after the completion of the examination, forward to the Secretary the examination papers of every candidate so examined, together with a certificate as prescribed hereunder :—

We, the undersigned, duly appointed Examiners under the "Railways Acts," do hereby certify that on the * 190 we examined † for the position of Engineering Student in the Railway Construction Branch of the Board of Land and Works, and allotted him marks, and accordingly certify that he is ‡ for such employment.

Examiners.

20. After examination by the Examiners, the successful candidates, provided that the number of such candidates be not in excess of the number required by the Board, shall be employed in order of merit according to the number of marks respectively allotted them by such Examiners, but if the successful candidates for employment be in excess of the number required by the Board, the successful candidates shall be called together at a place and time of which due notice shall be sent them in writing, and shall then and there in the presence of the Secretary draw lots in accordance with the following method to determine the order of precedence in which their names shall be recorded for appointment, viz :—

Two ballot boxes shall be provided, numbered 1 and 2 respectively, in each of which shall be deposited as many numbers in arithmetical progression, commencing with the number one, as shall correspond with the number of successful candidates for the particular grade.

Every such candidate shall then draw first from No. 1 box, and afterwards from No. 2 box in the numerical order ascertained by the drawing from No. 1 box. For instance, the candidate drawing No. 4 out of No. 1 box shall be the fourth in order for drawing out of No. 2 box, and the number drawn from No. 2 box shall fix his order of precedence for appointment, and in the event of two or more such candidates being appointed on the same day such drawing shall, all other things being equal, determine the relative seniority of each candidate for future promotion, &c.

21. Every successful candidate in excess of the number required by the Board shall, in the order so decided, be eligible for appointment to any vacancy in the particular grade that may occur during the twelve months next ensuing from the date of such determination without further or other examination.
22. Every appointment shall be made on probation for a period of six months and at the expiration of that period the appointment may be confirmed by the Board, provided that the conduct, capacity, and industry of the employé whilst in the service of the Board have been satisfactory. No probationer shall have his appointment confirmed until he has effected in one of the prescribed Life Assurance Companies an assurance of his life in accordance with the regulations of the Victorian Railways Commissioners.
23. Every appointment shall be made on the distinct understanding that the services of the employé shall, without previous notice, be liable to be dispensed with either during or after the period of probation without his having any claim whatsoever against the Board of Land and Works, if at any time his services be so dispensed with.

In witness whereof the common seal of the Board of Land and Works was affixed hereto this 4th August, 1909, in the presence of—

MALLEE LANDS AVAILABLE FOR SELECTION AS AGRICULTURAL ALLOTMENTS.

THE land is situated from 5 to 15 miles south-west from Ouyen Railway Station, and from 1 to 10 miles south from the railway line in course of construction between Ouyen and Kow Plains.

Applications (with uncanceled Victorian duty stamp of 5s., or postal note for same amount, affixed) must be made on the usual form, and delivered or forwarded by post to any Local Land Office, or to the Secretary for Lands, Melbourne, on or before Wednesday, 25th August, 1909.

Not more than one allotment can be included in any application, but any number of applications may be lodged, with the prescribed fee in each case.

Applicants will be hereafter notified as to the date and place of hearing of their applications by Local Land Board.

The land will be granted under agricultural allotment licence, and at the end of 6 years, if the residence, cultivation, improvement, and all other conditions have been complied with, a lease for 34 years will be granted, or, if desired, on expiry of licence, or at any time within the period of 34 years, a Crown grant will be issued on payment of the full amount of the purchase money.

The survey fee must be paid within 28 days of demand, and will range from £8 to £11 per allotment.

The licence will be subject to the following conditions:—

That substantial and permanent improvements shall be made on the land, if in the first class, to the value of 3s. 4d. per acre before the end of the second year from the date of the licence, another 3s. 4d. per acre before the end of each year of the third and fourth years, and the balance of 10s. per acre before the end of the sixth year of the licence. If in the second class, improvements to the value of 2s. 6d. per acre must be made during the like periods, and the balance of 7s. 6d. per acre before the end of the sixth year of the licence.

The first half-year's rent and licence-fee must be paid prior to issue of licence, and, provided improvements equivalent in value to the amount of rent due for each year be expended on the land during each of such years, in addition to the value required by the ordinary improvement condition, as set forth above, further payment of rent may be suspended until the end of the third year, and such suspended payments, without interest, will be collected in instalments during the remaining term of the licence.

That the licensee shall go into residence on the land within twelve months after the date of the licence, and shall reside on the land during the continuance of such licence, and shall also clear and cultivate at least one-fourth of his allotment within two years of obtaining a permit to occupy the land.

That the licensee shall not transfer, assign, mortgage, or sublet, or part with the possession, or grant the use of the whole, or any part of the allotment, during the currency of the licence.

That a special condition shall be inserted in the Lease and the Crown Grant, providing that the land referred to therein shall at all times be maintained and used for the purpose of agriculture, grazing, and residence, and that no person will be permitted to subsequently acquire or hold, or have an interest in, more than 1,000 acres, if the land be in the first class, or more than 1,500 acres, if the land be in any other class.

That the licensee shall preserve the timber on an area, or otherwise plant an area, of not less than 3 per cent. of the total area of his holding, preferably along the exposed boundary lines, viz., the western and southern.

No person, unless specially authorized, will be permitted to clear timber from any portion of areas retained for the purposes of roads and wind breaks.

Conditions.

1. The issue of this licence shall not prevent the land comprised therein, or any part or parts thereof, being sold, leased, licensed, alienated, or dealt with under any

2. In case the said land, or any part thereof, should be sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, the licensee shall not be entitled to any compensation other than that which the responsible Minister of the Crown for the time being administering the *Land Acts* may think fit.

3. This licence is subject to the rights of the holders of miners' rights or of mining leases now issued or hereafter to be issued to enter upon the allotment hereby licensed, and to search for gold, and to mine thereon, and to erect and occupy mining plant and machinery, without making any compensation to the licensee, his executors, administrators, or assigns, for surface or other damage.

4. Subject to these conditions, the licensee shall be entitled to use the land for the purpose for which this licence has been granted, until such land, or any part thereof, has been sold, leased, licensed, alienated, dealt with, or resumed as aforesaid, and thereupon all the interest of the licensee therein shall cease and be determined.

5. No land comprised in roads from time to time surveyed and marked out within the boundaries of the land comprised in this licence shall be deemed within its operation.

6. This licence shall entitle the holder thereof, during the period for which it is granted, to use the land therein comprised for depasturing purposes only, but shall not confer any right to build thereon, or to cultivate or, without the permission of the Minister, fence any portion thereof, or construct a dam or tank.

7. The taking in of stock for agistment or otherwise allowing the use of the land, or part thereof, without authority in writing by the Minister, is forbidden.

That in the event of the Minister granting permission to fence the whole or any part of this area, the licensee shall provide gates or slip panels in suitable places for the convenience of the public. No compensation will be allowed for fencing erected on boundaries of allotments alienated or in course of alienation.

9. That where improvements are authorized under section 189 of the *Land Act* 1901 the licensee shall notify, on completion, that such improvements have been made, otherwise the work will not be recognised.

10. The interest in this licence shall not be transferred without the consent of the Minister, and the payment of a fee of Ten shillings.

11. The licensee shall be liable to forfeiture if the licensee commit a breach of or neglect to comply with these conditions.

12. The publication of a notice in the *Government Gazette*, purporting to declare that the Governor or Administrator, with the advice aforesaid, has forfeited this licence, shall be conclusive evidence that the licence is forfeited.

13. The ring barking of the timber upon the land by the licensee is forbidden, and he shall not be entitled to destroy or cut and take away any such timber.

14. Free access to water shall be kept open at all times for travelling and other stock and for persons desiring to take water for domestic purposes.

15. The licensee shall destroy all thistles on the land, and on the half width of the adjoining roads, and shall be responsible for the destruction of thistles under the *Thistle Act* 1890 in like manner as holders of freehold lands.

16. The licensee shall keep the land free from vermin, and, should he fail to do so, the licence shall be liable to forfeiture.

17. This licence is issued subject to the right of saw-millers to graze on this area such horses and bullocks as are actually used in connexion with their licensed operations on this land.

18. In the event of the area being damaged by fire, the licence may be forfeited unless the licensee satisfy the Minister that neither he, directly or indirectly, nor his workmen or servants were in any way responsible therefor.
