AMENDMENT OF REGULATIONS RELATING TO  
THE EXAMINATION OF ENGINEERS.

IN pursuance of the powers conferred upon it by the *Marine Act 1890*, the Marine Board of Victoria, with the consent of His Excellency the Governor of Victoria, acting by and with the advice of the Executive Council thereof, doth hereby make the following regulations, that is to say:—

1. These regulations shall form portion of "The Regulations for the Examination of Engineers" made by the Board on the 11th day of July, 1902, and published in the *Government Gazette* on the 20th day of July, 1902 (hereinafter referred to as the principal regulations), and shall be read in connexion therewith, and shall come into operation on the 1st day of January, 1915, on which date subdivision (b) of paragraph 23 and subdivision (a) of paragraph 24 of the aforesaid regulations, and paragraph 3 of the amending regulations made by the Board on the 5th day of May, 1905, and published in the *Government Gazette* on the 31st day of May, 1905, shall be repealed.

2. *Second Class Engineer*.—For subdivision (b) of paragraph 23 of the principal regulations there shall be substituted the following, namely:—

(b) In addition to the apprenticeship described in subdivision (a) of paragraph 23 of the principal regulations or the alternative sea service specified in amending regulations made by the Board on the 17th day of September, 1909, and published in the *Government Gazette* on the 6th day of October, 1909, a candidate for a Second Class Engineer's Certificate will be required to have served eighteen (18) months at sea as engineer on regular watch on the main engines or boilers of a foreign-going steam-ship of not less than 66 nominal horse-power; or twenty-seven (27) months in a similar capacity on a Home-trade steam-ship of not less than 66 nominal horse-power.

3. *First Class Engineer*.—For subdivision (a) of paragraph 24 of the principal regulations there shall be substituted the following, namely:—

(a) A candidate for a First-class Engineer's Certificate, in addition to the qualifications required from a candidate for a Second Class Engineer's Certificate, must—

(1) have served at sea for eighteen months, with a Second-class Certificate of Competency or Service on regular watch on the main engines or boilers of a foreign-going steam-ship of not less than 99 nominal horse-power as senior engineer in charge of the whole watch; or

(2) have served at sea on a Home-trade steam-ship of not less than 99 nominal horse-power either—

(a) twenty-seven (27) months as first engineer with a Second-class Certificate of Competency or Service, or

(b), three (3) years as second engineer with a Second-class Certificate of Competency or Service, or

(3) have served three years nine months with a Second-class Certificate of Competency or Service as third engineer of a Home-trade steam-ship of not less than 99 nominal horse-power, if during the entire period he has been the senior engineer in charge of the whole of a watch on the main engines and boilers; or

(4) possess, or be entitled to, a First-class Certificate of Service.

4. A candidate for either a Second-class or a First-class Certificate who, within two years from the date of application to be examined, has attended an approved course comprising general mathematical and scientific instruction at a Technical School recognised by the Board as suitable for the training of marine engineers, will be allowed to count time so spent as equivalent to sea service in the ratio of three months at the Technical School to two months at sea. Time so spent cannot be accepted as equivalent to more than one-sixth of the total sea service required for either certificate, but a candidate who has been allowed to count such time on examination for a Second-class Certificate will not be debarred from counting similar subsequent time on examination for a First-class Certificate.

The foregoing amended Regulations were made and passed at a meeting of the Marine Board of Victoria, held this ninth day of June, in the year of our Lord One thousand nine hundred and eleven.

Applications, accompanied by a duty stamp of 5s. for registration, must be made on usual form, and lodged at the Crown Lands Office, Melbourne.

All applications so lodged on or before the above-mentioned date will be deemed to have been simultaneously made.

The applications received will be dealt with by a Local Land Board, the place and date of sitting of which will be hereafter notified.

Not more than one allotment may be included in any application, but any number of applications may be lodged, with the prescribed fee in each case.

Applicants may obtain from a Local Land Officer, or the Enquiry Office, Lands Department, Melbourne, a certificate authorizing the issue by the Railway Department of a ticket at concession fares to enable them to inspect the land, or to attend the Local Land Board.

Plans and further information may be obtained at the Enquiry Office, Lands Department, Melbourne.

Care should be taken by the applicant that he secures the correct form, and that it is properly filled up.

Conditional Purchase Lease.

Leases may be for such a term of years, not exceeding 31½, as may be agreed upon between the lessee and the Board.

Rent.

The purchase money, with interest at 4½ per cent., must be paid by 63 or a lesser number of half-yearly instalments (including deposit), calculated according to any of the tables under Division 3 of Part I. of the Savings Banks Act 1890 Amendment Act 1896. Each instalment will include interest upon the balance of the purchase money remaining unpaid.

On a conditional purchase lease application a deposit equal to the two (2) first instalments of purchase money, together with fees (including survey charge), must be paid within fourteen days after an allotment has been recommended.

Every conditional purchase lease of an allotment will contain the following special conditions:—

(a) a condition that the lessee or purchaser shall make substantial improvements on the land to the extent of 10s. per acre in each of the first three years from the date of lease or sale; and

(b) a condition on the part of the lessee or purchaser to keep open all canals and drains.

The Board has power to grant, subject to such terms and conditions as it thinks fit, authority to the owner or occupier of any allotment to cut a drain through any adjoining allotment without making compensation to the owner or occupier thereof, such drain to run parallel with and within 10 links (approximately 6½ feet), where practicable, of a boundary line of such allotment.

On payment of deposit or rent, together with fees, a permit to occupy will forthwith issue.

Residence is not necessary.

MALLEE LANDS AVAILABLE FOR SELECTION AS AGRICULTURAL ALLOTMENTS.

THE land is situated about 10 miles west of Nyah, and is from 5 to 14 miles north-east from Chillingollah Railway Station.

Applications (with uncanceled Victorian duty stamp of 5s., or postal note for same amount, affixed) must be made on the usual form, and delivered or forwarded by post to any Local Land Office, or to the Secretary for Lands, Melbourne, on or before Saturday, 22nd July, 1911.

Not more than one allotment can be included in any application, but any number of applications may be lodged, with the prescribed fee in each case.

Applicants will be hereafter notified as to the date and place of hearing of their applications by Local Land Board.

The land will be granted under agricultural allotment licence, and at the end of 6 years, if the residence, cultivation, improvement, and all other conditions have been complied with, a lease for 34 years will be granted, or, if desired, on expiry of licence, or at any time within the period of 34 years, a Crown grant will be issued on payment of the full amount of the purchase money.

The survey fee must be paid within 28 days of demand, and will be £9 per allotment.

The licence will be subject to the following conditions:—

That substantial and permanent improvements shall be made on the land, if in the second class, to the value of 2s. 6d. per acre before the end of the second year from the date of the licence, another 2s. 6d. per acre before the end of each year of the third and fourth years, and the balance of 7s. 6d. per acre before the end of the sixth year of the licence.

If in the third class, substantial and permanent improvements shall be made on the land, to the value of 5s. per acre, before the end of the third year from the date of the licence, and the balance of 5s. per acre before the end of the sixth year of the licence.

The first half-year's rent and licence-fee must be paid prior to issue of licence, and, provided improvements equivalent in value to the amount of rent due for each year be expended on the land during each of such years, in addition to the value required by the ordinary improvement condition, as set forth above, further payment of rent may be suspended until the end of the third year, and such suspended payments, without interest, will be collected in instalments during the remaining term of the licence.

That the licensee shall go into residence on the land within twelve months after the date of the licence, and shall reside on the land during the continuance of such licence, and shall also clear and cultivate at least one-fourth of his allotment within two years of obtaining a permit to occupy the land.

That the licensee shall not transfer, assign, mortgage, or sublet, or part with the possession, or grant the use of the whole, or any part of the allotment, during the currency of the licence.

That a special condition shall be inserted in the Lease and the Crown Grant, providing that the land referred to therein shall at all times be maintained and used for the purpose of agriculture, grazing, and residence, and that no person will be permitted to subsequently acquire or hold, or have an interest in, more than 1,000 acres if the land be in the first class, or more than 1,500 acres if the land be in any other class.

That the licensee shall preserve the timber on an area, or otherwise plant an area, of not less than 3 per cent. of the total area of his holding, preferably along the exposed boundary lines, viz., the western and southern.

No person, unless specially authorized, will be permitted to clear timber from any portion of areas retained for the purposes of roads and wind breaks.

\* Plans may be obtained at the Enquiry Office, Lands Department, Melbourne, and at Land Offices, Alexandra, Ararat, Bairnsdale, Ballarat, Beechworth, Benalla, Bendigo, Geelong, Hamilton, Horsham, Omeo, St. Arnaud, Stawell, Seymour, Sale, and Warracknabeal, and may be inspected at the principal railway stations throughout the State.

Applicants may obtain from a Local Land Officer, or the Enquiry Office, Lands Department, Melbourne, a certificate authorizing the issue, by the Railway Department, of a ticket at concession fares to enable them to inspect the land, or to attend the Local Land Board.
