2. Every person using or supplied with water for other than domestic purposes solely shall, at his own expense, provide a meter, and keep and maintain the same in good working condition to the satisfaction of the Commission or its proper officer.

3. No hose or pipe shall be attached to any pipe or tap for the purpose of watering ground, or trees, or plants, or washing house walls or carriages, or for any similar purpose, except where the water is charged for by measure. Siphon pumps will not be allowed except where the water is supplied by measure.

4. Before any plumber, workman, or other person affix any meter or any service-pipe to any pipe of the Commission, or alter, repair, or in any manner interfere with any meter or pipe of the Commission, or any service-pipe, cock, or fitting connected with the pipes of the Commission, he shall obtain from the Commission a licence to execute such works; and any unlicensed person affixing, altering, repairing, or in any manner interfering with any such meter, pipe, service-pipe, cock, or fitting as aforesaid, shall be guilty of an offence.

7. No meter for measuring the water supplied to any tenement shall be affixed until it shall have been examined, tested, and approved by the proper officer of the Commission. Every such meter shall be capable of registering at least 1,000,000 gallons.

8. The Commission, notwithstanding anything contained in this By-law may, if it so think fit, but not otherwise, affix and let for hire water meters, the rent for which shall be at the rate per annum of—

For $\frac{1}{2}$ -inch meter, Seven shillings;

For $\frac{3}{4}$ -inch meter, Eight shillings;

For any meter of larger size than $\frac{3}{4}$ inch the rent per annum shall be at the rate of 10 per centum upon the cost of such meter, fixed complete.

Such rents shall be exclusive of and in addition to the amount chargeable for the recorded consumption of water, and shall become due and be paid yearly, in advance, on the first day of the month of September in each year. Such hired meters shall be kept in repair at the cost of the Commission, except as to external injuries, the cost of repairing which shall be borne by the hirer.

9. Any person so hiring a meter from the Commission, who shall cease to occupy the premises on which such meter is fixed without having previously given, in writing, at least six days' notice to the Commission of his intention to do so, shall be guilty of an offence.

10. If any meter cease registering, or be found to be out of repair, or registering inaccurately, the Commission may estimate and charge for the water consumed during the period such meter was not in working order and until repaired and re-fixed, either by taking an average of the quantity used during the previous quarter, or during the corresponding period of the previous year.

11. Meters, other than such as are hired from the Commission, will be tested on delivery thereof at the Pumping Station of the Commission at Dimboola; a fee of One shilling shall be charged for each test.

12. 13. Any person supplied with water by the Commission who shall wilfully or negligently allow such water to run to waste shall be guilty of an offence; and, in the event of continuing the same, shall be guilty of a further offence for each day, after notice from the Commission, on which such waste is continued.

14. All water troughs supplied from the pipes of the Commission shall be lined with metal, so as to be watertight, and shall have proper and efficient fittings for supplying them automatically and for preventing overflow. All such troughs and fittings shall be kept in proper order and repair. No water trough shall be of greater capacity than twenty-five gallons. Should any trough or the fittings thereof be out of repair or leaking the supply thereto may be cut off until efficiently repaired.

15. If any person supplied with water by the Commission does, or causes to be done, anything in contravention of this By-law, or fails to pay any rates or charges lawfully due by him, or fails to do anything which under this By-law ought to be done, or wilfully or negligently allows water to run to waste, the Commission may, in addition to any other remedy, cut off the supply of water from the premises of such person, either by cutting the pipes by or through which water is supplied or otherwise, and may cease to supply him with water so long as the cause of complaint remains or is not remedied.

16. The charge to be paid for water supplied by measure from the pipes of the Commission shall be Eighteenpence per 1,000 gallons.

17. The minimum quantity of water to be charged for by measure in each case where water is supplied from the pipes of the Commission shall be as follows:—

(1) Where the supply is for domestic as well as for other than domestic purposes, the quantity which, if charged for at Eighteenpence per 1,000 gallons, would give an amount equal to that payable in respect of the premises so supplied under the provisions of any By-law of the Commission for making and levying rates, if such premises were supplied otherwise than by measure.

(2) Where the supply is solely for other than domestic purposes, a quantity which, if charged as provided by the last preceding section, would give a sum of Five shillings for any continuous period of three months.

18. In the construction of this By-law the word "person" shall extend to and include a corporation, whether aggregate or sole; the expression "proper officer" shall mean an officer or servant of the Commission authorized to perform any act or to accept service of any notice or to execute any function on behalf of the Commission.

Improvements to the value of at least two instalments of the purchase money must be effected on each farm allotment before the end of the first year from the date of the lease, and 10 per cent. of the purchase money before the end of the third year, and a further 10 per cent. before the end of the sixth year.

The lessee must reside on the allotment. (Personal residence by a wife, or any child not less than eighteen years of age of lessee, may be considered personal residence by the lessee, with the approval of the Board.)

The lessee cannot transfer, assign, mortgage, or sublet the whole or any part of his allotment within the first six years of the lease.

The Crown grant may be issued to the lessee at the end of any half-year after the first twelve years have expired, on payment of the balance of purchase money.

The amount of deposit (less £1 5s.) will be deducted from the capital value, and the half-yearly instalments calculated on the balance of purchase money.

Payments in advance may be made at any time at the option of the lessee, and proportionate reduction of interest secured thereby.

The balance of purchase money, with interest at $4\frac{1}{2}$ per cent., must be paid by 63 or a lesser number of half-yearly instalments, calculated according to any of the tables under Division 3 of Part I. of the *Savings Banks Act 1890 Amendment Act 1896*, the first of such instalments being payable six months after the date of the lease. Each instalment will include interest upon the balance of the purchase money remaining unpaid.

Plans and further information may be obtained from the Closer Settlement Branch, Crown Lands Office.

MALLEE LANDS AVAILABLE FOR SELECTION AS AGRICULTURAL ALLOTMENTS.

THE land is situated on the Ouyen-Cow Plains railway line, now in course of construction, and is from 20 to 28 miles south-west from Ouyen.

Applications (with uncanceled Victorian duty stamp of 5s., or postal note for same amount, affixed) must be made on the usual form, and delivered or forwarded by post to any Local Land Office, or to the Secretary for Lands, Melbourne, on or before Wednesday, 14th September, 1910.

Not more than one allotment can be included in any application, but any number of applications may be lodged, with the prescribed fee in each case.

No person who already holds the area of mallee land allowed by classification will be eligible to select, but holders of less than such area will be entitled to apply for the difference between the area held and that which the classification of the land entitles them to select.

Applicants will be hereafter notified as to the date and place of hearing of their applications by Local Land Board.

The land will be granted under agricultural allotment licence, and at the end of 6 years, if the residence, cultivation, improvement, and all other conditions have been complied with, a lease for 34 years will be granted, or, if desired, on expiry of licence, or at any time within the period of 34 years, a Crown grant will be issued on payment of the full amount of the purchase money.

No. 112.—August 31, 1910.—12361.—4.

The survey fee must be paid within 28 days of demand, and will range from £9 to £11 per allotment.

The licence will be subject to the following conditions:—

That substantial and permanent improvements shall be made on the land, if in the first class, to the value of 3s. 4d. per acre before the end of the second year from the date of the licence, another 3s. 4d. per acre before the end of each year of the third and fourth years, and the balance of 10s. per acre before the end of the sixth year of the licence. If in the second class, improvements to the value of 2s. 6d. per acre must be made during the like periods, and the balance of 7s. 6d. per acre before the end of the sixth year of the licence. If in the third class, improvements to the value of 5s. per acre must be made on the land before the end of the third year from the date of the licence, and the balance of 5s. per acre before the end of the sixth year of the licence.

The first half-year's rent and licence-fee must be paid prior to issue of licence, and, provided improvements equivalent in value to the amount of rent due for each year be expended on the land during each of such years, in addition to the value required by the ordinary improvement condition, as set forth above, further payment of rent may be suspended until the end of the third year, and such suspended payments, without interest, will be collected in instalments during the remaining term of the licence.

That the licensee shall go into residence on the land within twelve months after the date of the licence, and shall reside on the land during the continuance of such licence, and shall also clear and cultivate at least one-fourth of his allotment within two years of obtaining a permit to occupy the land.

That the licensee shall not transfer, assign, mortgage, or sublet, or part with the possession, or grant the use of the whole, or any part of the allotment, during the currency of the licence.

That a special condition shall be inserted in the Lease and the Crown Grant, providing that the land referred to therein shall at all times be maintained and used for the purpose of agriculture, grazing, and residence, and that no person will be permitted to subsequently acquire or hold, or have an interest in, more than 1,000 acres, if the land be in the first class, or more than 1,500 acres, if the land be in any other class.

That the licensee shall preserve the timber on an area, or otherwise plant an area, of not less than 3 per cent. of the total area of his holding, preferably along the exposed boundary lines, viz., the western and southern.

No person, unless specially authorized, will be permitted to clear timber from any portion of areas retained for the purposes of roads and wind breaks.

Plans may be obtained at the Inquiry Office, Lands Department, Melbourne, and at Land Offices, Alexandra, Ararat, Bairnsdale, Ballarat, Beechworth, Benalla, Bendigo, Geelong, Hamilton, Horsham, Omeo, St. Arnaud, Stawell, Seymour, Sale, and Warracknabeal, and may be inspected at the principal railway stations throughout the State.

Applicants may obtain from a Local Land Officer, or the Inquiry Office, Lands Department, Melbourne, a certificate authorizing the issue, by the Railway Department, of a ticket at excursion fares to enable them to inspect the land, or to attend the Local Land Board.

Acting Commissioner of Crown Lands and Survey.

MALLEE LANDS AVAILABLE FOR SELECTION AS AGRICULTURAL ALLOTMENTS.

THE land is situated on the Guyen-Cow Plains railway line, now in course of construction, and is from 28 to 33 miles south-west from Ouyen.

Applications (with uncanceled Victorian duty stamp of 5s, or postal note for same amount, affixed) must be made on the usual form, and delivered or forwarded by post to any Local Land Office, or to the Secretary for Lands, Melbourne, on or before Wednesday, 14th September, 1910.

Not more than one allotment can be included in any application, but any number of applications may be lodged, with the prescribed fee in each case.

No person who already holds the area of mallee land allowed by classification will be eligible to select, but holders of less than such area will be entitled to apply for the difference between the area held and that which the classification of the land entitles them to select.

Applicants will be hereafter notified as to the date and place of hearing of their applications by Local Land Board.

The land will be granted under agricultural allotment licence, and at the end of 6 years, if the residence, cultivation, improvement, and all other conditions have been complied with, a lease for 34 years will be granted, or, if desired, on expiry of licence, or at any time within the period of 34 years, a Crown grant will be issued on payment of the full amount of the purchase money.

The survey fee must be paid within 28 days of demand, and will range from £9 to £11 per allotment.

The licence will be subject to the following conditions:—

That substantial and permanent improvements shall be made on the land, if in the first class, to the value of 3s. 4d. per acre before the end of the second year from the date of the licence, another 3s. 4d. per acre before the end of each year of the third and fourth years, and the balance of 10s. per acre before the end of the sixth year of the licence. If in the second class, improvements to the value of 2s. 6d. per acre must be made during the like period, and the balance of 7s. 6d. per acre before the end of the sixth year of the licence.

The first half-year's rent and licence-fee must be paid prior to issue of licence, and, provided improvements equivalent in value to the amount of rent due for each year be expended on the land during each of such years, in addition to the value required by the ordinary improvement condition, as set forth above, further payment of rent may be suspended until the end of the third year, and such suspended payments, without interest, will be collected in instalments during the remaining term of the licence.

That the licensee shall go into residence on the land within twelve months after the date of the licence, and shall reside on the land during the continuance of such licence, and shall also clear and cultivate at least one-fourth of his allotment within two years of obtaining a permit to occupy the land.

That the licensee shall not transfer, assign, mortgage, or sublet, or part with the possession, or grant the use of the whole, or any part of the allotment, during the currency of the licence.

That a special condition shall be inserted in the lease and the Crown grant, providing that the land referred to therein shall at all times be maintained and used for the purpose of agriculture, grazing, and residence, and that no person will be permitted to subsequently acquire or hold, or have an interest in, more than 1,000 acres, if the land be in the first class, or more than 1,500 acres, if the land be in any other class.

That the licensee shall preserve the timber on an area, or otherwise plant an area, of not less than 3 per cent. of the total area of his holding, preferably along the exposed boundary lines, viz., the western and southern.

No person, unless specially authorized, will be permitted to clear timber from any portion of areas retained for the purposes of roads and wind breaks.

Plans may be obtained at the Inquiry Office, Lands Department, Melbourne, and at Land Offices, Alexandra, Ararat, Bairnsdale, Ballarat, Beechworth, Benalla, Bendigo, Geelong, Hamilton, Horsham, Omeo, St. Arnaud, Stawell, Seymour, Sale, and Warracknabeal, and may be inspected at the principal railway stations throughout the State.

Applicants may obtain from a Local Land Officer, or the Inquiry Office, Lands Department, Melbourne, a certificate authorizing the issue, by the Railway Department, of a ticket at excursion fares, to enable them to inspect the land, or to attend the Local Land Board.

W. A. WATT,

Acting Commissioner of Crown Lands and Survey.

Printed forms of tender, showing estimates of requirements and conditions of contract, may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge of police at any of the above-mentioned places, by whom also any information or explanation will be afforded to persons tendering.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per ton of 40 cubic feet for firewood, including delivery at the offices and all charges. Prices should only be quoted for requirements where estimates are shown above.

Tenders, which should be upon the printed form, will be received for either one or more of the above-mentioned places, and tenders for such places may be accepted or rejected separately; but if all lengths of firewood be included in one tender it may be accepted for one length only, if advisable.

Where the kind or kinds of wood is not mentioned in the tender form, tenderers must specify the kind or kinds of firewood they offer to supply.

Telegrams, or tenders not complying with the terms of advertisement, will not be entertained.

The successful tenderer will be required to enter into a bond for £10, with two approved sureties for the due performance of the contract, within ten days after the acceptance is notified.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Firewood at ..." as the case may be, and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by *Gazette* notice and by letter to accepted tenderers.

CONDITIONS OF CONTRACT.

1. As the exact quantity of firewood which may be required cannot be stated, the estimate being approximate only, the Government will not be bound to supply the same at contract rates.

2. All the firewood supplied under these contracts must be split out of large timber, and must be perfectly sound, dry, and of the kind or kinds specified in the tender; neither burnt wood, heartwood, small branches, nor outside pieces of bark will be received. The billets must be not less than 4 inches nor more than 6 inches in diameter. The long wood to be not less than 9 inches nor more than 18 inches in diameter. Delivery to be made on the written order of the chief officer of the Department requiring the supply. The ton of firewood consists of 40 cubic feet. If the firewood is obtained from a State forest timber reserve, or ordinary Crown lands, persons cutting or removing same must be provided with a licence or permit from the State Forests Department.

3. Orders will be issued half-yearly (except in cases where the storage is small, when they will be issued quarterly); but the contractor must have 24 hours' notice before purchases are made at his risk.

4. The contractor will be bound to place the firewood in stacks for measurement on such ground as may be pointed out. The stacks are to be 2 feet wide (or 4 feet 6 inches for long wood) by 5 feet high, with space between each stack for measuring; and the billets (or lengths) are all to lie the same way, viz., crossways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack and to the satisfaction of the officer receiving the supply. In the event of any inconvenience being felt, either through delay in delivery or of stacking the wood, the Department concerned will purchase the same or re-stack that delivered, at the risk of the contractor, from whose account any expense incurred thereby will be deducted.

5. The officer receiving the supply shall have full power to reject any wood which he may consider not in accordance with the contract, notice of which will be given to the contractor in writing, stating the reason. The contractor may, however, claim a survey; but in that case he must, within 48 hours after objection is made, give notice thereof in writing to the officer rejecting the wood.

6. The board of survey will be composed of persons appointed by the Honorable the Treasurer, and the decision of the board of survey is to be considered as final.

7. If the board of survey shall decide that the supply is not of proper quality, it must be immediately replaced by the contractor; failing which, it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 4.

8. Accounts for firewood to be rendered to the Department receiving the supply immediately upon completion of the order, which must be attached to the account. Payment will be made at the receipt and pay office of the district, or at the Treasury, Melbourne, as the contractor may desire.

9. In the event of any irregularity on the part of the contractor being repeated, it will be competent for the Government, in case such irregularity should be established to the satisfaction of the Tender Board, to cancel the contract forthwith.

10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.

11. Under no circumstances will a contractor be permitted to abandon his contract.

12. No subletting will be allowed; all work must be carried out by the contractor, and the hours of employment of any person engaged in any business or occupation connected with the preparation of the firewood for sale or connected with the sale or distribution of the firewood tendered for in this schedule shall not exceed 45 per week, and every such person shall be paid at a minimum wage of not less than 7s. a day, unless other wages and conditions may be determined by any special Board under the Factories and Shops Acts which may be appointed for this trade during the currency of this contract, when every such person shall be employed at such wages and subject to such conditions as may be thus determined; and a copy of these conditions shall be kept conspicuously and continually posted, in legible Roman characters, on the premises of the contractor. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from any accounts which are or may be due to the contractor, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.

13. The Contractor shall, before any account is passed for payment for supplies made, furnish a statutory declaration that all the workmen under this contract have been employed in accordance with clause 12 of these Conditions, and have been paid not less than the minimum rate of wages for such workmen as is provided for under that clause.

Forests Act 1907, Section 25.

TIMBER RESERVES, ETC., 1910.

TENDERS, indorsed "Tender for Wattle Bark, lot —," and addressed to the Secretary for Forests, will be received at this Office, up to Twelve noon on Monday, 12th September, 1910, for the right to strip and remove wattle bark on and from the following areas. The general conditions hereunder will apply in every case where not expressly stated to the contrary, and special conditions will also apply where provided. Full particulars may be obtained from the officer in charge in each case or on application to this Department.—(F.65945.)

GENERAL CONDITIONS.

1. No tender will necessarily be accepted.
2. The deposit mentioned in each case must accompany each tender.
3. Tenders must be at a price per ton, irrespective of the species of wattle, and the bark must be weighed at the weighbridge named in each case, or at a weighbridge approved by the officer in charge and at the expense of the licensee. Duplicate weighbridge tickets must be provided, and, if so directed by him, the bark must be weighed in the presence of the officer in charge.
4. Royalty must be paid in two instalments, the first payment covering all bark removed by 2nd December, 1910, and the second payment covering all bark removed by 28th February, 1911, by which latter date all work must cease, and all bark, stripped or otherwise, remaining on the area after that date shall be the property of the Crown.
5. No tree shall be felled or stripped on any beauty spot, picnic ground, or on any portion of any area which the officer in charge points out as not to be operated upon, and no particular tree, specially marked by him to remain standing, shall be felled or stripped, wherever situated.
6. No tree shall be felled so as to fall into any water-course, or so as to obstruct any road or track.
7. No tree of less than 5 inches diameter at a height of 2 feet from the ground shall be stripped when of the

black or feather-leaved variety, or less than 2½ inches in diameter at a height of 2 feet from the ground, when of the broad-leaved species, unless otherwise stated herein, and wherever a size limit is mentioned it shall be at a height of 2 feet from the ground. Notwithstanding this, trees of any diameter may be stripped with the express permission of the officer in charge, if diseased, or for other, in his opinion, valid reason.

8. The whole work to be done under the supervision of the officer in charge, and in accordance with his instructions.

9. Bark must be properly bundled, securely tied, and stacked in heaps of not less than 10 cwt., in clear places only, and the licensee must take every reasonable precaution against fire. A space of at least 40 feet round each stack must be cleared of grass and rubbish.

10. No bark must be removed without the express permission of the officer in charge.

11. Camps must be pitched and fires lighted only in such places as shall be pointed out by the officer in charge, and the licensee shall, on demand of that officer, instantly dismiss from his employ any person or persons who shall carelessly use, leave, or light any fire, whether by smoking, cooking, or other operations, or who shall otherwise act in contravention of these conditions.

12. No live tree, other than wattle, must be cut or broken, or firewood used, without the express permission of the officer in charge.

13. The violation of any of the above or following conditions will render the licence null and void, and the Honorable the Minister of Forests shall have power to absolutely forfeit the whole or part of the deposit to the Crown, and to confiscate to the Crown all bark stripped to date of avoidance. The officer in charge, in his discretion, shall have power to instantly suspend operations pending the decision of the Honorable the Minister of Forests being made known.
