Only one allotment can be granted to any one person.

No conditional purchase lease of a farm allotment can be granted to any person who is already the holder of land of the value of £2,500 (township land excepted), or who would thereby become the holder of land exceeding such value.

Improvements to the value of at least two instalments of the purchase money must be effected on each farm allotment before the end of the first year from the date of the lease, and 10 per cent. of the purchase money before the end of the third year, and a further 10 per cent. before the end of the sixth year.

The amount of deposit (less £1 5s.) will be deducted from the capital value, and the half-yearly instalments calculated on the balance of purchase money.

Payments in advance may be made at any time at the option of the lessee, and proportionate reduction of interest secured thereby.

Printed forms of tender, showing estimates of requirements and conditions of contract, may be obtained from the Secretary, Tender Board, Treasury, Melbourne, or from the officer in charge of police at any of the above-mentioned places, by whom also any information or explanation will be afforded to persons tendering.

The price, which must be expressed in words as well as in figures, and without alterations, erasures, or discrepancies, must be per ton of 40 cubic feet for firewood, including delivery at the offices and all charges. Prices should only be quoted for requirements where estimates are shown above.

Tenders, which must be upon the printed form, will be received for either one or more of the above-mentioned places, and tenders for such places may be accepted or rejected separately; but if all lengths of firewood be included in one tender it may be accepted for one length only, if advisable.

Where the kind or kinds of wood is not mentioned in the tender form, tenderers must specify the kind or kinds of firewood they offer to supply.

Telegrams, or tenders not complying with the terms of advertisement, will not be entertained.

The successful tenderer will be required to enter into a bond for £10, with two approved sureties for the due performance of the contract, within ten days after the acceptance is notified.

Tenderers failing to take up their accepted tenders, or failing to carry out their contract satisfactorily, will be ineligible to again hold contracts for Government supplies.

Tenders must be enclosed in an envelope, marked "Tender for Firewood at ... as the case may be, and deposited in the Tender-Box, Pay Office, Treasury, Melbourne; or, if sent by post, they must be addressed to the Chairman of the Tender Board, Treasury, Melbourne.

The Government will not necessarily accept the lowest or any tender.

The decision of the Government will be made known by Gazette notice and by letter to accepted tenderers.

CONDITIONS OF CONTRACT.

1. As the exact quantity of firewood which may be required cannot be stated, the estimate being approximate only, the Government will not be bound by the quantity stated, but will be at liberty to order more or less, according to circumstances, and the contractor will be bound to supply the same at contract rates.
2. All the firewood supplied under these contracts must be split out of large timber, and must be perfectly sound, dry, and of the kind or kinds specified in the tender; neither burnt wood, heartwood, small branches, nor outside pieces of bark will be received. The billets must be not less than 4 inches nor more than 6 inches in diameter. The long wood to be not less than 9 inches nor more than 18 inches in diameter. Delivery to be made on the written order of the chief officer of the Department requiring the supply. The ton of firewood consists of 40 cubic feet. If the firewood is obtained from a State forest timber reserve, or ordinary Crown lands, persons cutting or removing same must be provided with a licence or permit from the State Forests Department.
3. Orders will be issued half-yearly (except in cases where the storage is small, when they will be issued quarterly); but the contractor must have 24 hours' notice before purchases are made at his risk.
4. The contractor will be bound to place the firewood in stacks for measurement on such ground as may be pointed out. The stacks are to be 2 feet wide (or 4 feet 6 inches for long wood) by 5 feet high, with space between each stack for measuring; and the billets (or lengths) are all to lie the same way, viz., crossways of the stacks in the form of a cord, and are to be laid as closely and solidly as possible in the stack and to the satisfaction of the officer receiving the supply. In the event of any inconvenience being felt, either through delay in delivery or of stacking the wood, the Department concerned will purchase the same or re-stack the delivered, at the risk of the contractor, from whose account any expense incurred thereby will be deducted.
5. The officer receiving the supply shall have full power to reject any wood which he may consider not in accordance with the contract, notice of which will be given to the contractor in writing, stating the reason. The contractor may, however, claim a survey; but in that case he must, within 48 hours after objection is made, give notice thereof in writing to the officer rejecting the wood.
6. The board of survey will be composed of persons appointed by the Honorable the Treasurer, and the decision of the board of survey is to be considered as final.
7. If the board of survey shall decide that the supply is not of proper quality, it must be immediately replaced by the contractor; failing which, it will be procured elsewhere, and the extra expense, if any, will be charged as in clause 4.
8. Accounts for firewood to be rendered to the Department receiving the supply immediately upon completion of the order, which must be attached to the account. Payment will be made at the receipt and pay office of the district, or at the Treasury, Melbourne, as the contractor may desire.
9. In the event of any irregularity on the part of the contractor being repeated, it will be competent for the Government, in case such irregularity should be established to the satisfaction of the Tender Board, to cancel the contract forthwith.
10. Contractors are not at liberty to transfer their contracts under cover of power of attorney, coupled with an interest or otherwise; and no such transfer will be recognised by the Government.
11. Under no circumstances will a contractor be permitted to abandon his contract.
12. No subletting will be allowed: all work must be carried out by the contractor, and the hours of employment of any person engaged in any business or occupation connected with the preparation of the firewood for sale or connected with the sale or distribution of the firewood tendered for in this schedule shall not exceed 48 per week, and every such person shall be paid such wages and employed subject to such conditions as are or may be determined by the Wood, Hay, Chaff, and Coal Board under the Factories and Shops Acts; and a copy of these conditions shall be kept conspicuously and continually posted, in legible Roman characters on the premises of the contractor. Any infringement of these conditions, in the opinion of the Treasurer, will subject the contractor, upon report from the Tender Board, to such mulct, not exceeding Fifty pounds (£50), as the Treasurer may direct, and the amount will be deducted from any accounts which are or may be due to the contractor, and the Treasurer's decision shall be binding, final, and conclusive as to the fact of infringement and in all other respects.
13. The Contractor shall, before any account is passed for payment for supplies made, furnish a statutory declaration that all the workmen under this contract have been employed in accordance with clause 12 of these Conditions, and have been paid not less than the minimum rate of wages for such workmen as is provided for under that clause.
